BEASTIALITY STORIES

The Griffin family has become a very close family over the last few weeks. However, they may not appear close in public together all that often. Lois and her teenage daughter Meg are very much 'close' but not in a mother-daughter way. When Meg had her breast implants, her mother was the first person there to see how real they felt and how soft they were to the touch. And when Kevin Swanson died fighting in Iraq, it was her mother who consoled her with hugs and kisses.

Of course, many mothers and daughters are close, but few are as close as these two. After all, how many mothers and daughters have kissed on live TV? How many have taken nude photos of one another to carry around in pocketbooks? And how many have had sex with each other, fingered, and fisted each other? How many? Not many, I'll tell you!

On this occasion, the fun was hotter and harder than usual. It was Lois's birthday, and because of that, her daughter had agreed to let her mother do whatever she wanted. Her mother's wicked smile immediately alerted her daughter Meg to lie face down on the bed and arch her back, pushing her hairless wet pussy between her smooth thighs. She grabbed her thighs and butt and spread the flesh wide to expose her tight wet cunt further and allow her mother's large black rubber strap-on cock better access to the entrance of her tight wet hot cunt.

Meg lay still on the bed, her well-rounded white ass in the air as her mother slammed the large black rubber strap-on cock hard into her tight wet pussy from behind. Twelve inches of sheer black ribbed rubber dildo slid in and out of Meg's tight, wet teenage cunt. "Oh yeah, don't stop mum." She begged, her face being pushed into the mattress, her hands squeezing her newly enlarged tits hard. "Cum on my cock!" her mother shouted as she was thrusting deeper and leaning forward and biting her teenage daughter's shoulder, her hands gripping her hips. Meg felt her mother's breasts press against her back. It always made her feel good. The thick black rubber cock in her tight wet cunt made her feel even better. Feeling the bulbous cold rubber head thrusting deeper into her cunt and stretching her wet cunt out...

Her mother then started to push herself up her daughter's body changing her angle of penetration and pushing the rubber dildo down against her daughter's g spot, making every stroke run a huge length of the black rubber ribbed cock across the front wall of Meg's tight, wet pussy. The pleasure she was given to her daughter was almost unbearable for Meg, who always had multiple orgasms as she came for the first time that day. Her mother was now sliding slowly and easily in and out of her tight wet hot cunt.

"I'm cumming..." Meg moaned.

"Oh yeah!" her mother grinned, loving getting her teenage daughter off.

Meg started to feel the great power building up between her legs. She felt waves beginning to pass through her body, beginning with each fast thrust of her mother's hips. She could feel the bulbous rubber head of the thick black dildo sliding up and down her tight wet cunt. Suddenly, it stopped. Her mother had pulled out the long black rubber cock, removed the long thick black dildo, and rolled her teenage daughter onto her back... Then she started to reinsert the long black dildo again slowly... For Meg, now on her back with her knees in the air and her mother between them, the orgasmic build-up began again immediately.

Lois now leaned in toward her teenage daughter's mouth, which opened to take her mother's tongue... The two of them kissed each other quickly and with lots of tongue licking each other's lips, kissing again, then keeping their faces close as Lois stroked into her hot wet pussy. Lois's small

breasts flattened against her daughter's new large enlarged implants, their flat taught bellies together, pelvis grinding hard, and the black ribbed rubber dildo was pushing deeper into Meg's tight, wet cunt.

Meg's hands moved up and down her mother's smooth back and down and across her tight white buttocks, gripping her thighs and then back up her back and round to her breasts, pushing her slightly away... "I want to suck them..." she whispered.

Her mother didn't need to ask twice as she shifted her position, easing forward so that her daughter Meg could suck on her stiff nipples whilst she continued to stroke the strap-on into her daughter's tight cunt.

Lois loved the feeling of a tongue flicking over her stiff nipples and her daughter's ruby red lips sucking them, then her teeth gently nipping at them, especially the feeling of her daughter's mouth... And her daughter Meg was one of the best she had known. By now, Meg was close to ecstasy as she had one hand holding her mother's left breast was sucking her mother's right breast, and her other hand was guiding the long thick black dildo in and out of her daughter's tight wet cunt as her mother's breast in her mouth was helping to muffle her long, loud moans.

"Oh yeah... That's it, Meg... Suck my little titties!" her mother moaned.

As she came, Meg bit down hard on her mother's breast... One nipple was trapped inside her mouth. It hurt her, but she loved knowing she'd gotten her teenage daughter off, which was a sure sign. Lois pumped extra hard, speeding up into a frenzy... The long thick ribbed dildo almost came out before she rammed it back inside her daughter's tight cunt. Meg's legs wrapped around her mother, her thighs squeezing in tight. She started to feel her juices start to run.

"Shit!" she screamed, releasing her mother's nipple from her teeth. "You're so fucking good mum!"

"Cum, baby... Cum for your mother."

Meg squealed in delight as the full strength of her orgasm flowed over her young teenage body and then moved through her and out of her, leaving her satisfied. Meg fell into a deep, sexy sleep. Her mother stood up, unfastened the black rubber strap, jumped back astride her teenage daughter, and shook her by the shoulders. "Wake up, wake up... Remember, it's my birthday, baby.." She said excitedly.

Meg came round slowly. "What? You aren't finished?" she asked sleepily.

"Finished? Of course not, Meg," her mother said. "I haven't had no cock yet!"

She giggled. Meg rolled over and sat up, supporting herself on her elbows. "Okay, take it off, and let me strap it on."

"Oh no, Meg, you've got it all wrong. I don't want that rubber shit inside my cunt." her mother said with a nasty grin on her face. "I want a real cock, a big wet hot cock that cums for real. I want Brian's cock!"

This took her daughter Meg by surprise. Brian was the family dog her father brought home one day after work. Meg breathed deeply. It was disgusting, but the image of Brian mounting her mother and fucking her just turned her on like nothing else on Earth.

"Are you for real, MUM?" she gasped as her heart pounded.

"Of course I was! I want his cock!" moaned Lois. "I've wanted it since your father first brought him home."

Meg stood up and staggered out of the room, her legs still weak from the fucking her mother had just given her. Whilst her teenage daughter was out of the room, her mother unstrapped the long thick black dildo and held it to her mouth, and started to suck and lick her daughter's sweet-tasting juices from the dildo until her daughter returned, leading Brian. Brian was a big dog and made to look even bigger by the smallness of the Griffin women, as both were just five feet tall in bare feet. Brians's eight-inch cock was like a ten or twelve-inch cock to any average-sized woman, so for the girl, it was huge.

Lois tossed the dildo aside and licked her lips, and with her heart pounding so hard, she was sure it was about to pop out of her chest. Meg stood next to Brian, looking nervous. Her mother slipped off the bed and crawled slowly over to her daughter Meg and Brian, the dog. She looked up at Brian as she reached under his torso and gently took hold of his pink dog cock. It was small, barely out of its sheath, but it grew as soon as Lois massaged it. Brian could smell her hot wet sweet-smelling, dripping pussy, and that sure helped in getting him hard.

Meg crouched down to look under Brian. "Go lay down on the bed, Mum," she said softly. "I think Brian is ready."

Lois lay on the bed on her back with her legs spread wide open whilst her daughter walked Brian over to between her mother's thighs and turned him around, backing him up to her mothers dripping wet pussy. She took hold of his now fully erect long thick pink dog cock and held it back between his thighs so it was pointing backward. She eased the tip of his wet pink cock against her mother's wet cunt lips.

"Are you sure you want this inside, Mum?"

"Oh yes, don't you dare stop now!" she pleads.

Lois felt her teenage daughter slide Brians's hot wet dog cock between her wet pussy lips. He was big, but she had had bigger things in her cunt (her son's fist, for one!), and he felt so good. Meg held his wet pink dog cock by the knot and slipped him in and out of her mother's tight, wet cunt pumping his wet long thick cock into her mother's cunt, nice and slow.

Lois felt waves of pleasure flowing over her body combined with the pounding of her heart. It was amazing, just like somebody was using her as a musical instrument playing with her. Meg stroked her other hand over her mother's flat stomach and small breasts, pausing to pinch her stiff nipples, squeezing hard and twisting each hard nipple one in turn. Her mother winced from the pain but enjoyed the way it contrasted with the hot pleasure coming from her tight cunt.

"You like that doggy cock in your wet tight cunt?" asked her daughter with an evil tone in her voice.

Lois moaned her reply, unable to form words in her state of pleasure.

"You nasty girl! Your dirty, dirty cunt!" spat her daughter Meg with a smile, enjoying seeing her mother do the nastiest of nasties. "You fucking love it, don't you?"

"Uh-huh," moaned her mother with a huge grin on her reddened face, sweat pouring off her neck and chest.

She was grabbing hand fulls of bed sheets with both hands, struggling for breath as her daughter

eased Brians's hot wet pink dog cock in and out of her mother's wet pussy. God, this was good. Meg checked Brian to see how he was. Bending back from his hindquarters, she looked at his face to see how he was, and she was greeted by his long, wet tongue slapping across her face. Instinctively, she opened her mouth and allowed him to kiss her properly. A second slap from his long, wet tongue, this time, hit her open mouth and went inside. She closed her mouth and sucked on his tongue, allowing it to slide slowly out. It was wet and hot, wet and soft. She knew where she wanted it.

"Mum, you're going to have to take over the cock duties!" she said, leaving and shuffling around in front of Brian.

Her mother reached down with one hand and took hold of Brians's wet pink dog cock, and she started pumping it into her tight wet cunt faster and harder than her daughter had. It didn't seem to bother the dog.

Meg lay down on her back in front of Brian and spread her legs wide, reaching down between her thighs. She spread her wet pussy lips with her fingers and encouraged the dog to start licking, and he did. Immediately the pleasure from his tongue shocked through her, starting at her clit and spreading through her belly and chest. This was incredible, even better than having her mother sucking her tight wet cunt.

The two of them stayed in that position for some time. Lois was on the edge of the bed, her legs spread with Brians's pink dog cock in her tight wet cunt, and Meg on the floor with her legs spread wide with the family dog's tongue probing her tight wet vagina. Both girls writhed and moaned from the dog sex pleasure they were getting.

Lois sat up as she came for the fourth time. She looked down and watched Brians's pink and blue-veined cock as she slowly pulled it from her cunt with a popping sound. As the tip popped out, she held his cock gently in her hand and watched as his pre-cum dripped onto the bed sheets. She smiled, looking down at her teenage daughter writhing under Brian's oral skills.

"On your knees bitch!" Lois ordered her teenage daughter. "I think it's time you felt this hot dog cock in your tight wet cunt!"

Meg needed no more instruction. She rolled over and pushed her well-rounded, white firm ass in the air after watching her mother take that big wet hot pink dog cock. She couldn't wait to take it herself. Meg reached backward and grabbed her firm white butt cheeks, and she spread them wide, exposing her puckered little virgin asshole. Looking backward over her shoulder, her face flat on the floor, she moaned.

"Don't put it in my pussy mum. I want it in my ass, please!"

"Are you sure, Meg?" her mother grinned, knowing that Brian loved anal sex.

"Don't ask stupid questions, mum, just put it in! please!"

Lois eased the end of Brians's cock into her daughter's tight, puckered little virgin asshole, and as she fed more and more of his long thick wet pink dog cock into her daughter's tight virgin arse hole, she watched as it stretched out as her daughter's asshole took it all into her arse hole. She smiled as she heard her daughter Meg moaning from the pain of anal penetration.

"Oh shit, that's so nasty!" she moaned.

Brian stood astride Meg with his chest against her slim smooth back, his thick wet dog cock held

tightly in her tight asshole. He was the king of all dogs and looked like a God.

Meg bucked back gently against him as her mother massaged his knot and eased him a little deeper into her teenage daughter's virgin asshole. She looked up at her mother with begging eyes. "Put your fingers in my cunt, mum!"

Her mother did as she was asked, and she slipped three, then four fingers deep into her daughter's tight, hot wet cunt and started to finger fuck her hard. She could feel Brians's long, thick dog cock through her daughter's thin vaginal membrane. Meg was now out of control in ecstasy. After a few minutes, Meg felt Brian arching his back and trying to pump deeper into her tight wet asshole. She knew male behavior, and she could tell what was coming next.

"He's going to cum, mum!" she moaned.

Her mother immediately ripped Brians's dog cock from her teenage daughter's asshole and gripped him firmly, allowing him to fuck her fist. Meg struggled out from under Brian and rolled over, getting her face in front of his long thick pink dog cock just in time to be splashed full in the face with a load of fresh hot wet dog cum. Lois leaned in and pressed her face against her teenage daughter's face as the second load of hot wet dog cum spurted out of the end of his cock, catching both of them across the cheeks and lips. They just lay there and stayed there, pushing their heads against one another as they tried to catch each spurt of dog spunk in their mouths. After a minute of nonstop ejaculation, both of their faces were covered in Brians's dog cum.

Lois and Meg looked at each other and giggled. Their hearts were still pounding, thinking about what they had just done and what was all over their faces. Her mother broke the stillness leaning forward and swiping her tongue across her daughter cum splattered cheek, licking all the dog cum off that she could. She savored the flavor and grinned. Then both of them launched into a licking frenzy, licking each other's face clean of Brian's dog spunk ejaculate.

Once finished, they collapsed on the floor in each other's arms. "That was soooo good, Meg," moaned her mother, hugging up close to her teenage daughter.

"I'll never fuck another human ever again, Meg."

Her daughter Meg frowned. "Never?"

"Well, except for Chris and, of course, your father," said her mother. "And you, of course!" she added before kissing her teenage daughter long and wet their tongues in each other's mouths, swapping what dog cum they had left, savoring the flavor, wondering how long it would take Brian to be ready to go again.
