BEASTIALITY STORIES

CHAPTER ONE

18yo Gail Barkley spread her legs wider, fondling her naked pussy with increasing urgency. She could feel more and more juice seeping from the walls of her aroused cunt, and she moaned softly as she continued to make love to herself with her hand.

"Oh, wow, Scotty, I'm really horny today!" the young teenager said with a little giggle, glancing at the Irish terrier that sat next to her on the living room floor.

Gail's face suddenly sobered, and she moaned again as an icy-hot wave of tingling fuck-lust swept through her. Her cheeks flushed, and sweat began to ooze out from her pores. She could feel both of her dollar-sized nipples hardening, and again the youngster moaned.

Scotty responded to his mistress's throaty moan with a deep, bestial growl. His ears pricked up, and his furry body began to tremble. His cock was growing hard and as he breathed in the fragrant aroma of the girl's aroused pussy, his cock grew harder still. He hunched down and rubbed his stiffening dog prick against the rough fabric of the carpet in a desperate attempt to vent the animalistic desire that pounded through him.

"Don't worry, Scotty, you don't have to get yourself off like that," Gail said, giggling again as she gazed at her dog. "As soon as I make myself come, I'll take good care of you, I promise."

While Scotty whimpered beside her, the teenaged girl closed her eyes and gave every bit of her concentration to giving herself as much erotic pleasure as possible.

As Gail squeezed her cunt, her fingers grew wetter. More and more juice was oozing from her pussy. The warm sauce trickled out from between the girl's swollen cuntlips and began to run down her thighs.

Gail stroked her hard clit with one finger while she fucked her middle finger straight up into her tight little pussy hole.

"God, that's good!" she cried, writhing and rocking from side to side on the floor.

Scotty whined and moved between his mistress' legs, his cock hard and throbbing.

Gail continued to stroke her clit with one finger while she fucked her stiffened middle finger in and out of her cunt hole. She worked her cunt muscles on that finger, squeezing it as if it were a cock. All the while that Gail finger-fucked herself, she fantasized that her dog's cock was deep inside her pussy, as it had been so many times before, and as it would be again in a matter of minutes.

Scotty whimpered and lowered his head, breathing in the heady scent of the girl's sopping wet cunt. He let his long, pink tongue loll out of his mouth and dog-drool dripped down onto the girl's cunt mound.

Gail felt the warm saliva wetting the fur that covered her pussy, and she opened her eyes, gazing upwards at her dog.

"Oh, Scotty, you're as turned on as I am, aren't you?" she murmured, seeing the lust-glazed expression in the animal's eyes.

Scotty barked, and Gail grinned excitedly. She took her fingers out of her cunt and raised them to her mouth. While her pet watched her, Gail slowly licked the pussy juices off of her fingers.

"Mmm, good. Bet you'd like a taste of this stuff, wouldn't you?" she asked the dog, her voice thick with lust.

Scotty barked again, and Gail laughed.

"Right. Why should I have to play with my pussy when I've got you and your nice big tongue to make me come? Okay, go for it, boy. You know what to do. lick my pussy... make me come!" Gail cried. She reached down between her legs with both hands and gripped the edges of her puffy cuntlips. She hauled her pussylips far apart, fully exposing the pink cuntmeat inside, which glistened with juice.

Scotty didn't hesitate a single second. He lowered his head more and swiped his rough tongue across the exposed cuntmeat. "Oh, God!" Gail cried, shivering all over. As many times as her dog had licked her pussy to orgasm, that first swipe of his tongue never failed to surprise her by just how good it felt.

Again, Scotty licked his mistress' inner pussy flesh. And again, Gail shook and trembled. The young girl released her hold on her pussylips, since the animal's snout was keeping them spread far apart.

Now that Gail's hands were free, she was able to play with her tits while her dog licked her. She clutched both of her tits and rotated them around and around. She caught her big nipples between her thumbs and forefingers and pinched them lightly.

"Yeah, good," she groaned.

She pinched her nips harder this time, feeling them pulsating violently between her fingers.

"Great!" she gurgled.

Scotty growled and began to lick his mistress' fully exposed cunt faster and faster. His tongue became a blur in a matter of seconds as he ate Gail's pussy toward orgasm.

"God, Scotty! You're the greatest!" the youngster cried, throwing her head back and moaning loudly.

She felt as if she would literally explode with erotic pleasure as her aroused dog continued to eat her out. More and more juice flowed from her puckering pussy hole. As Scotty licked her pussy faster and harder, Gail could feel every inch of her cunt flesh burning hotly beneath his forbidden caresses.

"My clit! Lick my clit, you Goddamn horny dog!" the teenager shrieked at the top of her lungs. She shifted and rolled her asscheeks against her carpet to get just the right angle. "Yes! God, yes, that's it!"

His entire body shuddered with excitement. He lapped the rough surface of his large, pink tongue over the throbbing head of Gail's clit, whimpering with doggy fuck-lust.

"Jesus, I'm coming, Scotty!" Gail cried, her eyes rolling back in her head.

She felt a huge explosion suddenly ripping through her, and she screamed out again. As she came, she reached down and gripped both sides of Scotty's furry head, holding him in place. His tongue continued to lick at her clit and the dog growled with pleasure as he felt his mistress' pussy orgasming against his tongue.

"Coming! Jesus, yes, I'll say I'm coming!" Gail shouted, clutching the sides of her dog's head so tightly that he gave out a savage-sounding growl.

Gail panted, releasing her hold on her pet's head. She then reached for her tits again, pinching the stiff nips so hard that they throbbed with pain.

"I love it!" she cried, enjoying the pain every bit as much as the pleasure.

And still she came. Tremors of orgasmic delight shot through her entire body as her climax swept over her.

"God, it's soooo good!" Gail screeched, clawing at her aching tits.

Scotty's cock grew harder still as he licked his mistress through her orgasm. He repeatedly stabbed at her shuddering clit with the flat of his tongue. His saliva drooled onto her cunt, wetting it down completely.

"Yieeeee!" Gail cried, and then she began to sob brokenly as her orgasm peaked. Even as the last of her powerful climax quaked through her, Gail licked her lips with anticipation of the dog-fuck she knew her little pussy was about to enjoy.

But before the young girl could steady her breathing and get into position for her pet to fuck her from behind, she heard her big brother's voice booming across the room.

"You slut!" Biff Barkley thundered, moving toward his little sister.

"Biff!" Gail gasped in surprise. She looked up and saw the unmistakable lust in her brother's eyes, and she trembled in fear and excitement. "How long have you been standing there?"

"Long enough, whore!" Biff snorted. He reached his sister's side and stared down at the youngster's naked body. Her tits were still slightly heaving from her mighty orgasm and the teenaged boy felt his cock going hard within the confines of his pants. "Long enough to see you lying there with your legs spread open! Long enough to see this fucking dog's tongue in your cunt! Long enough to watch him make you come!"

"I-I didn't know I had an audience," Gail said, smiling weakly.

"Obviously," Biff said dryly. The naked girl could see a growing hard-on bulging out from her brother's crotch, and she felt a stab of hot desire. But she also heard the anger in Biff's voice, and she was afraid.

"What- what are you g-going to do, Biff?" she asked, finally giving voice to her fears.

"You'll find out soon enough," Biff sneered.

Scotty looked up at the boy and whimpered, and Biff gave the dog a hard push with his left foot. Scotty whimpered again and ran across the room to avoid Biff's way. But the Irish terrier's eyes remained fixed on his mistress. He stared at her still-drooling pussy, and his dog-cock twitched excitedly.

"Don't hurt my dog!" Gail protested angrily.

"Aw, he's okay," Biff said, reaching down and grabbing his little sister by the arm. He yanked her roughly to her feet. "I think you care more about that fucking dog than you do me!"

"Well, what if I do?" Gail said.

She knew that she was making her brother even angrier, but she couldn't seem to help herself. In fact, she felt a perverse sort of pleasure in arousing his anger. She still felt a little afraid of him but she felt mostly excited. And she could hardly wait to see what he had in mind for her. All this time, Gail knew that Scotty was watching her intently. She glanced over in the dog's direction and saw his stiffening cock between his furry legs. Gail shuddered in her brother's grasp, feeling more pussy juice seeping into her horny cunt.

"You bitch!" Biff snarled, shoving his sister toward the big round wooden table in the center of the room. "You got off so much on letting your fucking dog lick your pussy! It would serve you right if I made that mongrel fuck you!"

"Oh, God!" Gail cried, feeling a red-hot bestial desire sweep over her.

Her brother had interrupted her and Scotty just when Gail had been about to let the animal fuck her. Her little pussy still needed a good hard fuck... by a dog-cock. And the idea of her brother making it happen just aroused the youngster more.

But Biff misunderstood his sister's excited cry. He thought he was frightening her beyond all reason, not realizing that Gail and Scotty had been fucking for quite some time now. The boy laughed cruelly and tightened his grip on Gail's bruised arm.

"Never thought of that, did you?" he sneered. Never did you think of such a thing, did you? Well, I've got news for you, bitch! A lot of little girls get off on fucking dogs!"

Gail hid a smile, forcing herself to remain quiet. She gave another little cry as her brother pushed her across the heavy circular table. Gail found herself stretched across it, face down, quivering nakedly. She raised her head and saw Scotty across the room. The dog was still watching her intently, and she could see that his cock was growing harder by the second. She longed to rush across the room and beg her pet to fuck her right then and there. But she knew that Biff had no intention of letting her go just yet. And Gail sensed that if her brother knew just how horny she was for her dog's cock, he would not let her and Scotty fuck. He was that cruel.

The young girl was positioned across the wooden table, her tits pressed flat beneath her.

"Jesus, you sure look sexy like that," Biff muttered, releasing his hold on her. He reached down with one hand and rubbed his aching hard-on through his jeans, moaning a little.

"What are you going to do to me?" Gail asked in what she hoped was a tremulous voice.

"You'll see!" Biff shouted. "Get up on your knees now!"

Gail quickly obeyed her brother, rising on her knees. But as she began to raise the upper half of her body, Biff stopped her by pushing the flat of one meaty hand hard against her back, holding her in place.

"No! Keep down from your waist up. Just keep those knees raised. I don't want you to make a single move unless I tell you to. You got that, bitch?"

"Y-yes, Biff, I've got it," Gail said in a deliberately submissive tone.

The young girl was now raised on her knees, with the upper part of her body still pressed flat

against the tabletop. Gail could feel her tits aching in protest at being pushed so hard against the table. But the ache just mingled with her desire, and she had to fight her impulse to beg Biff to let Scotty fuck her now.

"Good girl," Biff murmured approvingly.

He stared down at his little sister's ass which was jutting upward. Her thighs were spread, exposing her cunt fur and pussylips. The boy reached down again to stroke his bursting hard-on, giving a little groan.

"I-I'm scared, Biff," Gail lied.

"Good! I want you to be!" Biff laughed.

The boy moved around to the other side of the table to face his sister. He grabbed a fistful of her long blonde hair and twisted it, pulling it until tears of pain filled her eyes.

"Owwwww!" Gail cried.

Across the room, Scotty barked fiercely.

"It's okay, Scotty... I'm okay," Gail told her dog.

Biff jerked on her hair again.

"Stop talking to that stupid dog!" he growled, pulling his sister's head upward so he could slap her face a few times.

"Oh, God," Gail whimpered. But, as before, the pain only seemed to increase her excitement.

Her cheeks were red and stinging where her brother had struck her. Biff held Gail's head up with one hand wrapped in her hair. He used his other hand to open his jeans and push them down. He wore no underwear, and Gail gasped as she saw his thickly haired crotch and his huge cock.

The boy lurched forward, pressing his hard cock against his sister's face.

"Lick my balls!" he demanded huskily.

Gail eagerly stuck her tongue out and licked all over her brother's balls.

"Now lick my cock!"

The young girl obediently licked as much of Biff's prick as she could reach. She lapped up a little drop of pre-cum and thirstily swallowed it down.

"Open your fucking mouth wider!" Biff yelled.

As Gail opened her mouth more, Biff shoved his cock inside.

She held her brother's prick inside her mouth, rubbing the underside of it with her wet tongue. She could feel the boy's cock growing harder and thicker on her tongue. His prick shuddered and spasmed. It stiffened and grew, and nearly doubled its length and thickness in her mouth. As his cock grew, its head slid down into her throat.

Gail began to choke on her brother's cock. She could hear her dog whimpering excitedly across the room and she sensed that Scotty somehow understood. He understood that what was happening between Gail and Biff now was only making Gail all the hotter and more ready than ever to fuck with the terrier.

As Gail gagged on the head of her brother's prick, she could feel it growing even harder. Her discomfort was arousing Biff all the more.

"Suck it good, bitch! Just pretend it's your dog's cock and suck it real good!" Biff said with a laugh which abruptly turned into a groan of lust-filled pleasure.

He wound his fingers in Gail's hair, holding her head up. Her moans rippled through his cockmeat, adding to his excitement. His jeans were down and he was naked from his waist to his knees.

"Gonna fuck your face now," he panted, beginning to fuck the full length of his cock in and out of her mouth with hard, deep strokes.

Gail gurgled around his meaty prick, trying not to let her brother guess just how turned on she was. She sucked him harder and harder, anxious to make him come. She longed to taste his cum, but more than that, she needed to fuck her dog. And she hoped that after she made Biff come, he would "force" her to do just that.

"Commmiinnggg!" Biff cried suddenly. He shoved his prick deep inside his sister's mouth and down her throat, holding it there while he came.

Gail was amazed but excited by the heavy rush of cum which filled her mouth and slid down her throat. She sucked the thick jism down as fast as she could to keep from choking on the stuff. She loved the taste of it, although she knew that she preferred the tangy-yet-sweet taste of Scotty's dog-cum. She could feel her brother's jizz coating her throat as it slowly trickled downward into her belly.

"Take it all, cunt! Take every fucking drop!" Biff ordered, feeling his orgasming cock twitching inside his sister's mouth and down her throat.

His words were unnecessary. There was no way in the world that Gail would ever waste one drop of anything as precious and delicious as cum.

Biff grunted. He clenched his asscheeks making his swollen balls squeeze out the last few drops of cum from his prick. Gail gave a little sigh as she felt her brother's prick softening inside her mouth.

Biff pulled his prick out of her mouth and looked down at her with a triumphant gleam in his eyes. The boy still did not realize that his little sister was fully enjoying his savage treatment of her.

Gail stared at Biff's prick and balls. They were red, sticky with cum and her saliva. She felt her little pussy quivering as her big brother wiped his cock clean on her long hair.

"You're gross," she muttered, feeling that she should at least offer a bit of protest at this point. But her pussy quivered again and she knew that she loved what was happening.

Her only complaint was that Biff was making her and Scotty wait too long to fuck each other. She wondered if the dog would tire of waiting and run off. But she glanced over at the animal and smiled, seeing that there was no chance of that. Scotty was scooting his hindquarters back and forth across the rough surface of the carpet. He was whimpering softly each time he felt his hard dog-cock

rubbing in friction against the rug. His eyes burned into Gail's and she knew that, just like herself, her pet would never be satisfied until they fucked.

"I don't think you've quite learned your lesson yet," Biff said.

He pulled his jeans up and zipped them. He pulled his leather belt out of the loops of his pants.

Gail whimpered. "God, Biff, haven't you already done enough to me?"

"Obviously not! If you'd been punished enough, you wouldn't still be staring at your dog like you were in love with him!" Biff snarled.

Oh, shit, Gail thought to herself, wishing she had not let her brother see the fuck-starved look had passed between her and the Irish terrier. "Now I'm going to have to beat you," Biff said with a grin.

"You were going to beat me anyway!" Gail cried angrily, her face flushing. "Why don't you at least be honest about it?"

"Shut up, cunt!" Biff yelled, and he looked about the room, as if in search of some way to further humiliate his little sister. His eyes glittered strangely as he saw one of Scotty's dog toys lying on the carpet near the table. It was a big rubber bone. He snatched it up from the floor and shook it in front of his sister's face.

"Here, Sis, you wanna get it on with a dog, then act like a dog. Chew on this!"

"Oh, no!" Gail cried, feeling that things were getting out of hand between her and her brother.

"Oh, yes!" Biff laughed. "Fill your mouth with this dog-bone. Now be a good little doggy and open wide!"

Scotty cocked his head to one side, briefly pausing in his attempts to rub his stiff dog-cock against the carpet long enough to look at Biff with a confused expression in his eyes. It was obvious that the animal could not understand why the boy was offering one of Scotty's toys to Gail. But, as the throb in the dog's cock grew stronger, he whimpered and once more began to shove his haunches back and forth, sending the length of his dog-cock over the friction of the carpet.

"No! I won't do it!" Gail protested. But even as she refused to chew on the dog bone, she felt an odd little quiver in the pit of her stomach which let her know that she was enjoying her brother's degrading treatment of her.

"Oh, yes, you will, you dog-whore!" Biff yelled. He raised his leather belt high in the air with one hand and brought it crashing down across his sister's back.

"Yeeeeooowww!" Gail screeched as she felt the thick belt cutting into her naked flesh.

As she opened her mouth to scream out in pain, Biff stuffed the rubber bone between her jaws, cramming it tightly.

"Now chew on that thing, bitch! And if you try to spit it out of your mouth, I'll whip you twice as hard!"

Gail knew her brother meant what he said and she began to chew on Scotty's rubber bone.

Biff climbed up on the table and straddled his naked sister, sitting on her back and facing her ass.

He doubled his belt in his hand for added striking power and began to whip Gail's trembling asscheeks.

"Aieeee!" the youngster sobbed as her brother beat her mercilessly. She instinctively began to raise and lower her hips, making whatever moves she could in a futile attempt to escape the punishing blows raining down on her helpless little ass. Each time she wriggled or shoved her hips up and down, Biff whipped her ass still harder.

"Unghhhh, it hurts soooo much," Gail whimpered around the rubber dog-bone, her eyes brimming over with tears.

But, as she continued to hunch her hips up and down, she felt her drooling pussy rubbing against the surface of the table and a deep, intense pleasure filled her. She knew her brother's belt was raising welts on her ass flesh but now the pain mingled with a heady brand of pleasure which made the young girl chew harder on Scotty's toy bone.

Biff continued to sit astride his sister, viciously beating her ass. The round swelling cheeks of her ass were whipped to a deep red color. The boy's cock began to grow hard again. Finally he stopped, more from exhaustion than from any mercy.

Gail's body shook with sobs of pain and pleasure. She looked up as her brother climbed off of her, rubbing his hard-on through his pants. The young girl still clutched the bone between her teeth.

"C'mon, Scotty!" Biff suddenly called out to the Irish terrier, which was still dragging his stiff dog-cock against the carpet. "Get over here! Time for you to join us now!"

"Oh, my God!" Gail gurgled around bone, realizing that at last she was going to get what she craved with every fiber of her being... at last she was going to get to fuck Scotty.

## CHAPTER TWO

Scotty gave a little yelp as he ran over to the table in the middle of the room. He stood there, gazing up at his naked mistress, his long, pink tongue lolling out of one side of his mouth. Dog-drool dribbled off the end of it. He panted. His body was tensed. He looked as if he were barely able to restrain himself, but he seemed to sense that Biff was the one in charge here and that he had best not move until he received his next command.

"Ready for Scotty now, Sis?" Biff asked hoarsely.

"No!" Gail protested, thinking that no matter how much her little pussy was throbbing with desire for her dog's cock, she had better put on an act for her brother's sake.

"Oh, really? Hell, Sis, you're in no position to argue with me!" Biff growled as he gripped one of her tits. He worked the mound of tit flesh out to the side and pinched the nipple until Gail cried out.

"Now are you going to do as I say?" Biff demanded, not realizing that his little sister's cry was one of excitement as much as of pain.

Gail nodded dumbly, saliva spilling out of her mouth around the rubber bone.

"That's better," Biff laughed. "I thought you'd see things my way."

Scotty whined eagerly, expectantly as he watched the humans' actions. He could smell the scent of sex in the air, and he could smell the aromatic juices dribbling from his mistress' pussy.

"Hungry, Scotty?" Biff asked with another laugh.

Scotty barked.

"Okay, you two stay right here. I'll be right back," Biff said, striding quickly from the room.

While her brother was gone, Gail remained obediently in place across the top of the big circular table. She could hear her dog's harsh panting. And she could feel her little cunt burning and itching with desire.

"Don't worry, Scotty," she whispered, "I don't know just what Biff's got in mind, but let's just play along with him... 'cause I've got a feeling that it's gonna be good!"

Just then, Biff returned with an opened can of dog food. Smelling it, Scotty let out another bark of excitement.

Biff chuckled. He stood behind his sister with a tablespoon and the opened can of dog food. He spooned out a large portion of the dog food and smeared it on Gail's pussy and ass crack. He smeared more of it on her inner thighs. The thick stuff clung to her pussylips and little pieces of the food fell off, spattering on the carpeted floor.

"How's this feel, Sis? Bet you love it!" Biff said nastily. He parted his sister's cuntlips and spooned some of the dog food inside her pussy.

Gail trembled on the table as she felt the dog food being smeared all over her pussy and thighs and ass. She thought her brother had to be just about the grossest person she had ever known. But she also thought that what he was doing to her was exciting. As if to prove that point, her pussy dribbled out more juice.

Scotty's entire body shivered with anticipation. He didn't know which turned him on more... the smell of the tempting dog food, or the sexy scent of his mistress' pussy juices.

"Up here, boy!" Biff commanded.

Scotty immediately leaped up onto the table.

Biff chuckled as he guided the animal to his sister's ass and spread thighs.

"God, Biff!" Gail cried, as if fully realizing for the first time what her brother had in mind.

"Yeah, boy, c'mon," Biff urged the dog, which really needed no urging at all. "There's plenty of good stuff here for you to eat."

The Irish terrier's jaw gaped open. Hot humid doggy-breath poured from it, washing over Gail's belt-whipped ass flesh. Scotty unfurled his pink tongue which dripped with saliva. Huffing and puffing, his furry sides quaking with his excited panting, the dog nuzzled his snout between his mistress' legs.

"Ohhh, Scotty!" Gail whimpered as a wave of fresh animalistic desire swept through her body.

Her little ass squirmed first this way, then that, as it was eagerly nuzzled by the snout of the horny

dog. When Gail felt Scotty's tongue lapping up and down her ass crack, then over her pussylips, she let out a hysterical screech.

"Shiiiiit!" she hollered.

"I knew it!" Biff chuckled. "You love having that dog's nose up your ass and pussy!"

Scotty gulped down the dog food, his tongue a blur of pink motion as it rolled up and down Gail's ass crack, and over her trembling pussy-lips.

The young girl was half out of her mind with bestial desire by now. Her body writhed and wriggled mindlessly and a series of low guttural groans came from her mouth. The rubber bone had dropped out of her mouth by now, and Biff made no move to stuff it back in. The boy was far too busy rubbing his prick and watching his sister's ass and pussy being licked by the dog to worry about the toy-bone.

When Scotty had licked all of the dog food off his mistress' ass, and most of it off her pussy, he moved his tongue down between her legs, to lick her cunt directly.

"Jesus God!" Gail screamed, overwhelmed by the icy-hot tremors of pleasure which rushed through her.

Scotty could taste the girl's pussy juices, which mingled with the dog food, and he gulped down the exciting mixture eagerly. Little growls of doggy pleasure rolled out from deep in his throat. Hearing them, Gail grew still more aroused.

"I'll be a son of a bitch!" Biff muttered, shaking his head from side to side.

Still watching the dog licking the dog food off Gail's cunt, Biff unzipped his fly and hauled his stiff prick out. He began to jerk himself off.

Gail loved the feel of her pet's rough tongue scraping over her sensitive pussylips. The knowledge that her randy brother was watching it all only served to excite her more.

The hungry dog was very thorough in his lickings. Where he licked his mistress, he licked her clean. In a matter of minutes, the young girl's ass, upper thighs, and pussylips were glistening cleanly.

"Get in there, boy! Get in that little pussy! You've got a lot more dog food to lick out of her!" Biff demanded, his fist a blur as it raced up and down the full length of his bursting hard-on.

"Yessss, Scotty, listen to him! Lick inside my pussy!" Gail cried, knowing that she was about to come.

Scotty rammed his tongue between the girl's puffy pussylips and lapped at her hard. His tongue spread the bloated cuntlips wide open. He licked all the hardest-to-reach particles of food from inside her juicy pussy.

"Commmiinng!" Gail cried just then.

"You lousy little dog-whore!" Biff thundered as his own orgasm began.

He moved around in front of Gail and shoved his orgasming cock into her wide-open mouth. The young girl's lips reached out hungrily for the cum-spilling cock.

"Ummmmfff, unnnghhh, goooooood!" Gail gurgled.

She sucked on her big brother's shooting cock while Scotty continued to lick the deepest reaches of her pussy with his horny tongue.

Gail eagerly swallowed her brother's cum for the second time that day. At the same time, Scotty drank down her flowing pussy juices.

Biff pulled his drained prick from his sister's mouth and left the room before the dazed girl could ask him where he was going.

"God, Scotty," she murmured thickly, "isn't he ever going to let you and me fuck?"

Scotty barked twice, and when Gail turned to look at him over her right shoulder, she saw that the dog's cock was jutting fully out from its furry sheath, rock-hard and clearly ready to fuck.

Before Gail knew it, her brother was back. He stood in front of her, showing her what he held in one hand.

"My God!" Gail cried, staring at the eight-inch long vibrator. "Where'd you get that thing?"

"It's just a little something I like to use on my girlfriends now and then," Biff said, enjoying the shocked expression on his sister's face. "Thought I'd let Scotty here watch me using this thing on you... that should turn him on even more!"

"Jesus, Biff!" Gail gasped. She was disappointed that her brother still was not ready to let her dog fuck her. But she knew that she would really get off on the feel of the big, hard vibrator up her aching pussy.

Biff flicked a switch, turning on the vibrator. He climbed up on the table, going down on one knee behind his sister's ass. Gail squirmed as she felt her little pussy being poked and prodded by the huge head of the humming vibrator.

Biff laid the length of the vibrator along her trembling pussylips.

Scotty moved forward, his cold, wet nose nuzzling against his mistress' ass.

"Good boy!" Biff said. "You love the smell of her wet pussy, huh? Well, don't worry, Scotty, we're gonna get it a lot wetter for you!"

Using the head of the vibrator, Biff pried Gail's pussylips wide open. He pressed the throbbing vibrator against the sleek pink pussy-meat inside, which quivered in response.

Scotty's nostrils flared as the thick scent of his mistress' aroused pussy tingled in his nose. He watched with lust-glazed eyes as Biff continued to fuck the vibrator deeper into the girl's cunt.

The humming tool coaxed thick juices from Gail's pussy membranes. The pussy sauce lewdly coated the vibrator, lubricating it.

"Ohhh, God, what you're doing to me... it feels soooo good... don't stop," Gail purred, shoving her hips back to meet the next inward rush of the substitute cock.

"Don't worry, bitch, I'm not about to stop... not yet!" Biff said with a husky chuckle.

Back and forth he worked the vibrator, fucking it in and out of his little sister's tightly clutching cunt. Her pussy muscles tugged at the invading vibrator, sucking it deeper inside her. Gail shook and moaned with pleasure. She felt as if she had fallen in love with the hard vibrator. It was making her feel so good, so intensely good, she could hardly stand it. Yet, there was no way in the world she could pull away from it.

Beads of sweat shone on her face. Her eyes were unfocused and they began to roll. Her tits jiggled and her nips grew so stiff she was sure they would explode any second. She spread her thighs wider still, as if silently urging the vibrator to penetrate her even deeper. The thick tool fucked farther into her cunt, her juices easing its penetration.

Scotty barked several times and poked his snout against the girl's pussylips. They were thickly coated with glistening cunt juice.

Suddenly, Biff pulled the vibrator all the way out of his sister's pussy.

"Nooo!" she wailed.

"Easy, bitch, just you wait," Biff said.

He held the juice-coated vibrator under the dog's nose.

"Here, smell it, boy. Doesn't that smell good?"

The animal barked again. His tail thumped against the top of the table. His cock grew redder and stiffer.

"Go on, Scotty, help yourself!" Biff urged.

The dog poked his furry head between the spread legs of his mistress. Gail felt droplets of steaming dog-drool spilling onto her crotch. She quivered with anticipation. Next, she felt the dog's warm breath on her aroused cunt.

"Hurry, Scotty, hurry, boy!" she cried out, no longer able to restrain her base desires. "Lick me! Lick my pussy!"

She knew that she no longer had to worry that Biff would stop the exciting action if he knew how much she wanted it, how much she was getting off on it. She knew that she had already given herself away and that her brother was turned on by how much she was enjoying what he and Scotty were doing to her.

With a little whimper, Scotty began lapping and licking his mistress' juicy pussy.

"Ohhhh, yesss," Gail moaned, closing her eyes in ecstasy.

Through her haze of desire and pleasure, she was only dimly aware that Biff was once again leaving the room.

For the next several minutes, she gave herself completely over to the exquisitely sweet torture of her dog's tongue licking her most sensitive pussy flesh. But her eyes flew open when she heard a strange clicking sound. To her surprise and excitement, her brother had returned and was now busily clicking picture after picture of the depraved scene with one of his many cameras.

"Good God, Biff!" Gail cried, but she smiled. She knew that her big brother had been a photography

buff for years. He even had his own darkroom at home where he developed his pictures.

Gail had always been something of an exhibitionist. And she found that having a loaded camera trained on her turned her on even more than before.

"These'll be great," Biff murmured, still taking picture after picture.

Some of the photos would show Gail's lust-twisted face as her dog worked on her. Some would show close-ups of her pussy with Scotty's tongue buried inside it. Still others would reveal her jiggling tits with their fat, throbbing nipples.

"God, but I love this!" Gail cried.

Biff shot a roll of film and then put a fresh roll into the camera. He feverishly took picture after picture of the Irish terrier licking the girl's pussy.

Finally, Gail began to come. Her entire body shook and shuddered on top of the table as she came. Her pussy walls clutched at the dog's tongue, holding it in place during her orgasm.

Scotty whimpered as he felt his mistress' cunt muscles squeezing at his tongue.

Scotty's snout was coated with pussy juices which were mingled with slobbered dog-saliva. As she finished coming, Gail looked back over her shoulder and saw the dog's furry head wedged between her thighs, his tongue still working on her pussy.

But just then, Biff pulled the dog back.

"Enough for now, Scotty, you already made her come," the boy said.

The dog whined. His cock was hard and stiff. It jutted down between his furry hindquarters.

"Are you... are you going to make him fuck me now?" Gail asked hopefully.

"Soon," Biff said with a chuckle which let her know that he realized just how turned on she was.

He put the camera aside and picked up the vibrator again.

"Ohhh, Biff," Gail groaned weakly as she felt the humming vibrator fucking in and out of her pussy. Time and again, her brother brought her to the point of another orgasm, only to pull back and leave her suspended in a state of sexual frustration.

But as soon as she would simmer down again, Biff would once more shove the vibrator inside her pussy.

"God, you're driving me crazy!" Gail cried, tears filling her eyes.

Scotty watched the vibrator fucking in and out of the youngster's dripping pussy. He whined and barked, moving about impatiently as he waited for his turn to fuck his mistress.

Finally, Biff turned the vibrator off, just as his sister was about to come.

"You bastard!" Gail cried.

Biff laughed.

"Ready, Scotty?" the boy asked thickly. "Ready to fuck this little pussy?" Biff looked at the dog's cock and laughed again. "Yeah, I'd say you're ready! Looks like if I don't let you fuck this bitch right now, you'll come all over the table!"

"Yessss, let him fuck me! For God's sake, Scotty, fuck me now! I can't wait any longer!" Gail whimpered, wriggling her ass with anticipation.

CHAPTER THREE

"Go for it, boy! Fuck Gail!" Biff yelled, reaching for his camera again.

The Irish terrier yipped with excitement. He rose up on his hindlegs, planting his forepaws on Gail's naked back.

"Hurry, Scotty, fuck meeee!" Gail wailed, feeling her pussy quivering and burning.

Scotty humped his hindquarters against his mistress' back and ass.

"Yesss, God, yesss!" Gail cried as she felt the head of her pet's prick sinking into her wet pussy.

Her eyes went wide and she pushed back against him as he lurched forward, balancing on his hindlegs. The thick dog-cock spread Gail's pussylips open. The dog lunged forward again.

"Yes! Fuck me, you gorgeous doggy, you!" Gail screeched as she felt her pet fucking his thick prick inside her, jamming it to the hilt.

She felt her pussy walls stretched painfully, deliciously. Her pussy juices had lubricated her innermost pussy flesh but, even greased as she was, the teenager's tight little pussy gave the dog's prick an excitingly tight fit.

Scotty yipped. Then, he pulled his prick out of his mistress' pussy until only his cockhead was buried inside her.

"No, don't take it out!" Gail yelled in frustration. It had felt so good to have her little cunt completely stuffed with hard dog-cock. She longed to feel that thrilling sensation again.

"You sexy little dog-slut," Biff said, laughing at his sister's horniness.

The boy knelt there on the table next to the rutting girl and dog. He held his camera in one hand while, with his free hand, he stroked his aching cock.

"Shove it back into me, Scotty! Fuck your hard cock back into my pussy!" Gail cried desperately.

Scotty yelped. He threw his hindquarters forward with a brutal shove, burying his dog-prick to the balls inside his mistress' wet pussy.

"Yessss, that's it!" Gail groaned, relieved and delighted to once again feel her pussy so totally full of hard dog-cock.

"Damn! Gotta take some pictures of this," Biff muttered as he reluctantly released his cock and jumped down from the table.

He held his camera with both hands, aiming it carefully as he began to circle the table where the dog and girl were fucking each other eagerly.

As Gail and her dog fucked each other, Biff ran through a roll of film, and reloaded the camera with a fresh roll.

"Jeeesus, this is sooo good," Gail groaned. She loved the feel of her dog's throbbing cock fucking her so deeply. And she loved knowing that her brother was recording the lewd bestial fucking on film.

Scotty barked loudly as he continued to fuck his mistress from behind. He jabbed her several times in rapid-fire succession, his hindlegs quivering under the strain of his fast-paced fucking. Then, he would pause for a second or two and pull his cock almost all the way out of her cunt.

"Nooooo!" Gail wailed each time.

Biff would rush around to get a picture of the dog's cock as it paused outside Gail's cunt.

Scotty would look toward the camera, his fangs bared. Then, with a high-pitched howl, he would fuck the full length of his prick back into Gail's pussy.

"Yessss!" Gail cried, clutching at the dog-cock with her tight pussy walls.

"Damn! What a great shot!" Biff cried, feeling his own balls filling up with more cum.

When Scotty had penetrated the girl's cunt to the very core, he paused again, enjoying the sensation of Gail's pussy walls squeezing his prick.

He rocked his furry haunches slightly from side to side, making his dog-cock stir inside her.

"God, Scotty, you're fucking me soooo damn good! Keep it up, Scotty! Keep fucking me real hard like that until we both come!"

Biff paused in his picture-taking for a few minutes. He gazed down at his sister's sexy ass jutting out invitingly. He felt his cock harden more at the sight of the dog's prick fucking in and out of the girl's wet pussy. He could smell Gail's cunt juices and he breathed hard and fast, hardly able to restrain his desires.

Scotty gave a yelp and withdrew his dog-cock until only its flared tip remained inside the young teenager's cunt.

Biff aimed his camera once more, wanting to get yet another picture of the deep pussy penetration he was sure was about to happen.

"Nooo!" Gail wailed, shaking her ass feverishly. "I can't stand it when you take your cock out of me, Scotty! Shove it back in! For God's sake, ram your cock back inside my little pussy!"

Scotty paused, as if waiting for his own desires to subside a bit before continuing his hard-driving thrusts into his mistress' gaping pussy hole.

The huge knob of his dog-prick was positioned against Gail's throbbing cuntlips.

"Hurry, Scotty, fuck meee!" Gail cried, beginning to sob with unrelieved sexual desire.

"You heard her, boy! Fuck that bitch! Fuck her good and hard!" Biff yelled, reaching out with one

hand to slap the animal on his furry ass.

Suddenly, Scotty gave a loud bark and lunged forward, fucking his entire prick far inside the teenager's greedy little pussy.

"Ohhh, yesss, that's it, Scotty! You're all the way inside me now! I can feel you! God, that feels good!"

Gail could hear the clicks of the camera shutter as her brother continued to record on film the depraved act which she was fully enjoying with her dog. She loved the idea that she was a star in what had to be one of the raunchiest series of pictures ever taken.

"Good!" Biff enthused, moving around the table once more to catch every possible exciting angle of the dog-fucking taking place right before his very own eyes.

Gail knew without a doubt that she loved dog-fucking more than any other kind of fucking in the world. And she especially loved dog-fucking when it was an actual dog doing the fucking. The feel of a hard cock, any cock, deep inside her pussy was always a thrill for the young girl. But when it was a dog-cock fucking in and out of her, the thrill took on an even greater intensity.

Each time Scotty withdrew his cock from the slick clutches of his mistress' pussy, he paused slightly. When he threw his furry haunches forward, he seemed to penetrate Gail more deeply than the previous time. Gail shook and moaned, surprised by how deeply her pet was able to fuck her. Even though he had fucked her many times before, she didn't think he had ever managed to sink his prick so deeply into her.

The animal's huge cock bruised Gail's cunt walls as it fucked into her, and she groaned with a mingled sensation of pain and pleasure.

Scotty dug his sharp claws into his mistress' back and worked his prick into her more slowly this time. He fucked into the girl inch by delicious inch, whimpering with lust all the while.

"Wow, baby!" Biff moaned, trying to ignore the insistent throbbing of his own hard cock. "Your tight little cunt is really giving this dog a great fuck!"

"And his hard cock is really giving me a great fuck!" Gail cried.

Her entire body was trembling, especially her ass, and it was all her pet could do to press his furry underside hard enough against her to hold her still enough to stay inside her. But he managed. Those movements of her body which he could not control carried his own body along with them. This turned the dog on even more, and he let out a series of low growls which let Gail know just how much he was enjoying fucking her.

"Fuck me, Scotty! Yeah, just like that! Fuck me haaaaard, you big-cocked doggy!"

Scotty shoved his prick as hard as he could, fucking it deep into his mistress' cunt hole. Her cunt muscles were constantly at work, squeezing and milking the fat dog-prick.

Biff groaned, releasing his hold on the camera long enough to move one hand down to his crotch. He began to stroke his hard-on, which was now sticking out of his opened fly. He felt an intense, primitive thrill as he watched his sister's slick cunt hungrily swallowing up the dog's prick.

Scotty began to fuck the teenager harder and faster now, throwing his entire lower body against her

ass with each inward stroke.

"Ohhh, ungh, ooofff," Gail gasped, feeling her body rocking to and fro with each of the animal's savage fucking movements.

Scotty howled, feeling the girl's cunt sucking hard at his cockmeat.

Gail closed her eyes and thrust her ass back to meet her dog's rock-hard prick. While the animal continued to fuck his cock in and out of her dripping pussy hole, Biff began to take pictures once more. Gail heard the clicking of the camera and she moaned, tossing her head back wildly.

"God, Scotty, you're fucking me so good! I'm going to... yes, I'm starting... I'm coming!" she yelled.

Gigantic waves of bestial orgasm swept over her shivering body. Still coming, she ground her naked ass against her dog's furry loins, squeezing every bit of pleasure that she could from her mighty orgasm.

Scotty paused, letting his cock rest inside Gail's pussy while she came. He could feel her cunt-spasms vibrating against the sides of his prick and he howled again.

"Yeah, little girl, come hard!" Biff said, still clicking away. "Shake that ass for Scotty... and for me! Your pussy juice must be pouring out all over that fucking dog's prick!"

He was right. Gail's cunt hole was pouring out gushes of fuck-juice which streamed over the length of her pet's cock. She swung her ass furiously, still spasming hard with orgasm. She was bruising her little cunt as she brutally fucked herself on Scotty's cock. She knew that her pussy was bound to be as sore as hell after this savage fucking, but she couldn't care less about that. All she did care about was the exquisite sensation of that hard dog-cock fucking relentlessly in and out of her.

"God, it feels so fuckin' good I can hardly stand it!" the teenager wailed, pounding her fists on the tabletop.

Biff laughed, snapping a picture of his sister's flushed, pleasure-filled face.

"That dog's really giving you the fucking of your life, bitch!" he exclaimed, with another laugh. "He's making you so hot for his jism, you'll be out of your ever-lovin' mind by the time he finally shoots off inside you!"

Scotty whined as he continued to fuck his prick up his mistress' small, tight pussy hole. He was now using a steady, powerful rhythm while the youngster continued to come, sobbing with joy.

She thrashed and wriggled her hot cunt in a frenzy on her pet's pumping prick. She screamed out with wild fuck-lust, clenching her tight pussy muscles around his throbbing prick. As her orgasm began to subside, she quickly rose to another peak of sexual excitement. Cunt honey dripped thickly out of her pussy. Her naked ass bounced wantonly against the dog's furry underside.

"Ohhh, yesss, Scotty, you're making me feel sooo good! Better than I've ever felt before!"

She slammed her pussy back on her dog's thick cock as he continued to fuck her steadily. Each time he fucked his long, thick prick into Gail's twitching pussy, his cock-knob struck against the very back wall, making the girl shudder with ecstasy. The dog could feel her entire pussy sucking hard at his cockmeat and he howled with a deep, satisfying pleasure.

"Ohhhh, please shoot now, Scotty! Shoot all your cum up my cunt! I need to feel it soooo bad! Hurry, Scotty, don't make me wait for it any longer! Give it all to meee!" Gail cried, desperate to feel dog-cum flooding her pussy.

Scotty barked as he wedged his prick into the deepest reaches of his mistress' pussy. And he came.

"Yesssss!" Gail shrieked as she felt her pussy filling up with dog-cum.

There was so much jism that it surprised her. More than ever before. There seemed to be no end to the thick goo which spewed out from the tip of Scotty's cockhead. The hot cum spattered against the back of Gail's pussy, coating the cunt walls, before beginning to back up and run out of her pussy.

"That feels soooo good!" Gail yelled, coming again. She could feel her dog's cum mingling lewdly with her own orgasmic juices, and she closed her eyes again. At the same time, she opened her mouth and screamed out with delight.

Scotty's howls mingled with his mistress' screams as his hot cum continued to gush into her cunt.

"That's it, Scotty, that's a good doggy! God, how I love the feel of your cum filling me all up!" Gail screeched as she thrashed her ass around wildly. Her pussy muscles clamped down hard around her dog's prick.

"I'll be Goddamned!" Biff cursed, putting down the camera and stroking his bursting cock as he moved closer to the front of his little sister.

Gail continued to come, thrilled by the knowledge that she and her dog were coming together. Her young face contorted with pleasure and relief as she felt her powerful climax possessing her entire body.

And still, the Irish terrier continued to shoot his load of cum up the teenager's pussy. The hot cock cream filled her cunt, dribbling out from between her bloated cuntlips. It trickled on down her thighs in thick streams.

"Aieeee!" Gail cried, still coming as the relentless waves of bestial orgasm washed over her again and again.

Scotty barked as he continued to come. He thrilled to the lewd sensation of his mistress' pussy spasming in climax around his deeply embedded prick.

Gail still had her eyes tightly closed and her mouth wide open, screaming louder and louder. Suddenly, her screams were abruptly cut off, turning into guttural groans as her mouth filled with hard cockmeat.

She gasped and her eyes snapped open to see her big brother standing before her, feeding her his throbbing prick. Gail looked up at Biff with an expression of gratitude and lust as she immediately went to work on his cock.

"Suck it good! Swallow my cum!" Biff muttered thickly, fucking his entire prick into her mouth and down her throat.

Gail sucked hard, closing her eyes again and moaning in pleasure. When she felt the first wad of cum bursting from her brother's cock and sliding down her throat, she came again. As her orgasm struck her with full force, she eagerly swallowed Biff's thick cum.

The fact that she was being fucked both in the mouth and in her pussy made Gail's orgasm peak with a savage intensity.

## CHAPTER FOUR

When Biff finished coming, he pulled his softening cock out of his little sister's mouth and backed up, collapsing with a sigh into the nearest chair.

Scotty had finished coming by then, too. His eyes glazed over sleepily. He whined with satisfaction and then yawned. He lay on top of Gail's back for a minute or two and then pulled out of her pussy. His cock was wedged inside her cunt so tightly that it made a wet sucking sound when it pulled free.

Gail gave one last moan and turned over onto her back, watching her pet as he jumped down from the table. He trotted over to the coffee table and curled up into a furry ball under it, obviously intending to take a nap to restore some of the energy he had just exerted in fucking the horny teenager.

"Good doggy," Gail said with a little sigh.

"Good thing Mom and Dad weren't the ones to find you with that dog's tongue up your cunt!" Biff said. "I doubt that they would have been quite as understanding as me."

"Oh, they're never home anyway," Gail said softly.

Her tone of voice held no trace of sadness. In fact, the young girl had long ago resigned herself to the fact that her parents would never give her and her brother the kind of attention and love they needed and deserved. It used to bother her. But that was when she had turned to her dog for his special brand of loving. Now, Gail couldn't care less that her mother and father were rarely home, that they were always out on business or enjoying one of their many social activities. Gail simply used those frequent occasions to fuck with her dog. And now, it looked as though she and Biff had just embarked on a new dimension to their sibling relationship, one which would make the young girl need her parents even less.

It had even gotten to the point where Gail resented it whenever her parents happened to be home. For, those times, she was unable to have the necessary privacy to fuck with Scotty. Her parents always acted so remote and unreachable those times when they were home, that, more and more, Gail found herself wishing they would just go away and never come back.

"Yeah, I know they're never home," Biff said finally. "Mom and Dad are the kind of people who never should have had kids. But I don't care much anymore. Do you?"

"No, I don't," Gail said, looking up at her brother with a grin.

He returned her grin and, in that instant, Gail knew with certainty that she and her brother were now closer to each other than ever before.

"I'm going up to my room for a nap. I'm all petered out," Biff said with a yawn as he rose from his chair and moved toward the door.

"Yeah, I'll say," Gail laughed, staring pointedly at her brother's drooping cock, which was still hanging out of his pants.

After her brother left the living room, Gail climbed down from the table and walked over to the couch.

A nap seems like a good idea, she thought, stretching out on the sofa and closing her eyes. She liked the idea of sleeping with her dog so close, right under the coffee table.

About half an hour later, Gail awakened to the delicious feel of a long, wet tongue fucking between her juicy cuntlips.

"Yeooowww!" she screeched, looking down between her tits and seeing Scotty lapping at her pussy. She writhed on the dog's tongue, feeling little tremors of pleasure dancing through her body.

While the dog continued to tongue-fuck his mistress' cunt, Gail began to stroke her heaving tits.

"Yessss, Scotty, keep it up! Keep shoving that rough tongue of yours into my cunt! I love it!" Gail yelled, throwing her head back and crying out like a mating animal.

Scotty gave a low growl in response. He trembled, loving the feel of the girl's strong cunt muscles grabbing at his tongue.

The dog's cock began to grow hard and thick as he continued to lick his mistress' pussy.

Suddenly, Gail sat up, bending at the waist. She wanted to get a good look at Scotty's prick. When she saw his cock growing and throbbing, she gave a little strangled cry and reached out for it.

Scotty began to lick Gail's pussy harder as he felt her stroking his cock.

The feel of the dog's prick twitching and pulsating in her hands aroused the teenager even more, and she shuddered violently with renewed bestial desire.

"Yeah! Fuck me with your tongue, Scotty!" Gail cried as the animal rammed his tongue in and out of her tight pussy.

She wriggled and writhed on the dog's tongue. He was tongue-fucking her faster now, his pink taster flying in and out of her. She could feel his dog-cock jerking wildly in her hands, and she knew that her pet was just as excited as she was.

"Commmiinnggg!" Gail suddenly cried out as a gigantic orgasm crashed through her.

Her girl-cum coated the dog's tongue and the animal swallowed it down quickly.

Scotty gave a little whine as he fucked his tongue out of his mistress' pussy. Her cuntlips snapped closed. The dog swished over them with his hot tongue, cleaning up every trace of pussy juice and whimpering as he drank it down.

Gail licked her lips excitedly at the feel of Scotty's big cock throbbing in her hands. She released her hold on the dog-cock and leaned back on both hands, sighing with pleasure.

Scotty stood between her legs and began to lick the girl's tits.

"Oh, that's good," Gail moaned, feeling her long nipples stiffening under the dog's wet tongue caresses.

Gail reached down and stroked the top of his head while he continued to lick her tits. Both of her tits

were completely soaked with dog-saliva and her stiff nipples looked red and raw. Gail gently pushed the dog's head away.

"That's enough for now Scotty. It felt great, but now I want to kiss you," she murmured, lying back down on the couch on her side.

Scotty lay beside her so that the two bestial lovers were now facing each other.

Gail pressed her mouth against the dog's. She parted her lips and tentatively poked her tongue out. But Scotty was way ahead of her. The animal's tongue was sticking out, already searching for Gail's. The girl and her dog tongue-kissed each other again and again. At the same time, Gail stroked his rising cock. Scotty dug his claws into Gail's shoulders and tits in a way that thrilled her, giving her a little pain which turned her on ferociously.

The dog and the teenaged girl twisted their bodies against one another as their desire rapidly mounted. They continued to kiss with their tongues, exchanging saliva, while Scotty dug his claws a little harder into Gail's throbbing tits. At the same time, Gail tightened her hold on her pet's prick, squeezing it as hard as she dared.

Long moments later, Gail finally pulled back from her dog's mouth and glanced down at the cock in her hand. She could see it pulsing visibly. With a groan of uncontrollable lust, she began to jerk him off savagely.

Scotty barked and thrust his furry hind-quarters up off the sofa, obviously trying to push even more of his hard cockmeat into his mistress' soft but demanding hands.

Gail's fingertips trailed up and down the dog's stiff prickshaft. A bubble of clear pre-cum oozed from the little hole in the cock-knob. She spread the wetness across the reddened prick-knob and the entire cock jerked, growing still thicker.

While his mistress continued to jerk him off with both hands, Scotty reached out with his tongue again and gave her several rough licks over her tits.

"Ahhh, Scotty," the teenager moaned, feeling a hot, sweet ache spread through her loins.

Her nips grew harder and stiffer. Her pussy gushed with a steady supply of juice. The idea that it was her own doggy who was making her feel this way, and that she was jerking off his big prick, thrilled the youngster so much that she almost came on the spot.

"Ohhh, Scotty!" she squealed, staring down at the stiff dog-cock throbbing in her hands. "I can't wait for you to fuck me again!"

While she continued to rub her dog's cock, Gail began to grind her aching pussy against the animal's furry haunches. She lifted her hips as she felt him pressing back against her at the same time, she felt his rough tongue scraping over her nipples, and she shivered.

"I'm gonna come again, Scotty, I know it!" the girl yelled hornily, still sliding her fist up and down the length of the animal's hard-on.

She kept rubbing her pussy against any part of the dog she could reach, but there was only so much Scotty could do for her. Finally, needing more contact with her pussy, Gail took one hand away from Scotty's cock. She rubbed his prick with one hand while, with the other hand, she began to rub her pussy. She stroked her clit, knowing that it was only a matter of minutes before she would come.

"Yes! Yes!" Gail cried. She wriggled her ass lewdly and humped it up off the sofa, fucking her own finger deeply into her pussy hole.

Her body shook with a feverish fuck-lust as she fucked her pussy on her finger and jerked off her dog's cock with her other hand. Her tits jiggled, her thighs quivered, and she finally threw her head back, moaning loud and long.

"Commmiiiiinnnggg!" Gail yelled at the top of her lungs.

Scotty raised his head and howled. His eyes glazed over with excitement as he felt his mistress' body shuddering orgasmically against him.

"Ohhh, Scotty, I'm coming so good," Gail sighed.

Her clit pulsed and burned with orgasmic heat. Her nipples stiffened even more. Hot shudders of erotic pleasure raced through her, releasing still more pussy juice. The hot sauce completely filled her little cunt. It oozed out from between her bloated cuntlips and dribbled obscenely down her trembling thighs.

As her orgasm subsided, Gail realized that her pet's prick was throbbing even more insistently in her hand.

"You poor doggy," she murmured, looking into Scotty's eyes. "You must have thought Gail forgot all about you while I was coming. But don't you worry-you know that I always take good care of you."

Scotty whimpered and licked Gail's face as she scooted down farther on the couch. She moved down until her face was directly in front of the dog's furry crotch.

Knowing what was about to happen, Scotty began to whine, his whole body jerking and quivering with anticipation.

"Mmm," Gail murmured, rubbing the damp head of Scotty's dog-cock across her neck and face.

The touch of her pet's prickmeat against her face sent a fresh surge of animalistic desire through the youngster. Her cunt began to throb again, and her nips tingled madly. She touched the dog's cock to one nipple, then the other while the animal writhed and whined on the couch.

"Oh, Scotty, I have to suck you off now! I just have to!" the young teenager gurgled.

She shoved the dog's pulsating prick into her open mouth. She moaned delightedly as she felt the hot cock-knob pushing between her teeth. It glided across her hungry tongue and she gurgled excitedly. She was thrilled to have her dog's prick inside her mouth once again.

She ran her tongue across the hot, smooth surface. She felt his cock harden more, and the dog growled with desire and pleasure.

Oh, yeah, Scotty, boy! I'm gonna suck you good and hard, Gail thought to herself as she wrapped her lips more tightly around the pulsating prick. Yeah, Scotty, I'm gonna give you the best blow-job of your life!

She pushed her head down and forward, making the dog-cock go deeper into her mouth, clear to the back of her throat. She felt as if every part of her mouth were stuffed full of the delicious-tasting cockmeat. She whimpered with lust.

Scotty whimpered right along with her and began to push his strong haunches forward and back. His movements fucked his cock in and out of his mistress' sucking mouth.

As Gail's lips slid along the rigid cockshaft, saliva dribbled down her chin. Her tongue licked his cock hard. She could feel him pushing his prick deeper into her mouth, and she knew she was giving him enormous pleasure.

The youngster groaned as she felt Scotty's swollen cockhead wedge against her tonsils. Her throat clasped tightly around his cockmeat. The animal let out a guttural-sounding growl and nudged his prick an inch deeper.

Gail moaned around the stiff dog-cock. Her throat tightened and loosened on the animal's cock and she was pleased to hear her pet's whimpers grow louder. She knew that meant that she was making him feel very, very good. And she was glad that she could do that for her beloved doggy.

With each hard suck she gave Scotty's prick, she felt her little pussy grow wetter. Icy-hot tingles of excitement and pleasure ran through her loins. And she knew that she was sucking off Scotty's cock as much for herself as for him.

When Gail had the entire length of the animal's cock down her throat, she really went to work on it. She sucked it hard, tightening and loosening her throat muscles around it. Then, just when she knew that the dog was about to come, she pulled her head back, letting the big cock slip out.

She grabbed hold of the throbbing prick and smeared it across her cheeks, then popped it into her drooling mouth once again. As the animal growled and thrust his hips up, trying to shove even more of his cockmeat into Gail's mouth, she began to lick it, wanting to prolong this thrilling act.

She caressed the underside of the dog's cocktip, then smeared her hot saliva across the top of his cockhead. The dog whined and trembled with lust as his mistress worked on his cock.

Again, Gail licked his prick, moaning through her nose as she grew more and more aroused. Her little cunt was hot and dripping by now. She could feel her cuntlips swelling and opening wider, and she shivered at the lewd sensation.

Gail tightened her lips around the head of her dog's cock, her tongue flicking against the silken cockhead. Her mouth made a wet, sexy sound as she sucked on the dog-cock.

Scotty and Gail trembled together.

A few seconds later, the dog's prick jerked savagely and Gail realized that he was about to come. She longed to feel the warm dog-cum sliding down her throat and splashing into her belly. Then, she knew that she would come, too.

The dog barked and thrust his hindquarters up violently. He fucked every single inch of his prick all the way down his mistress' throat.

Her pet's high-pitched barks excited the youngster and she sucked his cock even harder as he began to come. She could feel the twitching cock throbbing against her throat and tongue. Suddenly, an explosion of hot cum blasted into her throat and slid into her belly, giving her just what she craved.

The delicious taste and warm thickness of Scotty's jism combined to give the teenager a thrill she knew that nothing else could ever give her... except, perhaps, the gush of his cum up her pussy hole.

As Scotty continued to come, Gail moved her head back and forth, sliding her mouth over the well-sucked cock. The slick, throbbing prick fucked her throat deeply, the hot cum still burbling from the twitching cocktip.

Gail whimpered lustfully. She could feel each surge of the dog's prick. She could feel the hot cock-knob pressing directly against her tonsils. She could feel the warm, frothy jizz bubbling down her throat. She swallowed hard and fast, not wanting to risk losing even one precious drop of the tasty cum.

The animal's swollen cockhead was almost choking her with its amazing thickness. But she welcomed the exciting sensation. The enormous load of dog-cum gurgled in Gail's throat. She moaned with pleasure as she continued to swallow the jizz as fast as was humanly possible.

At last, there was no more dog-cum to swallow.

But just then, Gail felt her own orgasm beginning to surge through her. She gripped Scotty's drained cock tightly with her lips and throat muscles.

She felt waves of great numbing pleasure swooping down on her and she surrendered completely to the erotic ecstasy. She felt Scotty tugging, trying to pull his softening prick out of her mouth and throat. But Gail refused to let go. She reached out with one hand and began to stroke his deflated doggy-balls as she came.

Scotty whimpered at the sudden unexpected pleasure he felt from the feathery touch of his mistress' fingers caressing his balls. He whimpered again as his balls began to fill up with a fresh load of cum. The dog was no longer trying to pull his cock out of the girl's mouth. Now, he was only too happy to let her continue to suck and nibble on his cock.

Gail groaned as she felt her pet's prick beginning to harden once more. She let out a little gurgle of excitement and continued to suck as hard as she could on Scotty's prick.

The Irish terrier yelped and helped his mistress by shoving his tensed haunches forward, ramming his cock deeper inside Gail's mouth.

"Ummmm," the young teenager moaned as she continued to come. She was so glad that she had been able to make Scotty's dog-cock hard again so quickly. Now, he could fuck her again. As her orgasm subsided, Gail slipped the fat dog-cock out of her mouth and grinned at her horny pet.

"Now we can fuck!" she cried, clapping her hands together in glee.

CHAPTER FIVE

Just as Gail was about to get up on her hands and knees for the classic dog-fucking position, she was surprised to see Scotty moving quickly between her legs.

"Hey, Scotty, whatcha doing?" the youngster asked with a little laugh. "We've never done it that way before-and I don't think we can! That's the way humans do it, Scotty!"

But Gail felt oddly excited by the thought of her dog fucking her missionary style. And she put up no protest when Scotty persisted by straddling her body and pushing his swollen prick against her bloated cuntlips. The dog lowered his head and licked his mistress' throbbing tits.

"Ohhhh, that's good," Gail groaned.

Suddenly, Scotty gave one mighty shove of his lower body.

"Yesssss!" Gail cried, feeling the dog's entire prick fucking into her waiting pussy with one strong thrust. "Fuck me, Scotty! Fuck me good and haaaard!"

Again, Scotty lowered his head. His tongue hung out of his mouth, dribbling saliva all over Gail's tits. He swished that wet, sloppy tongue first across one turgid nipple, then the other.

"Oh, wow, that's great!" Gail gurgled.

Gail was surprised but delighted that she and her dog were actually able to fuck each other in the position she had always before associated only with humans. She writhed on the couch, beside herself with animalistic lust. She babbled incoherently, urging the animal on, begging him to fuck her harder, deeper.

Scotty whined at the lust-filled tone of his mistress' voice. He felt her squeezing her cunt muscles tightly around his prick. He howled with excitement.

"Oh, yeah, Scotty, yeah!" Gail cried, feeling the dog's hard cockmeat pulsating wildly against her cunt walls.

Tears of pleasure and excitement ran unchecked down her face and she sobbed aloud. Scotty pulled his prick out of her pussy until all but the cockhead was outside of her. Then, he barked as he threw his haunches forward, even more forcefully this time.

Gail's slick cunt hole was stretched widely by the thick, invading cock. Her strong pussy muscles grasped it hard and hugged it, as if never intending to let it go.

The Irish terrier howled again at the tight, clasping caress. He fucked his prick into Gail's pussy deeper and deeper. He began to rotate his hindquarters in an erotic movement, making his prick stir and throb against Gail's tight pussy walls.

"Awwww, Scotty, what you're doin' to me!" the teenager hissed, her eyes rolling back in her head. She could feel the animal's hard prick swelling still bigger and harder inside her, and she panted with lust.

She lowered one hand between her legs. The next time her pet pulled his prick almost all the way out of her pussy, she curled her soft fingers around the hot prickshaft. She felt the cock throbbing in her hand, and she groaned with excitement.

Scotty whimpered, loving the feel of his mistress' hand squeezing his thrusting cock. He moved his hips forward again, and Gail could feel his prick with her hand as it entered her little pussy. She felt the broad, smooth cockhead pressing her cuntlips wider apart. She felt it sinking into her juice-drenched pussy and nudging her tight cunt hole open.

As the dog fucked the full length of his cock into her wet, clasping pussy, Gail's hand dropped to his cum-loaded balls. She gently stroked his balls, feeling them jerking obscenely in her hand.

The animal paused, letting his cock rest inside his mistress' pussy for a moment before continuing to fuck her.

"Ahhhh, Scotty, you're fucking me sooo good! You're such a good lover, the best I've ever had!" Gail cried gratefully.

She reached upwards with both hands and pulled the dog's furry face down to hers. She kissed him fully on his doggy lips, moaning with excitement when his tongue shot into her mouth. She clutched him at the neck now, pulling him closer and tighter against her own twisting body.

"Please keep fucking me, Scotty! Suck me as hard as you can until we come together!" she yelled, shuddering with bestial lust beneath him.

Even though the dog could not understand his mistress' words, he did hear the unrestrained lust in her voice. The sound of it inflamed his primitive senses and he quickly pulled his prick out of her pussy, only to fuck it back into her hard as he could, just the way she was begging him.

Gail whimpered excitedly. She could feel each surge of the dog's spongy cocktip. She could feel the hot, throbbing cock-knob pressing directly against the back wall of her pussy. She could feel the warm pre-cum mingling with her pussy juices.

The young girl worked her cunt muscles hard around the pistoning dog-prick, savoring the lewd sensation.

"Aieeeee!" Gail screamed out as once more the dog reared back and fucked deeply into her. "Yessss, Scotty, you've got it! You're really fucking me hard and deep now! Just the way I love it the most! Ahhhhh."

The horny teenager humped her ass up from the couch, eagerly meeting each of the dog's savage fuck-strokes. She could feel his cock pulsating deeply inside her pussy hole. She felt as if she would literally pass out from the sheer animalistic pleasure of being so deliciously fucked by her own dog.

Scotty whined with doggy pleasure. He slobbered all over his mistress' face and tits as he continued to fuck her. Gail felt his warm dog-drool soaking in her naked flesh, and she shivered.

The Irish terrier loved the way it felt each time his mistress clutched at his dog-cock with her strong pussy muscles. He pulled his prick almost all the way out of her and then barked as he fucked it back in. He paused for one brief second until Gail loosened her muscle-hold, allowing him to pull out of her again.

The dog's entire furry body trembled as he continued to fuck his hard cock in and out of Gail's tight cunt.

"Ahhhh, yesss, Scotty, keep it up, just like that! I can't wait to feel you coming inside me! Oh, God, just the thought of all that thick dog-cum... ohhhh, I'm so turned on, I could just die!" Gail hissed.

More and more pussy juice dribbled out from between her swollen cuntlips and trickled obscenely down her quaking thighs. The thick pussy sauce completely coated her dog's cock, mingling with his pre-cum.

"More! More! Fuck me harder!" Gail squealed as tremors of sexual excitement shot through her wet pussy.

The dog began to fuck his mistress harder and faster. He knew that in just a matter of minutes he would pump his load of cum into her trembling cunt. He fucked her with short, fast movements now. Each time he thrust into her, he let his dog-prick fuck her just a little deeper.

"Ohhhh, God, I know I'm gonna come soon, I know it! You're gonna come soon, too, aren't boy?" Gail asked in a trembling voice. She looked up at her pet with lust-glazed eyes. Scotty returned her feverish gaze and barked. "I knew it!" Gail cried. "We'll come together when we're both ready! Okay, Scotty?"

Scotty barked again, his body shuddering with full arousal.

Gail groaned, half out of her young mind with bestial lust.

Again and again, the dog fucked his entire prick in and out of the girl's pussy. He felt her strong cunt muscles snatching at his cock and he threw his head back and howled with excitement. It felt to the animal as if Gail's pussy was clutching his prick harder and more greedily each time he fucked in. Her hungry pussy was sucking voraciously on his prick, tugging it deeper and deeper into her.

Gail continued to raise her little ass up from the couch, fucking back at Scotty's dog-cock with her dripping pussy. Each time the animal shoved his furry haunches forward and down, Gail slammed her fuzzy crotch up hard against him. Her pussy fur mashed into his doggy fur as the girl and the dog fucked each other harder and faster. Gail whimpered and moaned. Scotty barked and howled. Both of them were straining for the orgasms which they both craved so desperately.

Scotty let his head hang down. His tongue was sticking out of his drooling mouth. He let his pink tongue trail across his mistress' tits, neck and face. Gail groaned and tried to capture the dog-tongue in her mouth when it licked near her lips. Finally she succeeded, and the girl and dog kissed with their tongues, whimpering into one another's mouth.

Gail reached up and dug the fingertips of both hands into the thick fur of the animal's neck. She pulled at his head so she could continue to lick his tongue with her own.

Scotty whined and continued to plunge his furry loins between his mistress' thighs. The juicy wet sound of their forbidden fuck-session aroused Gail beyond all control. Finally, the young teenager began to come.

She felt hot tingling sensations shooting out from her twitching clit. Her clit exploded, sending hot, erotic waves of pleasure through her entire pussy. She worked her hips up and down feverishly, rubbing back hard against the stabbing friction of the fucking dog-prick.

"Ohhhh, Scottyyyy!" she squealed at the top of her lungs. "I'm commmiiinnnggg! Ahhhh!"

Just as the young girl began to cry out for her dog to come with her, she felt a wad of dog-cum splash wetly into her orgasming pussy.

Scotty barked over and over again as wad after wad of cum jetted out from his cocktip into his mistress' spasming pussy.

"Ohhhh, yeah, I can feel it, Scotty! I can feel your hot cum shooting inside meeeee!" Gail wailed excitedly.

Her orgasm reached its peak and her pussy hole released torrents of warm juices which flooded her cunt and drenched her pet's still-fucking cock.

Gail tossed wildly on the couch, her breathing labored and harsh. Her tongue hung out of her slack mouth, just as Scotty's tongue was lolling out of his drool-dripping mouth.

Gail's pussylips swelled up to several times their usual size. They squeezed down hard around the base of Scotty's prick. The dog growled with pleasure and continued to come.

"Yeah, Scotty, yeah! Keep coming! I want it all! I want every single drop of your dog-cum inside my pussy!" she cried out demandingly. She trembled all over as wad after thick wad of jism shot into her still-orgasming pussy.

"Yessss! Yesss! I want it all!" she screeched.

Gail felt her nipples stiffening and swelling more than she had thought possible as she came. Waves of animalistic pleasure poured over her, all but drowning her in their hot-sweet intensity.

"Ohhhh, Scotty, your fucking cock is making me come again! I love it! Keep fucking me hard like that, Scotty, and for God's sake, keep coming! I don't want you to stop fucking me 'til I've got every single drop of your hot cum in my pussy hole!"

The orgasming teenager was so beside herself with ecstasy that she hardly knew what she was doing. She babbled on and on, her cries becoming more and more incoherent. She was still coming. Scotty was still coming inside her. And the girl and her dog continued to fuck.

Finally, the last of the dog's tremendous cum-load spilled into his mistress' pussy. Scotty gave a high-pitched whine and pulled his prick out of her. He shook himself, and a few drops of dog-cum splashed up onto Gail's tits.

"Mmmm, yummy," the youngster cooed as she scooped up the spilled dog-cum from her tits with her fingertips and licked her fingers hungrily.

Scotty watched her and barked. Then, he moved down between her legs and nudged his drooling mouth against her twitching pussylips.

"Oh, you naughty dog!" Gail laughed. "Haven't you had enough yet?"

She felt her dog's rough tongue forcing her cuntlips open wide. She shuddered with lust as he swished his tongue over her clit.

"Aieeee! Yessss!" she squealed. Her ass wriggled on the couch in frantic little circles.

She was always amazed that her dog knew just how to lick her pussy. His tongue always seemed to give her the maximum amount of pleasure.

She bounced up and down on the couch as her dog continued to lick her pussy. Her tits danced on her chest, the long nips still red and stiff. She reached down with both hands and began to squeeze them, one hand on each tit mound.

As Scotty worked his tongue deeper into her pussy, Gail could hear him swallowing hard. She suddenly realized that he was licking his own cum out of her pussy and eating it.

"Ooooooh, Scotty, you're so gross!" Gail laughed. But she was secretly turned on at the thought of her canine lover eating his own jism out of her cunt.

The animal slid his tongue up and down the full length of his mistress' cunt slit, savoring the taste of her pussy juices mingled with his dog-cum.

"Ahhhhh, that feels soooo good, Scotty!" Gail panted. She felt shudders of hot, raw pleasure racing

through her. Her entire pussy seemed to be throbbing against the dog's rough tongue. She plunged her crotch upward as hard as she could, smearing the animal's furry face with her cunt juices. "Ohhhh, God, it's so good, I can't stand it!"

She humped the lower half of her body up from the couch even more violently as she strained for yet another orgasm.

Scotty raised his wet face from between his mistress' legs just long enough to utter an ear-splitting howl of lust and excitement.

"Yes, Scotty, yes," Gail murmured in response.

Each time the dog fucked his wet tongue into the girl's cunt, Gail's hips and ass spun wildly and she cried out.

The Irish terrier's tongue licked and licked at Gail's dripping pussy. Gail could hear the wet sounds of his lips and tongue against her juicing cunt.

"Oh. Wow!" she moaned with excitement.

Gail spread her thighs still farther apart, thinking insanely how good it would feel if her little pussy could swallow up the entire dog.

Scotty growled deep in his throat as he licked hard at every single bit of cuntmeat he could reach with his pink, floppy tongue.

Gail humped herself down against the couch, her ass rising in the air. She slipped both of her hands beneath her ass, cupping her asscheeks and lifting her crotch up even higher. She was offering every single part of herself to her cunt-hungry dog while he feasted wildly on her. The sight and sounds of her pet eating her out thrilled the young girl so much that she almost came right then and there.

"Ohhh, ahhh, yessss," she hissed between clenched teeth as she felt the rough surface of the dog's tongue scraping deliciously over her wet cuntmeat.

She tightened her cunt muscles around Scotty's invading tongue.

Scotty growled excitedly. He jabbed at his mistress' cunt with his entire tongue, shoving it deeper and deeper inside her.

"God, you're really going to make me come, Scotty," Gail whimpered.

Hot lewd thrills raced up and down Gail's spine. She arched her back upward as hard as she could, fucking her juice-soaked cunt up against the dog's mouth.

"God, God, God," she babbled as her pet licked her cunt ceaselessly with his wet, slobbering tongue.

She arched her back again, then dipped her ass sideways, panting and moaning all the while. Her little pussy hole was opening and closing automatically now, trying to grab at the dog-tongue that teased at the edges of the tiny hole.

Again, Gail reached for her tits, clawing at her distended nipples with her sharp fingernails. Her entire body was flushed and it was covered with a fine sheen of sexual sweat. Tears of primitive pleasure streamed from her eyes. She tossed her head from side to side in a frenzy of fuck-lust.

Scotty whimpered as his tongue licked and fucked at the girl's swollen cunt. He turned his attention to the throbbing clit, licking it hard.

He could feel it vibrating against his tongue and his cock grew hard again.

"Oh, Scotty, you're gonna make me come!" Gail screeched. She felt her clit rising up stiffly, as if fucking back at the big dog-tongue that swished over it.

The little girl's ass moved in a frenzied circle beneath the dog's licking tongue. She came suddenly with a loud gasp of pure, unbridled joy.

"Aaarghhh! Commiiiiinnnggg! It feels soooo fuckin' good!" Gail yelled as her orgasm blasted through her.

As his mistress came, Scotty burrowed his mouth against her gaping pussy. His tongue fucked up against her clit, pushing hard against the spasming erection.

While her little cunt spasmed against her pet's mouth, Gail reached down and gripped Scotty's head. She pushed him hard against her trembling pussy while she came. And all the while, she continued to cry out with passion and pleasure.

"Aieeeee!" she screamed as the peak of her mighty climax crashed through her.

Her cunt hole released huge amounts of juice which ran into the dog's mouth. He eagerly lapped at his mistress' pussy juices, his whimpers letting Gail know how much he relished the tangy taste. He swallowed her girl-cum down as fast as her little pussy produced it.

As much as the young girl enjoyed fucking anyone anytime, anywhere, she knew that nothing could give her the thrilling kind of orgasm her dog could. Whether it was with his cock or his tongue, Scotty always managed to bring the teenager off in a way she never experienced with anyone else.

Gail's cunt muscles gripped her dog's tongue.

"God, I'm still coming, Scotty! It feels better than anything I've ever... ohhhh... can't stop coming," Gail wailed, trembling so hard that Scotty's head shook against her.

Scotty felt the final tremors of his mistress' orgasm pass through her pussy and he raised his head from between her legs and looked up-at her expectantly.

"Ohhh, goody, Scotty, your cock's all hard again! Let's fuck again! But this time, I want you to fuck me in my ass!" Gail sang out happily.

## CHAPTER SIX

"Ooooooh, I'm so glad your cock is so hard! I can't wait to feel you fucking me in the ass!" Gail chirped, sitting up on the couch and stroking her dog's stiff prick.

Scotty whimpered as he felt his mistress' fingers sliding up and down his thick hard-on.

"Let's do it on the floor this time, Scotty. We'll have more room that way," Gail said as she slid down to the floor. She got up on all fours and wriggled her ass seductively. "Come on, boy! Hurry! Fuck me up my ass!"

The Irish terrier gave an excited yelp and bounded down from the couch, moving up quickly behind his mistress.

Gail reached around behind her and clutched her asscheeks. She pulled them back, revealing her tiny, dark asshole which was glistening with the pussy juice which had trickled into the crack of her ass.

"Don't make me wait for it, Scotty! Fuck my ass!" she shouted, wriggling her ass about obscenely in front of her furry lover.

Scotty yipped and leaped up onto his mistress' back, digging his claws into her shoulders for support.

"Yeowwww!" Gail cried. But she giggled, enjoying the slight pain which just seemed to add to her excitement.

Gail felt the dog's smooth, throbbing cock-head pressing against her puckered shit hole.

"Yeah, go for it, boy!" she cried insistently. "Do it! Fuck my ass for meeee! I need it sooo fuckin' bad, Scotty!"

Scotty barked and shoved his haunches forward.

Gail moaned with ecstasy as she felt the blunt head of the dog-cock pushing hard against her tight ass muscles. It filled her with a raw, hot pain-pleasure that thrilled the youngster beyond belief.

She knew from past experience that this ass-fuck would be every bit as exciting for her dog as it would be for her. No matter how many times Scotty fucked her in the ass with his cock, her young, strong ass muscles always returned to their original virgin-like tightness. She knew that there was nothing Scotty liked more than fucking his thick prick into a tight little hole.

The animal growled with excitement. He dug his claws deeper into the girl's naked shoulders and twisted his body from side to side as he tried to fuck his big cock into her asshole.

"Hurry, Scotty!" the teenager cried. She was beside herself with fuck-lust for her dog's big prick. "Fuck my ass! Fuck it good and hard, Scotty! Shove that whole big pecker of yours right up my shitter!"

Her tits bobbed back and forth as she wiggled her ass furiously. Her long, stiff nipples were blood-engorged and pulsating madly.

The lust he heard in his mistress' voice made the terrier whine with excitement. He fucked forward again, as hard as he possibly could this time. His red dog-cock fucked into Gail's ass with so much force that the young girl almost lost her balance and fell face-down to the floor. But she managed to keep her position, crouched like a dog on all fours.

As soon as Scotty's entire prick was embedded inside Gail's tight little shit hole, she clutched it with her ass muscles, tightening them as hard she could.

"Yeah, that's it, Scotty! I can feel your whole cock up my ass now! Now you can really get to work and fuck me!" Gail yelled, flushing with excitement and desire.

Scotty barked at the exquisite pleasure he felt from the tight clasp of the girl's ass muscles around

his dog-prick. He pulled his cock out just a little when Gail loosened her muscles for him.

"Hurry, Scotty! Fuck it back in!" Gail yelled, wriggling her ass impatiently.

The animal fucked forward as hard as he could. He thrust his throbbing cock all the way up his mistress' tight, clenching asshole. Once more, the entire length of his prick was buried to the hilt inside her. The dog's large, furry balls slapped lewdly against her asscheeks.

"God, yeah, that's the greatest!" Gail cried, still wriggling her ass and trembling all over. "Keep fucking me hard just like that, Scotty!"

Scotty bared his fangs and growled fiercely. The dog was overcome by the powerful lust-filled sensations which swept through him. Before he and his mistress had become lovers, the animal had fucked every bitch dog in the neighborhood every chance he had. Within a half-mile radius of the Barkley house, there were more young dogs who resembled Scotty than anyone could count. But, since he and Gail had begun fucking, the Irish terrier came to her whenever he felt horny.

Now, the dog growled again. He pulled his cock out until only his cockhead was left inside Gail's aching asshole. Then, with a little yelp, he fucked his prick back into her as hard as he could.

Gail stroked her asscheeks a few times, still clutching them in both hands. Then, she let them snap closed around Scotty's cock, knowing that the stiff dog-prick would keep them open for his fucking movements.

"God, Scotty. It's sooooo goood! Like always... sooooo good," the teenager groaned. A red-hot pain throbbed and burned deep inside her ass guts. But she welcomed the thrilling sensation.

The Irish terrier barked with pleasure as he felt his mistress' hot ass muscles squeezing his fat cock. Each time he fucked his horny prick into the girl's tight ass, Gail concentrated on squeezing and pinching it with her amazingly tight ass muscles.

Again and again, the girl and her dog repeated the same fuck-pattern, having established a smooth rhythm now. Scotty shoved his hard prick into her ass all the way up to his loaded balls. He then pulled his cock out of her as far as possible without dislodging it completely. And again he fucked into her.

"Ohhhh, Scotty, you're giving me the best ass-fucking yet," Gail sighed.

She milked her pet's prick with her strong ass muscles. She shoved her little lily-white ass back and forth in perfect timing with the animal's cock-thrusts. She ground her quivering ass-cheeks against his shuddering balls.

A hot sweat broke out all over Gail's naked body as her dog fucked her little ass harder and harder. The girl's young face was red from exertion and lust. She could hardly breathe. She flared her nostrils to suck in much-needed air as she and her dog fucked furiously.

"Yeah, yeah, Scotty, I love it! Fuck, my ass hard! Yeah, fuck it just like that! We'll come together again!" Gail screeched, pounding her balled-up fists against the carpeted floor.

As Scotty continued to fuck her ass, Gail raised one hand from the floor and squeezed her bursting tits. She felt the pointy nipples stiffen up even more against her caressing hand.

"Ohhh, yesss," she moaned over and over with exquisite erotic pleasure.

Savage tremors of pleasure burned deep inside Gail's asshole. They shot all the way up into the deepest reaches of her guts. Her entire body was pulsating with a hot, relentless lust and she knew that this torturous pleasure would only increase when she finally came.

Scotty barked repeatedly as he continued to fuck the length of his hard cock in and out of his mistress' asshole. He gently raked her shoulders with his sharp claws. His tongue hung out of his mouth, dribbling trails of dog-drool across the back of her neck. Gail felt the warm saliva on her naked flesh and she shivered.

Over and over, the teenager contracted and relaxed her ass muscles as her dog continued to fuck his rock-hard prick in and out of her raw asshole. Her tiny asshole was now slick with her juices and the animal's pre-cum.

Suddenly, Gail felt Scotty's furry body shudder and tense up against her. His cock bucked and lurched inside her ass. She knew that the dog was about to come. She gasped with excitement, longing to feel the spray of his hot cum deep inside her ass.

"Yessssss, Scotty," she hissed, her eyes rolling back in her head. "Shoot now, Scotty! Let me have your juice! I've never needed it like I need it now!"

The young teenager trembled, half out of her mind with lust as she waited to feel her pet's jizz burning a path up into her ass guts.

The Irish terrier panted harshly, his eyes unfocused and glazed as he started to shoot his cum-load.

He howled as several gushers of thick, hot dog-cum sprayed from the tip of his prick and splashed into his mistress' tight asshole.

"Yeah, come with me, Scotty... I'm coming toooooo... oh, yeah, I'll say... I'm commmiiinnnggg sooooo haaaard!"

Gail sobbed with ecstasy. Waves of animalistic pleasure vibrated through her body as she came hard with her dog. The thrilling feel of the dog's cum shooting into her asshole only intensified her pleasure and she continued to come with him.

As soon as she felt her orgasm beginning to subside, another one rose up to take its place. Gail trembled uncontrollably as she came again. She could feel Scotty's foamy jism filling up her little asshole to overflowing and dribbling on down her legs.

"God! God! God!" Gail groaned as yet another orgasm struck her, knocking the wind out of her.

Her cunt was churning with pussy juice. More and more of the sticky stuff ran into her asshole, mingling lewdly with Scotty's thick cum.

When their orgasms ended, Scotty rested for a minute or two with his prick inside his mistress' asshole. Then, he pulled out of her with a wet popping sound which made the youngster laugh.

A second later, Gail sighed sadly. She hated the idea that her fuck-session with her dog was over. She lay there on the floor, still trembling in the aftermath of her mighty orgasm. Her eyes were glazed with pleasure. Her tits were heaving slightly. Her thighs were spread lewdly in the wanton position of a well-fucked little girl. She could feel her pet's jism deep inside her ass, and she sighed again...

Suddenly, she was jolted out of her mindless daze by the feel of something hard nudging against her lips. She opened her eyes in surprise and gasped when she saw her brother kneeling over her, his hard cock pressing against her mouth.

"Looks like you and that dog have been busy while I was sleeping," Biff said with a laugh. "So it's my turn again. Open up, baby. I want you to suck my cock!"

"Oooh, Biff," the youngster cooed.

She stared at the youth's obscenely throbbing cock-shaft. She could not see the cockhead because it was pressed so tightly against her drooling lips. She groaned and her eyes moved to the side, following the sound of Scotty's excited panting.

Scotty was sitting there next to her, staring down at her. His tongue was hanging out of his drooling mouth, and Gail could feel his warm dog-drool splashing down onto her lower leg. She knew it was crazy to think this way, but she could swear that she read a message in her dog's eyes, a message which told her to go ahead and suck Biff's cock, a message which said that he wanted to watch.

"Unh, ohhh, Biff," Gail gurgled, turning her attention back to her brother's demanding cock.

"What are you waitin' for? Do it! Suck me off! God, Gail, you're driving me crazy! Do you know how sexy you look, lying there all naked with that animal's cum dripping out of your wet pussy?" Biff asked with a lusty groan.

When Gail opened her mouth to respond, Biff shoved his hard cock between her lips. Almost before the young girl had a chance to realize what was happening, he fucked his long, thick prick far down her throat.

She groaned as her lips eagerly closed around the boy's heavily pulsating prick. Her wet tongue came into hot contact with the tiny cum slit, which was oozing out little drops of pre-cum. She moaned with pleasure as she tasted the delicious goo.

Scotty barked excitedly and moved closer to his mistress. The animal was clearly getting off on the sight of the horny youngster sucking Biff's cock. The Irish terrier's prick began to grow hard again, sliding out of its furry sheath.

Gail slid her pursed lips up and down the blood-engorged length of her big brother's cock. Her tongue constantly flicked at the hotly throbbing cockhead.

"Yeah, yeah, yeah, you sexy little dog-slut! Do it! Lick my prick! Suck it! Make me come!" Biff growled. He grabbed the root of his cock in one fist and squeezed it, making his cock as hard as possible.

Now and then, Biff fed his little sister his cock, shoving it into her mouth and down her throat with quick, hard strokes. But mostly he just aimed it at her mouth, holding still. Gail was so turned on that she was doing most of the work. Her head bobbed back and forth, her mouth hungrily engulfing his long, pulsating prick.

Her little pussy was throbbing with fresh waves of lust. She could hear her dog growling and barking with excitement. She could hear him whimpering. Knowing that her canine lover was watching her as she sucked Biff's cock, knowing that the animal was really getting off on it, Gail began to suck Biff off even harder. It really turned her on to be performing for her lusty dog.

The teenaged girl felt spasm after spasm of need racing through her cunt. Her full lips curved even tighter around her brother's big prick. Her tongue played all over the spongy cockhead. She licked and lapped at the hard surface with a hunger that she knew could never be satisfied until she swallowed down every drop of Biff's cum-load.

"Ungh, baby you're really sucking me now... best Goddamned blow-job I ever had," Biff grunted, closing his eyes and swaying drunkenly on his knees.

Her brother's words inflamed the young girl's senses even more. She used her wet tongue to flick at the little slit in the cocktip. Now, Gail lapped at the thickly veined underside. She could feel the wild pulsing of her brother's blood as it coursed through his pounding prick.

"Ahhh, ummmm," she moaned.

"Shiiiiit! Your mouth is so hot around my cock!" Biff gasped.

No longer able to restrain himself, he reached down and pulled the girl's head up, forcing her lips farther up over his prick. He removed his hand from his cock and Gail's own hand replaced it.

She grasped the thick cock base, holding it in place while she ran her long, wet tongue up and down the full length of the big trembling prick. She dipped the point of her tongue into the darkly tangled mass of cock hairs, coating them lewdly with her warm, slick saliva. She teasingly nibbled at the sensitive cock flesh. Her wanton actions brought forth groans of unbridled pleasure from the boy, who was already beside himself with desire.

As Gail licked lower to soak Biff's cum-swollen balls with her saliva, her eyes swung over and met Scotty's. She gasped around Biff's prick, seeing the expression of raw lust in the dog's eyes.

I'm doing this for you as much as for Biff and me, Scotty, the girl thought, keeping her eyes trained on Scotty's. She hoped that her dog understood and did not feel left out. Even though I love Biff, you're my most favorite lover in the whole world, Scotty, Gail thought, sending her pet a message of lust and love with her eyes.

Scotty whimpered and began to scoot his furry ass back and forth, deliberately dragging his lust-bloated cock against the carpet.

Her dog's lewd actions made Gail feel even hotter. She began to suck her brother's cock with a vengeance, wanting desperately to make him come.

"Yeah, that's it, little girl!" Biff cried, staring down at the erotic sight of his little sister sucking him off. "Yeah, I'm gonna pop soon, little cunt! Suck haaaard!"

Gail closed her eyes and moaned, continuing to lick and suck on the tasty cock in her mouth. Her thighs were spread widely and little trickles of juice ran out from between her bloated pussylips.

Suddenly, she felt something between her legs. A stab of pleasure contorted her face and she gasped out a muffled groan around Biff's cock.

She held her breath as she felt Scotty's furry paws nudging against the quivering soft flesh of her inner thighs. She knew that the entire slit of her throbbing pussy was fully exposed to the dog's gaze, and she trembled madly with anticipation.

"Ungh!" she groaned, feeling Scotty's probing tongue trailing along the outer lips of her pussy. She

could feel his tongue wetting the curling wisps of her juice-soaked pussy hairs, and she groaned again.

She released her breath now and continued to suck Biff's cock. She felt her nipples go aching hard as the animal's tongue eased her pussylips farther apart. Her hot, moist pink cuntmeat far inside her pussy was vulnerably exposed now. Gail groaned over and over, the sounds muffled by her brother's cockmeat.

The young girl's legs quivered rigidly as she felt Scotty's wet tongue sweeping over the length of her puckering pussy slit.

God, yeah, Scotty! Lick my pussy for me! Gail cried out in her mind. Her mouth was too stuffed with cockmeat to be able to speak. But she knew that Scotty was aware of how much she always turned on to the exquisite feel of his rough dog-tongue scraping over her hypersensitive cunt flesh.

Biff glanced down between his sister's legs, and he laughed with delight at the sight of the dog's drooling mouth burrowing against Gail's wet cuntlips. He fucked his prick down Gail's throat, and her throat muscles clasped at it hungrily.

"Unhhhhh," Gail moaned.

She was thrilled to have her dog's tongue in her pussy and her brother's cock in her mouth at the same time. Waves of lust and pleasure shuddered through her. She closed her thighs against the sides of Scotty's furry head, trapping him between her legs.

The Irish terrier growled with excitement. His tongue flicked and licked all over the girl's trembling cunt.

Biff's hands tangled in his sister's hair as he forced her head up even higher from the floor, making her mouth slide all the way down to his prick hairs.

"Ungh," Gail gurgled, loving the sensation of deep-throating her brother's prick while her dog continued to lick her horny pussy.

The lust-maddened animal plunged his saliva-dripping tongue in and out of his mistress' cunt. Her juices flowed into his mouth and Scotty thirstily swallowed them as quickly as they poured over his tongue. He ran the rough surface of his dog-tongue over the girl's bursting clit.

"Aieeee!" Gail cried out around her brother's thick cock. She sucked in her breath sharply, feeling her sensitive little clit being licked over and over again by her dog. She moaned and sighed around Biff's prick.

Biff chuckled, knowing that it was her dog that was arousing Gail so powerfully. But he didn't care. Not as long as she kept sucking him off so deliciously hard and fast.

A flash of erotic fire ignited inside the young girl. Her naked tits flushed with passion. A convulsive shudder spasmed down her spine, centering in her pussy. She could hardly believe how sinfully good it felt to have her nakedly spread pussy licked by her dog while she sucked and deep-throated her brother's hard cock.

Gail knew that she must look absolutely depraved, lying there naked on the floor, her legs spread wide for her dog's tongue, her mouth stuffed to the brim with Biff's cock. But she didn't care. In fact, the idea of how whorish she must look only served to arouse the teenager still further.

"Ohhh, ahhhh!" she moaned, hungrily sucking and slobbering all over Biff's hard prick.

"Yeah, baby, keep it up! Keep sucking my cock while the dog licks your little pussy! I'm gonna come in a minute!" Biff growled, his eyes rolling.

Jesus God, Gail thought, I'm getting mouth-and-cunt-fucked at the same time. And by my own brother and a dog! She moaned again, feeling more juice spilling out from her pussy into Scotty's mouth.

Gail groaned deliriously. She felt every fiber of her being surrendering to the forbidden thrills racing through her twisting body. Biff's cock seemed to swell even more inside the tight confines of her throat and mouth. She could feel the huge cock vibrating lustfully. At the same time, she could feel her dog's tongue unfurling inside her pussy again and again.

"God, Gail, what a great cock-sucker you are!" Biff growled. "Keep it up! Suck meeeee!"

He fucked his cock deeply into his sister's throat. His strong hands tugged on her hair. Gail's jaw was aching from pulling and sucking on her brother's thickly pulsing prick. But she had no complaints. She was thrilling to every single second of this lewd three-way bestial fucking.

CHAPTER SEVEN

While Gail continued to suck her brother's big prick, her free hand moved to his balls. The hairy balls squirmed in her grasp and she groaned along with her brother.

"God, Sis, I'm gonna dump my whole load down your throat any second now!" Biff growled. He could feel his heavy load of cum churning in his ball-sac and he threw his head back, trying desperately to hang onto the little self-control he had left.

The young girl's dog still lay between her widely splayed legs. His tongue played over the part of her naked cunt which it could reach. The animal was letting out a series of little whimpers from deep in his throat. More and more of his mistress' cunt juice ran into his mouth and the thirsty dog drank it down gratefully, savoring the tangy taste of the thick sauce.

Gail felt her little pussy throbbing madly against her dog's tongue. The thrilling sensation made her deep-throat her brother's cock even more hungrily.

Biff groaned and fucked into his sister's mouth like a man gone mad. His hairy crotch battered up against her upturned face, which was now soaked with sweat. His cum-bloated balls bounced lewdly against her chin.

"Aaarghhhh," Gail whimpered, feeling Scotty's dog-tongue rubbing even more roughly over her sensitive cunt flesh.

Gail began to sob with a deep, primitive pleasure. She felt her dog's slippery tongue sliding up into her fuck-hole. She closed her pussy muscles around the invading tongue, and the dog whined with arousal.

God, yes, Scotty, Gail thought, still sobbing. Fuck me, Scotty! Fuck me with that horny tongue of yours!

But her mouth was still stuffed with her brother's cockmeat and she could not speak. She could only sob and groan out her lust. Biff continued to fuck her throat deeply, and she could feel his throbbing prick pushing demandingly against her inner cheeks, puffing them out obscenely.

The young teenager felt completely wanton, like a bitch in heat as she squirmed uncontrollably on the floor. She pushed her cunt up against her dog's furry face, silently urging him to eat her pussy harder and harder. At the same time, she continued to work her mouth and throat muscles around Biff's prick, giving him the most exciting blow-job of his life.

Scotty whimpered and fucked his tongue in and out of his mistress' pussy hole. He relished the taste of the juices flooding her tight little pussy. He moved his tongue to her clit, licking it just as hard as he could.

"Yuuuuuh!" Gail cried out as she came.

Jolts of animalistic pleasure shot through her body. She clamped her firm thighs tightly against the sides of the dog's head, holding him in place while her orgasm thundered through her.

"God, look at you!" Biff cried, staring down at his writhing sister. "That dog made you come, didn't he? You're coming! Jesus, Gail, keep sucking me! I'm gonna come, too!"

Gail wanted her brother to come. She longed to feel his thick cum pumping down her throat into her belly. She tightened her lips and throat muscles around his stiff prick and closed them tightly. She sucked just as hard as she could. She sucked so hard that her efforts made her feel dizzy. But still she did not stop. She continued to suck and suck, not stopping even long enough to breathe.

Meanwhile, Scotty nuzzled his face farther between his mistress' legs. He stabbed her orgasming clit with his tongue, feeling her coming. The thrilling sensation made his prick grow harder and the animal rubbed his aching hard-on against the rug.

Gail's little cunt was dripping wet now. It was soaked with cunt juice and dog-drool. She could hear Scotty's tongue sloshing through that swamp of wetness as he continued to lick her through her orgasm.

She felt as if she might faint, she was sucking Biff's cock so hard. While she sucked, she swallowed, tugging even more of the boy's stiff prick down her throat.

"God, when I come... gonna give you such a big load... like never before," Biff panted.

He continued to fuck his little sister's mouth with his prick. He could feel her clenching and unclenching her tight throat muscles around his bursting prick, hugging it with her throat. Her fingers played over his boiling balls, which were heavy with cum just begging to be released.

"Suck meee haaaard!" Biff yelled, overcome with fuck-lust.

"Argh!" Gail responded, thrilling to the feel of her dog's rough tongue scraping over her clit.

Each time her orgasm began to subside, Scotty seemed to sense it and he licked her clit all the harder. His hard licks caused Gail's orgasm to spiral upward again until the youngster felt as though she would never be able to stop coming.

Gail knew that her little pussy was feeding her dog its thick juices, just as Biff's cum slit was feeding the young girl teasing trickles of his load of cum. She couldn't get enough of her dog's tongue in her

pussy, and the feel of her brother's prick stuffing her mouth to bursting thrilled her beyond belief.

The teenager writhed and twisted on the floor, unable to restrain her frenzied movements. She released her brother's balls and clawed roughly at her aching tits. She raked her stiffened nipples with her sharp fingernails, groaning with both pain and pleasure.

Over and over again, Scotty continued to fuck his hot, wet dog-tongue into his mistress' dripping pussy. His tongue felt like a cock to her lust-crazed senses, and the lewd sensation just intensified her orgasm.

Scotty felt his cock swelling to absolute stiffness as he drank down the girl's orgasmic juices.

At the same time, Biff continued to fuck his cock in and out of Gail's mouth. He moved one hand down to her chest, pushing her hand away from that well-squeezed tit. He grabbed hold of the jiggling tit, cupping it in his hand.

Gail gurgled, feeling her brother's hand squeezing her tit hard. It felt so much better to have her tit squeezed and rubbed by someone else. That was one thing her dog could never do for her, although the youngster had often wished that he could.

Biff moved his fingers to his sister's nipple. He pinched it just as hard as he could.

Gail groaned, savoring the little darts of pain which lanced her tit, mingling with the pleasure her brother's hand was giving her.

With his other hand, Biff pulled Gail's head upwards again and again. His movements forced her lips to slide all the way down the length of his trembling prick. He fucked her mouth relentlessly, moaning with unrestrained lust all the while.

Gail felt her orgasm beginning to fade, and she let out a little sigh of disappointment. But just then, Scotty's lapping dog-tongue thrust into her cunt again.

"Yuuuh!" Gail moaned, her eyelids fluttering closed.

She came again. While tremors of orgasmic ecstasy poured over her feverish body, she twisted and writhed there on the floor. She ate her brother's cock while her dog ate her pussy.

The Irish terrier whimpered lustfully as he swallowed another load of girl-cum. He could feel his mistress' intense orgasm shuddering through her cunt, and his own body shuddered in response.

Gail's orgasming pussy twitched and trembled against the animal's mouth, making him whine with excitement. As the young girl continued to come, she sucked her brother's prick even harder. She could feel its entire length throbbing strongly down her throat. She sensed that the boy's orgasm was building, and that his thick cum was about to spill out from his tightening balls, through his cock, and into her hungry mouth.

"Jeeesus, Sis, I'm about to pop! Keep sucking me hard like that, you lousy dog-fucking whore!" Biff shouted.

Her brother's crude words thrilled the young girl and she tightened her throat muscles as hard as she could around his stiff prickmeat. She could feel the big cock pulsating with more and more hot blood as the boy face-fucked her harder and harder.

She sucked in her cheeks to suck him still harder. Biff's cock bucked violently in the tight, wet confines of her mouth and her throat.

"Gonna come... gonna come... gonna come!" Biff chanted as he arched his back and threw his loins forward. He fucked his little sister's face wildly.

Scotty's cock was about to burst, too. The dog continued to scoot his haunches forward and back, making his hard-on drag with a delicious friction against the rough fabric of the carpet.

Gail gurgled as her brother began to shoot his load of cum into her mouth. She felt hot streams of thick jism jetting deeply into her mouth and down her clenching throat.

Scotty felt his mistress' pussy spasm again against his tongue and snout and he whined excitedly, licking her cunt all the harder.

Gail groaned around her brother's orgasming prick as she felt her pet licking her pussymeat harder than she had thought was possible. He was licking her so hard now that she was sure his rough tongue was bruising her hypersensitive cunt flesh. But she didn't care. In fact, all that the young girl did care about at that wild, depraved moment was the thrill of swallowing her own brother's cum while her little pussy continued to orgasm against her dog's tongue.

Gail came again and again as she felt Biff's cum-load filling up her belly. She gulped it down eagerly, not wanting to waste one single precious drop of the delicious-tasting juice. Her lips fastened tightly like a rubber band around the boy's violently pumping, cum-shooting prick.

Biff threw his head back and clenched his teeth tightly together. He let out a cry like a wild mating animal, and his eyes rolled. He could hear the sounds of Scotty's tongue sloshing through Gail's pussy juices and the sound gave him even more pleasure. He could feel the veins of his neck standing out, bulging, and for a moment or two he worried that he might actually have a stroke from the sheer force of his orgasm.

The dog felt his mistress' cunt muscles closing around his tongue again and again and he felt his prick jerking against the carpet, about to come.

Gail continued to drink her brother's cum. Her cheeks hollowed and filled as she tried to keep up with the thickly jetting streams of creamy jizz.

She howled deep in her throat with excitement, and she was delighted when she heard Scotty growling back at her in response. Even though it was her brother's cock in her mouth, and it was his cum she was eating, Gail felt very much as if he were merely a means to an end. She felt as if this act was one shared by herself and her dog. Biff's cock just served to enhance Gail's pleasure. But it was Scotty's dog-tongue that was driving her to the heights of ecstasy. It was the warm, furry body between her thighs which Gail was acutely aware of.

Gail's greedily sucking mouth finally drained Biff's cock. Biff groaned and yanked his still-hard prick from her clasp lips. The young boy fell onto his back. His cockhead glistened lewdly with cum. He grinned with satisfaction and turned his head to watch his sister and her dog.

As much as Gail had enjoyed sucking her brother off, she was glad that she could now devote every ounce of her attention and concentration to her pet.

The dog was tonguing her pussy furiously. He moved his furry head in a blur between her openly spread thighs. His tongue fucked in and out and over every inch of her exposed cunt flesh. His snout

was completely hidden from view in the soft, fuzzy thatch of her pussy hairs.

Gail closed her eyes and whined with pleasure. Her face was flushed, as were her tits. Little drops of cum stained her lips and she reached out hungrily with the tip of her tongue, flicking the cum up and swallowing it down.

The young girl rubbed and pinched her tits, making her nipples look red and tortured with arousal. She locked her thighs tightly around the dog's ears, trapping his long snout in the hot, steamy crack of her still-orgasming cunt. Her throbbing cuntlips rimmed the animal's snout, claspings greedily around his thrusting tongue.

"Ohhhh, Scottyyyy!" Gail cried, gasping as tremors of bestial ecstasy shuddered through her body. She felt her pet's long, pink tongue swirling around deep inside her obscenely spread cunt. "It feels soooo good, Scotty! Keep licking my pussy until I stop coming!"

The little girl felt as if she would go stark raving mad from the intense sensation of being licked by that big, rough dog-tongue. She could hear the turn-on sounds of Scotty swallowing her flowing juices down. She could hear little whimpers of pleasure coming from deep in his throat, mingling with her own sighs and moans of excitement. She could hear the labored breathing of her brother, who lay near her. She turned her head and saw that Biff was now beginning to jerk his cock, and the sight made her own breathing quicken. She felt every single inch of her pussy throb with pleasure as Scotty's tongue raked over it.

And still, she came.

Gail wondered how her dog was managing to hold back so long. She knew he must be close to coming. She only hoped that when he did come, he wouldn't waste it by shooting onto the floor. She licked her dry lips, thinking how good it would feel to have her pet shooting off into her mouth... or deep inside her pussy.

The next time Gail's orgasm began to subside, Scotty tore his tongue free from her clasping pussy. The animal gave a bark and flopped over onto his back, all four of his legs sticking straight up in the air. His lust-engorged prick stood up stiffly, throbbing visibly, as if begging for help to come.

The Irish terrier turned his head and fastened his pleading eyes on his mistress' pleasure-contorted face.

"What're you waitin' for, Sis? That dog is asking you to suck him off... plain as day," Biff said, fisting his own hard-on and jerking it up and down.

"Ohhhh, yes, Scotty, don't worry, Gail's coming," the teenager said with a little moan as she got up on all fours and crawled over to her pet.

She lowered her face between his hindlegs and took a deep breath. Then, she closed her eyes with anticipation and sucked the animal's cockhead into her mouth. She felt the dog's prick sliding farther into her mouth, its bloated tip striking her tonsils. Gail came again as she began to suck her dog's cock.

## CHAPTER EIGHT

A couple of days later, Saturday morning dawned bright and sunny. Gail stretched out lazily in her

bed. She smiled, remembering that her parents had gone out of town to spend the entire weekend at a friend's house in the country. This meant that Gail would have all that delicious time alone with Scotty and Biff.

"Mmmmm, wonder what we'll do first," the young girl murmured aloud, throwing her bedcovers back to reveal her naked body.

She didn't have long to wonder. At that moment, her bedroom door flew open and Biff and Scotty entered. The Irish terrier gave a welcoming bark and bounded up onto his mistress' bed.

"Ooooh, Scotty, good morning," Gail said with a little laugh as her pet washed her entire face with his big flopping tongue.

"Hi, Sis, ready for some fun?" Biff husked, slowly stroking his naked hard-on.

"Oh, Biff, you're all naked!" Gail cried, really looking at her big brother for the first time since he had entered her room. He was completely naked and his cock was hard and throbbing, the cockhead already dripping with little pearly drops of pre-cum.

"Yeah, just like you," Biff said, smacking his lips hungrily as his eyes swept over the young girl's body.

"I wanted to come in here alone to fuck you, but this fool dog wouldn't let me near you unless he came in, too," Biff muttered sullenly, still stroking his aching prick.

Gail laughed, delighted that her dog wanted her as much as she wanted him. She didn't dare tell her brother that she liked it that way, and that her brother alone could not possibly turn her on as much as Scotty could.

"That's okay," she murmured. "I think I can handle both of you."

"Well, you'd better," Biff said thickly. "I've got a hard-on that won't quit, and so does Scotty!"

"He does?" Gail asked excitedly, bending her head to look beneath Scotty's furry underside. "Ooooh, yeah, he sure does!" With a little groan, the young girl reached out and gently stroked the animal's big cock.

Scotty whimpered with pleasure and licked her face again. Gail caught the dog's tongue between her lips and lashed at it with her own wet tongue. Scotty whined excitedly and his cock grew harder in his mistress' clutching hand.

"I've gotta fuck him first, Biff," Gail murmured, turning her wide, imploring eyes up to her brother's.

"Yeah, I figured," Biff muttered jealously, not liking to admit to himself that his sister preferred the dog's cock to his own.

While Gail continued to kiss her dog, their tongues meeting again and again, she kept fondling his hard prick. Biff cursed and reached down, running both of his hands over his sister's body.

Gail moaned with pleasure as she felt her brother's hand squeezing and fondling her tits. She squirmed, clasp ing her hand even more tightly around Scotty's dog-cock.

Gail pulled back from her dog's furry face and studied the expression in his intelligent eyes. She could see the gleam of lust there and she shivered, anticipating the exquisite thrill of feeling his hard

cock all the way inside her pussy.

Biff pawed at his sister's body. When he began to fondle her naked pussy, she stretched her legs out wider, whimpering with unbridled pleasure.

"God, you're already wet!" Biff said, raising one hand to his face and staring at the cunt juice that glistened on his fingertips.

"I'm always wet!" Gail replied proudly. She gasped with excitement as her brother stuck his tongue out and licked her pussy juice off his fingers.

Scotty barked urgently then, and Gail knew that it was time for her and her pet to fuck each other.

"Okay, okay, you bastard dog," Biff growled, realizing the same thing. "Go ahead and fuck this little pussy. I'll have my turn with her later."

The boy reached out and slapped the animal on his hindquarters. Then, Biff moved around to the other side of the bed. He knelt down next to his sister, preparing to watch her being fucked by their dog. Biff clutched his prick again, beginning to squeeze and rub it, hoping that he would be able to hold back from his orgasm until his cock was snugly buried deep inside Gail's hungry little cunt.

"You heard him, Scotty! Fuck me!" Gail cried urgently, pushing at her dog's face so that he would get the idea.

Scotty got the idea, all right. With a little yelp, he quickly moved down, straddling the girl's body, until his cockhead was nudging against her swollen pussylips.

"Ooooh, I can't wait, Scotty! Hurry! Fuck me!" Gail cried, twisting her body frenziedly on the bed.

"Shit!" Biff sneered. "I can never understand why you'd rather have that dog fuck you than to have me shove my big cock up your hot little pussy!"

"Oh, Biff, don't be mad," Gail cooed, eyeing her big brother's hard-on. "You know I love to fuck you, too."

"Yeah, yeah, I know," Biff said impatiently. Even though he was jealous of the dog who was about to fuck the young teenaged girl, he had to admit to himself that it really turned him on to watch his sister making it with the furry beast.

Scotty moved his loins forward just a bit. Gail felt the dog's flared cocktip just beginning to poke between her juicy cuntlips.

"Ahhhhh, yessss!" she moaned. She tossed her head from side to side in lust. Her nipples were rock-hard. Her cunt was oozing out rivers of hot pussy cream which dribbled lewdly down her quivering thighs.

While Scotty got ready to fuck his mistress, Biff reached down again and squeezed Gail's tits. He pinched and kneaded the sensitive tit-flesh as hard as possible.

"Yieeee!" Gail cried out in pain and pleasure.

She breathed raggedly and rotated her hips as her brother rolled and pinched her nipples over and over. Out of the corners of her eyes, Gail could see Biff stroking his hard prick with his free hand. The erotic sight aroused her still more.

Now, the boy lowered his head to the girl's bursting tits. She moaned and held his head between her hands, still feeling Scotty's dog-cock pressing against her cunt, as if teasing her on purpose.

Biff sucked on his little sister's tits, moving his mouth rapidly from one to the other. At the same time, Scotty rubbed her clit with his swollen cockhead, making her cry out with excitement. As the dog continued to press against her clit with his pricktup, Biff kept sucking her tits. He still stroked his prick up and down. He was no longer using his other hand to squeeze her tits. With that free hand, he cupped Gail's trembling ass. Then, he rammed his stiffened middle finger right up her asshole.

"Yeooowww! That hurts!" Gail cried, but then she laughed in delight, showing just how much she loved it.

Scotty whimpered excitedly, still playing his cockhead over her clit.

Biff fucked his finger in and out of his sister's asshole while continuing to lick and suck on her hard-nipped tits. Gail rotated her ass harder and faster against her brother's finger and her dog's cock, loving the idea that both of them were making love to her at the same time.

"Fuck me, Scotty! Ram it all the way up my cunt! Fuck meeeee!" Gail wailed desperately.

"Yeah, dog," Biff said, taking his drooling mouth off of Gail's tits, "fuck her now! Fuck this little bitch good and hard!"

Gail bent her knees and spread her thighs as far apart as she possibly could. Scotty gave a little yip and shoved his hard, twitching dog-cock hard up her cunt hole.

"Arrghhh, Scotty, yessss," Gail hissed between clenched teeth. "I love it! I love the feel of your big cock up my pussy! Fuck me haaard, doggy!"

Biff had moved away, releasing his hold on his sister's ass. He knelt nearby, jerking himself off while he watched his little sister being fucked by the family pet.

"You really love it, don't you, bitch?" he asked with a husky voice. "You really love being fucked by a dog!"

"Yes!" Gail screamed at the top of her lungs. "Yes, I love it! God, yes, there's nothing I love more than feeling Scotty's hard cock up my twat!"

Scotty barked as his mistress cried out her pleasure. He could feel the tight clasp of her young cunt muscles around his pistoning prick. His entire body shuddered with ecstasy. He fucked his cock in deeper until it was buried up to his balls. His loaded balls were slapping lewdly against her ass crack.

"Yeah, yeah, Scotty, you're doin' it to me good, all right! Keep it up, baby, keep fucking your Gail," the young teenager purred. She thrust her pussy wetly up against his loins, meeting each of his hard cock-thrusts with a pussy-thrust of her own.

"Don't stop, Scotty! Keep fucking me just like that! God, it feels good!" she wailed tearfully.

"Don't worry, bitch," Biff laughed. "That dog ain't about to stop fucking you 'til he dumps his whole load of cum up your hot little cunt! It'd take a crowbar to pry him out of your pussy now!"

Gail glanced over at her brother and gasped at the heady sight of his fist flying up and down his own hard-on. She knew that her little cunt would gladly welcome the boy's cock. But first she had to finish fucking with Scotty. The dog's cock always came first for the horny youngster.

Biff jacked his prick harder and faster, loving the sight of the Irish terrier fucking his little sister. He could hardly wait to ram his own cock up her tight, juicy cunt.

"Fuck her good, Scotty! That's the boy! Fuck that little bitch real good and hard!" he yelled.

Her brother's obscene cries thrilled the young girl. She could feel her pussy pouring out even more juice as her dog fucked her furiously. Scotty was panting harshly now. Little growls of pleasure were coming from deep in his throat. His eyes were bright and unfocused. He barked now and then as he savagely fucked his entire cock in and out of his mistress' tightly claspings pussy.

"Fuck her, boy, fuck her," Biff chanted as he began to come.

Suddenly, Biff was ramming his orgasming prick down Gail's throat before she even had a chance to prepare herself. She choked for just a second or two. Then she quickly recovered, and she moaned with excitement. She opened her mouth widely, working her lips and inner cheeks and throat muscles around her brother's cum-spurting cock. She felt the load of heavy cum cascading down her throat, and she moaned again.

Scotty howled excitedly, as if knowing that something exciting was going on between Gail and Biff.

"Swallow it all up, baby," Biff panted as his cock continued to shoot wad after gooey wad of hot jism down her throat.

As the young girl swallowed frantically, trying valiantly to keep up with her brother's onslaught of cum, she came hard. Blast after blast of sweet, thick jizz hit the back of her throat as her own powerful orgasm washed over her in gigantic waves. Her entire body trembled with the sheer impact of her mighty climax.

With a groan, Biff slipped his softening cock out of his little sister's mouth and sat next to her on the bed. He turned his attention once again to the erotic sight of the aroused dog fucking her harder and harder.

"Ohhhh, Scotty," Gail moaned, licking up the last few drops of her brother's cum-load from her wet lips. "Fuck me! I just came-but I need to come again! And I want you to come, Scotty. I want to feel you coming and filling up my whole pussy with all of your dog-cum!"

Scotty was delirious with bestial lust. The feel of his mistress' tight pussy squeezing around his cock, and the sound of her animalistic cries aroused him beyond belief. He heard her lust-thickened voice calling his name out over and over and he whined, his cockhead flaring deep inside her even more.

"Come, Scotty! Come inside meeee!" Gail cried suddenly as she felt another orgasm beginning to wash over her.

Scotty howled as he began to come. He felt his mistress' strong cunt muscles squeezing his embedded prick so hard that it hurt him a little. His pleasure intensified as his jism shot out from his cocktip, mingling lewdly with the girl's hot cunt cream.

"Ohhhh, yesss, Scotty!" Gail cried, feeling her dog coming inside her. "I feel it! I feel you coming up my pussy! Shoot it all! Don't stop 'til you've filled my cunt with all of your cum and it overflows! I

love it! I love it! I'm coming, too, Scotty! We're coming together!"

More and more juice was released from the girl's pussy. Her orgasm continued as the dog kept shooting his thick, white cum up her pussy hole. Scotty howled and barked and yelped as he and his mistress came together. He could feel her pussymeat dancing spasmodically all over his thrusting prick. The sweet sensation seemed only to increase the cum-load he was pouring into her.

"Whew! You two are really something else!" Biff exclaimed as he watched his sister and the family pet orgasming together, both of their bodies shaking and trembling.

Finally, Scotty's orgasm ended. He fell, exhausted, on top of the still-coming youngster. Gail reached up and out with both arms, hugging her furry lover to her. She could feel her sensitive nipples throbbing against his furry chest. She could feel his prick going soft inside her. She could feel his panting breath warm against her neck and face. She could feel his dog-drool splashing onto her from the tip of his tongue. And she could feel his body trembling in her embrace.

Gail knew that her own body was trembling, too, and that the dog must feel it. Her pussy was twitching with orgasm against his cock. Her thighs were running with streams of cum and pussy juice. Scotty lowered his head to look down at her. Gail raised her own head, sticking her tongue out to lick his.

"You're still horny, aren't you, cunt?" Biff asked with a knowing grin. "Even after fucking the shit out of that poor dog and making him shoot all that cum inside you, you're still horny!"

"Sure," Gail said impishly, eyeing her brother's cock, which was rock hard once again. "I'm always horny. Ready to fuck me now, Biff?"

CHAPTER NINE

"It's my turn now, Gail, and I'm gonna fuck the holy shit out of that hungry little pussy of yours!" Biff growled as Scotty slipped his soft cock from the girl's pussy and lay down on his side, still panting hard.

"Oooh, hurry, Biff! I have to feel another cock inside my pussy again right away!" Gail whimpered.

Biff moved between his sister's legs. He could see her little clit stiffly protruding from its protective pink sheath.

Gail writhed on the bed, impatient to feel the boy's big cock penetrating her cunt deeply. She knew that nothing in the world could equal the thrill of being fucked by her own dog. But his cock was soft now. And, while she waited for it to harden again, Biff's prick would do just fine.

She watched breathlessly as Biff squatted down on his strong haunches.

"Okay, baby, you wanna get fucked? I'll fuck you, all right!" he growled.

"Ohhhh, yesss, Biff, fuck me!" Gail cried—but now her eyes were on Scotty, who was returning her intense gaze.

Biff chuckled and stroked his sister's bursting tits.

"I changed my mind, Sis. You're acting so much like a bitch in heat that I think I'd better fuck you

that way. Get up on your hands and knees!" Biff commanded.

"Okay!" Gail cried eagerly as she quickly scrambled to her hands and knees, lewdly waving her ass in the air.

It delighted her to think that Scotty had fucked her in the human position and that her brother was now going to fuck her like a dog. The only thing she didn't like about her all-fours position was that she could no longer see Scotty.

"Over here, boy," she called out, turning her head to look at the dog over one shoulder. Scotty gave a little bark and sprang up, moving around in front of his mistress.

"Good boy," Gail said with a smile as Scotty's tongue lapped out to lick her face.

"Shit, you and that fucking dog," Biff growled. But he knew that there was absolutely nothing he could do about the bond between his sister and the dog.

As Gail waited for her brother to fuck her, she stuck her own tongue out, flicking over the animal's furry face, concentrating on his lips and tongue. She could feel hot blood pounding into her tits and her pussy. Her nipples were stiff and swollen. More and more cunt sauce poured from her cunt, trickling on down her quivering thighs.

Suddenly, Scotty hunched down and began to rub his cock against the bedclothes to relieve the ache in his balls.

"Ooooooh, Scotty, you've been holding out on me!" Gail cried excitedly. "Your cock's all hard again!"

"Shit!" Biff cursed again. "That damn dog is just gonna hafta wait! It's my turn to fuck you now!"

Gail laughed softly. The young girl knew that there was more than one way for her to take care of her dog's hard-on. She could see Scotty's lust-reddened dog-cock sliding out of its furry sheath. She could smell the heady aroma of his pre-cum as it dribbled from his twitching cum slit.

"Ohhhhh, Scotty," she moaned in a low tone of voice so that her brother could not hear her. Then, she raised her voice. "Hurry, Biff, fuck me now!"

Biff slapped his sister's ass hard several times, leaving his red handprints on her lily-white flesh. He grinned and pushed the throbbing head of his prick into the hairy mouth of Gail cunt. He surged forward, stabbing the first few inches of his cock into her.

"Yessss!" Gail hissed.

Biff groaned with pleasure, loving the feel of his sister's hotly squeezing pussy around his pulsating prick.

"Fuck meeee!" Gail wailed as she began to grind her hips in a lewd fucking motion. She thrust her firm little ass back against her brother's penetrating prick.

Scotty whined, watching his mistress' lust-contorted face. He continued to drag his aching prick against the bedclothes, pausing now and then to rise and lick Gail's face and tits.

"Ohhhhh, Scotty," Gail groaned, feeling the animal's rough tongue scraping deliciously over her tender nipples.

Biff thrust forward, unaware of the sexual play going on between his sister and the dog. He fucked his entire cock into the greased channel of Gail's tight cunt. He felt her strong cunt muscles grabbing at his cock and holding onto it as if they would never release it.

Again and again, Biff fucked his bursting prick in and out of his sister's wet pussy. Gail heard the noisy squashing sounds as her brother's prick rhythmically plowed through her juices. She groaned with excitement.

The next time she felt Scotty's tongue on her face, she opened her mouth and waited. When his tongue touched her lips, she captured it with her lips, sucking it into her mouth.

Scotty whined with delight, his body quivering, his cock growing bigger and harder.

Gail continued to suck on her dog's tongue while her brother dog-fucked her. She licked the tip of the animal's tongue with her own tongue, delighted by the sounds of pleasure Scotty was making.

She knew that Biff was so intent on fucking her from behind that he was unaware of what was going on between her and Scotty. The younger girl thought that was just as well.

She released Scotty's tongue and he licked down her face to her tits. She felt the rough dog-tongue playing over her aching nipples and her cunt tightened even more around Biff's prick.

Again and again, Biff fucked into his sister, not realizing that a good deal of the girl's pleasure was caused by Scotty's tongue.

While her dog licked her nipples raw, Gail moaned and humped back against her brother as hard and fast as she could. She and Biff and Scotty were all beside themselves with lust, all of them concentrating on the orgasms they needed so badly.

"Yessss, fuck meeee!" Gail shrieked, looking directly into Scotty's eyes as if he were the one fucking her instead of her brother.

Her hot cunt juices bubbled around Biff's throbbing cock as the young girl came. She felt Scotty's rough tongue licking over the very tip of one of her nipples, and she shuddered. At that moment, she knew that she could not honestly say which was giving her more pleasure, which was causing her orgasm: Scotty's tongue or Biff's prick.

"Atta girl, come!" Biff yelled, feeling his sister's pussy spasming violently against his deeply embedded cock.

Scotty barked and moved his tongue to his mistress' other tit. As he licked the hypersensitive nipple, he felt his cock growing thicker and aching all the more.

Gail's cunt walls gripped around the shaft of Biff's prick as she came. Biff felt his balls tightening up against his crotch.

"Shiiiiit, baby, I'm gonna come, too!" he hollered, continuing to slam his jerking prick into her pussy. "Yeah, yeah, Gail, I'm gonna fill your cunt with my cum! Commmmiiiiinnngg!"

White-hot jism squirted from Biff's twitching cum slit. Over and over, hot cock cream gushed from the bloated cock-knob, completely filling Gail's cunt with the foamy liquid. Grunting hard, Biff continued to dog-fuck his sister until all of the cum had been drained from his balls.

As she felt her brother's cock slipping out of her pussy, Gail's knees buckled and she collapsed forward, lying face down on the bed. She heard Scotty whimpering and she raised the upper part of her body.

"Whatsa matter, boy? You still got that big hard-on?" Gail asked, licking her lips hungrily.

Just as Gail decided that she would suck the dog's cock until he came in her mouth, Scotty surprised her by moving around behind her. The animal went between her legs, his cold nose prodding against her drooling cuntlips.

"He wants to fuck you again, Gail," Biff said, half-disgustedly and half-excitedly.

He lay down on one side next to his sister, propping his head up on one arm while he began to play with his prick with his other hand. He was facing Gail and Scotty, eager to see what was going to happen next between the insatiable lovers.

Gail eagerly rose to her hands and knees again, quivering in anticipation at the idea of feeling Scotty's hard dog-cock inside her pussy again. And she was glad that the animal was going to fuck her dog-style. Gail was feeling so totally depraved, so wanton, that she wanted to be Scotty's little bitch in heat. If he fucked her from behind, she could feel more like a dog herself, and she thrilled to that feeling.

Scotty leaped up onto his mistress' back and fucked his entire prick into her pussy with one strong movement.

"Yesss, Scotty, fuck me like a dog!" Gail cried.

She tightened her pussy muscles around the animal's prick and began to move back against him. Back and forth, the youngster shoved her ass, forcing her cunt to draw in and out as it sucked tightly around her dog's prick. Her clit stiffened more and more, rubbing against the Irish terrier's hard cock.

Scotty barked excitedly, feeling the strong pull of his mistress' cunt on his deeply-fucking cock. Again and again, he reamed her pussy with his hard prick, fucking faster and harder with each strong thrust.

"Harder, Scotty, let's fuck harder!" Gail screamed, beginning to sob with pleasure and desire.

Next to her, Biff continued to jack his prick, his eyes wide as he watched the long, thick dog-cock fucking into his little sister's juicy pussy.

Gail panted through her flared nostrils and concentrated on the frantic rhythm of Scotty's wild fucking movements. She gasped with joy each time she felt his big cock slicing all the way into her, fucking balls-deep inside her hungry pussy.

"Commmiiiiinnnggg, Scotty!" she yelled only moments later. "Oh, Scotty, I'm coming!"

Her entire body flushed a deep red. She pounded her ass back hard against her dog's prick just as hard and fast as she could as she came.

"Fuck me, Scotty! Fuck meeee! I'm coming so hard!"

Her thick girl-cum flooded around Scotty's throbbing prick as she came for a full minute. She

moaned and groaned, her pussy muscles squeezing the animal's cock harder than ever.

Suddenly, Scotty threw his head up into the air and gave an eerie, high-pitched howl.

"Damn bastard's gonna come," Biff muttered, still jerking himself off.

He was right. Gail's sobs turned to cries of joy as she felt her pet's cum blasting into her orgasming pussy.

Scotty gave one final fuck-thrust into his mistress' cunt and held his prick there, hosing her cunt walls thoroughly with his rich cum.

"Good, good, Scotty! You're coming inside me really hard now, lover! It feels great!" Gail gurgled, beside herself with excitement and pleasure.

More and more dog-cum jetted into the youngster's pussy until it finally backed up and began to run out of her. The thick dog-cum mingled with her own girl-cum, and the lewd mixture ran down her thighs, pooling onto the bedclothes below.

"Jesus, what a sight," Biff said, shaking his head.

His own hard-on throbbed in his hand and he knew that he was going to come in a matter of minutes, too.

Finally, Gail's orgasm ended. She knew that her dog had shot his cum-load into her. There was no more cum left in his balls. With a sad little sigh, she fell forward, resting her weight on her shoulders. Her ass was still poised high in the air, her dog's prick still inside her twitching pussy. Her naked flesh was soaked with sweat and her mouth was curved into a smile of satisfaction.

Biff handled his rock-hard cock in both hands now. He stared at his sexy sister with a slack jaw, and drool oozed from the corners of his mouth.

Scotty gave a little whine as he pulled his cock out of his mistress' dripping pussy. He moved around in front of the young girl and flopped down on his back, his furry paws pawing at the air, and his tail wagging furiously.

"Oh, Scotty, your cock's still hard!" Gail cried excitedly.

She reached out and stroked the dog's furry belly, moving her hand toward his upright prick.

"God, doesn't he ever quit?" Biff muttered. But he grinned as he moved behind his sister, his eyes on her wriggling ass and cum-soaked cunt.

Gail moaned a little as she grasped her dog's cock and rubbed it hard.

Scotty panted hard and whined with pleasure.

The animal's stiff prick was jutting straight up in the air, only an inch or so from Gail's parted lips.

Biff knelt between his little sister's thighs. His own stiff cock poked lewdly between her legs.

Gail groaned as she felt her brother's spongy cockhead banging up against her pussy.

"You want me to fuck you, Sis?" Biff asked hoarsely.

"God, yes, fuck me hard! I'll take care of Scotty's cock while you take care of my pussy, Biff!" Gail chirped.

She arched her back more and the wet slit of her little pussy rose higher. Biff aimed his big prick against her cunt. As she humped her ass back against his crotch, he suddenly lunged forward. With one hard thrust, Biff fucked his entire pulsating prick into the hot juiciness of Gail's tight cunt.

"Argh, yeah, Biff, yeah! Your hard cock feels soooo good inside me!" Gail cried. She eagerly humped back against him, her asscheeks wriggling.

As she fucked with her brother, Gail lowered her head toward Scotty's prick. She felt the dog's cockhead against her lips and she moaned with heady anticipation. She opened her lips wide and sucked the flared cocktip into her mouth. She licked up the delicious pre-cum, murmuring little love words to her pet.

Scotty yelped with excitement, his body shuddering as his mistress sucked on his prick.

Gail ran her hot, wet mouth over the dog's entire cockshaft while he twisted about on the floor. She sucked his cock into her mouth as far as possible, nibbling on the sides of the pulsating prickmeat.

Meanwhile, Biff fucked his cock in and out of his sister's cunt, rubbing it hard against her clit with each inward stroke.

"Ohhhh, Biff, keep fucking me hard like that! God, but it feels great!" the young girl cried, popping the dog-cock out of her mouth just long enough to yell out her pleasure.

Scotty whimpered impatiently, looking up at his mistress with wide, pleading eyes.

"Ohhhh, Scotty, I'm so sorry! I didn't mean to stop sucking your cock," Gail whined. And she immediately lowered her head again, sucking the dog-cock back into her mouth.

Biff dug his fingers in the silkiness of his sister's ass. He shoved his hard cock wildly into her wide-open pussy. Over and over, he savagely fucked his long, thick prick deeply into the tight grip of his sister's wet pussy.

Gail clenched and unclenched her tight cunt muscles, making her brother groan with lust as he continued to ram her fuck-hole with his huge cock.

Gail was sucking more and more of her dog's cock down her throat. Scotty raised his head and licked every part of the young girl which he could reach with his long, pink tongue. Gail shivered with delight, feeling the animal's rough taster running over her naked flesh.

Gail felt Scotty's dog-cock strike the back of her throat, and she eagerly began to deep-throat him. She swallowed hard, feeling his satiny cockhead slide easily down her throat. She sucked and sucked some more, swallowing hard. She was forcing more and more of the delicious dog-cock down her throat. Already, she was looking forward to the feel of his cum filling her mouth and shooting down into her belly.

After the girl had swallowed so much of Scotty's prick that her nose was pressing about his loaded balls and her lips were brushing his prick sheath, she began to tense and then relax her throat muscles, giving the dog the best blow-job possible.

Scotty yipped and panted raggedly. His mouth was hanging open and his dog-drool was spilling from

it, matting his fur and wetting Gail's skin where he continued to lick her from time to time.

As Gail continued to suck hard on her dog's cock, deep-throating him, Scotty raised the upper part of his body as much as he could, managing to reach the girl's tits. Gail felt his tongue licking at her nipples, and she shivered. Those tongue-licks seemed to increase in intensity with each jolt of bestial pleasure Gail gave his dog-cock with her tightening throat.

She winced with pleasure as her pet continued to lick her nipples. She kept clenching and unclenching her throat muscles around the Irish terrier's stiff prick. At the same time, she tightened and loosened her cunt muscles around her brother's big cock.

Biff's prick twitched and jerked and he knew that he was about to come. He could feel his sister's demanding cunt muscles working on his savagely pumping prickshaft, trying to milk the cum from his balls.

Over and over, the young boy fucked his cock deeply into her tight, squeezing pussy hole. He could hear the wet, slurping sounds Gail was making as she sucked hard on Scotty's prick.

Biff groaned with excitement at the idea that his little sister was sucking a dog off while he fucked her dog-style.

"Suck that bastard's cock, Gail," he suddenly yelled. "I'm coming, you dog-slut!"

The hot cum exploded from his prick, shooting in a thick gusher up Gail's twitching pussy hole. Biff continued to hump his ass, grinding his cock into the youngster as wad after wad of his hot jism filled her pussy.

He dug his fingers painfully into Gail's firm ass, feeling the last of his cum spurting from his jerking prick. Finally, his cock went limp and he pulled out of her with a wet, obscene sound.

Feeling her brother's jism filling her little pussy thrilled Gail beyond belief, and she began to come. She tightened her mouth and throat even more around Scotty's cock, and the dog yelped in surprise and pleasure.

Gail gurgled around the stiff prick in her mouth as she came hard. She felt weak with lust and ecstasy as gigantic shock waves of climax washed over her, leaving her whole body trembling like a leaf.

Suddenly, she felt Scotty's dog-cock jerk violently against the walls of her throat. She groaned with excitement, knowing that she was about to receive a huge load of dog-cum in her mouth. She could hardly wait, she was so excited.

She continued to work her strong throat muscles around Scotty's bucking prick. Even though Biff's cock had felt good in her pussy and had made her come, Gail was glad that it was no longer inside her. Now, she could turn her full attention to her dog who was, after all, her most favorite lover in the whole world.

Scotty's body lurched up from the floor, then crashed back down. His eyes glazed over and he let out a series of long, wailing howls as he prepared to come.

Just then, a thick, hot gusher of dog-jism shot from his large cock-knob and splashed directly into Gail's throat. It was immediately followed by another spurt of cum, and then another. Glob after glob of the thick, creamy goo was propelled violently from the dog's cock and slid down Gail's clenching

throat.

"Way to go, Sis!" Biff cheered from the sidelines. He reached beneath his little sister's chest and stroked her tits while the young girl continued to swallow her pet's dog-jism.

Gail felt her own juices pouring out of her pussy and running down her legs. She knew that her bedclothes would be stained with cum and pussy juice by the end of this torrid three-way fuck, but she didn't care. In fact, that knowledge only turned her on more, and she swallowed Scotty's cum even more greedily.

Gail came again as she drank the last of her dog's jism. She slipped Scotty's softening prick out of her mouth and fell over onto her back, grinning with satisfaction.

"That was fantastic!" she said, her eyes on Scotty.

The dog lay next to her, putting his furry head across one thigh. She reached out and stroked his head, almost forgetting that her brother was there.

"You little slut!" Biff growled.

But then he laughed and Gail joined in, the sounds of their mutual merriment mingling with Scotty's excited barks.

## CHAPTER TEN

All the rest of that Saturday, Gail fucked and sucked her brother and her dog. Late that night, the three lovers collapsed in a tangled, exhausted heap on Gail's bed and slept soundly until the next morning.

While Scotty waited impatiently at home, Gail and Biff attended church services. They both had a difficult time concentrating on the minister's sermon, but when he began to preach against the evils of the flesh, they sat up and took notice. Gail and her brother exchanged excited glances as they heard the preacher drone on and on about carnal sins and depraved acts. His sermon aroused both of the teenagers until finally Gail moved her hand over to her brother's lap. Under cover of his hymnal, she began to squeeze his growing hard-on through his pants.

By the time the services ended, Gail and Biff were the first ones out of the church, anxious to get home and start some serious fucking.

"Well, well, Gail and Biff," the minister said, meeting them at the door where he always stood to greet his departing parishioners. "It's so refreshing to see two wholesome teenagers like yourselves attending church services. And I hope you enjoyed my sermon this morning."

"Oh, yeah, I'll say!" Gail giggled, rolling her eyes up at her brother. "We got a lot out of it!"

She heard a startled gasp next to her and she looked to see old Mrs. Wynant staring wide-eyed at Biff's hard-on, which was making the front of his pants tent out obscenely. Gail giggled again and grabbed her brother's hand, both of them dashing away.

The youngsters entered their house a few minutes later, still laughing over the incident at church. They were greeted by Scotty, who barked loudly and wagged his tail in greeting.

"God, am I ever horny!" Gail cried, reaching down to pat her dog on his head.

"Me, too! That preacher's sermon was turn-on today!" Biff said, already undressing right there in the living room.

"Oh, great idea," Gail said, watching her brother. And she quickly stripped off her own clothes.

Scotty watched the brother and sister excitedly, his body beginning to tremble, and his prick beginning to harden.

Gail plopped herself down on the living room floor, her eyes moving back and forth from her brother's hard cock to Scotty's prick, which was growing thicker by the second.

The young girl began to make low, animalistic sounds. Scotty moved to her side and lay down next to her. Biff moved to Gail's other side and sat down, looking at her expectantly. With one hand, Gail began to rub Biff's thick cock. She watched the deep slit in its throbbing head as a single drop of pre-cum oozed out. She smoothed the pearly drop across the smooth prickhead while the boy groaned thickly.

"Unnnhh, yeah, Gail, honey, that's it! Rub my cock hard! It's such a turn-on, the way you handle my prick!" Biff grunted.

Her brother's obscene words aroused the teenaged girl even more. With her other hand, she reached out and clasped it around Scotty's pulsating prick. She began to rub that hard cockmeat as she continued to jerk off Biff's enormous cock.

Scotty whined and whimpered with pleasure as he felt his dog-cock growing bigger and harder in his mistress' gripping hand.

With a lewd grin, the excited young girl moved her fists up and down both of the throbbing pricks. She stroked them from their meaty bases up the thick stalks to their broad heads and then back down again.

"You sexy little slut!" Biff growled as his cock sputtered out a thick bubble of pre-cum. "Watching you jerk off that dog... while you jerk me off... what a turn-on!" he panted.

Having both her dog's and her brother's cocks in her hands while she sat naked between them was a real thrill for the little girl. She felt her little pussy drooling out a steady stream of juice. And she could feel her clit stiffly sliding out of its protective sheath.

"Urgh, I'm sooo horny," she purred, glancing first at Scotty's throbbing cock, then at Biff's, while she continued to jerk them both off.

Biff groaned with excitement and thrust his muscular ass up from the floor, shoving more of his prickmeat into his sister's fisted hand.

Scotty shuddered with pleasure and gazed up at his mistress with adoring eyes.

Scotty's prick had risen to full erection under the girl's skillful hand. He growled with lust as she stroked his prick up and down, over and over again. She moved her fist harder and faster with each eager stroke. The red dog-cock was throbbing and more than ready to fuck.

Biff's cock was pounding. It was an angry-looking purplish color. His cock strained hard as it pulsed

violently against the palm of Gail's hand. She could feel the big throbbing veins running up and down the full length of both of the meaty pricks in her hands.

"God, Sis, I don't think I can take this much longer without coming," Biff groaned a few seconds later.

Scotty barked, as if agreeing.

"Okay, it's time," Gail said thickly, pulling up on the two cocks as hard as she could.

"Time for what?" Biff asked huskily.

"What do you think?" Gail asked breathlessly, her tits bouncing about as she jiggled in excitement. "I want you both to fuck me now!"

"Wait a minute, Sis," Biff laughed. "Did I hear you right? Are you telling me that you want me and that dog to fuck you... both at the same time?"

"That's what I'm telling you, all right!" Gail said with a little girlish giggle.

Biff grinned and stroked the insides of his sister's silken thighs. Then he slipped his hand beneath the girl's ass and gave it a hard squeeze.

"Oh!" Gail gasped, and then she laughed again.

She looked over toward Scotty and saw that the dog's cock was harder and bigger than ever. At the same time she felt her tight asshole puckering with desire. And she knew that she needed to feel both Scotty's dog-cock and Biff's boy-cock inside her-one in her cunt and one in her asshole.

"Why don't you suck on my cock a little while first, Sis?" Biff asked thickly. He fisted the base of his big prick and squeezed it.

"Mmmmm, good idea, then you can stick it inside me!" Gail gurgled.

And with that, she bent low and licked the head of her big brother's prick.

Scotty whined with lust as he watched his mistress licking the boy's cock. Gail heard him and she reached out blindly with one hand, grasping the dog-prick and rubbing it up and down. Now she had the meaty dog-cock in her hand and the boy-cock against her tongue. She sighed happily, knowing it would feel even better when she had both of those gorgeous cocks deep inside her pussy and her ass.

She stroked her dog's prick slowly, not wanting to make him come just yet, but just wanting to give him pleasure. From the way the furry beast was snorting and whimpering, she knew that she was succeeding in doing just that.

Now, Gail went down on her brother's cock. She had to angle her head and neck just so to take the cock all the way down to its base. But she was determined to slick up the huge rod of cockmeat with her saliva to lubricate it for one of her little fuck-holes.

She drooled a mouthful of warm saliva over the boy's prick. Then she pulled back and looked down to admire her handiwork. Her brother's cock glistened with a layer of saliva mingled with pre-cum. Again, Gail sucked his cock into her mouth, and she sucked it hard. At the same time, she continued to stroke Scotty's dog-cock while the Irish terrier trembled all over with animalistic lust.

Gail licked up and down the full length of the twitching cock in her mouth, paying particular attention to the lust-bloated cockhead. She lubed it up with her saliva.

Her clit was pounding with blood and her thick juices were pouring out of her cunt hole fast and furiously. Her cuntlips were splayed out, swollen and juiced up for fucking. Her nipples ached painfully, harder than she had thought possible.

"It's time," she panted, slipping her mouth off of Biff's throbbing cock. "You fuck my ass! Scotty can fuck my pussy!"

She didn't tell her brother that although she was dying to feel both of her holes plugged with hard cockmeat, it was her little pussy that was crying out for cock the most. And Gail wanted her favorite cock in that tight cunt hole... Scotty's dog-cock.

With Biff's help, Gail managed to maneuver Scotty into position so that he could fuck the girl's pussy while she lay on her side.

Using both hands, Gail spread her pussylips wide and watched hornily as Biff helped Scotty to steer his prickhead into her moist pussy slit. The impact of that pulsating dog-prick into her pussy made the teenager's head spin with bestial excitement.

"Oh, God, yessss, Scotty, fuck my pussy!" she cried.

Scotty caught on quickly. As soon as Biff released him, he gave a strong thrust forward with his haunches, fucking his entire prick into his mistress' cunt.

Gail's little pussy felt completely stuffed with cockmeat. She could feel the dog-cock swelling and throbbing inside her tightly gripping cunt hole.

She rode his prick back and forth a few times, deliberately thrusting her tight little ass in front of her brother, who had moved behind the young girl.

Now that her dog's cock was deeply embedded inside her pussy, Gail was free to use both hands to spread her asscheeks wide apart for Biff. She groaned, feeling Scotty's dog-prick fucking in and out of her snug pussy hole with an easy rhythm which really turned her on.

She exposed her little pink asshole to her brother, who half-lay, half-crouched behind her, hardly able to wait to sink his whole cock into her tight shitter.

"You sexy little dog-slut! You really want me to plug your asshole with my big cock while that dog fucks your pussy, don't you?" Biff growled.

"Yessss, do it!" Gail hissed between clenched teeth.

Biff grinned. He took hold of her asscheeks with both hands and dug into them with his hard fingers. His prick was throbbing violently and his balls ached with desire. He grabbed two big handfuls of Gail's ass flesh and spread the two cheeks wide apart. The little winking eye of her asshole made the young boy drool with barely restrained lust. His piss slit oozed out more pre-cum.

With a low growl, the boy aimed his huge cock down into the smooth valley between Gail's asscheeks, toward her asshole. He gripped his cock at the base and thrust it hard against the tiny resisting hole.

"Harder! Don't give up! You can get it in!" Gail cried desperately, thrusting her ass back and forth to keep time with Scotty's fucking movements.

Scotty heard the lust in his mistress' voice and he whimpered with excitement. He felt her pussy clutching greedily at his cock and he barked, his furry balls churning with their big load of dog-cum.

After a few hard stabs, Biff managed to sink the swollen head of his cock into his little sister's asshole. Her strong ass muscles immediately closed around his hard cock, locking him in place.

Biff grabbed Gail by her waist with one hand and gripped the base of his prick with his free hand. Gail groaned as she tilted her ass up toward her brother's cock, taking Scotty's cock along with her.

She moaned as she felt the big cock shoving up inside her ass. And she purred with pleasure as her dog continued to fuck his own prick in and out of the hot confines of her clutching pussy.

Gail felt a tingling ecstasy all through her body at the joy of having both her shit hole and her pussy hole so thoroughly impaled on the two hard cocks. Thrilling sensations radiated out from her two fuck-holes, making every one of her nerve endings burn and throb with desire and pleasure.

"Ahhhhh, yes, fuck me, fuck me, fuck me!" she chanted, thinking that there was nothing more exciting than having two big cocks inside her at the same time, especially if one of those cocks belonged to her dear doggy.

Scotty and Biff were both fucking the teenager hard. Back and forth they moved, sending their whole pricks into her while she moaned and thrust back against them.

Gail's strong ass muscles clutched Biff's cockmeat in a wet stranglehold, making the boy's mind spin with dizzying excitement. At the same time, she gripped Scotty's pistoning prick with her clasping pussy muscles, and the dog barked in response.

Gail was glad that she was facing her dog. She loved the feel of her brother's cock up her ass. But it was Scotty she wanted to see as they fucked. The dog's eyes were fixed intently on Gail's and she returned his gaze, feeling as if they were becoming one as they fucked on and on.

As before, Biff's cock up her ass was merely a way to turn the young girl on even more, a way to enhance the sexual act she was sharing with her dog. But it was the Irish terrier who was Gail's real lover, and she knew that was the way it would always be for her.

Scotty's furry body shuddered powerfully as he continued to fuck his hard cock in and out of his mistress' cunt hole, which grabbed and massaged the hard prickmeat.

"Ohhhhhh, God, yesss, I love it! Both of you... your cocks are so big and hard! And you're both fucking me so good with them! Keep it up! Keep fucking meee!" Gail wailed, tears of pleasure filling her eyes.

Biff chuckled with delight, beginning to ass-fuck his sister even harder with long, deep cock-strokes.

Scotty howled as he continued to fuck the full length of his bloated dog-prick in and out of his mistress' tight cunt hole.

"Yeah, yeah, you two, keep it up, keep it up! I want all of us to come at the same time," Gail moaned.

Biff gripped his sister tighter about her waist and fucked his prick even deeper into her asshole. He

and Scotty were both fucking the little girl harder and faster now, fucking their cocks in and out of her with deeper plunges on each stroke.

"Yes! Yes! Fuck me! Harder! Faster! Deeper! Ohhhh, you two big-cocked bastards are making me feel sooo fuckin' good!" Gail screeched, throwing herself back and forth between the two impaling pricks.

She thrust her hips out and forward, taking Scotty's dog-cock up in her pussy to the balls. Then she rammed her hips back and sucked up the full length of her brother's massive prick up her ass. Again and again, she moaned with pleasure. She was thrilled by the lewdly satisfying sensation of having both of her fuck-holes so thoroughly stuffed with hot, hard cockmeat. It made her feel good and warm and loved and very, very sexy.

The fully aroused girl tossed her head from side to side, her long hair flying sexily about her shoulders. She clenched her teeth tightly and groaned continuously now. She had never been fucked this deliciously before.

She moved her hips around in lust-crazed circles, catching the full force of Biff's big cock up her shuddering asshole and then the full impact of Scotty's dog-cock up her twitching cunt.

She could feel more and more juice running out from her cunt walls, thoroughly soaking the animal's hard prick before dribbling down into her asscrack, where it coated Biff's pistoning prick.

She worked Biff's cock deeper and deeper inside her ass, clutching at it wildly with her ass muscles. At the same time, she rode Scotty's cock until she felt its spongy head smacking up flush against the very back wall of her pussy.

Her dog and her brother were both fucking the holy shit out of her now. Gail loved it. She savored each bone-jarring impact as their pricks surged into her fucked-out holes. She wanted them to fuck her brains out. The harder and deeper and faster they fucked their pricks into her, the more the young girl liked it. And the closer she got to coming.

"God, Sis," Biff growled moments later as his prick jerked convulsively against the tight walls of her ass.

He knew that he was about to come. He crammed his huge prick into her ass even harder and deeper than before, then yanked it free. Again, he shoved his prick into her with hard, brutal fuck-strokes.

"Yeah, yeah, come, Biff!" Gail urged, realizing that her brother was about to release his load inside her. "I wanna feel your cum up my ass!"

"Yeah... soon... real soon," Biff panted.

Scotty continued to fuck his mistress' pussy with long, sure strokes, about to come, himself. He kept his eyes fixed on Gail's flushed face, watching the play of pleasure-filled emotions there.

Gail again urged her brother to come. But this time, she used a different method. She squeezed his cock harder than she had even thought possible with her flexing ass muscles, draining the spunk right out of him.

"Commmiiiiinnnggg!" the boy cried, throwing his head back and groaning with relief.

He shot his cum-load into his sister's ass, holding his prick still inside her. He felt her grinding her hips back into his and he shot more and more cum into her ass until the thick goo began to dribble out, running lewdly down her legs.

"Whew! All fucked out!" Biff grunted.

He tried to pull his drained cock out of his sister's asshole but she was gripping it so tightly that he couldn't.

"Hey, Sis! Let go!" he hollered.

Gail just giggled and continued to squeeze her brother's cock as hard as she could with her ass muscles.

Biff reached out and slapped her hard across her ass, making her entire body jiggle and bounce with the impact.

"Yeooowww!" Gail cried, involuntarily relaxing her ass muscles.

Biff easily slid his prick out of her ass and lay back on the floor, watching his sister as she continued to take the dog's cock deep inside her pussy.

"Now, it's just you and me, Scotty," Gail murmured, looking directly into the animal's glazed eyes. "And it's your turn to shoot. C'mon, boy, I'm ready to come and I want to come with you! Let go, Scotty! Gimme all your cum!"

Scotty moved his head forward and licked his mistress' tits. He went wild, fucking his cock in and out of her clenching pussy.

"Commmiiinnnggg!" Gail wailed, throwing her head back and feeling her whole body tensing with pleasure and relief.

Just then, she felt Scotty's cock exploding inside her, and she trembled with excitement. She reached out and clutched at the animal, which continued to fuck her while they came together.

The orgasming girl threw her lower body forward and back, fucking her little cunt on the dog's pistoning prick just as hard and fast as she possibly could.

"Yes! Yes! Come! Come inside me!" she cried, feeling waves of bestial pleasure cascading through her cunt.

Her pleasure spiraled upwards as she felt the dog's cum flooding her pussy. She was delirious with joy. She felt as if she could never possibly get enough of Scotty's dog-jism inside her.

Scotty howled and barked as he came. His eyes were red. His nostrils were flared. He was panting noisily.

"Yieeeee!" Gail screamed as her orgasm peaked.

She loved the thrilling sensation of having both her pussy and her asshole filled to the brim with hot, thick cum. And she was delighted that Scotty was able to continue to fuck her as he came inside her pussy.

The dog howled again as he felt his mistress' pussy spasming and snapping around his cock. Her

hungrily climaxing cunt was eating his cock alive, and he thrilled to the delicious sensation.

"I'm still coming!" Gail shrieked as her orgasm continued to blast through her body. "God, but it's good!"

She felt the thick cum spilling out from her asshole and her cock-stuffed pussy. The creamy stuff dribbled down her legs and splashed onto the floor where it bubbled on top of the carpet.

"Keep fucking me, Scotty! Fuck my brains out!" she wailed.

Scotty looked at his mistress with a dazed expression and continued to fuck her as they came together.

Gail sighed. She knew that she would never again try to win her parents' love. She knew that not only would that be impossible, but that she no longer needed them. She now had the love of her brother... and of her dear, dear Scotty. That was all she needed to be truly happy.

*The End*
