## **BEASTIALITY STORIES**

Britany was a very pretty eighteen year old. She had shoulder length blonde hair and a slender build. Her main enjoyment in life was riding horses. She loved to ride and she competed in jumping competitions. She loved the way the horse felt between her legs as she gripped him tightly with her knees. She lived on a rural farm with her mother; her father had run off years ago. She was home alone when her mother worked and she spent her time swimming, when it was warm enough, or she played around some on the web.

She was surfing the web one day and she saw a link for a site about women and their horses. She had no idea what it was about so she clicked on the link. She was shocked when she saw the first picture of a woman stroking a horse's massive cock. She knew she shouldn't be looking at such pictures but she couldn't make herself stop. As she looked at the pictures she could feel her pussy getting wet. She went from one picture to the next and she couldn't believe women could fit something that big in their pussies. She got up and removed her bikini bottom and ran her fingers through the small amount of blonde hair on her pussy. She moaned as her fingers rubbed her clit then slid easily into her wet pussy. She rubbed herself as she clicked from one picture to the next. Then she stopped on a picture that made her mouth water; a woman was sucking a horse and he was cumming in her mouth. She felt her pussy grip her finger and she screamed as her whole body shook with a huge orgasm.

She spent the rest of the afternoon looking at the pictures and wondering how it would be to try it. She put her bikini bottom back on and went to the stable so she could feed and groom the horses. They had five horses, four mares and one stud named Maverick. She fed them and had brushed the mares. Now it was time to brush Maverick. She started brushing him and she noticed he was fidgeting a lot, he snorted and shook his head as the smell of her pussy filled his nose.

"What's the matter boy?" She asked as she brushed his side. She gasped when she looked down and saw his cock hanging from its sheath. Her mouth was dry as she watched it getting bigger. She wanted to touch it but she was so afraid. Finally her curiosity and her desire over powered her fear and she reached under him and took his huge cock in her hand. He snorted and pawed the ground as she slid her hand up and down his shaft. She was amazed how hot it felt. Her pussy was getting wetter as she jerked him off. She wondered if she could get it in her mouth and what it would taste like. She slowly got on her knees and pulled his cock to her mouth and licked it. His cock jerked hard, almost jerking out of her hand. She licked it again then opened her mouth as wide as she could and took a couple of inches in her mouth. She had never given anybody or anything a blowjob but instinct took over and she slid her mouth up and down his huge cock. She could feel it throbbing in her mouth and she put her hand in her bikini bottom and rubbed her clit. She was getting hotter and she was taking more of him in her mouth. He whinnied and snorted as his cock jerked hard and a huge load of cum filled her mouth. She tried to swallow but she choked and coughed and cum ran down her chin dripping onto her chest. She pulled her mouth off him and he shot more cum all over her. That triggered her own orgasm and she slid two fingers in her tight cunt and shook while they came together.

As her orgasm subsided she looked at herself and laughed. She was completely covered in horse cum. She pulled her hand from her pussy and licked her fingers clean then she scooped the cum off her body and licked that. She loved the taste and she wanted more. Too bad her mom would be home soon, She ran and jumped in the pool washing all the cum off her body. She could hardly wait till tomorrow.

The next day came and she was ready to try Maverick again. She started toward the stable then she noticed her young neighbor Linda peddling her bike up the drive. "Damn this sucks. I'm so horny I

don't want her here now." She said as she kicked a rock across the drive.

"Hey Britany, what are you doing?" Linda said as she got off her bike.

"Nothing, I was just going to check on the horses."

"Oh, I thought maybe we could swim for a while."

"Ok, that sounds cool."

Britany looked at Linda and thought 'she is kind of cute, maybe we could have some fun.' Linda was a pretty sixteen year old. She had dark skin because her dad was black. She had small breasts, about the size of a half a peach, and the cutest little round butt. Britany's pussy was getting wetter as she thought about licking Linda's pussy. She watched her friend's ass as she ran to the pool. They splashed and played in the pool for a couple of hours then went in to have some lunch. As they ate their sandwiches Britany couldn't help noticing how Linda's nipples poked out through her pink Barbie swimsuit and how it was pulled up tight in her crotch showing off her puffy lips.

After lunch they walked out to the stable to see the horses, Linda was like most kids and loved animals. They gave them fresh water and some hay then Britany started brushing one of the mares as Linda brushed another. After an hour or so Linda said she had to go home. Britany was ecstatic; even though she liked Linda she really wanted to play with Maverick.

Britany walked with Linda to her bike and watched as she peddled down the drive. When she was out of the drive she ran back to the stable and quickly shed her bikini. She started rubbing Mavericks side and his dick started growing, he was hoping for some more of what she had done yesterday. She got on her knees and ran her hand along his hard cock, she was still in awe of it, and it must be at least two feet long and thicker than her arm. She ran her hand over it as she said. "Easy boy, I know what you want. You want me to suck your cock, don't you? I've been dreaming of this since yesterday."

She put her mouth on his huge cock and moaned as it filled her mouth. She moved her head back and forth taking as much of his cock as she could in her mouth. As she sucked her hand went to her wet pussy and she rubbed her juice into her clit. She loved the feel and taste of his cock in her mouth and she could feel her first orgasm sweep over her. She pulled her mouth from his cock and screamed. "OH FUCK I'M CUMMING! OH MAVERICK I LOVE YOUR COCK!"

She didn't know that Linda had come back because her mom wasn't home and had left a note telling her to spend the afternoon with Britany. She stood at the stable door staring at her nude friend sucking a horse's cock. She could feel her young pussy twitching as she watched.

Linda had been masturbating for about a month ever since she had seen her mom and dad fucking on the couch late one night when they thought she was asleep. As she watched her mom sliding up and down her dad's big cock her pussy began to twitch so she put her hand in her panties and rubbed. She almost screamed when her fingers brushed her clit but she bit her lip and watched as her mom's body shook and convulsed. She heard her mom moan and say. "Oh yes baby fill me up with your big black cock. Come on baby let me feel your hot cum." Her dad groaned as he pulled down on her mom's ass and said. "Damn baby here it comes." Then they both went limp and she went back to her room so they wouldn't catch her looking. As she lay in bed she rubbed her pussy and screamed into a pillow as she experienced her first orgasm.

Now here was her friend Britany playing with herself as she sucked a horse. Linda slipped off her pink Barbie swimsuit and ran her right hand over her pussy. She shuddered when she slipped a

finger in her virgin pussy. As she rubbed her pussy she watched Britany rubbing herself and she couldn't believe how wet Britany was. Her fingers were covered with liquid and there was a big puddle under her. Linda thought maybe Britany had peed.

Linda lost her balance and fell against the door causing a loud bang and before she could run Britany jumped up knowing she was in deep shit because someone had caught her. She was relieved when she saw Linda standing in the door trying to pull her swimsuit up.

"What the hell are you doing here? I thought you went home. And how long have you been standing there? Don't you know you shouldn't spy on people?"

Linda was crying as Britany yelled at her. Britany felt bad that she had yelled and walked over to her friend and wiped the tears from her face and said. "I'm sorry Linda please don't cry." She lifted Linda's face and gently kissed her lips. Linda looked into her eyes and sobbed. "I'm sorry Britany; my mom was gone and told me to stay here this afternoon. And when I saw what you were doing with Maverick I couldn't help watching. Then my pussy started twitching and I just had to rub it. Why were you sucking his thing?"

"I don't know, I guess because it's fun and it makes my pussy twitch too. You don't think I'm awful for doing it do you?"

"Oh no, I could never think you're awful, you're my best friend. I've just never seen anything like that. Doesn't it taste bad?"

"No, it tastes great." Britany looked at her young friend and said. "Would you like to try it?"

"I don't know if I should I might...." Britany cut her off in mid sentence by kissing her. Linda's eyes were wide as Britany slid her tongue into her mouth. Linda caught on quickly and their tongues wrestled back and forth. Linda moaned as Britany cupped her small breast. Her little nipple was hard and poking into Britany's palm. They were both panting as Britany broke the kiss then leaned down and took Linda's hard nipple in her mouth. "Oh wow, that feels awesome." Linda said as she held Britany's face tight to her chest. As Britany licked Linda's nipple she ran her hand through the thin patch of black pubic hair and slid her finger along Linda's juicy slit. Britany couldn't help thinking Linda was three years younger than her and she already had more hair on her pussy and bigger titties. She broke their embrace and led Linda over to Maverick. She took Linda's hand and placed it on maverick's hard cock. Linda giggled as she ran her hand up and down the first cock she had ever felt. She looked at Britany and said. "It sure is hot. Do you think he likes how I'm doing it?"

"Oh I'm sure he loves it, feel how it's jerking in your hand."

"Yea this is awesome. What do I do now?"

"Lean over and take it in your mouth. He'll really like that."

"I don't know if I can, it may not fit."

"Just open your mouth real wide like you taking a big bite of an apple just be careful not to bite him."

They both laughed then Linda leaned in and took the end of his cock in her mouth. Her lips were stretched tight over his massive cock. She moved her head up and down a few times then pulled her mouth off with a pop and said. "MMMM that does taste good and it makes my pussy twitch too."

Let me have a turn." Britany said taking his cock in her mouth. As she bobbed her head up and down Linda slid her finger up Britany's wet pussy. Britany moaned as she sucked the big horse cock and Linda fingered her. She pulled her mouth off breathing heavily and said. "Oh Linda that feels so good, fuck my pussy with your finger. Put another finger in me make me cum I'm so close." She took the cock back in her mouth and sucked hard. She could feel it jerking and she wanted him to fill her mouth with his hot cum. But she also wanted Linda to get a taste as well. As Britany was sucking the huge horse cock Linda began sucking Britany's nipples as she slid two fingers in and out of her pussy. Britany was moaning loudly and her hips were rocking trying to get more of Linda's fingers in her. Maverick whinnied and his cock jerked as he fired a huge load of cum into Britany's mouth. She swallowed the first shot then pulled her mouth away and aimed it at Linda's face as she screamed and covered Linda's fingers with hot girl cum. "OH FUCK, I'M CUMMING!!! QUICK LINDA SUCK HIS COCK AND TASTE HIS CUM!" As her orgasm was coursing through her Britany fell on her back and rubbed her clit like she was possessed. Maverick's cock jerked and his second shot of cum landed on Linda's tiny breasts. She gasped when she felt how hot it felt on her skin. She grabbed his cock and slid her mouth over it as he shot again filling her mouth. She tried to swallow but she choked and cum shot from her nose. She jerked her head back and sat there coughing as another string of cum hit her breasts. She let go of his cock and the rest of his cum landed on Britany and the ground.

As her orgasm subsided Britany saw Linda lying on the ground with her hand on her pussy and covered with cum. She crawled over to her and began licking it off. She licked both of her hard nipples then down her flat belly to the little patch of black hair just above her pussy. She moved Linda's hand and slid her tongue along her wet slit. Linda moaned as Britany licked her pussy. She had never felt anything like this. She liked playing with herself but this was a hundred times better. "Oh Britany, what are you doing to me? Please don't stop it feels so good."

Britany used her fingers to open the lips of Linda's pussy. She was amazed how the bright pink contrasted with Linda's dark skin. She turned herself around so her pussy was over Linda's mouth and said. "Do me too, let's make each other cum." Linda raised her head and buried her tongue in Britany's wet pussy. She was mimicking what Britany was doing to her. If Britany licked her clit she licked Britany's and when Britany stuck her tongue deep in side she did the same. The girls licked for all they were worth trying to make the other one cum. Finally Linda could take no more and her small hips lifted off the ground pushing her pussy against Britany's mouth. Her screams were muffled by Britany's pussy as she had the biggest and best orgasm of her young life. Britany licked and sucked trying to catch the sweet nectar that was flowing from Linda's cunt. As Linda screamed into her pussy she felt her pussy spasm and she flooded Linda's mouth with her sweet cum.

As they lay there holding each other and gently kissing. They both knew they had made a life long friend and this was just the first of many times they would please each other and Maverick.
