## **BEASTIALITY STORIES**

It all started when I was 18. I had 34D breasts and an average-looking body. I wouldn't say I had the best-looking body ever, but it was nice.

I was in our basement that day, and I was on one of my favorite game sites when all of a sudden, a pop-up for porn came onto my screen. At first, I first ignored then it popped up again and again. It soon got me excited, and I logged on to the site.

I soon found out that there were many ways to masturbate, and I was very interested because all I had ever done was finger myself. I was still a virgin, so this excited me even more!

Well, I found out very weird things, like you can put anything up your pussy you want pretty much.

Soon after, I experienced it! I saw a woman stick a dildo up her pussy, so I decided to give it a try. As I was sticking it up, I heard someone come down the stairs, and they turned the corner, and there I was, naked, masturbating. I looked at them, and it was my stepdad. My stepdad is very good-looking and looks very young, considering he is 40. His name is Richard.

He stood there staring at me, and I lay there, my face beating red, staring at him.

"I'm sorry, really I am," Richard said as he turned away from me.

"Ummm, please don't tell Mom about this, Richard, please!" I said.

Of course he said he wouldn't it would be our secret and I believed him too.

A couple of days later, I was smart enough to go to my room when I wanted to masturbate. When I was about to have an orgasm, I heard a knock at the door. The door flew open, and Richard was standing looking at me once again.

As I started to put my clothes on he interrupted me and told me to continue that it was a good show. I was mortified and withdrew. He then proceeded to come into my room, and he closed the door behind him. He asked me if I was enjoying myself, and I said yes. But I also noticed his huge cock about to frickin pop out of his pants. He then noticed what I was looking at, and he unzipped his pants and took out his massive cock. And while I masturbated, he sat there jacking off.

He then got on my bed and tried to mount me, but I fought back. He then slapped me very hard across the cheek.

"Suck my cock, you dirty bitch," he said.

I then placed his cock into my mouth and began to suck it. As I was sucking it, I started to cry.

"If you don't stop crying, I'll give you something to cry about," he said.

I couldn't control my crying, so he took his cock out of my mouth and got off my bed, and went out of my room. He was back in about five minutes but with our German shepherd. I didn't know what he was going to do, but I started to yell at him telling him to get away from me and to get the dog away.

"Oh, but honey, don't you want to have sex with Bubba?" (our dog) he said.

"No, you fucking bastard," I screamed at him in response.

He left the room once again and brought back some rope and dog treats.

I screamed, "What the fuck do you think you're gonna do?"

He didn't say a word; he just proceeded to tie my arms and legs to the posts on my bed. And put dog treats leading up to my pussy. Bubba soon found the trail of treats and found my pussy, and there was a treat right inside of it. He started to lick my pussy and got the treat. But I guess he decided what he liked because he started licking deeper and deeper into my pussy.

That lasted about 5 minutes, and I had already had an orgasm. But then Richard tied me up to where my ass was in the air. And let Bubba mount me. Bubba then found my pussy again, but this time with his dick. As Bubba started to insert his cock into my pussy I started to scream that I was still a virgin and that I didn't want to do this. Still, Richard didn't listen. He was sitting in my chair whacking off to Bubba fucking trying to get into my virgin pussy.

Bubba then stuck his dick all the way inside of me, and I screamed in pain. But soon, my screams turned to pleasure because Bubba could keep up his pace of pumping into my pussy, and it felt so good. After a while, Bubba started pumping faster and faster. And Bubba's dick was starting to swell ( I had heard of dogs locking onto their partner, and I prayed that this wouldn't happen).

Well, it started to swell more, and I tried to pull away, but it had happened we were locked together. Bubba soon cum inside of me, and we were locked together for about 5 minutes. Afterward, he pulled out of me, and Richard got up and took Bubba away. He then placed his hard cock inside my pussy and started to pump, but it wasn't as fast as Bubba's or as steady. But Richard was much bigger and thicker than Bubba also. After a while, he took his cock out of me and started rubbing some of my cum and Bubba's cum on my asshole.

"No, don't. Please, you're too big. Don't put your cock in my ass, please don't..." I yelled at him.

But this just egged him on, and he pushed his cock into my ass one inch at a time.

I screamed in pain as he inserted his full 9 inches into me. After about ten minutes, he cum in my ass. And collapsed on top of me from exhaustion when I should be the one exhausted. he then pooped out of my ass and put his pants on, and left me tied up for about an hour.

After the hour was up, he came in and untied me, but he also fingered me and played with my tits while doing it. He left my room, and he took the rope and treats with him, and he also took my virginity, innocence, and dignity with him. But that's done now, and I still have Bubba as a dog, and for the past two years, I've lived on my own, enjoying my boyfriend's hard cocks in me but mostly enjoying Bubba's cock in me! So I guess I could say it was good Richard found me masturbating in our basement for the first but not the last time.

*The End*
