BEASTIALITY STORIES

Gina lay with her head pressed tightly to pillow, she was dreaming a hot dream of a large naked man. He was making a pass at her and had come to her with a large dick swinging between his thighs, Gina couldn't take her eyes off his dick as he spoke to her. She could feel her insides getting wet as she touched her pussy finding it soaking wet with her juices.

In her sleep Gina had raised her ass off her bed putting her knees on the mattress as she buried her hand inside her small panties, her fingers dug deep into her hole as she dreamt of the man, in her haste she pulled her panties down and had them stretched so bad that they hung from her thighs leaving her pussy pretty much exposed with just her fingers in her.

The man was jerking his dick making it hard and long, Gina watched him as he rolled her to her knees and began stuffing his hard cock into her slowly, Gina grunted when she felt the hot cock touch her opening and begin to slid into her, she moaned deeply in her sleep as she took half of his cock, in all reality her fingers were plunging in her own pussy. She squeezed her eyes tight as more that large cock was pushed into her, then she came on her fingers, her body was racked with a powerful orgasm as her pussy dripped cum all over her wrist and fingers.

Gina came hard and long until her hand dropped to her mattress, with her ass still up in the air a cool feeling came across her pussy when in her dream the man began pumping her pussy. She moaned deeply as her dream went on, then something happened, there was a sudden pain that was building plus a new fullness that wasn't there before, her body was jerking hard now as the pain grew and grew with a new pleasure. The feeling was different, she could really feel something sliding deeper into her pussy but there was something else, her pussy was being stretched open by something. In her dream she tried to look at the man but all she saw was his body with no facial features, then the pain seemed to slowly disappear.

It was when the pounding of her pussy became so violent that her orgasm woke her from her sleep, with her head pressed into her pillow she opened her eyes to find her body being jerked, then she felt it. Something was in her pussy for real, she could feel it sliding deep in her pussy and it was hitting her cervix hard. She could feel a weight on her back now with each thrust, someone was really fucking her, but who. Gina tilted her head just enough to get the shock of her life.

There holding her around the waist and slamming his cock into her was her dog, a great dane named Devil. His hard long cock was buried deep in Gina's pussy plus his huge knot, it had pressed in past her pussy lips and slid into her hole spreading her wide and sealing her tightly closed. Each time he pushed into her his cock tip slipped into her cervix entering her womb, her bed rocked as her ass shook with each violent slam of his body, then she felt it, his cock began pulsing in her and she felt his cum being spread in her womb and pussy.

Gina's body betrayed her as she came on her dog's cock, both her and the dog came together now, all she could do was let him fuck her. The cum lasted for a very long time but even then his cock was locked in her pussy, as he held her tight his cock pulsed spraying more and more cum in her womb. It was when he tried to move that Gina knew he was locked in her, his knot was stuck in place so the dog stayed over her body, within several minutes he began to fuck her again sending Gina into another orgasm. She was still cumming when the dog blasted another large load into her pussy.

Gina moaned out as her dog fucked her pussy spreading it wide so all his cock could be deep in her, as his cock slipped even further the huge knot pressed right against Gina's g-spot and she came so hard she screamed out in pain and pleasure. She was his bitch now being stuck under his huge body with his long cock deep in her pussy and womb. Sweat was pouring off her back flowing over her

sides and coating her tee shirt that covered her tits, Gina came down from her orgasm and breathed slow and deep with the fullness in her pussy. All she could think of was that cock, the pressure of the knot, the cum still being pumped into her and the fact that her own dog just raped her while she was sleeping.

The moon shined through the window onto Gina, she looked at the mirror seeing herself wedged beneath the dog, her ass was up and her chest was down, his tail was swinging slowly in a circle but he was just looking around. In her mind this was making her horny again knowing she was being fucked as she watched, suddenly Devil began to fuck her driving his cock in and out of her cervix while his knot expanded against her g-spot causing Gina to cum real hard again. When the dog came this time his cock had pushed right into her womb so all his cum was sent directly in her fertile spot. The pressure in her pussy was becoming too much, Gina's pussy was almost beyond the point of bursting from all that cum in her. Her dog moved back dragging her with him as he swung his one back leg over her round ass and stood on her bed just behind her with his cock stuck in her pussy.

As he turned his cock screwed around inside her making her moan out, now stuck on his cock all Gina could do was wait for it to slip out of her. Both of them were tired now so when Devil decided to lay down he took Gina with him, laying on the bed now Gina rested with her dog for an hour. His cock stayed hard and slowly pulsed in her pussy, what she didn't know was that he was still cumming in her as they lay together. It took a long time but finally she felt Devil's cock slowly shrinking, he stood and pulled, very slowly his knot moved to her opening, her pussy spread wider and wider until finally it popped out of her hole and he jumped off the bed leaving Gina. His cum flowed from her stretched out pussy onto her bed, Gina fell right asleep so tired she just lay in the cum.

There were two more times where Devil found Gina dreaming at night, her ass was up so he fucked her until he was finished with his bitch. Gina got used to it to a point until one day she noticed her 34B tits seemed to be getting bigger, she found none of her bras fit anymore. Not only that but she was eating more, then it dawned on her, she had to be pregnant but by who. Her eyes got wide as Devil came up to her and sat in front of her, he licked her face, "No, no way could that be" Gina said.

For the next few months Devil was so protective of Gina no one could get close to her, her belly was a little larger and her tits got to be 38D's. She kept herself covered up so her parents wouldn't find out she was pregnant with Devil's puppies, then while they were out with friends Gina gave birth to five healthy puppies. It was hard to take care of them at first because she had to switch them off on her nipples, with all their bellies full Gina slept with the pups while Devil laid on the floor next to her.

In the morning Gina told her mom what happened, she was angry until she saw the new born pups, reaching out to take one Devil growled, "No Devil, it's ok" Gina said, he stopped and sat next to her while her mom held one of the pups. "They are so sweet honey, you kept this secret for all this time, and you delivered them yourself" her mom said, she kissed the pup and petted Devil's head, "You're a good father" she said while he wagged his tail.

Gina raised all five pups with her mom's help, she let Devil fuck her each night if he wanted. On one special night Gina convinced her mom to try Devil and boy was she ever surprised when he locked to her, it was an all nighter with her mom, she just loved being fucked that hard and deep so she kept jamming her pussy down on his cock driving it right into her womb and pressing his knot so deep in her that he was really locked in.

Gina's tits grew giving her a lot of lookers, she even had boy friends until she brought them home and Devil scared them out of the house, as she sat sobbing on the couch Devil came to her and licked the tears away first then stuck his nose to Gina's pussy. He looked up and whined as she looked at him, "I guess I am your bitch aren't I, come on let's go and make love this time my baby" she said as she rested her hand on his large head leading him to her room.
