BEASTIALITY STORIES

A little storey about a situation that happened 5 few years ago . My girlfriend worked at a stables it was also a stud farm . I myself knew next to nothing about how these places work or what goes on there . Angie my girlfriend told me they sometimes would deliberately keep them near a female horse that was in season giving off hormones

This was only done to get the race horse or whatever to produce its load so they then stored it in freezers and would artificially inseminate the horses cum In to a female horse .for different reasons . It was all a bit boring to me . Until she mentioned they used some contraption to make the horse shoot a suitable load ,

However just now and again they sometimes would not bother with the thing they used to get the horse off but it is highly unethical and hardly practised these days however it is the cheapest option if the machine they use isn't available

Angie told me that in a day or two she's going to get the horse off by using her hand , and would I like to watch her?

As she wouldn't normally do it , and I would probably enjoy watching her ? I said bloody hell yeah , can't wait she then said only problem that could spoil her fun was the guy they took on at the farm . He's a black guy called Charlie (not his real name) she's not really supposed to do it by hand . So we have to hope he's not gonna be around ?

Yeah sod him . I said when you gonna do it ? Tomorrow after 4 o'clock most are all gone from the farm by that time , ok Angie she also said you're gonna enjoy this show I'm gonna make it special for you .does the thought of watching me bring him off do it for you ?

I replied fkn too right so I drive down to the farm where i usually pick her up , I look at my watch it's 3.30 in the afternoon. I then go in to the office where they get changed ready to leave , the boss says goodbye and as he was leaving said hello . Then a bit of chit chat and he's about to get in his car , he shouts this over to the immigrant worker Charlie.dint forget to wash down that stable around the back before you bugger off ok lad ?

Yes mr Thompson yes sir ,

I thought you c... I don't want him spoiling the show , he said hello then went to wash down the stable , luckily it was around the back a minute or two away from where Angie and myself was and just as I was about to mention him to Angie she appeared with a bag , I'm gonna get changed for you love ,

So ten minutes or more later she appears again only this time she wearing a very short skirt with high heels on and a extra tight thin cotton top her tits looking like they busting out of the tight thin top . Her nipples poking out under the material, bloody Angie I said .you didn't have to go this far for me ?

Right then she says and she gets the stallion or whatever it was and walks sexy with him to a bigger stable .she ties him securely toward this rail , now then here we go , she put her hand around his skin and slowly talking to him . She says come on Rodger one let's see your big cock and pulling him off .what a gorgeous sight

His cock was now a good 15 inches and the girth of tin pop can she started rubbing the end his big bell end she did it so sexually. She looked stunning dressed like she was and started posing with the

horses dick . I was getting really hard myself now , Angie said join in get wanking if you want to ? He's ready to shoot his load ,

I stood behind her as she wanked the horse and then I rubbed up against her arse . She deliberately bent over as she wanked the horse off , I fingered her for a minuet or two then she get it out , and she then took turns jacking the horse then me , it was so erotic Rodger's gonna shoot . Watch love , then she pointed his dick towards this big container as well as herself

She was pulling it like crazy then it erupted and covered her short mini skirt and splashed on her legs , a good bit of the horses load went in the tub thing , but also over her legs she kept going and so did the horse she was covered in his spunk , she laughed how's that then? Do you want to be next love ? Let's get you milked then , or do you want a fuck in the hay ?

She didn't half look hot , lots of the horses cum everywhere and dressed like a porn star she wanked me hard and fast , I said turn around and lay on your back , she did as I say . Then lifted her legs up wide , comes and shove that cock in paul love come on I'm Randy as fuck , I said yeah me and all ,

I then heard a voice mr paul he says ? I turned and there's Charlie the black guy who came over in a fkn boat across the channel Angie had told me , that the boss gives him buttons hardly anything in wages but gets food and board, he had seen everything, Angie got up and brushed her self down . Bright red face and I stood there with my cock hanging down

He said no waving his finger mrthe boss doesn't like what you just did , your supposed to use the gadget ? He also said how the show had made him horny , myself and Angie looked at each other . I said yeah she does doesn't she?

I bet you would like to fuck her as well ? I have always fantasised about a 3 some , Angie said to me should I do him as well love ? wtf do you mean I replied? I mean he's turned on isn't he I don't mind seeing another cock shoot another load I'm really in the mood now love how about it Charlie said how gorgeous and sexy she looked and watching her bring the horse off was fantastic

So we both stood in front of Angie and she started to wank me again , she said to him take yours out now ? Jesus he was hung like the horse , Angie said oh wow wank it for me Charlie , I said yeah it's fine go on don't be scared as he was only young , it looked to be about 9 or 10 inches,

When Angie took over for him her little hand around his big cock didn't half look sexy , she was loving it and so was he and myself,

Shoot that cum Angie told him , he said he couldn't hold back any longer and went on and on about how sexy she is , then he said thanks and erupted what a load he produced, he kept on pumping his load it went over her nice tight cotton top and it dripping down from her arm . I said here Angie and she moved her head in front of me and held her tongue out . I shot a really decent amount very sticky

Charlie asked could he do it again if a few minuets as he was trying to get hard again , I asked him if he had ever fucked a white woman before ? He replied no but he wants to do that soon as he gets a chance , I now let him fuck her about twice a week , he now stays sometimes and pleases her all night i join in but I like allowing them both get off on his big cock , we got him fixed up with one of Angie's mates , we used to swap around

But since then we ended up falling out Charlie moved in with her for a few months I would call round sometimes and join in , but we parted ways a month back .charlie moved on and ended up with this stunning blond .i asked him could I have a go with him ? Both fucking her ? The twat said

he wanted to keep her . If I got my way he was convinced I would end up with her cheeky swine he fucked Angie like a rag doll , but I'm turned away.
