BEASTIALITY STORIES

Professor Dick swung his machete, clearing away vines from the path.

He wiped the sweat from his brow, taking a moment to admire his handiwork. The machete had done its job, leaving a neat path through the dense jungle foliage. He saw the sun peeking through the canopy above, casting dappled light on the forest floor. He had been in this jungle for a while, and it was starting to feel like a second home.

He and his new assistant, Lucy, had been hiking since early morning, and he could feel his knees starting to ache. His legs just weren't what they used to be. "Lucy!" he called to his assistant as she bounded up the path, "there's a little clearing here. Let's stop for some lunch."

"Coming, Professor!" Lucy called back as she bounded up the path.

Professor Dick ogled the body of his young lab assistant. Lucy was a 26-year-old blonde with a curvy hourglass body that was close to slim, with just a slight bit of pudge, a shapely ass, and two all-natural coconut-sized breasts that sagged just the right amount. She was certainly cute. He was not the brightest, but didn't pick them for their brains.

Like with all of his assistants, Professor Dick did not allow Lucy to wear any clothes. Considering the Professor's insatiable libido, it just made things easier. Plus, it wasn't too getting to see Lucy bounce around naked all the time. Right, Professor Dick was mesmerized by the way her tits swayed and jiggled as she ran.

"Alright, I'm here," she said with a smile as she stopped alongside the Professor. "So, what's for lunch, Professor? I'm starving!"

Professor Dick smiled down at her. "I think I've got just the thing," he said with a wink, then pulled his pants to the ground. Professor Dick's 9-inch cock sprang to attention. "How about a nice big sausage?"

Lucy giggled as she took in the Professor's impressive member. "Oh, Professor, you always know just what to say to cheer a girl up," she said with a wink as she dropped to her knees in front of him.

Lucy wrapped a hand around his shaft, marveling at the thickness and the heat of him. She bent forward, parting her lips and slowly lowering her head until the tip of his cock rested against her mouth.

She opened her mouth wider, allowing him to slip inside. She began to slide her tongue along the underside of his shaft, tasting his salty pre-cum that had already begun to form. Lucy worked him with her tongue, swirling it around the head of his cock, then bobbing her head up and down, taking him deeper each time. She used one hand to grip his shaft, stroking the base while she sucked him.

With her free hand, she reached up to caress his balls, rolling them gently between her fingers. Professor Dick's breathing became heavier as she worked his cock, his hand coming to rest on the back of her head, guiding her movements.

"Oh, Lucy, that's it," he moaned, his hips starting to buck slightly, driving his cock deeper into her mouth. "You're such a good girl."

Professor Dick felt his cock throb in Lucy's warm, wet mouth. Her tongue swirled around the sensitive head, sending jolts of pleasure through his body. He tangled his fingers in her blonde hair,

guiding her head as she bobbed up and down on his shaft. "Mmm, yes, just like that," he groaned, his hips rocking forward to meet her movements.

Lucy looked up at him with big blue eyes, taking him deeper into her throat. His eyes rolled back in pleasure as Lucy deep-throated his throbbing cock.

"Oh fuck, yes!" he moaned, his hand fisting in her blonde hair. "Take it all, you dirty little slut."

Lucy gagged slightly as his thick shaft hit the back of her throat, but she didn't pull away. Instead, she relaxed her muscles, allowing him to slide even deeper. Her tongue worked along the underside of his cock, massaging the sensitive vein. He pushed her head down his cock until her nose was pressed up against him, and his balls rested on her chin. Lucy stuck out her tongue and gently ran it across his scrotum. Professor Dick's cock throbbed in Lucy's mouth as she gently caressed his balls with her tongue.

"Oh fuck, that's it," he moaned, his hips bucking involuntarily. "You're such a good little cocksucker."

It twitched and swelled in Lucy's mouth as he felt his impending orgasm building. He gripped her hair tighter and began to roughly thrust his hips roughly, fucking her face and forcing his throbbing shaft in and out of her tight, wet throat. Lucy's throat muscles contracted around him.

"Fuck, I'm gonna cum," he grunted, his balls tightening. "Swallow it all, you dirty little whore."

With a guttural moan, Professor Dick exploded, his hot seed shooting down Lucy's throat. She swallowed rapidly, gulping down every drop of his thick, creamy cum. He pulled his softening cock from Lucy's mouth with a wet pop and looked her over with a satisfied smirk.

"Mmm, now that's what I call a protein-packed lunch," he chuckled.

Lucy licked her lips, savoring the lingering taste of his cum. "Delicious, Professor. I could get used to this jungle cuisine."

Professor Dick smiled down at her, his cock already starting to harden again. "Well, I'm glad you enjoyed it, my dear. But I hope you're not too full for the main course."

He reached down and grabbed her by the waist, lifting her effortlessly. Lucy wrapped her legs around his waist, pressing her wet pussy against his growing erection.

"Mmm, Professor, I think I'm still hungry for more," she purred, grinding against him.

He carried her over to a fallen log and sat down, positioning Lucy's dripping cunt right over his lap. "Well then, let's see if I can't fill up that greedy pussy of yours," he growled, gripping her hips and pulling her down onto his thick shaft.

Professor Dick's cock plunged deep into Lucy's wet, waiting cunt with a single, powerful thrust. She let out a loud moan, her head tipping back in ecstasy as he stretched and filled her.

"Oh fuck, Professor!" she cried out, her nails digging into his shoulders. "You're so big! It feels so good!"

Professor Dick gripped her hips tightly, his fingers sinking into the soft flesh of her ass as he began to bounce her on his cock. Lucy's tits bounced and jiggled with every thrust, her pink nipples

hardening in the warm jungle air. Professor Dick leaned forward, capturing one of her sensitive buds in his mouth and sucking hard. Lucy's back arched, pushing her breast further into him as she moaned loudly.

"Oh yes, Professor! Suck my tits! Bite them!" she begged, her pussy clenching around his thick shaft.

Professor Dick obliged, his teeth grazing her sensitive nipple before he bit down hard. Lucy yelped in pain and pleasure, her pussy flooding with even more wetness as he continued to pound into her.

"Fuck, Professor! You're gonna make me cum so hard!" she panted, her hips rolling and grinding against his thrusts.

Professor Dick released her nipple with a wet pop, his hand moving to grip her throat. He tightened his grip slightly, not enough to hurt her, but enough to make her gasp and her eyes widen. He could feel her pulse racing under his fingers and matched the rhythm of his thrusts to it.

"Good girl," he growled, his voice low and husky. "Cum for me. Let me feel that tight little pussy milk my cock."

Lucy's eyes fluttered as an orgasm built deep in her core. Her hips bucked and ground against his, her fingers tangled in his salt and pepper hair. "Ohhhhhh fuck, I'm cumming!" she cried out, her pussy convulsing around him as she came.

Professor Dick growled in appreciation, his cock throbbing and swelling inside her. He felt himself getting close and pulled her down harder, feeling her body shaking. Professor Dick pulled out suddenly, his cock slick with Lucy's juices. He stood up, positioning her on her knees in front of him.

"Open wide, sweetheart," he commanded, his cock bobbing inches from her face. Lucy obediently opened her mouth, tongue extended. Professor Dick gripped his shaft and began stroking himself rapidly, his other hand tangled in her hair. "Fuck, I'm gonna cum all over that pretty face."

His balls tightened as he stroked his throbbing cock, the sight of Lucy on her knees, mouth open and tongue out, driving him wild with lust. He groaned loudly as his orgasm hit, thick ropes of cum shooting out and splattering across her face and tits.

"Take it all, you dirty little slut," he growled, his hand pumping furiously as he painted her with his seed.

He watched with satisfaction as his cum dripped down Lucy's face and tits, glistening in the dappled jungle sunlight. Her chest heaved with each breath, her nipples still hard and erect. She looked up at him with shock and awe, her mouth slightly open as if she wanted to say something but couldn't find the words.

"Well, that was quite the dessert," he chuckled, his cock already starting to soften.

Professor Dick's gaze suddenly sharpened as he caught movement in the jungle foliage. A massive gorilla emerged, its dark fur matted with sweat and its eyes wild with panic. The animal's impressive manhood was on full display, massive and fully erect. Professor Dick recognized the signs - this was an alpha male in search of a mate, and its size was proving to be problematic.

A gorilla's penis would normally be just 3 inches, but this one was sprouting an astonishing 12 inches at least!

"I've never seen anything like it," proclaimed Professor Dick as he stared at the gorilla's oversized genitalia. "I can't imagine he's ever been able to mate with such a gargantuan member. That must be why he's so worked up. I know! Lucy, you should have sex with him!"

"What!?" said Lucy, shocked and horrified by the Professor's suggestion.

"It will help him calm down," explained Professor Dick, "he'll never be able to fit that penis in another gorilla, but I think you'll be able to take it. Then he should be relaxed and leave us be." Before Lucy could protest, Professor Dick gave her a little push, and she stumbled right up to the horny beast.

Professor Dick watched with a mix of fascination and amusement as Lucy's eyes widened in terror. She stumbled back, trying to distance herself from the massive gorilla. Her tits, still slick with his cum, jiggled with the movement, and her face was a picture of shock and disbelief. The gorilla, however, seemed even more agitated by Lucy's presence, its massive chest heaving and its eyes wild.

"Professor, no! I can't do this!"

It was too late for Lucy or the Professor to do anything. The gorilla reached out and wrapped one massive hand around Lucy's waist.

The gorilla's strength was immense as it lifted Lucy effortlessly, bringing her body flush against its own. Lucy's breasts mashed against the ape's furry chest, smearing the cum even more. She let out a startled squeal, her hands scrabbling at the gorilla's arm. The beast seemed to pay no mind to her protests, its mind consumed by primal lust.

With a powerful thrust, the gorilla pushed its massive erection into Lucy's soaking-wet suit. There was a moment of resistance as Lucy's tight, human pussy tried to accommodate such an enormous member. The gorilla showed no mercy, forcing its way inside her cunt with animalistic strength. Lucy's face contorted in agony as inch after inch of thick, pulsing cock was pushed into her body.

Professor Dick watched in fascination as the gorilla began to fuck Lucy with relentless, animalistic vigor. The beast's hips moved with a powerful, primal rhythm, driving its massive cock in and out of Lucy's stretched pussy. Her screams of pain and fear quickly turned to moans of pleasure as her body adjusted to the overwhelming size and intensity.

Lucy's body arched and twisted as the gorilla pounded into her, her tits bouncing wildly with every thrust. Her hands, which had been pushing against the beast's chest, now clutched at its fur tight.

"Fuck yes!" Lucy screamed, "I've never had a cock like this inside me. Fuck me, you animal! Fuck me just like that! Make me your jungle whore!"

She began to move her hips even as the gorilla shook her up and down on his cock. Her tits bounced wildly. Every time they came down, they'd smack into the gorilla's thumb and jiggle like two sacks of jelly.

The gorilla's massive balls swung back and forth as it pounded Lucy, the beast's strength allowing it to fuck her with incredible force. Lucy's pussy was stretched beyond anything she'd ever experienced, and she was loving every second of it. Suddenly, there was a wet crack as the gorilla squeezed Lucy's waist a little too hard.

Lucy's eyes widened, and she opened her mouth as if to scream. Before she could make a sound,

there was a loud wet snap followed by her torso separating from her waist as the gorilla tore her in half.

Professor Dick stared in morbid fascination as the gorilla continued to thrust into Lucy's lower half, even as her lifeless body twitched and spasmed from the force of the beast's frenzied rutting. Every time it pushed its thick cock deep into her, the tip would poke out the other side where Lucy's upper half had been just moments ago, splattering thick globs of her blood and viscera on the jungle floor. The gorilla seemed oblivious to the fact that it was no longer fucking a living, breathing woman.

Lucy's arms flailed lifelessly, and her tits swung from side to side as the gorilla examined her top half, turning it over in its hand. It soon lost interest and nonchalantly tossed it away. Lucy's torso soared through the air and landed nearby to where Professor Dick was watching. Her tits jiggled enticingly one last time before settling on her still corpse.

The gorilla happily continued to fuck her lower half. Its massive member pistoned in and out of Lucy's corpse, its movements growing more erratic. The beast's massive balls swung wildly as it built to orgasm. Professor Dick watched, mesmerized by the display. The gorilla's massive testicles contracted, and it released its load. Hot jets of gorilla semen shot through Lucy's lower half like a fountain. The thick ropes arched in the air, splattering on her ample ass and thighs before rolling down her still legs in sticky white droplets.

Professor Dick stared at Lucy's upper half, lying motionless on the jungle floor. Her face was frozen in a shocked ecstasy, eyes wide and mouth open in a silent scream. Her tits were still perky and full, the perfect handful. He couldn't help but feel a twinge of arousal at the sight of her corpse, even as a part of him felt a pang of guilt for getting her killed.

The gorilla slid its massive cock out of her cunt. Now satisfied, it dropped Lucy's lower half on the jungle floor and wandered off. When it was gone, Professor Dick moved over to Lucy's torso.

Professor Dick knelt next to Lucy's upper half, his cock still rock hard from the depraved display he had just witnessed. He reached out and grabbed one of her tits, squeezing the soft flesh. It was still warm and pliant, even in death.

"Such a shame," he said, "She was such a sweet girl and one hell of a fuck! But what's done is done. Besides, there's no reason I can't have a little more fun with her." With that, Professor Dick pulled out his cock and started vigorously stroking it over his lovely assistant's severed torso.

He pumped his thick, veiny cock as he aimed it at Lucy's corpse. The first spurt of cum landed right on her full, parted lips, dribbling into her gaping mouth. He grunted as more ropes of semen shot out, painting her face and tits in a pearly sheen. The sticky fluid dripped down her neck and chest, forming a puddle at the base of her neck.

Professor Dick jerked himself off until he was empty, then used his shirt to wipe himself clean. He gave Lucy's corpse one last look over before standing up.

"Well, that's that," he said, "I suppose I'll have to find another new assistant."

He adjusted his clothes and left Lucy's remains to nature's cleanup crew.
