This eBook contains taboo adults only erotica.

If you ever want to get your wife or girlfriend to have unconventional sex, our advice is don't bring it up, don't talk about it, and whatever you do - Don't ASK! A woman either does it initially as an experiment when she is exceptionally horny as a means of sexual release, or she could be encouraged by a very close friend, spouse, or come across it on the Internet which stimulates her imagination and curiosity. Furthermore, if any of this does occur, it will typically occur when a woman is in her teens to thirties due to high hormonal levels, after forty years of age a woman's hormonal levels begin to drop.

Kristi and I met in the our beginning of our university sophomore year and then married during our senior year. Kristi and I both graduated in five years with both our undergraduate and graduate degrees, Kristi with high honors. Before Kristi graduated she already had been recruited by an independent investment and equity firm making excellent money while I'm an independent cybersecurity consultant. This enables me to work from home with on-site evaluations to evaluate the hardware and software installations of companies I contract to work with.

One day Kristi called me telling me she was on her way home and for me to pack up for a four day trip! I replied that it was only Tuesday and where were we going? Kristi then told me that a close friend of the company owner had been in a car wreck and had to leave and she requested that we house and dog sit for her until she came back. That we had to be at her house in less than two hours so she could introduce her dogs to us then she has to get to the airport. Kristi giggled and told me,

"OMG! We get to house sit Lexi's fabulous mansion with a pool and hot tub!"

When we got to the house - rather the huge mansion! Kristi's boss, Lexi quickly hugged us both thanked us for such notice as her regular sitter was unavailable and she never subjects her prize winning dogs to boarding kennels.

I have met Lexi before on numerous occasions, even recommended and installed anti-hacking software on her servers. Lexi is strikingly beautiful and in her very early thirties - almost as beautiful as my sexy gorgeous wife! As an only child Lexi had inherited her parents investment brokerage and equity firm after their untimely deaths in an aircraft accident.

In just a few years Lexi had grown the firm to several branches in three other states due to Lexi having graduated with high honors from Yale University, then a graduate degree from the London School of Economics, and being one of those rare people with an eidetic memory. Lexi also inherited the family's extensive 35,000 acre historical ranch located in the mountains about two hours away. Lexi holds lavish bi-annual parties for her staff, during summer and Christmas, when she hands out bonus checks for all the staff. Why Lexi was still single considering how beautiful and extremely

successful she is was beyond me.

Lexi introduced us to her two huge Great Danes Apollo and Zeus, who enthusiastically greeted us and then startled us by immediately sticking their nose's into our crotches, Kristi more so than me, typical boy dog behavior.

Kristi laughed patting their heads but they still persisted and Kristi laughed some more as she repeatedly tried to gently push their huge heads away. Lexi apologized for their behavior explaining that the older Dane Zeus is a champion show dog who has won many awards and brings big money for stud services. The younger Dane Apollo has won a few awards but he just started being entered into dog shows, and that he also is already in demand for stud services.

So both Danes being unneutered and frequently used as studs had developed, persistently so, nosy intimate behavior. Lexi then told us feel free to use the heated pool or hot tub. Kristi replied that we didn't bring any swimsuits. Lexi laughingly replied,

"There's no need! As you can tell the house is set on 35 fenced acres and screened by trees all around and I have a gated entrance so y'all can do as I do and go au natural! If you do just be careful of Zeus and Apollo! Despite their huge size they are the master's of sneak and have caught me and my girlfriends multiple times with their cold noses giving us an intimate goosing when we were au natural!"

After introductions were over I helped Lexi out with her luggage and loaded it into her Land Rover and we told her to drive safely and keep us updated on her friend's status. Lexi blew us a quick kiss and sped off to the airport.

After Lexi left we got settled in to one of the guest rooms that was an immense size with a king-size bed and equally immense ensuite bathroom that had a tub large enough for two people, toilet with bidet function and a huge walk-in shower completely enclosed in glass with multiple body-sprays. We got the dogs familiar with us by playing with them outside and tossing the balls for them. True to their breed's characteristics and young age both Danes exhibited their goofy rambunctious nature, still after getting acquainted they both continued exhibiting their poor unneutered male behavior by repeatedly forcibly sticking their noses in Kristi's crotch, so hard a couple of times Kristi lost her balance!

That evening after a light dinner that we had door dash deliver to us, along with a bottle of wine, we decided to get in the spacious hot tub. As we walked out to the patio carrying our towels and a bottle of sparkling wine and glasses Kristi was behind me when I heard her shriek startling me and I almost dropped the wine bottle! Quickly I turned around to see Kristi looking flustered trying to shove Zeus head away from behind her with one hand while her other hand held the two wine glasses.

"He, he licked me!" Kristi stammered out her face turning red.

"Oh" I replied. "Where?"

"Don't be cute! You know where! I felt his tongue *right on my pussy*! And he got a couple licks in before I could push his doofus head away!" Kristi indignantly replied.

"Well Lexi did warn us..." I replied, then I decided to be a real smartass and asked my wife,

"Well, how did it feel? As good as me when I lick that sweet pussy of yours?"

Well Kristi did a good imitation of fake outrage as she slapped my chest hard!

Laughing, I could just imagine my wife's shock feeling that Dane's huge tongue on her most intimate areas!

Kristi has a small, incredibly firm cute ass with a generous thigh gap so I'm sure the Dane easily got in some very intimate licks, especially since Kristi had all her pubic hair removed by laser back when we attended the university. The hair she had left was a decorative hollowed out **V** on her pubic mound.

After an hour in the hot tub and finishing the bottle of sparkling wine we called it quits. It had been a hectic day with Kristi rushing home from work and hurriedly packing and getting me then hurrying over to Lexi's place in time for her to get to the airport.

Lexi lived on the outskirts of the suburban area on some acreage so it was some distance to get to her place from where we lived.

The next morning I rolled over to hug Kristi only to discover she was already up and out! I went downstairs and found her in the kitchen bent over getting out a pan. Kristi had my favorite robe on. It was a La Perla white silk kimono with a floral print which came down just below her cute firm ass.

With Kristi bent over the robe came up high enough to show her barely there pink thong panties. I went over and grabbed my wife's slim hips and began rubbing my hard cock all over her. As any guy knows we all wake up with morning wood because first thing in the morning is when our testosterone levels are at their highest!

Laughing, Kristi shied away telling me she was hungry and wanted to eat first and then had to do some work remotely and then we would have afternoon sex! Kristi already had the ingredients out for making waffles and the waffle maker was out and she already had pan sausage cooking. She opened the refrigerator to get the milk and then said a few choice words...

Kristi told me that I would need to go to the store as we were out of milk and butter. Play acting I sulked that the store was 20 minutes away in one direction and I would only go if I got sex first! I then grabbed her and set her on the counter and started kissing my gorgeous wife as my hands became gently roaming...

After a couple minutes Kristi whispered in my ear that I only get a quickie and she wanted it in the den, not in the kitchen. Kristi turned off the pan sausage so it wouldn't burn then she grabbed my hand leading me into the immense den. Playfully I tossed her onto the twelve foot long couch making her squeal, then quickly pulled off her panties and tossed them aside but left her robe on though the belt had come loose fully exposing her glorious unbelievably firm double D breasts!

I noticed Kristi's small nipples were already diamond hard and she had a bright gleam in her eye and her respiration had already increased with anticipation. As I centered my eight inch long fat cock I noted her pussy was already seeping with moist heated desire! As my wife pulled me into her I quickly remind myself that she has the tightest and most talented pussy I had ever had!

Within a few minutes Kristi had already climaxed twice and the third time simultaneously with me! Again I thanked the stars for this oh so intelligent, playful beautiful goddess who agreed to marry me who is fantastically multi-orgasmic! I looked at her, I could tell she was still horny.

"You want more don't you?" I said. Kristi replied with that stunning smile, "Yes but I am hungry now so get to the store and hurry back!"

As I was heading to the door I looked at my wife. She was crawling under this huge coffee table made from intricate wrought iron with a glass top...

While I asked Kristi what she was doing, I thought what a picture!

My gorgeous, lithe athletic wife was under the table with her robe high up on her hips exposing her skimpy tan lines and her moist pussy was visibly leaking the huge load I had pumped into her! She said she was getting her panties from out under the table, "now go to the store!" I looked more closely and sure enough my careless toss in my haste getting them off her thong panties had landed under the table and was hanging from the intricately twisted wrought iron center support. I was laughing as I went to the car. At the car I realized I forgot my keys.

As I opened the kitchen outside door I heard Kristi loudly scream out 'STOP THAT!' I hurried through the kitchen and into the doorway of the den to see the younger Dane Apollo licking my wife's pussy that stopped me in my tracks!

Then Kristi yelled as her slim hips jumped up into the glass top as the huge dog licked her again! She was trying to crawl out from under the table but her expensive silk robe was caught on some of the intricate wrought iron projections just behind her neck.

Despite the taboo nature of the sight and seeing my wife's frantic reactions which I found hilarious I started to laugh to myself that's one way to clean up her sweet little pussy! As I moved in to the huge den to help her I was frozen in place when I saw how long Apollo's tongue was! As the huge Dane continued to lick her pussy Kristi was trying to pull her silk robe free, squirm and kick at the dog all at the same time! When that didn't work she dropped her hips down onto her feet trying to keep her pussy away from the dog.

Suddenly she grunted loudly as her slim hips shot up and hit the glass top. Then as the dog's tongue came free of her pussy she lowered her hips back down. As the dog lowered his head to lick her again Kristi gasped out "NOOOO" as her hips shot back up!

I stood frozen as I watched her hips repeatedly go down then shoot back up in sequence with the Dane's long tongue repeatedly lashing her pussy! His tongue had split her vaginal folds tonguing her from her clit through her pussy then up the openly parted moons of her cute firm ass cheeks!

Kristi was begging the dog to stop as she kept trying to free her robe yet I noticed she was breathing and grunting louder with each lick! I know one of Kristi's favorite parts of our sex life is when I eat her pussy. Now I am thinking that if this Dane keeps attacking her pussy like this he may get her to climax!

After a few several more lascivious licks of his long powerful tongue I was stunned with amazement noticing Kristi's hips never went back down as the huge dog continued relentlessly licking her pussy! The Dane's long tongue started right on her clit then swiped through her openly flowered labia, then the Dane briefly pausing trying to worm the tip of his tongue into my wife's tight pussy and then his tongue would continue swiping across her butt hole before repeating the whole evolution again!

I could see Kristi was losing the battle as she was now halfheartedly trying to free her stuck robe and she was breathing harder, and then, then she began moaning from the tongue licking the huge Dane was giving her...

Once again I thought about breaking up the two when I saw her feet rise off the floor and her toes curl up! This was the sure sign from our sex life that Kristi was about to climax! Her moaning and

the arching of her hips back to that tongue as she began spreading her knees apart showed me Kristi was going to climax any second!

Well, I said to myself, it wouldn't be right to break up the two now with Kristi in heat and all...

But then the Dane's mouth left her pussy as he put one foot on her ass and started to mount my wife! As he came up I could see the red tip of his cock was already protruding with arousal! A brief thought crossed my mind wondering that he is one of the largest breeds and how big was his dick? Kristi didn't realize she was being mounted because after the first step up the dog's feet were on the glass table. As the Dane moved into position this gave Kristi a brief moment to realize her perilous position...

Then I saw a look of shocked surprise come over her gorgeous face as she began feeling the dog's cock begin poking around her spread open thighs as his red rocket searched for her pussy! Evidently Kristi suddenly realizing that the dog was now trying to fuck her! Instantly she went into panic mode!

"NO YOU DON'T!" she yelled as she swung her slim hips to the side getting out from under the dog. In her panic Kristi was now pulling hard on her robe to free it despite how extremely expensive it was but when she moved her hips to get away from the younger Dane she put her pussy right in front of the older Dane Zeus who had come into the room curious about all the commotion and yelling Kristi had been doing. Zeus quickly reached out and gave Kristi's pussy a good hard long lick making Kristi freeze in place for a moment as she loudly groaned out. In an effort to get away Kristi fell onto her side and when she did her expensive La Perla robe ripped free of the table!

Feeling she was free from the table Kristi came out crawling as fast as she could!

Kristi crawling made it by the young Dane Apollo as he still had his feet on the table top humping air! I thought she had made it by the older Dane but when she stopped to stand up the huge dog jumped her! With Kristi being all of five foot five inches tall and 115 pounds and what I guessed the huge Dane being 175 pounds Zeus easily pulled her back down to her hands and knees!

As the older Dane almost had her in position under him Kristi screamed out "NO!" and twisted her hips to the side. The huge Dane had both forelegs on her shoulders wrapped around her and she was being held down because of the weight of the dog. Kristi was jerking her body backwards trying to get out from under him and in doing so her cute firm ass was raised up high with her knees splayed wide open!

Now Kristi and I are not naïve about bestiality, hell nobody is in this day and age, not with it being so prevalent on the Internet...

And we all have had heard stories and rumors at high school and college parties bandied about by catty girls trying to embarrass other girls. And as all young liberated educated women of this age with raging hormones and modern media on the internet, as I had seen more than once with my own wife cruising the web looking for porn movies for us to watch, we had come across or been automatically redirected to bestiality websites. We even dared to watch a couple of brief clips! Kristi joking that the women sure seemed to enjoy it!

Now the taboo salacious live action happening right in front of me combining with seeing how my gorgeous sexy wife eventually began positively reacting to getting licked a few minutes ago sent a thrilling surge of horny curiosity through me!

I ducked back into the kitchen then peeked out through the pass thru window from the kitchen to

the den. The pass through had louvered shutters on the opening and I opened them to peek through to see what happened next as I got out my cell phone camera and hit the video record button and aimed it through the louvered slates, my cell phone a high end model with ultra-high definition recording!

The young Dane Apollo was now moving in on my wife as she trying to get out from under the older Dane Zeus. With her head and shoulders still under the older Dane and her cute ass up high with her knees splayed wide open the young Dane mounted her quick and easy!

Just as Apollo wrapped his legs around her slim waist Kristi got her head free from under the older dog, Kristi screaming out "GET OFF!" as she was again pinned under the younger Dane who I guessed was nearly 160 pounds. Then as Kristi felt the young Dane's cock make brief contact with her pussy Kristi shrieked and tried to straighten up!

My wife was partly standing up on her knees; the young Dane had his legs wrapped around her slim waist with his paws pushing into her flat muscular belly, her robe undone showing her fully bared double D breasts, her nipples hard and she was visibly breathing hard with her frantic exertions, the young Dane's broad chest was pushing into her back trying to bend her over!

Kristi frantically looked down and grabbed the dog's front legs and began trying to pry them open. In the two dog's excitement the older Dane Zeus now jumped up and put his paws on Kristi's head and shoulders! With his weight on her she couldn't stay up and with the younger Dane pulling on her hips she went down in perfect doggy-style fucking position!

The younger Dane quickly took advantage of her position and started humping away! As the young Dane's cock found her pussy once again Kristi lunged forward to get away but clearly and very audibly she was not able to this time! Simultaneously my wife let out a loud piercing shriek as the young Dane instantly began frantically fucking her!

My wife loudly crying out in outrage each time she felt the young Dane lunge into her pussy as she valiantly but futile kept trying to get out from her comprised position! Until now my eight inch long cock was the only cock her pussy ever had. Well, that is not *exactly* right...

Her long time high school boyfriend had gotten her really drunk at a party and finally managed to convince/forced her to have sex with him but the boy was so eager he popped off in his condom just trying to get the head of his cock into her! The following week she had broken up with him hearing that he was going around bragging to his friends he had fucked one of the hottest girls at school!

Then I noticed Kristi was no longer yelling or even resisting..., in fact her look of fear and outrage was gone and had been replaced with the look of incredulity as the huge Dane rapidly fucked her with lightning fast strokes!

After another minute or so Kristi was grunting loudly as the Dane kept having his way with my wife! His hips were a blur as he was humping Kristi faster than any man could! 'Damn!' I thought to myself, 'No human male can fuck as fast as this huge dog was doing!'

My wife's look of incredulity was gone now as Kristi's eyes were wide open, her mouth parted and she was rapidly breathing. Her amazingly firm double D breasts were jolting in sharp arcs from the absolutely brutal pounding the young Dane was giving her! Then after a few moments at this bestial pace I watched incredulously as Kristi's feet once again began rising off the floor with her toes curled! Her head slowly dropping as she began shaking her head and grunting 'NO, NO NOOOO...' realizing Kristi was fighting a burgeoning involuntary orgasm not wanting to be satisfied by a dog!

Despite the fact that my gorgeous sexy wife was essentially being raped – by a huge dog no less, I seemingly couldn't help how incredibly aroused I had become watching this lurid spectacle! And my curiosity had been driven beyond anticipation because as far as Kristi knew she thought I had gone to the store so what I was seeing was her uncensored reactions to what was happening and I had already seen how near she had been brought to a climax by being licked!

Kristi believing I was not there I was wondering how she would continue to react – fighting it or decide to just go with it! All this colored by her comment when we had watched those two besti clips and she had remarked that the women sure seemed to enjoy it...

Even though I knew it was wrong I found myself cheering the dog on as I watched my wife being forced to once again come close to climaxing! At this point I was betting on the huge Dane and his relentless brutal fucking! Kristi loves to be fucked hard! Hell she always has several body racking screaming climaxes and a lot of times she reaches for one of her dildos to give me time to recharge! As I stared I could tell it's within seconds that she wouldn't be able to continue to fight it any more...

Just as I thought this her head suddenly shot up and she loudly screamed out as her orgasm erupted making her taut, lithe body visibly tremble!

Yet the Dane didn't break stride continuing to brutally pound away at her during her climax and then Kristi loudly climaxes two more times!

A couple minutes later I watched as the young Dane Apollo slowly slows down and while he straightens up he then began lunging hard into her! Kristi began grunting and squealing being even more brutally pounded! Zooming in on the cell phone video I could clearly see why my wife was making all the noise – she was feeling the swelling knot banging in and out of her frothy pussy!

As I previously mentioned Kristi is not naïve about bestiality due to the web videos we dared to watch one time on a lark nor was she naïve about dog's knotting, she certainly knew what the huge Dane was trying to accomplish and I was flabbergasted she had ceased resisting quite some time ago!

Kristi grunted again and again as the young Dane exerted increasing force to repeatedly shove his swelling knot into her tight frothy pussy and then yank it back out. After a few more hard thrusts after a particular hard lunge the swelling knot pushed again into my wife's tight pussy making Kristi scream out and spread her knees widely apart! His knot didn't come out anymore and I realized Kristi was now locked onto the young Dane's cock – his knot having swollen too large to come out!

The Dane's feet were dancing behind her as he still continued to hump hard into her with shorth thrusts! With the knot swelling to an unimaginable proportion locking her onto his cock, I vividly imagined Kristi was feeling the tip of his cock pressing hard against her cervix trying to push it way past into her womb!

Then Kristi again began loudly moaning as the huge dog began pumping his inhumanely hot cum into Kristi! Her body visibly and audibly betraying her as she continued to moan from the fucking she is getting.

The Dane stood still for a couple of minutes while he continued pumping his copious load into my moaning wife, the cell phone camera clearing recording his contracting nuts and her visibly dripping pussy. Then the Dane turned! As the Dane turned Kristi screamed feeling that hugely swollen knot turn in her pussy! Dropping her down putting them ass-to-ass! As my wife's shocked face came up her facial expression clearly showed she realized how tightly locked together they were! I can just

imagine her thinking what would be *MY* reaction if I came home seeing her in this predicament and how she would explain it away...

I wanted to go help Kristi as she lay there moaning occasionally, but her moans of pleasure stopped me and now questions were running through my mind...

Would she hate me or question my love for her if she knew I watched and did nothing to stop the Dane from licking then fucking her, let alone knew I had recorded the whole thing!

The Kristi began sobbing as the full impact of what had been done to her hit her... what she hugely felt inside her...

Kristi couldn't help herself from crying yet gasping and moaning at the same time as every single motion the young Dane made brought sexual sensations she had never felt before. I could see by the reaction on Kristi's face that she could still feel the Dane's cock spasm from time to time, pumping even more animal cum deep into her sexual places but the knot held her so completely that she could do nothing but kneel in place.

Apollo would not stay still, every several seconds he was intent on testing to see if he could pull his knot out and each time Kristi would yelp. Finally, his swollen bulge reduced in size enough to do so...

I was astounded as his bulge began stretching my wife's pussy lips open trying to pull free - it was so freaking huge! I couldn't understand how she could even pass something that big thru her tight vaginal opening...

"UGHNNMMM!!!" Kristi groaned and squirmed. The Dane pulling hard. I zoomed in between my wife's widely spread knees and thighs to see her visibly swollen red labia rising outward between her thighs as it was being pushed and spread apart from inside her body. The sight of his hugely swollen knot pushing and stretching her tight, narrow vaginal entrance seeking release took on the kinky appearance of the birthing of his obscene penis as his still swollen bulge began crowning at her tight vaginal opening...

Suddenly semen and pre-cum gushed, sprayed and bubbled around the still too huge orb then with a loud slurping noise Kristi's tight vagina finally began ejecting the intruder.

With his knot passing out, Kristi suddenly grimaced with pain as I heard a loud, slurping, sucking plop as the Dane's still too swollen knot incrementally slipped from her tight vaginal entrance - Kristi crying out with one last scream! Surprisingly it was an oddly combined scream of pain and orgasm!

Kristi's tight pussy clung to the remainder of his immensely swollen prick as it slowly, sinuously emerged with a loud slurping noise, followed by another insane deluge of cum exploding out of my wife's thoroughly ravished pussy...

Momentarily stunned I stared at what had raped/fucked my beautiful wife!

I... I was flabbergasted! Couldn't believe how huge the Dane's cock was!

The massive vein-ridged bloated redness that dangled garishly beneath him...

Knot and all it must have been nearly nine inches in total length!

The still swollen knot, now down to the size of a large lemon, seemed to punctuate its sexual power...

I couldn't even begin to understand how it was possible for my wife to even pass something the size of a large lemon thru her abnormally tight vaginal opening! Incredibility slamming me knowing that his knot had swollen to even larger proportions inside her!

That he'd managed to pull it from her exquisitely tight pussy without tearing her! That my wife had climaxed yet again when he finally had pulled his knot out!!! I couldn't help but let out a sharp intake of breath,

"Unreal..." I softly breathed...

No wonder Kristi had been loudly moaning!

Suddenly I was jealous! The young Dane's cock looked to be one inch longer than my own generous eight inch long thick cock - and that blasted huge knot rubbing her G-spot had caused my wife to erupt in one of the biggest orgasms I had ever seen her have! The thought of her ecstasy being the result of a dog using her for sexual gratification was more than a bit humbling!

Kristi kept kneeling there on her knees and her forearms breathing heavily from her bestial ravishment, but she and I both forgot about the older Dane Zeus, forgot until he moved into position putting his front paw over Kristi's slim flared hips then with more grace than his large 175 pound body suggested lifted himself over her small rounded cute firm ass quickly mounting her!

"NO! NO! NOT AGAIN!" Kristi loudly screamed out as she lurched on her knees trying to escape but she was too late!

The older Dane's hips were thrusting forward even before his front legs closed around Kristi's narrow waist! The dog's hind feet shuffled forward and his hips continued their rhythmic swing, the pink tip of the Dane's penis was out and jabbing in the general direction of Kristi's swollen goodies.

The older Dane's 175 pound weight was pressing her forward and down at the hips by another huge dog on top of her! Violently Kristi twisted her hips from one side to the other trying to avoid the heat seeking red rocket seeking its target. Then the front legs of the Dane moved to more firmly clasp about my wife's slim waist as the older Dane dragged himself up against her firm butt in search of her recently ravished pussy.

The huge dog searched and prodded making Kristi repeatedly lunge forward as best as she could to prevent penetration locked as she was in the powerful dog's embrace. Kristi's knees were still spread widely apart, the older Dane's 175 pound weight upon her preventing her from closing her knees together like that would help any considering she had just been recently fucked. The Dane's front paws gripped and pulled at her hips pulling her cute little butt closer to his groin and his seeking red rocket...

Briefly I again debated stopping this as Kristi had already been brutally rape-fucked and knotted by a huge dog with a huge cock bigger than mine but as I vividly recalled how Kristi eventually succumbed to her doggy ravishment and how many body racking orgasms she experienced, it inadvertently prolonged my decision making...

The older Dane was pulling and thrusting and with his immense strength actually pulling my wife's hips upwards towards his red rocket now heading directly toward her puffy swollen vulva, and I could tell Kristi felt it too...

The older Dane shuffled to line himself up with her pussy, then as his searching penis tip briefly dipped into Kristi she let out a long drawn out sexual moan as her head dropped...

Stunned I watched as my wife stopped her futile resistance!

Watched as the older Dane's cock began hotly jetting precum between her parted ass cheeks with its doggy lubricating cum, then even closer, squirting directly against her anus making Kristi again desiringly moan out!

For one crazy moment I thought Kristi was thinking about ass fucking! Being one of those few rare women who actually enjoy it...

Then the older Dane's prodding searching precum squirting penis again shallowly dipped into Kristi, held for an instant then came out. Kristi again desiringly moaning loudly as she felt the brief heated penetration, then I saw copious precum begin dripping out of her pussy...

Then the Dane jabbed a second time but deeper this time again causing Kristi to loudly moan, and obviously feeling my wife's warm clutching dripping vagina tightly clamping on his warm penis his animal instinct and reflexes then took over...

Feeling the wet heat of her swollen pussy lips kiss the tapered point of his cock the older Dane launched himself forward! His rear legs actually coming off the floor with this powerful thrust as his hips exploded in a flurry of motion as he fully drove himself instinctively nine inches deep into my wife!

Evidently Kristi couldn't contain herself as she loudly cried out as his cock bottomed out at the back wall of her vagina! Then shockingly I watched as Kristi began arching her back tilting her pelvis upwards giving the Dane full access...

Seeing this I began regretting not stopping this at the very beginning!!!

The older Dane hammered away at my wife over and over my wife eliciting loud grunts and moans as he vigorously drove into her receptive horny pussy shocking me with the brutal intensity and Kristi shocking me even more with an explosive orgasm!

Her orgasmic convulsions were violent! Her cries renting the air!

Kristi could only breath in loud gasps and grip the carpet as the older Dane brutally pounded his cock into her over and over even harder than the younger Dane had! My wife shocking me even more as I watched her tilting her cute ass further up into his rampaging thrusting as much as she could!

Kristi was trembling under the huge Dane repeatedly crying out as frantically and brutally the older Dane furiously raped his swelling huge cock in and out of my wife! The hammering of his inhumanely huge canine cock was clearly overpowering Kristi! Stroke after furious stroke pounded Kristi with overwhelming fullness! Repeatedly Kristi cried out as short, ragged breaths flowed out of her as loud whimpers as yet again she experiencing the raping brutality of a huge mass invading her taut belly.

Kristi letting out low burbling groans and grunts and several screams as she flinched and wriggled under the huge Dane as he fucked her harder than his younger companion ever did mercilessly hammering his hips with a mechanical fervor! Bashing brutally into Kristi as she tightly clutched the carpet and dropped her head to steady herself against the violent hammering of his long cock deep

inside her than I her husband ever could!

Yet Kristi was not fighting this second brutal assault!

Instead Kristi was physically responding to it! Arching her back and tilting her ass up into in to his rampaging cock loudly groaning with intense sexual pleasure even while she was enduring the brutal onslaught of the huge dog's powerful hips as he seated himself deeply well within in her secret place further than I ever could...

The huge older Dane continued strenuously humping Kristi, his large dangling balls slapping against Kristi's exposed swollen clit. Dimly I realized both Dane's had staying power due to their frequent stud activities! The steadily slapping huge testicles against my wife's swollen clit with the lengthy meaty mass brutally thrusting hard and fast into her had visibly started to evoke tremors in my wife as a prelude to yet another orgasm!

Kristi's massive body racking orgasm suddenly exploded! Kristi loudly screamed out as she came yet again on *another* massive canine cock...

Again I zoomed in with my cell phone camera recording the swelling knotty gland as it was repeatedly slamming against her already sore pussy trying to gain entry as yet *another* orgasm exploded from my wife!

Muscles all over her taut lithe body quivered. Kristi moaning loudly, a deep, almost animal-like sound. Then Kristi, my wife, shocked me to my very core hearing her groaning out,

"Ooooooooooooo," she moaned, "Fuck Me! Fuck Meeee! Oh, that feels soooooo fantastic!!!"

Then stunned once again I saw Kristi begin bucking her hips trying to get even more cock into her pussy as his swelling knot repeatedly slammed against her tight vaginal entrance as the older Dane kept on pounding his cock into my sexually over stimulated wife! Pouring it to her as fast as he could! He had arched his back and was rocking his hips back and forth, moving eight inches of his cock in and out of my wife's tight frothy pussy on each powerful stroke!

Incredulously I watched as the older Dane repeatedly bludgeon his swelling knot against my wife's tight, narrow vaginal entrance!

Zeus repeatedly strived to force his swelling knot, now about the size of a large lemon, into her over and over stretching my wife's already brutalized tight vaginal opening! I was totally flustered and dismayed watching my gorgeous sexy wife actually *fucking back* forcing the swelling knot in and out of her!

Then for the second time my wife was knotted!

Kristi released a low guttural scream as it became struck fully inside her refusing to come out! Yet the older Dane's unrelenting domination of my wife's cunt was complete all the while he continued to hump wildly! Pushing his still expanding knotty fullness into her...

"No... Noooh... can't take much more ..." Kristi pleaded as she felt the movement of Zeus's growing knot rubbing her most sensitive place, her G-Spot! Kristi repeatedly moaning as she felt his knot continuing to swell ever larger inside her, pressing and rubbing ever harder against her G-spot with its continuing expansion!

Then I saw my wife's lower legs lift up and her toes curling...

Then Kristi began pushing right back into his still brutally lunging hips! Desirous moans seeping out of her sensuous lips, lustfully hungering for the huge orgasm that was building up in her core!

The older Dane seemed to sense her rising peak and began brutally fucking her all the harder with short jabbing thrusts making my wife release a long drawn out orgasmic scream as his huge raping canine cock thrust in and out of her in short stokes!

Kristi began uncontrollably convulsing in his restraining paws as the older Dane himself let out a mighty groan when Kristi's narrow vaginal sheath started contracting powerfully! Her narrow vagina rippling around his cock pulling at his shaft, encouraging his own release!

Kristi's tightly contracting vagina erratically clenched at him visibly *milking* around the hugely swollen male organ as my wife bucked ferociously and came again and then again! Her intense orgasmic peaks only seemed to goad the older Dane to fuck her even more furiously! Then her orgasmic cries reached even louder as the huge Dane began pumping her full of inhumanely hot cum which I found both frightening and deeply arousing!

Kristi shuddered and jerked with repeated orgasmic contractions as the huge Dane pumped stream after copious stream deep into my wife! Kristi herself kept bucking her hips upwards stimulating yet another monstrous body-racking orgasm screaming out...

"YES! ... YES!! ... OH YES!!!"

Then long moments later as my wife and the huge Dane both calmed down I heard Kristi breathlessly utter, "Oh My God!" as she panted then began regaining her composure one more time...

Then I watched as Kristi reached one hand back to feel the overly stretched opening to her pussy. She ran a finger between her swollen lips and feeling the top of the hot ball of hugely swollen knot buried inside her, she felt the huge bulge behind her mounded pubic area swollen impossibly huge and hard inside her! His copious cum leaking out and running down her thighs and dripping onto the carpet. Then her finger tips grazed her swollen clit instantly provoking deep, heaving orgasmic contractions yet once again...

As Kristi continued rubbing her clit her arms began giving out from her exhaustion, laying on her face against the carpet, her mouth opening to emit loud ragged screams with each arc of exploding ecstasy as she continued rubbing her swollen clit as her tight pussy visibly squeezed against the Dane's hard, invading knot *milking* it. My wife's current explosion of sexual electricity visibly coursing through her firm nubile lithe quivering body...

I was dismayed, then disheartened and then I felt inferior watching long moments as my wife continued rubbing her clit as her pussy visibly repeatedly clenched and released his thick shaft and knot with her orgasmically contracting vaginal sheath *milking* his ejaculate up into her!

Eventually Kristi closed her eyes and focused on calming her breathing as she and Zeus remained knotted, Zeus on her back, his cock buried and knotted tightly in her. Then the older Dane grew restless...

He lifted his left front paw across Kristi's, and as the hugely swollen knot twisted and tugged as he turned, my wife again trembled as more shooting shocks of electrically charged joy racked her highly aroused body...

As Zeus turned Kristi once again found herself tied with a huge dog ass to ass!

Her firm cute ass tilted up hung up by the knot of the huge tall Dane!

Kristi's weakened arms gave way and she slumped forward, the huge dog's knot still firmly embedded inside her spasming vagina. Her whimpers became a cry, then a scream, as her body convulsed with yet another orgasm!

My wife's taut, lithe sexy body racking with uncontrolled muscle contractions causing her to shudder, shake and writhe on the floor.

The older Dane began acting like he wasn't at all comfortable with the clinging tugging female he was tied to, Zeus began moving first one way then another in an effort to be free of my wife but every time he did Kristi tightly spasmed even more...

When the huge Dane moved, Kristi reacted!

When Kristi clenched down the huge Dane moved!

Then I was stunned deeply making me thoroughly regret allowing this to happen hearing my gorgeous wife utter out,

"Fuck me..." She moaned, "This feels sssso *\*uhn\** fucking good! FUCK! I can't *\*uhhhnnn\** take much *\*agh\** morrre!" Kristi gasped through exasperated breathes...

Finally, Kristi on her knees, laid on the floor breathing heavily, the Dane stood for few more minutes occasionally looking at my still tightly knotted wife behind him until he finally decided that for the time being they were not going to be separated so he laid down as well!

"Oh Fuck! I can't take much *\*uuuhhnn\** Fuck Me! Much more of this!" Kristi groaned out. For maybe five minutes more the two remained tightly coupled until both showed signs that things needed to end...

The older Dane began by turning from one side to the other, Kristi moaning each time he did before the dog finally stumbled to his feet awkwardly making Kristi yell out and making Kristi roll up onto her knees in an effort to lessen the discomfort that the moving dog was causing her thoroughly ravished pussy, then she managed to regain her hands and knees. The Dane began pulling away forcefully, Kristi winced and clamped down preventing any change in their situation. After several more seconds the Dane tugged again making Kristi loudly moan out, the Dane whining uncomfortably.

The next tug from the Dane he actually began tugging Kristi backward!

I could see tears start coursing from my wife's eyes!

I could see Kristi bite down hard on her bottom lip as his lubricated cum coated knot slowly began sliding out of her tight, narrow vaginal entrance as if she were giving birth to his cock! Kristi moaning loudly as she gripped her hands tightly into the carpet as she incrementally painfully released the still enormous knot within her...

Kristi moaned then screamed out in sharp pain as the Dane began whining then he yelped as with a wet slurping sucking sound the still too hugely swollen knot and distended nine inch long cock began slithering from Kristi's swollen highly abused pussy instantly followed by a waterfall of cum which splashed onto the plush carpeted floor.

With tears streaming down her face I watched as my wife stare with disbelief at the dangling appendage that had so thoroughly fucked her senseless; both the still swollen penis and still astoundingly large lemon sized knot were a bleached looking whitish purple with thin traces of red veins. Kristi groaned at the ugly sight of it, stunned at the understanding of what TWICE had been locked into her and had passed back out of her tight narrow vaginal entrance – it looked still so engorged! Not for the first time this morning did I wonder how it had all fitted inside of her! I'm sure Kristi had to be thinking the same thing...

Kristi's legs gave out and she exhaustively slumped to the floor, she lay still, unable to move, totally drained...

I then remembered that I was supposed to be at the store...

I quietly left and drove to the store, leaving my wife thoroughly exhausted on the floor.

As I went to the store my mind was racing with thoughts and visions of the brutal banging my wife had just gotten. I couldn't think straight which caused me to miss a turn off.

Once at the grocery store instead of buying the two items that my wife wanted I ended up with two bags full of stuff. When I pulled into the driveway, a trip that should have taken no more than one hour it took me nearly two hours, I quietly walked into the kitchen putting down the bags.

I then walked toward the den looking at where my wife had been laying when I had left. Kristi was gone and the only sign that she had been there was a huge wet spot on the thick plush carpet that we had to clean up, wondering what kind of excuse she would come up with to explain it away. I figured she had gone upstairs to the bedroom to clean up and rest.

As I started to walk through the den to the stairs which I had to reach by going through the living room I heard my wife whimpering from the adjacent living room. As I walked toward the living room as I approached I again heard Kristi whimper something. As I approached the doorway, I heard Kristi squealing saying "STOP! No More!"

Entering the room I was stopped in my tracks! Kristi was draped over a small mushroom shape stool with the older Dane Zeus standing between her widely spread legs licking her ass and pussy!

As I would find out later, once Kristi started to move around from her first two doggy fuckings the two Danes had tagged team her by head butting her as she headed upstairs to cleanup tripping and pushing her over the living room stool. Kristi again whimpered for the older Dane to stop. As she futile repeatedly commanded the Dane to 'stop' the dog just attacked her visibly swollen red pussy that much harder!

As I moved to help my wife the young Dane blocked my entrance as he barked and growled a warning me to stop! This first ever sign of aggression from a supposedly gentle breed startled me! Again I made a move and Apollo snapped at me baring his teeth stopping me! My wife was again at the older Dane's mercy and he wasn't showing her any mercy as he tilted his head as he tried digging his tongue into her ravished pussy. Even though my wife clearly didn't want any more sex the older Dane was giving my wife what she liked the most and that was to have her pussy eaten!

Evidently Kristi couldn't fight the renewing arousal that the huge dog was building in her pussy with his forcible oral. Kristi was panting and moaning when she again tried to command Zeus to stop yet she couldn't get the word totally out as once again I was stunned seeing and hearing an orgasm begin racking my wife's sexy body. As Kristi was in the middle of her orgasm the older Dane again

mounted my wife!

With her positioned just right over the foot stool at the exact right height Zeus fed my wife his entire cock with one long firm push into her wet pussy, Kristi loudly screaming as her sore pussy was again stretched out! The older Dane began humping Kristi with long smooth strokes!

It took a few moments for Kristi's whimpering from the soreness in her pussy to again turn to moans and groans of pleasure. Then slowly she opened up her legs wider while she tilted her hips back and again started to hump back against that rampaging nine inch long doggy cock...

Clearly when the older Dane felt Kristi arch her hips to him he immediately leaned over her and started to pound her pussy like no man ever could! Kristi started grunting loudly as she was getting another good hard doggy fucking. When the dog's knot started to bang into her sore pussy Kristi gave one last plea "SSTTOOPP PPleasee..." was all she could manage to get out. Then she loudly screamed as her body violently jerked as the older Dane stuffed that knot into her faster than he had before. As the Dane continued to push into her his feet were dancing and with the knot again hugely swelling locking the two together Kristi began making noises I had never heard before...

The Dane one again had my wife locked up good and tight! As he jerked into her hips hard he again started to pump her full of hot dog cum. Kristi again couldn't help repeatedly moaning loudly as she once again began climaxing hard as her body evidently was now spontaneously reacting fucking the Dane back as though she couldn't get enough of that huge nine inch long cock!

I noticed that my wife's hips were not just arched backwards giving the dog full access to her pussy but her hips were also rotating in small circles rubbing her G-spot as his embedded swollen knot!

Dismay and thoroughly regretting all this I stared as my wife repeatedly pushed back and forth to impale as much cock as she could as well as rub her G spot against the hugely swollen knot inside her. Kristi pushing her slim hips back in rhythm to match the slowing fuck thrusts of the older Dane.

A few moments later my wife just collapsed. Zeus laid on top of her waiting for his knot to go down. My wife breathing hard appearing as if she was in a trance when the knot came out of her tight pussy sooner and easier than before making a loud suction like sound.

Again I could not believe the copious amount of cum that poured, that almost blasted out of her! And that immensely long cock! How could my petite five foot five inch wife even take a nine inch long cock! And that blasted knot itself was half the size of a tennis ball! It must have swollen to the size of a tennis ball inside her!

With the older Dane dismounting from my wife the young Dane Apollo suddenly ran to my wife. Kristi's body was starting to slide down from the stool when the young Dane mounted her his weight pinning her to the stool! As the dog moved in with his feet the tip of his cock was already sticking

out squirting precum!

With his first thrust his cock went between the openly parted moons of my wife's cute muscular ass! Before Kristi realized the location of his cock Apollo humped into my wife's cute round firm ass instantly Kristi screaming out, "NO NOT THERE!!!"

As Apollo ignored her he again humped into her! Kristi slamming her legs together but the younger Dane just straddled my wife's legs. Kristi was squealing and shrieking with each thrust swinging her hips side to side trying to dislodge the nine inch long canine cock that had begun rampaging in and out of her tight ass! The young Dane had his front legs draped over the stool while he was forced to move his legs to the outside of Kristi's legs!

As the Dane rode my wife's swinging hips he used his front legs for leverage. He then humped again hard managing to shove what looked like about half of his cock into her tight ass making Kristi scream out as she tried to now move up on the stool hoping to get away from his ass raping cock!

Now Kristi is one of those few women who actually enjoys anal sex but quite clearly having a cock an inch longer than my own eight inch long fat cock fucking her tight ass and the possibility of having her ass knotted clearly scared her as it should!

Then the young Dane humped again and buried his cock to the hilt! Nine inches up into her tight ass making Kristi let out a guttural scream!

When Kristi had cried out "NO NOT THERE" I knew the dog was already in her ass! I started again to go help her as that sweet cute firm ass of hers was mine and not anyone's else's! I moved forward to pull the young Dane Apollo off when he turned around and snapped at me baring his teeth! Again I closed the distance to save my wife from her anal raping when the huge 160 pound Dane growled at me now inches away as he snapped at me freezing me in my tracks, then my wife screamed...

As I looked up I could see the young Dane now pounding her cute little firm ass with fast hard thrusts! As I watched the Dane ass rape my wife I started to think of the knot! Then thinking of myself and what that knot would do to her sweet ass I yelled out at her,

"Kristi Don't Let Him Knot You! Squeeze Your Ass Cheeks Together!"

Realizing I was back Kristi's head violently jerked up with surprise acute shock visibly showing on her face! I made another move to go help her but again Apollo turned and snapped at my shirt snagging it and shaking his head ripping my shirt and then viciously barking at me all the while he kept ass raping my wife! Kristi yelled at me,

"NO HUNTER! STAY BACK! HE MAY BITE YOU!"

I backed clear away as the young Dane continued pounding my wife's tight ass, again I yelled for her to, "squeeze your ass cheeks and don't let him force his knot into you!" I saw Kristi started to squeeze but then she cried out it hurts!

I told her to keep trying squeezing her cheeks or he will force his knot into her and that will really hurt! I told her it looked like he was close to climaxing and would try any second to knot her!

Kristi whimpering I could visibly see she was squeezing her butt cheeks as hard as she could. Not only could I see the taut muscles of her butt cheeks clenching but the Dane was now whimpering from the pressure. Then the Dane slowed his thrusting and gave two hard lunges trying to knot her!

Then with Kristi loudly squealing while squeezing her ass cheeks the dog stopped thrusting and just pushed harder into her ass as he started to pump her ass with hot cum, the huge Dane occasionally whimpering as he pumped his copious watery cum into my wife's sweet ass...

I was thankful he didn't knot Kristi! The Dane, I think would have felt that this was the tightest bitch he ever had!

A minute or so later the younger Dane Apollo dismounted and then both Danes walked pass me and out of the living room. I looked at my wife. She was exhaustedly collapsed over the stool. Her ass cheeks were red from the pounding of her ass fucking. Now both her pussy and her ass were pouring out voluminous amounts of cum and another carpeted area we would have to scrupulously clean up.

As the two Danes walked out of the living room I hurried to my wife. She was draped exhaustedly over the stool still breathing hard from getting ass fucked I knelt next to her and I touched her head caressing her long golden hair that was thoroughly mussed up. With tearful eyes Kristi looked at me and she started to talk trying to explain what happened, that the dogs jumped her when she was trying to pick something up. I told her to be quiet and rest and how much I loved her, telling her it didn't matter as long as she wasn't hurt. When she was ready I would help her upstairs to the bathroom.

A few minutes later as Kristi started to stand up her legs gave out. I picked her up in my arms and carried her upstairs to the guest bedroom we were staying in and its spacious ensuite bathroom. I started up the bathtub so she could take a nice long bubble bath. I then helped her to the bathroom and into the tub. As her pussy and ass hit the water she moaned and gasps as she was sore from not one but two brutal fucking sessions by each huge Dane...

As Kristi soaked in the tub I went down stairs and cleaned up everywhere I found spots that would raise questions. As I was cleaning the two Danes just laid there watching me with what appeared very sleepy contented look on their faces. After cleaning up I went to check on Kirsti. She was asleep in the tub. I got her out of the tub, dried her off and put her to bed as she was completely worn out and sore. As her head hit the pillow she murmured she wanted to go home. I told her I would take her home after her nap and the remaining few days I would stay with the dogs. Two hours later I came back up to check on her.

When I walked into the bedroom I saw that her head was moving side to side and Kristi was mumbling in her sleep dreaming. As I got up next to her I could tell she was having a bad dream, Kristi had kicked off the sheets, she was sweating, her respirations fast and her nipples were hard.

Kristi was moaning something that I could barely make out that sounded awfully like '*damn dog... fuck me...*'. I could tell by her mumbled words, her pinched facial features as well as her tensing body reacting that her dream must have been reliving her getting sexually satisfied, getting knotted and climaxing from it...

I woke her up to tell her it was time to go home. Kristi looked confused as I helped her out of bed, then I noticed the bed had a wet spot from her dream...

I quickly glanced at my wife's nude glorious goddess body...

The labia of her nearly hairless pussy was swollen, whether from her recent brutal doggy fucking - or from her dream, regardless I could see her pussy was moist...

As Kristi was getting dressed I called Lexi to tell her I needed to get Kristi home as she had become suddenly sick but I would return and stay with the dogs until she got back while a friend came over to stay with Kristi. Lexi said it was alright, her friend wasn't as seriously injured as the doctors first believed and she would be able to leave sooner than she thought, and her usual dog sitter had called back and said she would be able to make it after all due to another cancellation so I could stay home with Kristi.

By the time we got home it was almost 6PM. We had stopped on the way home and picked up an order to go. After eating Kristi was still exhausted so I helped to our bedroom. As I was undressing her I noticed her panties were soaked with cum as she was still leaking. Kristi took a shower then she went to bed....

Friday morning Kristi got up and as she walked to the bathroom I noticed she was walking very gingerly. Again Kristi tried to explain what happened but I told her it was okay, what had happened, happened, it's not as if a man had raped her because that certainly would be different. The only thing that mattered was she hadn't been hurt, so stop worrying about it.

Late that afternoon I had just helped Kristi out of our hot tub when Lexi called. As I handed Kristi her cell phone I was sitting next to her and could hear Lexi talk. She said that she hoped Kristi was feeling better and if she needed she could take Monday and Tuesday off.

On Sunday afternoon Lexi again called to check on Kristi. Lexi stated she had gotten back home earlier in the day. Lexi then said that when Kristi came back to work she had a surprise for her! Then just before Lexi hung up she then told Kristi when she got home Zeus and Apollo were more excited and full of energy and wouldn't leave her alone!

She told Kristi that she just wanted to thank her for what ever she did to make their time so pleasant, that she greatly appreciated her efforts. I couldn't help but snicker as Kristi said thanks and hung up, then I immediately got an elbow in the ribs as Kristi told me she didn't think it was funny! As I laughed I hugged her and I pulled her robe away and started kissing and briefly caressing her but Kristi twisted out of her robe and away from my arms as she told me not to get any ideas any time soon that she was still way too sore!

Come Tuesday Kristi was back to walking normal with that cute wiggle which highlighted her tight looking ass. That night we finally got to have sex again! I couldn't believe how hard and long I fucked my gorgeous sexy wife but she easily became sore again, yet I was still able to help my gorgeous wife achieve multiple orgasms before she said she had to stop. Yet all the while I was fucking Kristi I couldn't stop thinking of the two Great Danes gangbang my wife with their nine inch long cocks and knotting her, and oddly that kept me banging Kristi for the longest time especially after we did it doggy style for a while - one of Kristi's favorite positions! And considering how enthusiastically Kristi was fucking me back I began wondering if she too was thinking of the Danes fucking her during our love making but I certainly knew better than to ask!

Afterwards as we were lying in bed holding each other she looked at me and she shocked me when Kristi said,

"You have never fucked me from behind with such intensity like that before... Did watching those two huge dogs with their huge cocks having their way with me turn you on?"

I knew I must have had that 'deer in the headlights' look as I couldn't come up with what to say knowing it was the truth! Then my amazing wife surprised me when she told me it was okay as long as I loved her forever...

I looked at my incredible and oh so beautiful sexy wife and told her I would always love her and was hers forever. Then to lighten the mood I kidded her saying,

"Well despite the nature of what happened, it sure looked and sounded like you greatly enjoyed it with the incredible orgasms you had - and I'm not talking about what we just did!"

Faster than a bolt of lightning her fist punched my shoulder *HARD*! A few moments later we both cracked up laughing! Then she pulled back and she said,

"I see that look in your eyes! And NO I am not fucking those Danes or any other dog again!"

I found it curious about her wording she used "or any other dog again". Could she have been thinking about doing it again or with another breed, certainly there could not be another breed with a larger cock than a Great Dane except possibly a Mastiff.

Wednesday morning Kristi left for work, somewhat excited about the surprise her boss Lexi had for her. About 10AM Kristi called my cell telling me that she got a huge raise and she now has her own outside window office on the upper floor next to Lexi's corner office!

I replied, "WOW" how did you manage that? That's pretty prestigious!"

Kristi replied, "Lexi told me it was for not only bringing in two new major multi-million corporate accounts last month but that I was also bringing in more revenue than any of her other analysts in the main office or any of her branches!" I told my wife, "Great job honey, I'm so proud of you!" Yet something in the back of my mind began niggling...

Kristi continued saying, "I will be home late tonight, Lexi is taking me out to dinner to celebrate. I will call you when I'm on my way home! Love You Honey!" Then my wife hung up before I replied I love her too, have fun and be careful heading home...

That evening it was getting close to 11PM and Kristi still hadn't called to tell me she was on her way home and I began to get worried. Just as I picked up my cell phone to call her I saw Kristi pulling into our driveway. I walked out to meet her as she parked in the garage. Just as I was about to light into her for not calling me I saw the look on her face which stopped me.

"What is it honey, what happened?" I asked.

"Let's get inside then I will tell you, I need to be sitting down, we both need to be sitting down before we talk..." Kristi softly replied.

Now any man who is deeply in love with a woman would feel what I started to feel hearing their wife or girlfriend's somber intonation, I instantly began worrying. Somehow I manage to withhold any questions as we walked back into our house, somewhat mollified Kristi was holding my hand.

Kristi set her purse and satchel down in the kitchen then taking me by the hand led me into our living area asking me to sit on the couch then she set next to me. She took my hand in hers then hesitantly she started explaining...

"As I told you earlier Lexi did take me out to dinner to a really nice steakhouse to celebrate. We had a couple of cocktails then we were shown to a private dining room for just the two of us. After we had a fantastic meal we had an after dinner drink. That was when Lexi told me she had decided to promote me two weeks ago and she had spent the time getting my new office ready and decorated while keeping it quiet who was going to be in the office next to her. She had planned to tell me about

the promotion just before she found out about her friend's accident."

Kristi looked at me then she looked away squeezing my hand before she continued,

"Lexi explained that after she was informed of her friend's accident, in her frantic haste to get a flight out, leave the office and get home and pack and get ready for us to arrive, she had forgotten to turn off the hidden surveillance system at the house..."

Dimly I heard myself utter, "*oh damn...*"

I felt my heart instantly start thudding in my chest as I struggled to take a breath. Finally I squeezed Kristi's hand and told her to continue...

"Lexi assured me everything is okay. That what happened will always stay between the three of us. Then Lexi shocked me even more when she said it had happened to her as well, more than once..."

Again Lexi stated how badly she felt this happened, that she should have known better because of Zeus and Apollo's unneutered male instincts and the fact that they are frequently used as studs, and, and, they *knew* what a human pussy felt like...

Lexi then explained it happened to her! The *first* time it happened to her both dogs had taken her one after the other as they did me. She was so exhausted after the first time with Zeus she couldn't prevent Apollo having his way with her too immediately afterwards, and like me, Lexi she couldn't help herself experiencing multiple orgasms as well.

Then Lexi explained the *next* time it happened, she had just gotten out of the hot tub after she had drunk a bottle of wine all by herself and had taken a THC gummy because of the stressful day she had. As she walked into the den on her way to the stairs Zeus again had gotten nosy pushing his nose so hard against her trying to lick that he caused her to trip and fall down and in the next instant he had mounted her. She was kinda drunk and the THC gummy had really relaxed her to the point she couldn't put up much resistance and she knew she couldn't get away so she just *went with it!* Afterwards Apollo again got sloppy seconds!

Then Lexi shocked me when she said that, all in all after she had time to reflect upon it, that she had to admit to herself she had some of the most amazing orgasms she ever had! And the dogs with their long powerful tongues can give oral better than any guy - or woman!

Lexi again apologized stating she had to tell me the same thing had happened to her, especially after seeing how I myself eventually responded and the intense orgasms I had so I wouldn't feel ashamed and embarrassed by it. She then explained after the first time it happened and having orgasms from it she researched it and found a scientific article by a renowned sex researcher and marriage counselor by the name of Dr. Kate Temple in Austin, Texas. Her article explained that,

'In rape awareness education classes, one of the toughest things to convince a rape victim about is to get the rape victim to accept there was nothing mentally the rape victim could have done to prevent her body from physically automatically responding to sexual stimuli and having an orgasm.

Sexual arousal and orgasms are uncontrollable involuntary physical responses that can happen independently of cognitive agreement. In other words, the body and the mind don't have to cooperate with each other in order for the body to react or respond to physical sexual stimulus. While the conscious mind is horrified with rape, it is impossible to block the sexual stimulation and resulting instinctual sexual feelings that arise from it.

That sexual arousal and orgasms originate from the autonomic nervous system - the same reflex driven system that underlies heart rate, digestion, perspiration and fear.

That our control over sexual arousal is no better than our control over the dilation of our pupils or how much we sweat. Quite simply, our bodies instinctively respond to fear and our bodies instinctively respond to sex. Our bodies instinctively react! They do so uniquely and often entirely without our conscious permission or intention.

Orgasm during rape isn't an example of an expression of pleasure, it's an example of an involuntary automatic physical response to sexual stimulation! A physiological response to the stimulation of a female's erogenous zones whether the mind's on board or not. Our sexual organs and erogenous areas are simply involuntarily reacting to sexual stimulation the way they were physically designed to respond - purely biological behaviors.'

"Then Lexi again repeated herself saying that the *second* time it happened, knowing she couldn't get away from her two huge powerful dogs and considering her inebriated condition due to the wine and the THC gummy, she decided to just *go with it and enjoy it...*

At this point I had to have another drink to settle my nerves even though I was feeling tipsy. Lexi was very concerned how I was handling all this and I think she was concerned about admitting her own revelation about her second time. Lexi again reassured me it will stay between the three of us and she had felt that she and I were becoming the best of friends.

Then Lexi said not to worry what happened and how I responded just as she did based on Dr. Temple's article. Then she kidded me about being careful next time I came over to her house because she thinks Apollo and Zues have now developed a certain preference after her and now me!

After we hugged and said goodbye as I was driving home it struck me how odd Lexi's last statement sounded, thinking about it and the way she tried joking about it, it's as if there may been *more than two occurrences* between Lexi and her two Danes.."

Kristi sat there tightly squeezing my hand, then she started to tremble and I pulled her into me and held her tight telling her,

"Honey, like Lexi said, none of this is your fault! You couldn't help your body from physically involuntarily reacting the way it did!"

I thought that at least this would make Kristi feel not responsible for what had occurred, but then there were my own inactions that I was too embarrassed and ashamed to confess to...

"Honey, I should be apologizing to you for not being able to stop Zeus or Apollo before it was too late! Then when Apollo started snarling at me and tried to bite me you told me to keep back so I would get hurt!"

"Can I tell you something?" Kristi hesitantly asked.

"Kristi! You can always tell me anything just like I would tell you! We totally trust and love each other!" I replied. Then my wife softly stated,

"Do I feel embarrassed being fucked by a dog, *dogs*, that it felt so good that it made me climax, of course!

Do I feel embarrassed that I had several orgasms by two dogs fucking me, of course!

I couldn't mentally stop my body from physically responding to being fucked either by Zeus or Apollo! Not with those huge long hot cocks of theirs squirting all that hot precum into me! I was shockingly unprepared for the rapidly escalating wanton sexual need I felt quickly arising within me on a level so deep within, so primal, that I could do nothing to control it let alone suppress it! This sexual neediness I was feeling was transforming an otherwise horrific and disgusting experience of an animal's cock rapidly raping in and out of my pussy into an intensely pleasurable one!

I couldn't think, I could barely breathe with first one Dane then the other pounding into me so hard with a cock that was even longer than your own magnificent cock!

Then, while their beginning bulges were still small being rapidly thrust in and out of my pussy hitting my G-Spot, all I could do was feel, and what I felt, against my every wish and inclination, was raw physical primal sexual pleasure and gratification!

I was unable to resist my natural sexual instincts from taking hold as I felt their ever-swelling cocks riding me wildly! Being insanely fucked with sheer incredible brutal animalistic intensity with their ever swelling, jetting cocks pumping into me and being filled overflowingly with hot precum! Especially when I got knotted...

Feeling their bulges still ballooning ever larger, pressing and rubbing ever harder against my G-Spot provoking one orgasm after another. Then suddenly feeling as if an enormous hot geyser burst in my pussy!

I felt powerful jets of copious hot cum blasting inside me! I could feel directed pointed jets blasting directly against my cervical entrance filling me with an in-human heat from the volume being pumped into me! A seemingly unceasing, pulsing, jetting hot flow flooding my insides like squirts from an enema! I could feel every hot pulsing jet repeatedly ejaculated inside me! Blast upon blast of hot fluid shooting into me and despite knowing it was a dog, *dogs*, doing it felt so insanely pleasurable it triggered other incredible orgasms that racked my body...

And Hunter, we certainly can't blame the two Danes!

We already well know how crazy we get when we have sex! And we did it with the dogs in the den with us! They just reacted to their own natural unneutered hormonal male desires by getting stimulated with all smells of sex we generated in the den, and after hearing Lexi's confession, Zeus and Apollo were already *well* conditioned to the smell of human sex *and* the feel of a human pussy..."

Hearing my incredibly beautiful and oh so sexy wife telling me how pleasurable it felt being fucked by the two Danes dog stunned me!

I sat there numb and dumbfounded. I guess I must also have had a shocked expression on my face as Kristi suddenly sat in my lap and hugged me tightly as I felt hot tears began falling from her eyes as I held her tightly as she began sobbing. Moments later I was repeatedly telling her,

"Kristi, it wasn't your fault! It wasn't your fault! My dear sweet forever love of my life! I have to confess something too..."

Kristi sat up, sniffed deeply and wiped her tears away and asked, "*what?*"

Honey, I have to admit, watching the two Danes fucking you and the multiple intense orgasms you had, it was out of this world incredibly sexy and erotic as hell! One of the world's most beautiful and sexiest women that I'm incredibly fortunate to be married to getting her brains fucked out by huge canine cocks! It was way and beyond sexier than all hell!"

My incredibly beautiful loving wife look at me for a very long moment, then said,

"Hunter, sex with you, my love, is absolutely fantastic! I'm extremely fortunate to be married to an extremely handsome man who has been gifted with a cock longer and thicker than most men and who knows how to expertly wield it!

Hunter, after I got over the shock of it and thought about it, then hearing Lexi's own confession, I have to admit, the 'unconventional' sex was fantastic, except it was not with you...

There was no emotional attachment! Hell it could have been one of those mechanical fucking machines doing me except it was the two Danes!

Hunter, all I ever wanted was just you, and it will only be just you...

What could I say? I reassured Kristi that I loved her with all my heart forever and ever!

But again I remembered that time we had watched those two besti clips and Kristi's visible physiological responses to the vids then her remark afterwards that the women 'sure seemed to enjoy it', then a few minutes later when we started having sex she got in the doggy-style position and she had some incredible orgasms! Then how Zeus and Apollo induced her into having incredible orgasms, I just had to ask,

*"Would you like to do it again...?"*

My question clearly and soundly startled my wife! She hesitated a moment as her eyes growing wide with incredulity before loudly exclaiming,

"NO! I'm, I'm not sure, probably not..., it was a onetime thing that accidently happened!"

I think my sweet wife was more worried about how I would have reacted if she had outright said 'yes', but then again, her response didn't absolutely rule it out either...

Kristi bit her bottom lip in consternation mulling over my absurd question and her uncertain vague denial about doing it again, her beautiful bright emerald green eyes soul searching mine trying to determine if I was serious or just kidding her...

To lighten the mood with my absurd question, I jokingly assured her that I wouldn't judge her if she wanted to again as long as I get to watch! Kristi then called me a bastard, but she laughed all the same as she said it and we let it drop...

We went to bed and Riley soon after started getting amorous...

Yet afterwards I couldn't get to sleep...

I was worrying because something had been omitted by Kristi's recounting of her and Lexi's conversation and the hidden surveillance system...

Was there a hidden camera in all the major rooms downstairs? *Was there one in the kitchen???* If there was did it record me not stopping my wife's rape in time but instead watching and filming my wife getting raped the first time by the two Danes and not stopping my wife's rape???

Three months later I was doing some IT work at home that required me to link my computer tower to another computer for additional processing power. My laptop had just gone down due to a bad cooling fan and I was awaiting a new one to be delivered. With have a home server system so I went

to turn on Kristi's tower to improvise.

Turning on Kristi's tower I noticed she had more than one web browser installed. Of course she had the main Microsoft browser most everyone uses but she had also installed two other browsers noted for their privacy. Curious, I checked the history, bookmarks and favorites on the other two browsers. The first one I checked had nothing. The second privacy browser I checked had an unnamed folder that got my attention...

I opened the unnamed folder and there were several bookmarks for websites for bestiality videos with dogs, ponies and miniature horses, a few websites for bestiality stories and a few for bestiality comics!!! Then there was one sex toy website that was bookmarked that offered toys in the shapes of canine cocks and small equine cocks - with squirting options!

Try as I might I couldn't concentrate to keep working on my project! I kept trying to figure out why my wife had developed this interest. Was it because of those two besti films we had watched on a lark and Kristi was not at all disgusted, in fact I could tell by her physiological responses that she had gotten aroused by it, then her remark after watching the clips that the women sure seemed to have enjoyed it.

Or was it because several months later she had gotten raped repeatedly by the two Danes? Or was it because of Lexi's confession that her Danes had fucked her too - more than once! And she too had also enjoyed it?

Totally distracted by what I have discovered I forgot about working on my project for the rest of the day. Instead I changed clothes and went out for a six mile run. While I was running I tried to figure out what to do or say, if anything...

Do I try to tease it out of her? Do I drop any hints? Do I see if Kristi broaches the subject? What do I say and how do I react if Kristi orders an animal dildo and wants to introduce it into our sex life? Finally I decided to do nothing and let nature take its own course and see if she brings it up.

Since the incident with the Danes, Kristi and Lexi as well as I had become quite close. We have been over to Lexi's house numerous times, even spent a few nights when it was too late to drive home, as well as the three of us going out for dinner and dancing on weekends many times as well and doing some day road trips together. Going out then all of us going to our homes began ending with hugs and chaste kisses upon the other's lips.

Whenever we went over Lexi's mansion the two Danes mostly behaved themselves with Lexi present but still intimately greeted us when we came over to Lexi's house, persistently so with Kristi. The first few times Kristi turned red with embarrassment, after that she just laughed and pushed their heads away. Still, Kristi had to be careful wearing her thong bottom swimwear when Lexi invited us to be in the pool or hot tub, though Lexi more than once intimated there was no need for swimwear between just the three of us...

Now if I was still single I would have dropped my shorts in a second with an invitation from a smoking hot woman like Lexi but I'm not, and I can just imagine Kristi's reaction if I had acquiesced to Lexi's veiled hints that we do so!

Mostly though on the weekends Lexi escaped to her marvelous ranch that we have yet to visit despite having been tendered several invitations. Lexi stating more than once her lodge at the ranch is too big at 8,500 square feet for just one person and she would love to have our company as often as she could. The lodge was a custom stone and timber frame five bedroom seven bath, with a heated freeform infinity horizon pool on the hillside and a separate large hot tub. There were ATV's

to ride and her Arabian horses as well, plus 35,000 acres of mountainous country to roam and explore that abutted a national forest, Lexi said every time she goes out in the remote parts of the ranch she finds something new or something has changed, and there were a few old mines and mining camps on the ranch she had been preserving. Lexi also said she had been thinking about opening the ranch to tours because for years her parents and her have been constantly pestered by nearby recreational outfits to do so.

## **THE COMPANY CHRISTMAS PARTY**

Two months later Lexi had her fabulous annual Christmas party for her entire staff. She closes the main office as well as her branches in the three other states and flies them to the party and picks up their lodging for two nights. This year's fully catered party complete with a popular regional band was at a swanky five star hotel and resort located just outside the city in the hill country.

Lexi had asked Kristi to be her co-host because Kristi with her promotion several months ago was technically now number two at the company! Somehow I was roped in to being an escort not only for my wife but Lexi as well! Lexi had arranged for two adjoining suites at the resort for our stay.

Now Kristi and I each make an exceptional living especially considering we were still in our mid-twenties, already we were making plans to retire by the time we were thirty-five so we could travel, so we were pretty conservative with our finances and rarely splurge except for a nice hotel when we traveled to go snow skiing, on jeep trips or went to the beach. But the luxurious suites Lexi had booked for us and she stunned us with what they cost a night, not to mention the cost of the party at this five star hotel! We were slightly mollified knowing that this year's event was mostly tax deductible.

Kristi wore an Oscar De La Renta fully sequined sheath/column V-neck floor length dress with a near thigh-high split that hugged all her fabulous lithe firm curves and showed a tantalizing bit of her amazingly firm double D breasts! In fact her dress was so slinky and tight fitting she had to wear nipple covers to avoid noticeable pointy projections! Lexi too looked fabulous wearing a Carolina Herra strapless sequined tulle maxi dress with a deep plunge showing an impressive amount of her firm décolletage!

At one point during the party Kristi and a couple of her female co-workers again excused themselves to go to the ladies room. I knew they were going to be gone awhile because Kristi and her two co-workers would need to help each other with their tight form fitting dresses!

I went over by the pool bar and as I waited for my drink to be fixed I suddenly felt the barest of touches of fingernails begin trailing on the nape of my neck that raised goosebumps! Turning around Lexi slinked up next to me with a dazzling smile to go along with that oh so sexy dress she was wearing.

"You know Hunter, I've been meaning to talk to you for some time now, well, after you know, the little incident with my two boys and Kristi..."

"Let's go over here away from the others and talk a bit."

Lexi then slip an arm through mine then pressing her nubile sexy body against me she guided me over by the pool's waterfall. On our walk trepidation again struck me, clearly remembering the night Kristi came home after going out with Lexi to celebrate her promotion and their subsequent 'talk' about the 'incident' - and what may or may not have been left out of their discussion...

"Hunter, I'm sure Kristi told you that in my haste to get to my friend in the hospital that I had accidentally forgotten to turn off the hidden security camera system. I have hidden ultra-high definition color cameras with night capability as well as sound. There is a camera at the gated entrance to my property, cameras cover every foot of the exterior of my home, the pool and hot tub area. Inside there is a hidden camera covering every entrance, in all the hallways, and every room on the first floor, including the kitchen...

Oh yes Hunter, the hidden ultra-high definition camera in the kitchen clearly recorded you watching out of view of your wife as the hidden camera in the den recorded Kristi struggling to get out from under the table and away from the dogs yelling at them, the kitchen camera showing you not even attempting to stop Zeus and Apollo from licking Kristi, nor fucking her...

And you appeared to be most intrigued with what they were doing, even more so with Kristi's eventual *enthusiastic* responses, intrigued so much in fact that you began recording it on your cell phone Hunter...

Oh yes my dear sweet hunky Hunter! Your sweet oh so sexy gorgeous wife, there she is fighting with all her might while my Danes lick then began ravishing her senseless making her have so many, many orgasms, and then later on, you can see her begin to fuck them back! All the while there you are in the background with an astonished look upon your face, watching and recording with your cell phone...

Hunter, I didn't tell Kristi that you watched the whole thing from beginning to end, and that you could have possibly stopped it, however, we will keep that a secret between us...

Oh Hunter don't look so shocked! Calm down, it's not as if I was going to use this as blackmail or something! Truly I feel the three of us are well becoming the closest of friends and I dearly hope the best of friends! I'm looking forward to seeing where our deepening friendship may lead...

You see, Kristi told me that before she met you and after her breakup with her high school boyfriend, well like any normal young woman with raging hormones she frequently had 'urges' that need to be satisfied that a toy just couldn't completely satisfy. The need we all have to feel something warm, alive and *responsive*. So every now and then she and one of her best girlfriends would get together...

Oh Hunter, there's that shocked look upon your face again! Chill dude! Kristi explained it to me this way,

'Women intimately and instinctively know best how to pleasure another woman better than a man ever could! I and my best girlfriends were not about to go out trolling for a man for a one-night stand just to temporarily satisfy our horniness!

We all agreed that by doing it with each other it would later on negate the uncomfortable inevitable questions every future boyfriend or husband asks,

How many guys have you had before me? How was he compared to me? Were any of them bigger than me? How did it feel? Did he make you cum? How many times?'

Hunter, I'm being truthful here. I too have the same sentiments and moral beliefs that Kristi has before she met you and I did the same thing! As you already know my parents, even though they were very successful and affluent, they remained down to earth. Both my parents came from ranch families and worked hard to achieve what they got. No high society rich snob social circles for them! They were most comfortable attending rodeos and sponsoring FFA, 4-H clubs and county livestock

shows and fairs.

As a result of my parents being very affluent, and I'm trying to be modest here, because I'm very attractive with a killer bod, ever since high school almost every guy I went out with or dated it was because I was extremely attractive and/or had very rich parents. In almost every case they persistently tried to get in my pants even during a first date but certainly by the second or third date! I was never that kind of girl and still am! This kept occurring during my time at the university and still continues!

One of the points I'm trying to make here Hunter is I'm not very experienced with men, in fact to this day there have only been two, and those two also created trust issues is why I'm still single. I even tried dating sites and even those custom match makers. But to my heartbreak, I had begun resigning myself that I will remain single because of my trust issues, that is, until Kristi and you came along...

The other point I'm trying to make Hunter is I have greatly enjoyed becoming great friends with both Kristi and you. I, I feel as if I have a family again! I have no siblings, no grandparents, aunts, uncles or cousins, and to be honest, I'm extremely attracted to you both! But I'm not about to push the envelope! I wouldn't ever dare to cause strife in another couple's marriage! But I hope that nature may find a way for all three of us to come closer together, hopefully permanently...

Continuing to be honest with you to prove I have no ulterior motives except for the three of us to become closer if you and Kristi are agreeable, I admit to you now and will do so later with Kristi - Zeus and Apollo, well with me I *allowed* it to happen, much more than twice...

As Kristi so eloquently explained it, a girl wants something warm and alive, and also like Kristi said, I'm not a slut, I don't go for out for one night stands just to satisfy my horniness! But what I'm missing is the *responsiveness*, but Hunter it is the feeling of being loved and able to love back that I miss the most...

So! Like I said, I'm looking forward to our continuing deepening relationship between all *three* of us! Now let me tell you about my new business at the ranch! I've already told Kristi about it and she is already planning for y'all to come with me in a few weeks for your long overdue visit!

I have embarked on a trial basis a very selective breeding program for miniature horses! And not just any miniature horses but Arabian style miniature horses! They are the same size as a Great Dane but look just like an Arabian horse!

While they look similar to their full-size cousins, miniature horses are classed as horses because they are bred to be miniature replicas of full-grown horses. Ponies are stocky, with short legs, thick necks, and fluffy manes and tails. Miniature horses, on the other hand, typically have all the refined features of full-size horses. Miniature horses have an exceptionally long lifespan, often far longer than their full-sized counterparts. To be classified as a miniature horse they had to be no taller than thirty-four inches at the beginning of their manes.

There is a growing interest for miniature horses and miniature cattle not only in America but also the world. Research indicated that after the onset of the COVID pandemic, a lot of urban people were buying/bought rural properties for getaways. There is a growing desire for not only miniature horses but also miniature cattle for people who do not want or are able to handle full-size animals or had enough acreage to support full size animals but needed to have livestock on the land for their agriculture tax exemptions. The smaller size breeds of cattle were easier on the land and of course being smaller required less grazing and supplemental feeding.

There is a growing interest in, and an increasing number of miniature show horse competitions being started not only in North America but also in Europe and elsewhere. After a miniature or full-size dressage horse's show years are over they make excellent acquisitions for ranchers and young children!

I found it interesting that regardless of equine size or breed, they all ejaculate about the same amount of semen - from four up to eight ounces of semen compared to a human male who at most ejaculates only one teaspoon! And a stud equine is capable of explosively propelling with tremendous force its ejaculate in an open environment up to a twelve-foot distance! And miniature horses have an erect penis length on average of ten to twelve inches in length with a penile girth of five to six inches which is approximately one and a half to two inches in width!

Oh good here comes Kristi! It's getting late and the party is winding down so Kristi and I need to start wrapping things up! But be sure to stick around because the three of us are going to party a bit longer together! The band agreed to stay a bit later for just us so we can dance some more!"

Later, watching my wife slow dancing with Kristi, it was only then did my clueless male mind pick up some subtle clues of deepening affection between them...

There was the close whispering in each other's ears, laughing at what the other had said, the sidelong sly glances they gave me after whispering to each other while they were dancing, and the way they held each other.

At one point after several cocktails and the three of us were feeling no pain and most of the guests had left the party both girls slowed danced with me at the same time, and after my little talk with Lexi by the pool, I was not quite caught by surprise when Lexi not so chastely briefly kissed Kristi and my wife immediately kissed Lexi back, nor when immediately afterwards they looked at each other then both my wife and Lexi kissed me at the same time!

My poolside conversation with Lexi had firmly and irrevocable planted more than one intriguing idea deep in my brain, and also my heart...

Besides what was now becoming obvious to my clueless male mind watching Kristi and Lexi dancing with each other, one of these is Lexi's intimate knowledge of miniature horses anatomy, making me wonder if she is into miniature horses like she is with her two Great Danes...

A couple more drinks later, the three of us badly stumbled up to our adjoining suites. After brief kiss on the lips between all three of us and a tight hug in the hallway Lexi went into her suite and Kristi and I went into ours. I noticed the housekeeper had been in to turn back the bed and had left the connecting door to Lexi's suite wide open. I went to close it but Kristi told me, slurring her words, *to keep it open...*

We got undressed and did our ablutions. Careful of my nudity and the open door I slipped into the king-sized bed. A few minutes later my gorgeous and oh so sexy and very drunk wife came out of the bathroom nude as well. Kristi paused in the connecting doorway and told Lexi good night again. From the big wall mirror on the opposite wall I could see Lexi come into the doorway NUDE!

OMG! Lexi did have a killer bod! Almost as shredded as Kristi's! Lexi had what appeared to be magnificent D size firm breasts but each nipple was pierced with a diamond studded barbell! And most of her pubic hair had been removed as well except for a narrow landing strip! Then, then! Kristi and Lexi embraced! Pressing their nude bodies together - and not just a quick hug! A long lingering sensuous tight embrace that ended with them kissing each other - and I mean *kissing*!

Despite the alcohol coursing through me I felt an erection starting to erupt!

Lexi and Kristi broke off their kiss and parted with lingering hands trailing the other's fingers. Lexi then stepped through the doorway into our room in all her nude glory! In full view of me she gave me a huge grin then bid me goodnight then blew me a kiss then headed into her suite!

Kristi slipped into bed then turned to me and began deeply kissing me while reaching down at the same time finding my eight inch long fat cock already at full attention and throbbing! Kristi broke off her kiss and gave me a grin, then throwing the covers off she started to climb aboard!

I stopped her saying,

"Wait, I need to close the door..."

Kristi grinned down at me and replied, "Leave it open..., I'm sure Lexi won't mind!"

I guess it was a couple of hours later when I was awakened feeling Kristi slipping back into bed from the bathroom. I snuggled up to her warm nude body like I always do. Kristi twitched her cute firm ass against me nestling my cock in-between that generous thigh gap of hers feeling the heat of her bare pussy which started an involuntary erection. I draped my arm over my wife's firm nubile body resting my hand over her amazingly firm gorgeous breasts. Kristi shifted to have my hand cupping one of her breasts, then she placed her hand over mine, it was then I felt two tiny hard points against my palm - PIERCED NIPPLE!!!

To make sure this wasn't a dream, with my other hand I reached behind me and felt *another* warm body on the other side of me - KRISTI!

Then that amazing ass twitched again rubbing that bare pussy now slick with my precum against my suddenly stiffening cock, then that ass twitched some more pressing more firmly against my stiffening erection and I felt increasingly moist heat pressing against my steadily growing thickening shaft! As my already precum oozing cock continued to stiffen it began plowing a slick furrow in-between her labia ...

Finally I dared to open my eyes to find a by now familiar pair of gorgeous sapphire blue eyes mischievously staring at me mere inches away. Then I felt Kristi shift behind me, my wife's arm begin encircling me, and also reaching for Lexi...

## EPILOGUE

Well the night of the Christmas party the three of us did become close and even closer after that and we decided to make it a permanent arrangement!

Kristi and I sold our condo for a hefty profit in the hot housing market and moved in with Lexi!

While we couldn't make it a legal throuple, Lexi did make Kristi co-partner in the investment brokerage firm - but that was short lived...

When Lexi had inherited the firm in her late twenties after her parents untimely death she had successfully grown it to include several other branches in three other states and that meant a lot of time spent managing it ensuring its continuing success. And that management time also included Kristi's time as well.

The girls often spent long hours to ensure everything continued to run smoothly and successfully, plus dealing with contracted human resources and other business issues, time that intruded on weekends and getaways to the ranch.

A year after we became an official throuple an offer was tendered to buy the firm. Evidently the investment industry has ways to find out about who is offering to buy whom and Lexi and Kristi started to receive a few more offers which then escalated into a bidding war! While Kristi helped Lexi and her lawyers sort through the offers, Kristi made sure that Lexi knew that this was her decision and her decision alone because it was her and her parents firm.

Lexis sold the firm for an astronomical price which guaranteed the three of us would never have to work again – nor our future kids or grandkids if they wanted too but we would make sure they did get a college degree and then work for a number of years after graduation!

A maintenance trust fund was established for the ranch in perpetuity for taxes, insurance and maintenance even though the ranch has always been quite profitable just to be safe in case of future economic and political turmoil. We also established trust funds for our future kids and grandkids! I was still planning to keep my hand in the cybersecurity world because of the ever increasing state-sponsored threats being posed by other nations. The girls also began a project to open the ranch to ecotourism and recreational activities which kept the three of us extremely busy by adding several guest cottages on the ranch and hiring additional staff.

Oh, and the miniature horses breeding operation?

Well, that is another story!

## **END NOTES**

Okay readers, time to dissect this story. The following is a brief summary of information from research articles and from medical, mental health and drug websites. Any medical, mental, social, alcohol or drug effects mentioned in the story are based on scientific research.

**CONSCIOUS and SUBCONCIOUS LARGE PENIS ATTRACTION** - Numerous research studies over the years show women have a conscious and subconscious attraction to large penises. Researchers theorize that this is a natural effect of human instincts, emotions, evolution and survival, and that this trait is engrained into the female psyche.

To prove this hypothesis some research studies have used computer generated images of nude men of various heights, builds, and penis sizes but not in other qualities like facial attractiveness and hair to make the subject as asexual as possible to gauge women's responses. Other studies have women reading or listening to literature with characters with, small, average and large penises and gauging their physiological responses.

These studies concluded penis size along with body shape is influential in determining attraction. Women's apparent interest in penis size explains why human males have penises that are larger in proportion to body size than the penises of other animals.

The hypothesis is that since penises would have been readily visible for much of human evolution, prehistoric women would have selected for larger penises through sizing in addition to being associated with more orgasms, and this trait is still engrained by evolution into today's female psyche subconsciousness. Everyday examples of this evolutionary remnant:

being at the beach or at the swimming pool and observing women surreptitiously checking out a guy's 'package', or women checking a male model advertising close-fitting underwear. It is naturally instinctive for women to do this upon seeing an attractive man, or a man with a much larger than normal bulge in his swimwear or underwear.

This evolutionary large penis size preference and associated primal sexual excitation trait, along with sexual inclinations, proclivities, thoughts, urges and impulses are part of our female heritage and genes, deeply embedded within our brainstem and limbic brain, often termed our "reptilian brain."

Both these brain structures are the oldest and most primitive parts of our brains and are largely unchanged by evolution - and they control our most base primal urges, including sexual arousal. Since early humans didn't wear much clothing, male penises were obvious to women. Women chose their mates based on their physical size and the size of their genitalia. Thus sexual competition was and still is a key evolutionary driver via natural selection. These evolutionary decisions influenced the promulgation of bigger penises in the human species via natural selection. Longer penises evolved to deposit semen in the deepest parts of the vagina to promote more effective sperm retention. Other studies indicate that evolutionary preference for a larger penis might arise because penis size is associated with higher rates of vaginal orgasm, thereby creating deeper bonds and enhancing reproductive success.

When compared to other primates and other species not of the primate family, humans by far have the longest penises relative to body size. A wide penis puts more pressure on the vestibular bulbs situated on either side of the vaginal opening, which gives a pleasurable feeling of fullness at the vaginal opening. A wide penis also creates more tension on the labia, which, in turn, causes more tugging and movement at the hood covering the clitoris. This adds stimulation to the clitoris in addition to the surrounding tissues.

Women who use or on occasion use psychoactive sex enhancing drugs, these drugs synergistically enhance sexual arousal as well as their drug-altered perceptions of an over-sized penis. Women are even more affected when these penises began achieving erections, women then are substantially greatly affected feeling these oversized erect penises touching and rubbing against their bodies while dancing, evoking primal sensations of extreme masculinity and power - a natural autonomic sexual reaction still ingrained within the female body from their earlier primitive selves. Subconsciously their thoughts are attaching themselves to the supersized penis a man possesses and therefore its inherent ability to give pleasure which stimulates their primal overt base sexual urges and raw sexual desires. This sexual reaction is called a 'supernormal stimulus' which is defined as 'an exaggerated response to a stimulus to which there is an existing response tendency, or any stimulus that elicits a response more strongly than the stimulus for which it evolved'.

**PORN MOVIE INDUSTRY EXAGGERATES ACTOR'S PENIS SIZES** - Research has determined that the average size of a male porn star is seven inches in length and close to five and a half up to six inches in girth (two inches in width). It is the rare actor that has a penis length greater than seven inches. Those profiled having much larger penises were mostly revealed to having fake prosthesis attached, to appear thicker or longer or both.

The average erection measures 5.15 to 5.3 inches, more toward the lower end of this range. The average circumference, or girth, of a resting penis is 3.7 inches (9.31 cm); for an erect penis, it's 4.6 inches (11.66 cm). A further breakdown is: Around 6% of men (or 5 out of 100 men) have a penis measuring between 6.25' and 7", 2.27% of men have a penis between 7.25" and 8", 0.7% of men have a penis measuring 9", 0.1% of men have a penis larger than 9".

**AUTONOMOUS SEXUAL RESPONSE** - In neurophysiological terms, bodily functions such as sexual responses are involuntary reflex events in response to a stimulus, the same reflex-driven system that underlies heart rate, digestion, and perspiration. Sexual arousal is housed in the autonomic nervous system. Sexual organs are designed to react to stimulation in particular ways - and that stimulation is meant to induce pleasure. The individual organs are not designed to differentiate between types of touch and the response is an automatic reflex. With alcohol intoxication or an alcohol/drug combination, this greatly enhances the sexual stimulation and sexual sensitivities a woman feels, provoking her body's autonomic sexual reflex to actively participate having sex.

If a woman is extremely intoxicated and/or under the influence of drugs like Ecstasy or LSD, in most cases she will not be able to prevent an orgasm from occurring due to the drugs greatly heightening arousal and the sexual and sensual effects the drugs also greatly increase, usually with a woman experiencing several intense orgasms.

Alcohol intoxication and over-indulgence of psychoactive sex enhancing drugs causes a woman's higher brain functions to be repressed, which allows their raw primal sexual urges and impulses to be fully unleashed - subsequently dominating their actions. If a woman has a naturally high libido, her sexually responses will be drastically escalated.

The majority of women in their prime sexual years, when subjected to intense physical sexual stimulation are unable to suppress instinctive arousal, nor able to suppress the subsequent autonomous orgasm that usually occurs, even if the cause of the sexual stimulation is by force. Unwanted arousal and orgasms during rape are examples of an involuntary physical response due to the autonomous sexual response. A survey of available research indicates over a quarter of rape victims are induced into climaxing and this percentage is believed to be actually higher. In rape counseling sessions, this is usually the most devastating subject to address with the victim, rape trauma syndrome, to convince her it was an involuntary physiological response in which she had absolutely no mental or bodily control over.

**RAPE FANTASIES** - It's common knowledge as well as scientific fact that every woman has fantasized about some explicit sexual fantasy. In our minds, we can engage in risky behavior without consequences and indulge our inner freak without judgment, allowing a woman to have the wild, dirty, raunchy ravenous sex she craves, without having to suffer the guilt that might follow. And this includes coerced or rape erotic fantasies. There are different levels of desire and of fantasy. Fantasy and sexual assault in one form or another are pretty common, but does that mean that any of us want to go out and be sexually assaulted? No, it doesn't. The realm of arousal and the realm of fantasy can tell us something about ourselves psychologically without indicating that we really want to experience that thing, far from it. It's the idea that the feeling of being desired is a very powerful one, a very electrical, sexually intense stimulating one. And at least at the fantasy level, that sense of being wanted, and being wanted beyond a man's self-control is a really powerful sexually stimulating influence.

A notable finding is that women who reported being less repressed about sex were more likely to have erotic sexual fantasies, including rape fantasies, but were also more open to erotic sexual fantasy in general, and more likely to have consensual fantasies. Women who have frequent sexual fantasies also tend to have more positive attitudes toward sex and have a high self-esteem.

A University of North Texas study showed that overall, 62% of female participants reported having a rape fantasy of some type. Being taken forcibly is a fantasy that most couples and people have and many have experimented with it and even found enjoyment in "rape fantasy". This study and similar women sexuality studies show that over recent decades, instead of being driven by repressed sexuality, changes in attitudes toward sex have led to an 'openness to sexual experience', thereby

rape fantasies derive from a generally open, tolerant and guilt-free attitude toward sex. The majority of women who imagine fantasy rapes are not fantasizing about a real life rapist – strangers, they are in context imagining a boyfriend, a lover, a husband taking them forcibly.

Moreover, women fantasize about this and encourage their significant other at times to take them hard and rough to spike their mutual sexual fulfillment of each other, to strengthen the emotional bonds of their relationships and their complete trustworthy intimacy of each other by fully and freely unleashing their sexual passions for each other.

**FEMALE BISEXUALITY** – Humans have had to adapt to a wide variety of ecological niches and we have done so with remarkable success. This is in part due to women's sexual plasticity, which allows women to calibrate their sexual behavior to fit their environment. Same-sex and bisexual desire in women are two very visible products of our innate variability. Extensive research over several decades has well documented that female bi-sexuality is definitively considered by the scientific and medical community as the norm.

Female bisexuality is as natural a sexual expression in women as is heterosexual behavior. Dominant bisexual genetic traits start emerging in the teenage years, coinciding with the beginning surge of our sexual hormones. Bisexual tendencies are compounded and enhanced by several factors: societal, lifestyle, biological, and environment.

In regard to female sexuality, women are more fluid in their relationships with other women as we crave friendship, affection, and beauty. They are more open with each other, more comfortable with their nude bodies around each other, as well as being nurturing creatures. This makes women easier to approach to each other, and for women, it is more socially acceptable to be openly bisexual.

Research has shown that for most women possessing a high sex drive, there is an association with increased sexual attraction to women. Women have the capacity to fall in love with each other, which certainly removes obstacles that may stand in the way of letting bisexual feelings developing.

In human evolutionary history, female bisexuality has been positively selected or given preference over heterosexuality. It is so common because it serves a function – the fact that men love it is a clue. To apply a modern analogy, most men are massively aroused by girl-girl sex as are most women, as the enormous popularity of lesbian porn attests, as does marketing surveys as to what type of porn women buy.

Bisexual women are more orgasmic, fantasize more about sex, and are more open to sexual experimentation. Usually bisexual women tend to be Type A/B personalities, more energetic and have high metabolisms. Compared to their heterosexual counterparts, bisexual wives have more stable, robust marriages, with marital sex that is more adventuresome and imaginative. This is because male infidelity is less of an issue because of the wild imaginative sex that a bisexual wife brings into the marriage!

**THE EFFECT OF ALCOHOL UPON WOMEN'S AROUSAL** – Under moderate intoxication (0.8%) women can control their arousal. However, while women who are moderately intoxicated are able to successfully control their arousal levels as effectively as sober women, women that are highly intoxicated (10%) cannot do so.

With this increase of blood alcohol content, unlike men, there is no alcohol-induced diminution in genital arousal; women do not possess an effective capability to control their arousal response at higher blood alcohol levels.

For women, alcohol makes a woman feel more relaxed and in turn, be more sexual. Alcohol is a

social and sexual “disinhibitor” because it increases sexual arousal and desire due to alcohol greatly stimulating the production of testosterone and estradiol. Testosterone controls in part the strength of libido in women and this causes an increased interest in sex.

Moreover, alcohol lowers sexual inhibitions, and with enough alcohol consumption, lowers it to the point that very little or no discretion is used when approaching or choosing sexual partners. Extreme alcohol intoxication reduces and can completely eliminate a woman’s self-awareness – an alcohol blackout. With extreme alcohol intoxication or an alcohol/drug combination, most women the next day cannot recall their rape, nor recollect the events that happened during the last few hours leading up to their rape.

The effects of alcohol and drugs reacting with each other is termed “synergistic”, an enhancing effect. Most commonly used in the clubbing/dance scene are drugs like Mephedrone, Ecstasy, LSD, or the Flunitrazepam class of drugs – otherwise known as roofies. Along with alcohol, these drugs are commonly known and used as date rape drugs.

THE EFFECTS OF tetrahydrocannabinol (THC) and Cannabinol (CBD) STIMULATING WOMEN’S AROUSAL -Throughout human history, marijuana and its oil derivatives has been shown to have the ability to heighten the females sex drive while heightening their sensual awareness. The close association between marijuana consumption, or ingestion, and a female’s sexual arousal is hardly new. Throughout human history many early societies consumed marijuana specifically for this purpose. Marijuana has been used for over 3,000 years to heighten libido, predominantly in the Hindu/Buddhist Tantric practices of India but also in Serbia, Morocco, Egypt, the Middle East, and Northern Africa. India’s Ayurvedic and Unani Tibbi medicine systems have utilized cannabis to overcome impotence, raise libido, and as a general cure for disease. Tantric Cannabis rituals date back to 700 A.D. and help the users achieve Nirvana by escaping suffering and gaining knowledge and enlightenment. Elaborate rituals were created to this end, celebrating sexual union and Kundalini yoga.

The evidence for cannabis’s sex-enhancing powers isn’t just anecdotal. Scientific studies have given us a great deal of insight into the use of marijuana as an aphrodisiac. So what exactly is it about weed that turns people on? Besides the obvious: it heightens your senses, relaxes you and makes you feel hyper-connected, there are also physiological effects. Along with an increased heart rate, changes in blood flow and respiration, neurochemistry, hormonal systems and brain regions such as the temporal lobe are affected by both marijuana and sexual arousal. That is because one of the active ingredients in marijuana is tetrahydrocannabinol (THC).

Have you ever wondered how THC works? Well, it just-so-happens to be a similar shape to a compound our bodies create naturally, Endocannabinoids, which are like the body’s natural THC. In fact, endocannabinoids got their name from cannabis. Thanks to its shape, THC is able to tap into a network in our bodies called the endocannabinoid system. It’s this ability that gives THC it’s psychoactive effects.

THC stimulates the release of dopamine (the ‘happiness hormone’) in the brain. It also stimulates a neurochemical called anandamide, which is known as the ‘bliss molecule’. Clinical studies indicate the influence of cannabis intake on sexual behavior and arousability appear to be dose-dependent in both men and women, although women are far more consistent in reporting facilitatory effects.

THC makes women more sensitive to their sexual feelings and urges, enhances sexual desire and decreases inhibitions, increases sexual stamina, and improves tactile sensations allowing a woman to feel aroused along all of her erogenous zones, not just the obvious body parts such as the vagina and the breasts. It produces general euphoria, reduces sexual tension and anxiety creating a happy,

relaxed feeling promoting an in-the-moment mindset. It makes orgasms more intense, fuller, or easier to facilitate with repeated climaxes.

Enter non-psychoactive Cannabinol (CBD). While THC binds with cannabinoid receptors directly, CBD does not. Instead, it works its magic on an enzyme. The enzyme in question is called FAAH, and it is responsible for pulling excess anandamide out of circulation. CBD puts a stop to this. Psychoactive THC works by mimicking the body's own endocannabinoids. But CBD increases the amount of endocannabinoids in your system.

CBD stops enzyme FAAH from breaking down all of the anandamide and therefore makes more of it available for use by your cells. This is why CBD is a natural mood-lifter without psychoactive effects. With CBD you just pick your delivery system (oil, balm, vape, flowers, edible, etc.). Even small dosages and small concentrations will go a long ways. CBD is a huge anxiolytic, so stress and anxiety (which includes sexual and social) are lowered across the board, and sensually it's a big enhancer and energizer. When CBD hits the brain it activates serotonin receptors, immediately producing antidepressant and anti-stress effects. Most commonly it's known to cause an almost instant, deep sense of well-being, causing a woman to become receptive to sexual desire.

As of 2015, there is now a cannabis oil-infused sex lubricant on the market for women called Foria. Directions state to spray directly onto the clitoris, inner and outer labia, and inside the vagina. It can be taken orally to provide the psychoactive effects of getting "high". Topically applied it promotes relaxation and increase blood flow, increases arousal, promotes natural lubrication, and heightens sensation, enhances the sensual experience making orgasms fuller, more intense, for a potent, euphoric "therapeutic aphrodisiac" effect.

HIGH LIBIDOS - Research studies have been conducted on women with naturally high libidos, and on women who are hypersexual (or nymphomania) due to their physiology - but not due to a psychosexual behavior disorder. A high libido is distinguished from nymphomania if a woman can maintain control over their behavior and actions, versus a woman who cannot themselves control and restrain their sexual needs (nymphomania). These studies show women with high libidos excrete sex pheromones and copulins that are more intensely concentrated and thus more potent, that can readily sexually affect men and women in close proximity.

SEX PHEROMONES AND COPULINS - Pheromones are naturally occurring chemical compounds excreted by the endocrine system of the body and are chemical messengers with the potential to evoke physiological, hormonal and behavioral changes in other people around us. The most cited examples are the synchronization of menstrual cycles among women living together and offices predominated by women employees who may all find cycles occurring at roughly the same time. The evidence shows the synchronization is done unconsciously by their pheromones.

All mammals have a vomeronasal organ (VNO), including humans. Pheromone signals picked up by the vomeronasal organ are then relayed through nerves to an area of the brain called the hypothalamus, which is well known for its ability to alter emotions, hormones, reproduction and sexual behavior. Animal research has shown there is a distinct correlation of sex pheromones being detected by the VNO and resultant sexual behavior between males and females. However, in humans, VNOs were believed to be redundant anatomical relics leftover by the process of evolution and thus it was previously thought that humans were largely mostly unaffected by sex pheromones. However, research conducted since the mid-1980's have conclusively concluded that despite our diminished VNOs, humans are affected by sex pheromones but the exact pathway(s) that human pheromones take and the way our body processes them has yet to be fully understood.

It is a very well recognized fact that pheromones play a significant role in the life span of animals

and during the past twenty-five years, there has been significant increase in the number of studies conducted on human pheromones that show that pheromones have similar results upon humans. Studies show that the human olfactory is one of the ways we detect pheromones. Using PET (positron emission tomography) scanning techniques to analyze the brains of men and women while they smelled natural and synthetically produced human sex hormones estrogen and testosterone, researchers have documented that men and women can in fact send and receive subconscious pheromone signals, producing changes in mood, heart rate, breathing, and body temperature. Several studies conducted within the last ten years show that an olfactory nerve may be the route through which pheromones are processed. The 13th cranial nerve known by the name Nervus terminalis or Cranial nerve zero, as it is called, bypasses the olfactory area of the brain where scents are normally processed. Instead, it is linked straight to the area of the brain (the hypothalamus) that processes sexual cues and creates attraction.

Studies have repeatedly shown that a man or woman wearing a synthetic or natural pheromone product, which is representative of their naturally occurring pheromones, experienced a heightened level of sociosexual behaviors, including attraction, triggering sexual excitement, kissing, sexual touching, and sexual intercourse.

Human sex pheromones are currently in trials to be used as fertility treatments for couples who want to conceive. Couples who are having sexual problems are now using pheromones combined with traditional therapy to enhance desire.

Copulins are an exclusively potent female group of pheromones and research has shown they cause feelings of arousal in men as well as women if present, with a resulting surge of testosterone production. As with men, testosterone plays a major role in a woman's sex drive (libido) sexual desire, fantasy, being sensitive to sexual touch, and orgasm, all driven in part by testosterone levels.

**SOCIOLOGICAL, SEXUAL ASPECTS AND AROUSAL OF DANCE** - The historical sociological aspects of dance and the sexual arousal associated with dance portrayed in this story is accurate, as is the sensations experienced while dancing after taking psychoactive drugs. Dance was the first of the arts. The dancer expressing his or her body as a vehicle to non-verbally express their emotions and desires, to making art visible through his/her body, also freeing that inner energy that enables the dancer to experience his/herself own sensations as well as the onlooker. Social dancing is an esthetic and joyous way for men and women to become closely acquainted, to live rhythmically together for a short period of time, a socially acceptable release of mental and emotional repression of our hereditary sexual instinctual core. Modern dance allows sexual repression to come to the surface and be sexually liberated.

Dance is a stylized, rhythmically transformation of eroticism: wooing, courting, hesitating, promising, fulfilling. Dancers note their boundaries in order to consciously extend a boundary or stay within it. By extending the boundary, they open up to the desires of their bodies and their state of arousal. Dance, like other forms with which we are familiar, enables women to communicate things to men that they might not otherwise feel comfortable saying, and vice versa.

Most interesting for our purposes is the fact that the music and dance ritual that accompanies the performance of the music encourages "sexual relations" in a socially acceptable context. So music and dance can act as a social lubricant that allows people to feel free enough to do and say things that they would otherwise be judged for. For decades, sociologists documented the dances of primitive tribes of Australia, the Malay Islands, Africa, North and South America regarding the love dances of these primitive tribes. Singing and dancing are still regarded as the preliminary to the sexual act.

The whole object of dancing is the mutual approximation and caresses of two persons of the opposite sex to create the state of sexual excitement.

With today's modern enlightened society, this is extended to two people of the same sex dancing with each other, with sociologists having documented same sex relationships in primitive tribes as well, primarily amongst women.

Dancing is not only an incitement to love and preliminary to courtship and sex but is also a substitute for the normal gratification of the sexual instinct, procuring something of the pleasure and relief of gratified love and sex. For women, music and dance rank very high as an arousing experience: as high as sexual sounds and imagined scenarios. Dance mimics the rhythm of your heart beat and your brainwaves - reaching the less reasoning, more animal/instinctive parts of your mind; the strobe and laser lights do similar things. Dancing increases blood-flow through the entire body, including the genitals enhancing sexual sensation and arousal. Dancing causes a massive endorphin rush. Also, while dancing, people sweat and give off all kinds of lingering 'sexual cues' (sex pheromones) that you don't consciously notice - which helps a person to become sexually motivated by the things they DO notice, the lights, the beat; etc. Research has found women are sexually aroused especially by bass tones. If a person ever had a sensual experience with a partner on a dance floor, that is going to bond you to the sights and sounds in a big way too. This is amplified by dance becoming more erotic in motion and touching more intimate. Certain psychoactive drugs enhance sensitivity to touch, light, sound and decreases inhibitions, may include hallucinogenic properties, greatly increasing sexual arousal, overall, magnifying and enhancing the dance experience.

PARANORMAL ROMANCE IN NOVELS AND MOVIES - One of the interesting things that sex researchers around the world have noted, as indeed fans of romance fiction and women's erotica literature have realized, during the last few decades, romance fiction has evolved as much as other genres.

Normative heroes and heroines and the accompanying sex between them, have been joined by sexual relations with gods, goddesses, werewolves, vampires, shape shifters, unicorns, centaurs, satyrs, dragons and aliens to name but a few. Although these new protagonists function under the same laws as more normative characters, it is plainly obvious that this additional trait seems to belong dominantly to paranormal romance fiction - the bestiality genre.

In folklore and literature, bestiality is often romanticized seduction and coitus by a large, virile beast of an ultimately not unwilling human female! The animal may represent the power of free unrestrained and totally intense sexuality being imparted to the woman and the woman being set free in her own unrestrained sexuality to revel in the ultra-taboo, bestial wildness of raw primal sex! All these different protagonists symbolically represent powerful hyper-potent male creatures having extremely intense passionate ravenous sex with human females!

By drawing attention to women having consensual, or initially not so consensual, sexual relations with another species, it is seen by sociologists as an empowering mode of modern sexuality for female literary characters as well as the female reader!

To a lesser extent, newer science fiction genre during the last thirty-five years has contributed as well with aliens, creatures, and monsters ravishing women in novels, graphic comics, and movies.

Hence, romance fantasy and women's erotica novels have long been creating another in-road for bestiality by planting the seeds of curiosity, fantasy, and desire in female readers, and it is becoming a mainstream social norm as exhibited by the rapidly increasing sexual fantasy genre geared toward

women readers involving various creatures and animals.

For years, romance fiction and women's erotica literature by far has made up the largest share of genre fiction on the market, allowing women to freely explore their hidden sexual desires and fantasies without risk of physical harm or social rejection, allowing them to be more creative in their own sexual lives. Fantasies are an essential part of our sexual repertoire and is associated with a healthy, happy sex life.

The ability to fantasize, to daydream, to explore internal worlds of imagination is a valuable, even critical component of the human mind. It reflects our ability to manipulate thoughts, ideas, perceptions and reality, all within the private confines of our own minds. Sexual fantasies are inherent extensions of our capacity for creativity, the very imaginal creativity that is present in the worlds of artists, painters and composers.

Sexual fantasizing can be healthy, particularly for a reasonably healthy couple that are open to each other's fantasies and even fetishes who use their increased excitement to move toward rather than away from the partner.

The content of these fiction books, movies and adult comics influence the thoughts and perceptions of millions of readers and viewers around the world, making it into a very powerful social medium, therefore influencing the perceptions that readers and viewers have about social constructs and relationship standards and expectations. It has been well researched and documented that explicit sexual writing in this genre of books including graphic comics and movies which include bestial or other-worldly creature content, subconsciously lead women to lose their own sexual inhibitions and be willing to explore new possibilities in their sex life!

A woman's innate character is to seek what is forbidden and challenging. Movies and novels with fantasy themes including fantasy sexual themes stimulate the creation of fantasy thoughts, which is further compounded in this already formed female mindset.

**MODERN TECHNOLOGY AND SOCIETY** - Modern current technology and societal changes has contributed to a dramatic societal change during the past century. Women are liberated and more accepting of sexual open-mindedness, sense of sexual adventure, sexual confidence, and sexual variation among many others.

Since the advent of the Internet it has provided an additional and significantly larger environment for individuals to discuss all sorts of activities, including sexual behaviors. The Internet accommodates a huge and wide assortment of pornographic materials oriented toward an individual's sexual needs.

In this regard, the Internet has made a fundamental contribution by connecting people who share certain ways of understanding these practices, structured around a new expression of identity, precisely at a time when sexuality has become one of the core defining elements in individual identity. And it is not constrained to just the Internet as exemplified in the rise in furry fandom costumes, furry conventions, comics and videos. Furies agree that they share an interest in fictional anthropomorphic animal characters that have human characteristics and personalities and/or mythological or imaginary creatures that possess human and/or superhuman capabilities. Corroborating this, studies have documented that women gain sexual gratification from inserting different styles of dildos. This may explain the large worldwide market for replica dog and other anthropomorphic dildos.

**WOMEN'S AROUSAL WATCHING PORNOGRAPHY** - While social constructs, stereotypes and

pressures have certainly played a role in keeping women from being comfortable with porn in the past, the impact of those factors are diminishing over time. This is consistent with recent polls of women which showed millennials watched the most porn: 57 percent of respondents who enjoyed porn solo were aged 18-24. Among younger women, there's less and less concern for such constructs, and more openness to erotic material and who are more comfortable with their own sexuality.

For the past four decades, numerous studies have been conducted on women's arousal watching pornography. It was determined women tend to have more erotic plasticity than men — that is, they're turned on by a wider variety of things. For example, while men tend to show physiological arousal only in response to erotic films depicting their stated sexual orientation, studies utilizing thermographs and plethysmographs—a device that sits inside the vagina and measures genital blood flow, revealed that straight women show similar physiological arousal patterns when watching clips from gay-male, lesbian, and straight pornography - including watching animal mating.

The great majority of women who have participated in sex surveys reported watching porn as a “fantasy escape” and it has helped them relieve stress. For many women, same-sex porn provides an opportunity to imagine what it would be like to be with another woman, even if they consider themselves strictly heterosexual.

PSYCHICAL BESTIALITY - is the practice which yields erotic gratification or sexual stimulation as a result of behavior in which animals figure, but in which there is no direct physical sexual contact between the human and the beast. This would include, for example, sexual stimulation, sometimes to orgasm, as a result of watching animals copulate with one another - a practice to which has been given the formidable nomenclature “mixoscopic zoophilia”. Sexual stimulation is derived by watching exhibitions of bestiality, masturbation fantasies of animal-human or animal-animal sex relations, day-dreaming to orgasm, or excitation with bestiality fantasies. Bestiality themes in books, comics, art works, photographs or videos provide an erotic stimulus. Erotic dreams with bestiality being the subject of the dream and dreams of humans being raped by beasts induce erotic stimulation and nocturnal emissions.

WOMEN'S AROUSAL VIEWING SEXUAL IMAGES AND READING LITERATURE DEPICTING BESTIALITY - As noted in the section above, numerous studies show women exhibit physiological arousal watching or reading pornography. Inherent biological impulses spontaneously bubble up despite the sexual subject they may be viewing or reading.

What turns women on is different to what women wish turned them on or how they politically or socially feel about it; women have a natural arousal response built-in despite the sexual subject.

Sex studies and surveys have repeatedly confirmed one unusual fact - bestiality is the most common uncommon turn-on. It is believed that innately recognized sexual features such as an erect penis, even out of their usual human context, stimulate women. Erotic imagination, sexual curiosity, and sexual arousal commonly overrides the natural disgust response, and researchers have found that this allows women to willingly engage in behaviors that they might normally find repugnant.

One-half of a couple may induce the other to watch or read pornography depicting women having sex with an animal. The female half of the couple may acquiesce due to curiosity or be drawn into it by the other partner who encourages it as an entertaining novelty. This in part may interest a woman to satisfy that curiosity.

Repeatedly watching videos or reading stories of this nature may desensitize the woman of this particular sexual act or they may become more tolerant of the act. Eventually it may raise her

tolerance to the activities depicted so she may engage in them, either willingly to some extent or with some degree of coercion to bend or break what amounts to a misbegotten social taboo.

Again, part of this may be a curiosity factor to find out for herself the pleasure a woman exhibits in this sexual act in videos and stories is actually factual. Some researchers attribute it to the embodiment of that primal animal urge to be fucked so thoroughly by such raw animalistic power that it unleashes a woman's own deep-seated primal sexual desires and responses that gets them aroused. It's the nature of the human psyche to find the taboo thrilling, even erotic.

This outdated socially taboo erotic act may influence the wild, erotic nature that is innate to most women's subconsciousness and consciousness. A woman's wild erotic nature may emerge in animal fantasies, which enables a woman to revel in the ultra-taboo, bestial wildness of the fully unrestrained primal sexual act itself.

**BESTIALITY** - Existed as a rather widespread practice in all the nations of antiquity of which we have adequate records. Where it is not specifically mentioned, it may be legitimately inferred on the basis of the over-all archeological evidence. In ancient Egypt, the animal aspects of the gods insured that bestiality would be practiced both for religious and magical purposes.

The representation of the Egyptian gods as beings of part-human forms was linked - a further impetus to bestiality - to the belief that living animals partook of the divinity of the gods and goddesses whose forms they shared.

This leads us to the realm of Greek and Roman mythology which is considered by scholars to provide the best evidence for the thesis that the incidence of bestiality among the ancient Greeks and Romans was high, and that the attitude toward this form of sexual expression was of wide-spread acceptance. Greek and Roman myths contain many stories of gods who assumed the shape of animals in order to mate with mortals.

The satyr, a mythical being, half-goat, half-man, was noted for his virility and lasciviousness, and who exercised it freely with humans, nymphs, and other creatures. Bestial intercourse related by the historians and mythologists: among them, the mating of Semiramis, legendary foundress of Babylon, with a stallion. From the union of Pasiphae and the bull was born the Minotaur, and the mythologists credited other bestial unions with bringing them into the world. Satyrs, Centaurs, and other strange and monstrous creatures. Author Robert Burton (*\*Anatomy of Melancholy\**) adds to the list, saying that "women are inflamed with mad passions for beasts, hence Minotaur's, Centaurs, Unicorns, Silvanuses, Sphynxes, etc.

Of the three great ancient civilizations here dealt with, the Romans were the most lavish and factual in its recording of both public and private bestiality. In the case of the Sybarites, the Greek city of Sybaris, a whole population was given to it, noted for their sodomies and copulations with canines (as were the Moors in later times). On other occasions, bestiality was a spectator sport, as in the case of the exhibitions staged at the Roman Games; sometimes it was the voluptuous indulgence of noble Roman ladies; and sometimes even emperors were involved. The Roman emperor Nero, disguised as a wild beast, once invaded the arena at the Games to assault members of both sexes, a performance he concluded by casting off his costume and publicly falling into the embrace of Doryphores, his male lover.

For the Roman Games, male animals of all sorts were trained from the earliest possible age to copulate with and even forcibly rape girls and women. Bulls, giraffes, leopards, cheetahs, wild boars, zebras, stallions, donkeys, huge dogs, various kinds of apes, and other animals were taught to perform these functions. Some of the more trainable and enthusiastic ones were further tutored to

commit sodomy on human males and females. Especially popular at the Games were representations of scenes from the sexual lives of the gods, a particular favorite being Pasiphae and the Bull.

From the ancient world up through our own time, in all countries – though more frequently in some than in others – bestiality was practiced, thought about, dreamed of, and emerged as myth, fairy tales, folklore, literature, painting, and sculpture. In modern times, the practice of bestiality has been reported with a greater thoroughness than was the case in the ancient world, and this despite the fact that in the West at least the practitioners have grown considerably more furtive.

Certainly, the past two hundred years have nothing to compare with the spectacular bestiality events of the ancient Roman Games, a phenomenon unique in all of history. In more recent times, fiction and folklore have provided most of the imaginary accounts of bestial intercourse, again reflecting the “real world” cravings and behavior of mankind. It is, of course, true that mythology fiction and folklore have provided most of the imaginary accounts of bestial intercourse, again reflecting the “real world” cravings and behavior of mankind.

This then leads us to a summation of the most recent studies of zoophilia since 1985. This summation indicates reported sexual fantasies having sex with animals (76 % males and 45% females) and watching other humans have sex with animals (35% males and 40% females).

The summation of studies conducted since 1985 found that in any general demographic population, overall rates of persons engaging in bestiality range up to 55 percent, with 37 percent of women in any general population having engaged in bestiality. What this means is 1 in 8 women have interacted sexually with an animal. So the gossip or outlandish rumor overheard at a party or amongst friends has a great chance of being true, more so, unknowingly, one or more of your friends may have engaged in sex with an animal!

Having fantasies about things we would never endorse or choose to do in reality, are not necessarily signs of psychological disturbance. As far as people being considered deviant having sexual relations with an animal, recent research indicates the majority of people engaging in sex with animals do not suffer from a clinically psychological significant extent, and their social and occupational life etc. is not necessarily impaired. The majority of men (67%) and women (82%) placed themselves on a satisfaction scale anywhere from “extremely happy” to at least “generally satisfied/pleased”.

Additionally, studies have found that people who participate in bestiality, almost 50% were college graduates or above, 16% work in computer-related fields, 11% are artists, about 27% are students and about 7% work in animal-related fields, 9% work in animal-related fields and 18 % in the medical field. Bestiality is a sexual activity practiced by all sorts of demographic groups.

Still, there is a strong influence of old religious and outdated moral values/codes, condemning any kind of sexual contact with animals. Therefore mentioning bestiality frequently evokes rather emotional and extreme reactions. Even when scholarly research in this area is published, authors are faced, depending on the results, with criticism, and not just from their peers.

With the zoophilia or bestiality rate increasing in today’s modern digitally connected age, researchers argue that zoophilia could be considered as an alternative sexual orientation. Zoo sexuality needs to be understood within the context of recognizing new emerging sexual identities that are no longer restricted by a patriarchal system centered on reproduction.

## MINIATURE HORSES, MINIATURE DONKEYS, AND ARABIAN HORSES

Falabella Miniature Horses are the smallest of the miniature horse breeds having an erect penis

length on average of twelve inches in length with a penile girth of five to six inches (Approx. 1.5 inches wide to 2.0 inches wide)

Miniature Donkeys on average have an erect penis length of fourteen to sixteen inches with penile girths of five to seven inches (approx. 2.0 inches wide to 2.25 inches wide).

Arabian Horses are the smallest of the large breeds of horses with an erect penis length of fourteen to eighteen inches with penile girths of five to seven inches (approx. 2.0 inches wide to 2.25 inches wide), so a woman can accept insertion but has to be mindful controlling the thrusting and how much is going in.
