

READBEAST BEASTIALITY STORIES

Selena took in the familiar smell of home as she closed the front door behind her. Taking off her shoes she walked in, excited for a weekend of lazing around. She had an exhausting day at school, but it was finally Friday and she had gotten no homework. The sun painted the living room in soft oranges, filtering through the blinds, as she walked in. She ran a hand through her thick, almost-black brown hair, making sure her pony tail was properly done. Selena called out to her mom, letting her know she got home but got no reply. Noticing a note on the table, folded neatly, she picked it up and read it. "Went out, will be late, made enough for brkfst tmrw". Dark thrill ran through Selena as she grinned; her mum usually got as late as she said she would get and sometimes even later, which means she had the house for herself until tomorrow.

Selena couldn't wait, she hurried to kitchen, heated up a meal for herself and scarfed it down. Washing her hands and chucking the dishes into the washer, she rushed to the hall, bursting with impatience and trepidation. She switched the tv on, as she flopped on the couch with an oomph. Raw excitement flooded through her as she spread her legs, hiking up her skirt, and dropped a hand to her crotch. She kneaded softly, as smoky arousal filled her head, quickly flicking through the screen for porn. Her pink panties sported a growing wet splotch, the fabric pulling as she masturbated. Growing impatient, she switched the Tv off, sliding her hand into her panties. She dug into her cunt, sharp thrill lighting up her groin as her fingers worked her sex. In her lewd excitement, depraved fantasies filled her mind, as she groped her breast. Her top crumpled, with her sensitive areola tingling consciously in her bra. Panting loudly, Selena stirred her pussy, enjoying the bliss thrumming through her clit. The pit of arousal in her gut made her vagina ache as she shifted her hips, spreading her legs and curling inwards, her furious masturbation intensifying as she reached down.

The lewd position aroused her as her pussy slowly tightened up, her fingers sticky. Her mind played nasty taboos, perverted lust clouding up her head. The pleasure in Selena's sex slowly started to peak, fed by her steady jilling piling on higher and higher. Just about to orgasm, a single immoral, obscene thought crossed her mind, stopping her. Her fuck-hole, ready to gush, squirted out syrup onto her panties. She grinned to herself mischievously, thick pink titillation coursing through her inner thighs. Getting off the couch, she strode up the stairs, her curvy hips swinging as she walked down the large corridor. More breathless excitement fluttered through her, her mons thrumming keenly at what's to come. Eagerly throwing off her top, her sizable cleavage bounced in her bra as she stalked into the room.

Rex's ears perked up as Selena walked in. He dropped the bone he was gnawing on and rose to greet Selena, tail wagging energetically. They had adopted Rex from an animal shelter as a puppy just as he had gotten there, and now the dusty tan mongrel stood well above Selena's belly button. He woofed happily as Selena patted his head with one hand, flicking the soft tips of his ear. Selena squatted down, dragging her hand along his furry side, reached under. Selena's hole pulsed with passion, excited about what's to come as her fingers sunk into the white downy fur on his underbelly. She moved her hand towards his sheath, it jiggling as Rex shifted his body. Smoky tendrils of arousal wrapped her body as she grasped it, Rex rumbling at the sudden sensation. Her fingers teased the sheath, rubbing the opening of the furry protrusion and kneading it. She cupped his large full looking scrotum with her other hand, warm in her soft palm.

Selena watched with a smutty gleam in her eyes as the pink dog cock slid out of the sheath. A lecherous craving lit up her hole, her inner walls contracting hungrily. Spidery red capillaries lined Rex's lengthening shaft. The bulbous knot slipped out, obscene and fleshy. The impressively long phallus hung indecently. Selena slowly grasped the shaft, letting the warmth and smell seep into her palm. Her head filled with debauched elation she slowly moved her hand, picking up speed until she

was pumping the full length of Rex's cock with her pretty hands. She reveled in the length and girth of the mongrel penis in her palm, as she slipped a hand to her crotch, spreading her legs slightly. The thrumming in her clit grew as gooey doggy precum spurted out of the slit on the lewd member. Fingers strumming her sex, she got on her knees, pressing her tits on the floor. Selena's pink nipples, rosy and electrified from arousal, pressed on her bra.

Drawing her eyes level with the dripping doggy dickhead, underneath Rex's tall haunches, she dangled the tip over her open lips. The precum oozed onto her lolling tongue, debauched satisfaction filling up Selena. She wrapped her lips around the first length of the hot snaking shaft, sucking on the sensitive organ with piggish zeal. Rex thrust his hips, pushing more of his length inside her mouth, as Selena wrapped her tongue around Rex's filthy breeding shaft and suckled on it. Feeling more twisted delight, Selena let the pulsing member slide deeper into her warm wet orifice. The lewd hunger in her gut churned, her pussy ebbing with depraved lusty longing as thick sticky canine pre-cum poured out of rex's steamy girthy rod into her mouth, thickly coating her tongue. Her fingers sunk in and out of her gushing pussy soppily as Rex enjoyed her lips on his sensitive organ, his haunches bucking.

Hot gooey dog semen filled Selena's mouth. Nasty exotic pleasure filled Selena, as she came, drenching her panties with her sticky white love juices as she came with a choked mumble. Her opening flared as her orgasm continued, elation pouring through her groin as rex spilled thick sticky seed into her mouth, and Selena gulped it down hungrily.

Sliding out the member from her lips, Selena savored rex's sperm, finding the slightly salty flavor pleasant. The sheer volume of his smutty spunk pleased Selena, filling her with eagerness. She licked the dog cock, using her tongue to clean it, scooping up the thick filmy fluid off the shaft. Her sex ached longingly, surging with depraved lust and the pit of hungry arousal in her gut filled her head in a lewd haze. Her lecherous cunt was far from sated and, from his stiff throbbing mongrel meat, so was Rex.

She directed rex, gently pulling him as she moved to his bedding. His lengthy cock almost dangled to the floor as Rex shuffled over. She undid her bra, her pink nubs tightening in readiness as her supple boobs flopped out roundly. She fondled her tits, licking her reactive rose nipples before laying down on rex's mattress. Selena lifted up her well-formed ass, presenting herself on her knees to Rex. She swung aside her skirt and bunched her drenched panties aside, exposing her wet erotic sex, excitement running through her. her pulsing clit was framed by her lightly furred mons. Titillation gushed up her inner thighs as rex mounted her, his haunches warmly pressing on her ass cheeks. She panted as if in heat, her inner walls contracting in anticipation, responding to Rex's warm lengthy cock pressing up into her belly. She spread her vulva open and directed the drooling member to her oozing mating hole. Precum lathered all over Selena's sex before Rex sunk his creaming canine cockhead into her wet hole.

Selena bit her lip as she felt her cunt filled with doggy cock. Rex's cockhole pressed into her cervix, as her folds clung thickly onto his sensitive organ. His warm furred body bore down on her thick rump as he began to thrust in her. Pleasure rocked through Selena; debauched craving being sated by the decadent coitus. Rex pumped into her cunt, Selena relishing the delicious stimulation grinding up her inner walls. She panted heavily as the dog dick stroked in and out of her smutty sex, slinging their mixed fluids down her leg. Heavy depraved lust diffused through her body. Rex mated with her lewd cunt at a steady pace as Selena focused on the pleasure, a euphoric grin settling on her face.

Thick tight bliss lit up Selena's sex as she orgasmed heavily on the girthy shaft with a labored groan. Her fluids spurted up the underside of Rex's member as her inner walls contracted tightly, feeling

heaven coat them. Her folds twisted and churned around his hyper sensitive rod, clinging wetly. Rex's hot cum flooded Selena's womb, painting her still undulating vagina with dog sperm. Rex shifted, struggling to push as much of his cock inside to fill Selena with his animal seed, peaking Selena's orgasm with immoral lust. Hot sticky clumpy fluid gushed through his cock hole, leaking out of Selena's clingy gluttonous sex, as she enjoyed Rex dumping his load in her, still thrusting.

Selena cooed softly to Rex as he dumped more cum into her womb. Satisfied, Rex slowly pulled his penis out of her damp messy hole, wet with their mixed juices. She stood up, letting Rex clean his softening rod, the length slinking back in as she collected her clothes. Selena was still incredibly horny but she had a whole night ahead and intended to enjoy it.

She threw her clothes in the laundry and quickly cleaned up the room before getting in the shower. As she soaped up her boobs, jiggling them, smoky lust buzzed through her as she remembered how the pointy dog cock reached deep into her churned up her pussy. She let the warm water pour down her curves, and washed off the sticky juices on her body. She got dressed comfortably and headed to the living room, thoroughly refreshed.

Rex panted, obediently standing over her as Selena serviced his cock. Her fingers strummed her pussy furiously as she slurped, loosely bobbing her head on Rex's tip. She was seated on her couch, spreading her legs as Rex's paws sunk into the spongy cushioning. Her Loose shorts and tank top were in preparation to get rid of them as quickly as possible. Now she had two fingers in her pussy, a clit teeming with bliss and a large dog's cock in her mouth. Selena gagged on Rex's impressive member, the slimy animal phallus lighting up with pleasure as it streamed out his gooey precum into her mouth.

Her lips clung to the dog genitals, thick smutty salty fluid, a viscid mix of her saliva and Rex's feral precum, coating and frothing her face. Ropy Syrup gleaned off her face and settled on his cock as her lips, tongue and throat retreated, only to stir and foam as she swallowed the member as deep as she could into her throat. To her delight, she was rewarded by Rex flooding more salty precum into her throat, his cock enjoying Selena's thirsty, depraved onslaught.

Selena's body was taunt with perverted desire, filled with incredulous slutty gratification from hungrily sucking Rex's pointy dick. The thought of her lips pleasuring an animal's cock sent tight, debauched craving lighting through her sex. Her fingers trimmed her vulva as she pleased the dog phallus, frothing it with her tongue, relishing the amorous haze she was in and half disbelief that she was actually doing something so kinky.

She let Rex's penis slip out of her mouth, gooey tendrils connecting her lips to the doggy dick. The mix of slobber and precum hung on the member as Rex shifted, thick precum still seeping from his dick slit. Selena let the dog genitals rub over her face, kissing and nuzzling it affectionately as the ooze lathered her face. Rex padded around sniffing and licking Selena's neck, panting gruffly and vocalizing. His snaky cock hung indecently, slinging his fluid as it swung around, long, and tapering till the cone of the glans. It pulsed and shook decadently as Selena appreciated the bulbous knot and the angry red spidery tendrils traveling down to the protruding nub on his oozing cockhead. Rex snuffled and licked her fondly, her pussy clenching and squirting in reaction. She watched his balls swing in tandem with the thrumming shaft, feeling lustful, the two discernible gonads filled with sperm protruding proudly.

Selena patted his scruff and guided a gruffly panting Rex, until his scrotum hung in front of her face. His lengthy red erection still hung strong, steeped with their mixed fluids and steadily seeping more briny Cowper's fluid. Delicately wrapping her fingers around it, she palmed Rex's cock. Warmth

bore onto her hand from the engorged penis as Selena squeezed her fingers and played with the rod, feeling the slime make her fingers slide. She began stroking, almost as if milking his shaft. His balls jiggled on her face as he shifted from the stimulus of her hand job. Her soft plump fingers trailed slickly from the pre-coated lube. She rolled her fist around the girth with each stroke, traveling from knot to tip and back.

Arousal peaking through her, she pressed her face on his nutsack. The light furring tickled her skin. The musky smell from Rex's cock was stronger on his balls, filling her nostrils, a heavy animal mark. Selena nuzzled and kissed his balls as she serviced his slavering penis, titillation coursing through her.

Rex's back hunched, Selena still stroking his dog cock. His haunches bucked as her began humping into Selena's fist. Pleasure travelled up and down his girth, now doubling with the staggered stimulus from his thrusting. Fresh precum drooled out of his cock, lazily tipping down the cockhead. His nuts bounced on Selena's lolling tongue as his thrusts grew frantic. Gruff panting filled the room.

The first rope of cum landed across her cleavage. Hastily abandoning his sack, she leaned back to feel the smutty dog seed string on her, one hand on the base of his red cock. She pulled out her right boob, making sure her tight nipple got painted with Rex's baby batter as she opened her mouth to catch some of it in her mouth. Her sex gushed and clinched, basking in the lewd feeling filling her head, letting Rex mark her with his long, filthy canine cock.

Letting go of Rex's meat, she swallowed the what landed in her mouth and licked her lips. She played with her nipple, spreading the sticky dog cum clumping on it as she pinched and squeezed her bud. She wanted more, feeling thoroughly lascivious

Selena patted his scruff, smiling as Rex sniffled at her inquisitively. She slipped off her shorts, her steaming cunt coming into view. Fluid seeped out of her hole, her fuzzy pubes damp and her inner thighs wet and slippery from her own excitement. Her groin was heavy and moist, a few tendrils of gooey lube bridging her thigh gap. Her clit was engorged, thrumming with decadent lewdness as wetness glistened on her labia.

She spread her legs wide open, as Rex padded into the space, panting quietly. His body heat covered Selena wrapped her once more as Rex propped his front paws on the couch, digging into the couch just under her armpits. Rex's fuzzy sheath jiggled as he positioned himself over her. Selena hungrily watched his cock slip out. Giddy with excitement she watched it droop heavily, the warm penis resting on her navel as his knot came into view. Shifting her hips, she guided Rex's cock head into her drooling cunt, helping his instinctive thrusting.

The front of his length slotting comfortably into her sex, they began mating. Selena bit her lip, grunting as her cunt filled up, lighting with pleasure, a relief from the *want* that had been building up. Rex pumped his haunches, his pink penis enjoying the desperate clinginess of her walls. Selena slid down, wrapping her arms over Rex and enjoying the bliss of his member stirring up her fuck-hole. Rex panted, his strokes deepening as Selena's hole serviced his cock.

As her mounds shook with Rex's thrusting, Selena guided his muzzle on to her pink nub. A content sigh left her throat as Rex licked at the salty tight skin with gusto, painting the sensitive areola with his slobber. She grabbed her free boob, pushing the nipple into her own mouth, petting Rex as his lewd dog cock bred her.

The sweaty bestial coitus made her orgasm lightly, the shaft rubbing just right on her sticky walls.

Her hole squeezing his member, she guided Rex's muzzle to her lips. Her pussy felt a rush as his broad tongue invaded her mouth, fresh lube coating his meat below. Rex lapped inside her, tasting her as Selena could only huff and groan from her arousal. He continued to stir up her honeypot, her mouth wide open and her tongue twisting around his.

His body rocked over Selena, his cock enjoying her warm sticky pocket around it. Her legs swung in rhythm, hang in the air either side of him, her thighs pushed back and pinned by his weight. Rex's thick slobber in her mouth, she came lightly a few more times before pleasure began building up in her groin. As Rex's cock slit kissed her cervix over and over, her mouth still occupied by his tongue, Selena's brows scrunched up. Her eyes rolling up, she heaved and shuddered as she came, thick and heavy pleasure lighting up her walls. Selena's folds squeezed and clung onto Rex's canine phallus, as thick white lube spurted down his knot and dampened his sheath, sticky fluid tendrils already clinging on.

With his haunches still pumping, the first of Rex's sperm shored up on her walls. With the bliss of her continuing orgasm tensing up her body, Selena intensified her kissing as ropes of his warm doggy seed spurted onto her insides and seeped into her womb. This time, as his cum fertilized her, Rex strained, pushing his cock deep into her. The initial pain added onto Selena's mind-numbing arousal, her vagina greedily accommodating the length. Thick, virile seed pumped out of his slit and mixed inside her as, with a final push and an unintelligible groan, his fat knot forced its way into her. The added stimulus made Selena squirm as Rex locked her.

A small pouch plumped on her navel, Rex's sperm pumped into her. As her climax subsided, Rex repositioned himself, still knotted to her and releasing his cum. Fully turned around, he laid his head on the floor, his rump and legs still lifted and resting on Selena's plump thighs. Glowing and sensitive from her orgasm, Selena reached for her phone. Slick stickiness framed her mons, slowly drying as tendrils connected her fuzzy mound to his damp sheath. She took a photo of her view; Rex's slimy dog cock knotted into her and her belly markedly plumped with his sperm, his sheath and balls hanging over her pussy. Gingerly, she rubbed two fingers alongside her sore and sensitive clit and scrolled through her phone, waiting for Rex to unlock himself from her cunt.
