BEASTIALITY STORIES

Hi, my name's Tina. I was 20 years old when this happened, and I'd like to share the lovely experience I had with my pet dog, Tommy. Well, before I start, let me tell you all what I look like. Well am 176 cm tall (5'7"), with brown hair and brown eyes, and I've got a very sexy body. I've got 36C boobs and a perfect bottle-like body. I know that every guy just likes looking at me.

That's why I like wearing sexy clothes. I like summer so I can wear my ultra mini-skirts. I like wearing tight push-up bras so that everyone can have a perfect look at them. I love wearing G-strings. Even at home, I like wearing sexy clothes. I have a little brother aged 18, and he's fond of me. I usually sit opposite him at the dining table, and every time, I can see him dropping something on the floor so that he can see my undies.

I love that and give him the opportunity to see them. That's why I just keep my legs wide open. I think that he had seen me naked since I usually feel someone peeping into my room through the keyhole. I've started keeping my doors open slightly just to help him see more, you know. I know why he got so interested in me.

Once, when I was having my shower, I forgot to lock the bathroom door. I was inside, and he didn't know and just opened the door. He sees my wet naked body and my boobs. I smiled at him, and he went away.

Well, let me tell you about my sex experience with my pet dog, Tommy.

Tommy is a huge white German shepherd. I've never seen such a beautiful dog in my life. He's white with long hair. I've read many dog sex stories and also downloaded lots of pics and clips, but I was a bit reluctant until the proper day came. I was on a college break at the time. My parents had an important task and had to go to Scotland for 2 days to visit some parents. They wanted to take us with them, but I refused and asked them if they could take my bro. But he was also unwilling. I think that you know the reason!

Everyone loves love Tommy in my house. That's why he was allowed to stay in the house, although it had a kennel outside. I was sleeping in my room with my mini and a tiny white thong. Suddenly, I heard the door open. I thought that it was my brother. But to my great surprise, it was Tommy. I think he was annoyed with seeing no one at home. He came into my room and just got on my bed.

I patted his back. As I was lying on my bed, he was standing, and I could easily see his penis. Something passed in my mind but then changed my mind. I stayed in my bed, was I could feel my nipples harden. It was so hard that it was hurting me. I took off my T-shirt and undid my bra so that I could feel more comfortable.

Tommy started licking my face and, at the same time, licked my boobs. I felt so nice when his course tongue passed on my nipples. I wanted to feel his juicy tongue in my pussy. I took off my mini-skirt and thong. I could feel my pussy was wet. I was all naked in front of Tommy. I held its huge head and directed it gently to my pussy.

He sniffed my heavenly part and pushed its note inside my pussy, and started licking inside. Mmm, I've never felt anything so good in my life. I lay on my bed and watched Tommy licking my pussy. Tommy's tongue was rough. Every lick was a bit painful and also so nice. My pussy got wetter.

One thing I noticed was that Tommy had an erection. I've already tried my two fingers and a small dildo in my pussy but not such a huge thing as Tommy's cock. I so wanted to try and feel this huge thing in my pussy. I lowered myself to the corner of my bed. Tommy got down and positioned himself

between my legs. He then put his front paws on the bed and was ready to fuck me.

Slowly but gradually, he started going to and fro. The first contact of his pussy with my clit drives me crazy. I pushed myself forward, and the tip of his penis was in my cunt. It was painful since it was so big. In about one minute, three-quarters of his penis was inside me, and he was going faster and faster. After some time, I noticed a ball of dog cock in front of my pussy, and Tommy was pushing harder to get it inside me. It was his knot.

He was my lover and wanted to 'knot' me. It was really excessively big. I hesitated a bit but realized that my parents were away and they were returning in two days. Tommy was not in the correct position. I positioned myself slowly in doggy style on the floor by paying particular attention so that he didn't get disturbed and his penis stayed in my pussy. He was better in doggy style and was riding me more quickly.

He pushed so hard that he put his huge knot in my pussy. I shouted, and at the same time, Tommy cum in my pussy. The hot liquid filled my pussy, and I had an orgasm. It was the most pleasurable moment in my life to that point. Tommy got off my back but was unable to take out his penis from my pussy. I was happy that his penis remained in my cunt. We both lay down on the floor, tired but happy with this first experience.

I slept on the floor with Tommy's penis in my cunt. One thing I completely forgot was that my brother was at home. Since the door was open, he watched everything. He came into my room to see me with Tommy's penis in my cunt. I open my eyes. I asked him not to tell anyone and that I'll do anything for him. He said that he wouldn't tell anyone and was smiling.

I could see his penis hard in his shorts. I asked him to stay in my room if he wanna see more. My brother asked me if he could touch my boobs. I said he could. He held them and started sucking them, and he said that he had been waiting for this for a long time. After half an hour, Tommy managed to take out his penis. After that, he licked my pussy clean, and I licked his penis clean. My brother had the opportunity to see all that. Lucky guy.

That was really a wonderful experience. After my parents returned, I haven't tried. Still, when I get the opportunity, I'll surely do it since my brother has already asked me when I'll have sex with Tommy. Whenever he's in my room, I allow him to see and touch my boobs, and he usually licks my pussy. I haven't allowed him to have sex with me since I am afraid of falling pregnant. I love my lucky brother.

The End
