BEASTIALITY STORIES

[Back to 1st Part](#)

It was just before 2pm when Joey Conner walked out his back door and headed up the dusty road to the stables. He wasn't sure how long Fable would nap for, but he still wanted to at least peek in on her even if she was still asleep. He eased open the large wooden door and walked in to the shady building.

As he strolled down the corridor, he peered over into the pig pen where he had last spotted Fable curling up in the thick pig muck before passing out in the puddle of girl cum she had just squirted underneath her. But she wasn't there. Joey walked deeper into stables, glancing into each pen before moving on to the next one.

He passed the rest of the pigs. He passed the chickens. He passed the ducks. He was nearing the back door of the stables when he finally heard sounds that weren't typical for inside his stables.

Joey crept up near the gate on the pen where the sound came from, careful to stay in the shadows a bit so he could avoid being seen for now.. He peered through the slits of the gate and there she was.

Fable was still covered head to toe in fresh pig pen muck and she was bent over the large salt cube in the goat pen that the goats lick on. She had her ass stuck upwards and had a billy goat up on her back. Joey could clearly see the Billy goat had his long, straight dick buried as far inside Fables pussy as it would go and it was furiously fucking her.

Over the sounds of the goats, Joey could hear Fable repeating the same phrase over and over in a furious whisper as the goat frantically drilled its dick into her pussy.

"Oh cum in me.. Oh fucking cum in me... Ohh yeah cum inside me you filthy fucking animal. Fill me up with your goat cum! You think your getting me pregnant right now dont ya? Well i wish you were getting me pregnant because now im the farm slut. The cum dump for every animal here who needs to blow their load in a warm sticky pussy. Ugh keep cumming inside me! Dont stop cumming in me. I can feel each pump of cum blasting out of your dick and going inside my pussy! Mmmm dont you dare pull out, i want every single drop of that goat cum in my pussy! Oh fuck keep cumming inside me!"

As Joey watched, the Billy goat put in a few last pumps and finished his business and jumped off her. Fable reached up and grabbed a different Billy goat by the horns and pulled it around behind her and coaxed it up on her back. Once the goat was up in that position, its instincts kicked in and its dick shot out of its sheathe. Fable wiggled her ass around trying to get the goat dick where it needed to go and after a few close misses, she finally managed to get it in her leaking pussy. As soon as the new goat started fucking her, Joey heard Fable repeating the same phrase again.

"Oh god cum inside me... Mmmmm yes fuckin cum in me... I aint leavin' till every one of you goats has came inside me. Mmmmm".

Joey sat there in amazement for another hour and watched as Fable lived up to her word and systematically got all six of the Billy goats in the pen to fuck her and cum inside her. He also noticed that when each new goat started fucking her, Fable would lower her head down and start licking on the salt block that she was bent over. The same block that all the goats lick on every single day.

Joey had been hard as a rock this whole time and his dick was starting to get a little sore by the time Fable has finished with the goats and headed to the pen gate. Right when she reached up for the gate latch is when she finally saw Joey sitting there in the shadows.

"Oh my god Joey!!!", she said as she jumped a little in fright. "You scared the shit out of me!!! How long have you been sitting there watching?!!", she demanded to know as her face got bright red.

Joey stood up straight and said, "Oh... A while... Like... An hour or so.."

Fable turned even more red with embarrassment and shrieked, "AN HOUR?! So you been watching me this whole fucking time??!!".

"Yup", Joey replied simply. "And im wondering whats next. You got all the pigs and goats done. You ready for somethin' bigger?".

Fable opened the pen gate and walked through it before latching it behind her. "Bigger...", she said to herself while obviously thinking hard. "Hmm... Well, if im going bigger, im gunna need to freshen up a bit".

Joey once again thought she was going to head into the house to possibly jump in the shower, but instead she walked past Joey, back down to the pig pens. She hopped over the fence and dove back into the pig muck, slathering herself all over with the dark stuff. She rubbed it all in her hair, up and down her legs. It looked pretty much like she was taking a bath with the nasty stuff. Once she was satisfied that she had freshened up with enough pig muck, she jumped back over the fence and stood in front of Joey with one hand on her hip.

"Lead the way", she said.

Joey smiled wide with even more amazement and turned on his heel. He walked down a bit and then took them through a side door to a pen out in the sunlight. Once Fable's eyes got used to the sudden brightness, she spotted two medium sized horses walking around in the enclosure.

Fable put her hands on her hips and cast Joey an evil glare and said, "Joey Conner! Now what kind of girl do you think i am exactly?!".

Joey turned to her and replied, "A filthy barn whore who wants every type of cum from every type of animal possible inside her filthy barn slut pussy... I mean.. At least thats what i heard you say while you were getting drilled by those goats."

Fable stood there staring at him for a moment with a defiant look on her face before finally saying, "Well... Yeah.. Yeah that is exactly what i am, isnt it? The farm whore who goes around and lets all the barn animals cum inside her. And these horses are next on the list. But first!".

Fable suddenly went down to her knees in front of Joey and quickly unbuttoned and unzipped his pants. She pulled out his cock and instantly began deepthroating it as soon as she got eyes on it. She licked up and down his balls and shaft for a good minute before looking up at him.

"Im your whore too Joey. Dont forget that I want your cum inside me too".

Joey had to concentrate hard to keep himself from cumming down her throat at that moment. He smiled at her and said, "Of course. But we gotta take care of the livestock first."

Fable jumped up excitedly and said, "Ok lets do this, Im ready!"

Joey pulled out a waist high table and put it in the middle of the pen. Then he pulled one of the horses over.

"Gotta get him excited first! Use that mouth of yours again", he told her.

So Fable got down on her knees below the horse and began stroking on the sheath where she knew the horse's dick was. After a minute, she watched as this massive dick just kept growing and growing out. When it finally stopped growing, Fable estimated that the horse's dick had to be nearly two feet long. She took a moment to admire it and then wrapped her mouth around the end of the massive tip and started sucking. She licked it all the way up and down its shaft and stroked it lovingly.

Finally Joey said the horse was ready and instructed Fable to lay down on the table on her back.

So she laid down and spread her legs as far as they would open. Joey pulled the stallion over her and got its hooves up on the table well past Fable's head. He grabbed the horse's dick and put it up to Fable's cum dripping pussy and started mashing the head against her pussy hole.

The horse took a bit to get the idea, but soon started to hump into Fable. The head of the horse cock got swollen and hard and with Fable's pussy being so slick with goat cum, eventually the head of the horse's dick finally began to slip inside her pussy, stretching it out.

"Oh god!", she moaned as the horse started fucking her. "Oh fuck!! Oh fuck!!".

The horse was really into it now and was getting its dick a little further into her pussy with each pump.

Suddenly Fable felt the most massive burst of cum she had ever felt inside her. It felt like a fire hose was going off inside her pussy. She looked down and saw lots and lots of horse cum spurting out of her pussy as the horse overfilled her.

"Oh fucking fuck its so much cum! Oh my god its so much fucking cum! Fuck it feels fucking incredible blasting into me!".

After a few minutes, the horse shuddered and lept off the table. The moment the horse's dick popped out of her pussy, the cum simply flowed out of her like a river. Fable reached down and began scooping the cum out of her pussy and rubbing it all over her body and face. She scooped up a lot and deposited it in her mouth and swallowed a bunch of it.

A moment later, Joey appeared between her legs and shoved his cock into her overflowing pussy and instantly came inside her on the very first pump.

"Jesus fuck!" Joey exclaimed. "I haven't come that fast since... Since.. Well.. Lets just say its been a long time."

"Mmmm Im such a good barn whore. Letting all the animals cum inside me. And the ranch master as well", Fable said with a giggle. "Whats next?"

Joey chuckled, "My god, you aren't tired yet?"

"I had that long nap in the pig pen remember?", she asked.

Joey's cell phone rang and he shot Fable his usual charming smile as he pulled out his phone and looked at it. "I gotta take this call, ill be right back".

Fable laid back down on the table and spent a few minutes catching the horse cum that was leaking

out of her pussy and rubbing it on her face and her tits and scooping it into her mouth to swallow. She couldn't believe how much there was, but strangely, she felt like it still wasn't enough yet.

As Joey walked back into the horse pen, Fable looked up and saw a facial expression on his face that she hadn't seen before. Was it anxiousness?

"Hey handsome, whats up? You seem kinda bummed".

Joey stuck his phone back in his pocket and stood beside her and the table. "Nah, everything's good. That was my little sister on the phone."

Fable was genuinely suprised at this revelation. "Little sister huh..? First im hearing about her".

"Yeah things have been complicated between her and I for a while now. You remember when you asked me if i lived here alone and i didnt answer?".

"Mmhmm", she answered, now completely focused on this new information.

Joey stared at the hround and shuffled his feet nervously. "Well, i didnt answer because its a complicated situation. My sister lives here with me sometimes, when we are getting along. She hasn't been here in a few weeks, but she told me just now that shes ready to come back. Today. Actually shes on her way."

"Oh!", Fable replied, thinking quickly. "Um well, i should probably leave then".

"No, no, no, no, you dont have to leave if you dont wanna. You can stay and meet her. She wont be upset that i have company. Actually... I suspect that you two would probably like eachother."

Fable raised one eyebrow. "And why is that?".

"Umm... Well... lets just say that you and my sister are alot alike", he said.

Fable stood up. "Hmm.. Well, i should at least go and get a real shower before she gets here."

They walked back to the house and started cleaning up.

It was close to 5:30 in the afternoon when they saw a car coming down the ranch road. Joey and Fable were sitting on the bench seat on the front porch. Fable was nervous, not knowing what to expect, but Joey seemed to be relaxed and not showing any worry and his demeanor had a calming affect on her.

The car stopped in the driveway next to Joeys ranch truck and the door opened. Fable watched as a pair of legs sprouted out below the opened car door. A young woman stepped out and grabbed a large backpack out of the back seat. Then she shut the door and began walking up the sidewalk past the old family water well.

Fable could instantly tell that Joey's sister was probably the same age as her, or close to it. She was pretty. Dark wavy hair. Tanned skin. Busty as well. Fable could see that she had a little extra jiggle in all the right places, especially in her shirt. Fables mind started wandering back to dirty places without her trying to make it go there as she watched this attractive woman approach them.

"Hey brother!", the woman said joyfully with a huge smile on her face. She dropped her backpack on the ground and leapt into Joey's arms, giving him a massive hug around the neck and letting him lift

her feet off the ground and spin her around. When Joey finished the full circle, he let her feet drop back down to the ground. The woman cupped both her hands on the sides of Joey's face, leaned forward and kissed him firmly on the lips, holding herself there on his lips for 10 full seconds before disengaging.

Fable sat there, not quite sure what to think about this, but she didn't have time to consider anything for the moment.

Joey grabbed his sister's hand and faced both of them towards Fable.

"Dorothy, I would like you to meet Fable.

Fable, this is my sister Dorothy".

Dorothy smiled wide just the same way her brother smiled, she took a step forward and stuck her hand out.

"Lovely to meet you Fable! Please call me Dory. There's a few too many letters in Dorothy for my taste".

Joey was right... Fable liked her already. They shook hands and Joey grabbed her backpack off the ground and the three of them headed inside.

"I'm gonna pee! Be right back!" said Dory. As she walked out of the room, she stopped beside Joey and once again planted her lips firmly on his for a solid five seconds before heading down the hallway.

Joey walked up to Fable and leaned on the bar top. He stared at her but didn't say anything.

Fable also leaned on the bartop facing him.. She took a few moments to gather her thoughts.

"I'm getting the feeling that I might understand what you meant when you said that things were complicated between you two".

"Yeah..", Joey replied.

"Is.. Is she your real sister? Like your blood sister?", Fable asked.

"Yeah, full blooded brother and sister", he replied.

"I see...", she said as she thought everything through.

"Yes", Joey said simply.

"Yes what?", she asked pointedly.

"It's complicated in the way that you are suspecting it is".

Fable was hit with a little shock, "So you two have been sleeping together?"

Joey nodded his head. "Mhmm. Since we were young. We lost our virginities to each other."

Fable stood there for a while considering all this new information. She wasn't quite sure how she felt about this. It definitely wasn't normal for blood brother and sister to be fucking each other, but at the same time, it wasn't normal that Fable had spent the last whole day fucking all the barn animals.

"Do you two still sleep together?"

"It's just always the way we are with each other. When she lives here, she sleeps in my bed with me

and the dogs”.

Fable instantly wondered about something else once Joey said this.

“With you and the dogs...? When you say you and the dogs, do you mean....”?

The corner of Joeys mouth curved upward as he tried to hide a little grin. “Yes. Thats what i mean... As i told you earlier... You and Dory are alot alike.”

Fable was so busy absorbing all this intense information that she didnt even noticed that Dory had returned from the bathroom and was standing right beside her. Fable flicked her eyes back into focus and turned towards her and was shocked once again to see that Dory was standing there completely naked from head to toe.

And down at her feet were Josie and Ruckus. The two dogs were visibly excited at Dory’s presence and they kept sticking their noses into her crotch and trying to jump up on her.

Dory smiled mischievously at Fable amd said, “Well miss Fable, since your fucking my brother, i can only assume that your fucking Josie and Ruckus as well.. Am i correct?”.

Fable looked over at Joey and he was just looking back at her with no readable signs on his face to indicate how he wanted Fable to respond to his sisters question. She looked back at Dory.

“Yeah thats right. All three boys have been inside me”, she said as she stood up straight and stepped forward close to Dory’s face.

Dory stepped forward as well, until her and Fable were almost nose to nose. “So i know the dogs are cumming inside you, but I wanna know if my brother is cumming in you as well”.

Fable didnt back up an inch. “Yup! Sure is. Him, the dogs, the pigs, the goats, the horses.. Everything here thats got a dick has been cumming inside of me.”

Dory’s mouth fell open a little while maintaining a big smirk. “Thats so fucking dirty and so fucking goddamn hot!”

Dory grabbed Fable by the face and jammed her lips into Fables and instantly stuck her tongue in Fable’s mouth.

Fable started kissing her back and wrapped her hands around the back of Dory’s waist. A moment later, she felt Dory’s hand slide down the front of her pants, inside her panties and her finger slid down Fables pussy until it found her hole. The tip of her finger curved upwards and slipped all the way inside her.

“Your wearing too many clothes”, Dory told her. She pulled her hand out of Fables pants and stuck her finger in her mouth, tasting Fables pussy juice.

Fable stripped fast as lightning and Dory led her to the living room couch. They both fell down on it and began making out and touching eachother. Out of the corner of her eye, Fable could see Joey grab a chair and place it in the corner of the living room and sit down on it, facing the couch. Dory laid down on her back and Fable jumped on top of her. Sucking on Dory’s large, busty tits.

Fable felt something furry behind her and looked back to see Ruckus attempting to mount her ass.

“You gunna let that dog inside you or what?” Dory asked.

Fable grinned and adjusted her position till she could stick her ass in the air. Ruckus jumped up on

the couch and hopped up on Fables ass. This time, Ruckus didnt miss a single pump. The first one went right inside Fables ridiculously slick hole and he started fucking her as she laid on top of Dory, passionately making out with her.

Within moments, Fable could already feel the inside of her pussy being filled with hot dog cum. She felt electrified as Ruckus' knot began to swell inside of her, locking his dick in while he shot pump after pump of dog cum inside her body.

After Ruckus was spent, Dory switched positions with Fable and invited Josie up on the couch. Fable watched from below as Dory hovered above her while being fucked and knotted by the horny dog.

"Good boy Josie!", moaned Dory as she bit her top lip. "Shit, i love it when they lock their dick inside you so they can make sure that every drop of cum goes exactly where its supposed to go".

Josie finally pulled his knot out of Dorys pussy and immediately Dory clamped her hand over her pussy entrance to keep the dog cum from falling out. She quickly spun around on top of Fable and faced the other way. Then she backed herself up till her pussy was right over Fables face. She lifted herself up a little bit and looked underneath her body back at Fable.

"Open up slut!", she said and she took her hand away from her pussy and lowered herself onto Fables face.

Fable popped her mouth open wide and clamped it on Dorys pussy. Instantly, a river of dog cum began flowing out and into Fables mouth.

"Dont swallow it yet", commanded Dory as she leaned down and stuck her own face into Fables pussy and began sucking the dog cum out.

Fable nearly orgasmed as Joey's little sister collected all the dog cum from her pussy using her tongue. After a quick couple minutes, Dory finally got up and pulled Fable into a sitting position on the couch.

She grabbed Fable by the back of the neck and pulled their faces into eachother.

Both girls mouths were full of the dog cum that they collected from eachother pussies and it mixed and mingled as they deeply made out with the dog cum swirling between their mouths.

Dory pushed up with one knee and got above Fable who opened her mouth eagerly. Dory spit the mouthful of dog cum into Fables mouth and watched as Fable swished it around her teeth and cheeks. Then Dory lowered herself below Fable and opened her mouth wide. Fable, who now had both loads of dog cum in her mouth, spit all of it at once back into Dorys open mouth.

Dory swished it around her teeth and cheeks for a minute. Then spit a large amount all over Fables face, completely covering it with spit and dog cum. The rest she spit back in Fables mouth.

"Swallow that dog cum you fucking slut!" Dory hissed.

With one big gulp, Fable downed the warm mixed dog cum and sat there as Dory started licking all the other dog cum from her face.

"I cant fucking stand it anymore!", Joey finally shouted from the corner of the room. He lept up and ripped his clothes off and leapt to the couch. He stood infront of the two girls, his dick as hard as steel.

Without hesitation, Joeys sister took her brothers whole dick in her mouth all the way to the base.

She deep throat him for a few seconds, then let it go and offered the dick to Fable who stuck the tip of the dick down the back of her throat as well. She could feel the pre-cum leaking down her throat as it oozed out.

Fable pulled her mouth off and stated, "Joey, i get the feeling that your sister is in dire need of her brothers dick inside her".

Joey grabbed his sister and pushed her down on the couch, laid down on top of her and slammed his dick into her pussy.

"Oh fuck me big brother, fuck me!" Dory moaned.

Joey slammed into her over and over again and then Dory suddenly burst a shower of squirt from her pussy, bathing Joey in girl cum.

Fable stuck her head down and right as joey pulled out, she opened her mouth and Dory squirted a bunch of girl cum into Fables mouth. She began swallowing gulp after gulp of lady cum until Dory stopped. Then joey flipped Fable around and pushed her down on the other couch cushion and started fucking her. Dory started licking her own squirt off Fables face as Joey fucked her hard.

"Oh fuck!", cried Joey. "Im close!".

"Wait!" Said Fable. She leaned up and gently pushed Joey off of her.

"Ive already gotten it several times this weekend... Joey, you get on your sister right now and cum in her!"

"Thanks!", Dory said. She laid back down on the couch and Joey was back on her and inside her a moment later.

"Oh Joey!", said Dory. "Cum inside me big brother. Cum inside your sisters pussy! You know i aint ever on birth control big brother, so pump it all inside my fertile pussy!"

Joey tensed up so tight that for a moment, he looked like a statue. Then he burst inside Dory with a massive moan.

"Oh god, fill me up with your cum! Fuck i fucking love you so much big brother. I love you so so much." She grabbed Joey and started kissing him deeply.

"I love you too little sister", he said back to her.

"Holy shit that was hot!" Fable finally said. "You really just came inside your sister without birth control."

"And im ovulating", Dory added.

Fable whistled in amazement. "Im not on birth control either. Im not usually doing stuff like this."

"Doing stuff like what?" Asked Joey, still trying to catch his breath. "Having unprotected sex with people you just met and all their barn animals?"

"Yeah", she replied. "This territory is more like the kinda thing my bestie Lacee would be doing. You met her Joey remember?"

"Was she the one who had the drunk redneck train being run on her while laying on my pool table?",

he asked.

“Thats the one”, said Fable with a chuckle.

Dory’s eyes brightened even more at the mention of a train being run on someone. “She sounds fun”, Dory said with relish.

Joey, who was finally breathing normal again said, “Fable is extremely fun.”

Dory turned back to look at Fable, “Hmm, didnt i hear you mention something about fucking all of the animals in the stables?”.

Fable smiled and nodded.

“Well that is certainly something i would love to see. And who knows, if i like what i see, i might just have to join you.”

“Oh god, im already getting hard again”, Joey said to himself as Fable lead the way out the back door and towards the dusty stable.
