## **BEASTIALITY STORIES**

It was a bucolic evening in Jim and Lou's household. Their two kids, Michael and Lisa, were staying over at their cousin's house, leaving their parents alone. For Lou and Jim, this often meant time spent pursuing sexual gratification.

But this evening was different. There were no plans for friends and lovers to come over for orgiastic pleasure, rather it was just the two of them. And the family dog, a Lab named King.

Forty-two-year-old Jim was dressed casually in cargo shorts and a tee shirt while thirty-eight-year-old Lou lounged in a camisole top that showed her midriff and ample 38-E twin girls. There was no bra to control and contain the jiggly pair. She was wearing yoga/exercise shorts that showed every curve of her fine ass. Her tummy was only a bit flabby, giving her a slight, sexy, muffin top, and running kept most of the weight off her athletic five-foot-six body. Her expressive eyes were topped off with strawberry blonde hair tied in a ponytail.

As the pair lounged on the sofa, flipping through the TV channels with the remote, King came up to them and buried his nose in Lou's crotch.

Jim laughed and said, "It looks like King is in the mood for your pussy tonight, babe."

Lou replied by mussing with King's head and hair, spreading her legs, and pulling him deeper into her crotch area, saying, "Oh poor King. Do you like Mummy's pussy, poor baby? Yes, you like Mummy's smelly cunt, don't you?"

"I don't know any males that don't like your smelly cunt, honey," Jim kidded his wife.

Still talking to the big dog, Lou cooed, "I know, baby, it's been a while since you had Mummy's pussy, hasn't it been? You're missing it, aren't you, King."

"I think it is you that has been missing King's tongue and cock, babe. I think you are in the mood for King to take care of you, you dirty fucking slut," Jim replied, teasing Lou.

"Don't listen to Daddy, King. Daddy is just jealous of your nice cock and tongue. Daddy knows that you like fucking dirty sluts, don't you boy?" Lou told the dog.

Jim slid behind his buxom wife and grabbed her tits, squeezing them.

Kissing her on the neck, Jim whispered, "Maybe you'd better pull down your shorts and see if King is missing you."

"Maybe I'd better," Lou said, as she stood and with some difficulty, pulled the tight shorts down and then off.

As good as her ass looked in yoga shorts, it looked even better in a thong with the string down the crack of her ass. But that came off too, exposing her bald pussy. Lou sat back down on Jim's lap. Immediately he ran his hands up under her shirt to feel her tits and pinch her nipples.

"Mmm...you're a little horny yourself, honey," Lou moaned seductively.

"Just getting you excited so King can enjoy some pussy juice between your legs," Jim whispered.

"Umm...I think it's working," The blonde replied as she began to finger her cunt.

"Finger fuck that cooter, babe. I think King is starting to pay attention," Jim cooed.

The dog was licking her bare thigh at the moment and seemed to have caught the odor of her cunt juice as he began to lick that area.

"King isn't the only one paying attention. I think your cock is starting to get hard, honey," Lou said smugly.

"You know I have a weakness for nude sluts with big tits," Jim teased back.

"Then you'd better take off my top and make it official," the big-titted goddess replied.

Jim immediately complied, taking off her cami and his tee shirt as well. Her naked skin against his chest felt wonderful.

After feeling up his wife's melons for a bit, Jim shifted away from behind her to suck her nipples. By now they were nice and hard. The moment his mouth began to suckle her, Lou let out a soft moan.

He wasn't the only one who shifted his position to gain sexual access to Lou. King had shoved his way between her legs and now was lapping at her cunt lips and the juice oozing from her slit.

"Oh fuck! Oh my god! Mmm," Lou let fly.

"Me, or the dog?" Jim asked, teasingly.

"Both of my studs, Luv. Oh god! That feels so good!" she replied.

"You know, you are such a pervert letting the dog lick your cunt, babe," Jim said, taking a break with his mouth, but kneading her jugs with his hands, pinching one nipple, then another.

"Are you jealous that the dog is getting my cunt, Luv?" Lou asked in her tinkling accented voice.

"Let's just say I'm planning on taking a turn with it as well," Jim admitted.

"Mmm, yes...oh yes," she cooed.

Then gaining her equilibrium, Lou told her husband, "Yes you will, but after the dog. Will you help me, honey? Please, oh please!"

"Of course, honey. I always do. I think it is so cute that my dirty little cunt of a wife has the hots for dog cock," Jim said in a sweetheart voice.

"That's why I love you, hon," said Lou, beaming.

And she had every right to beam. By now the dog was slurping at her cunt with its raspy tongue at a rapid rate. Not to mention, her husband sending her tits into the land of enchantment. She wouldn't last long at this rate. And she didn't.

"OH GOD, I'M CUMMING, OH, OH, OH, OH!" Lou gasped as her body shook as she came.

"Dog tongue got ya, babe?" Jim asked when his wife settled down.

"Hell, yes! Best there is!" Lou said, smiling but not sated.

"Let me try some of that," Jim asked, taking off his shorts and briefs.

"Sure, but King's going to be jealous," Lou warned.

Ignoring his wife, Jim shoved the Labrador out of the way and stuck his face into his wife's dripping cunt. Her swollen cunt lips glistened with her creamy juices and dog saliva. Not minding either, Jim dove in, shoving his tongue between his wife's lips and into her fuck hole. Tickling her clit with his tongue as he used his fingers to spread her hole, he began to send Lou back into rapture.

Lou responded by pulling his face in tighter to her cunt. King tried to push Jim out of the way but was unsuccessful. He settled for licking Lou's leg, then Jim's ass. When King's tongue hit Jim's asshole and rimmed it, he felt a strange thrill.

"Mmm...feels good. Look, King likes your arse. Maybe you should let him fuck you," Lou observed.

Jim just kept licking Lou's cunt hole and sticking a finger in it and her asshole until she came once again.

"Jim, Jim, JIMMY! OH FUCK, JIM!" Lou cried out in the throes of ecstasy.

Jim slapped Lou hard on her ass cheeks a couple of times and then spanked her clitoral hood a few more before letting her go, breathless. Meanwhile, King was getting restless, nuzzling them and walking around them.

"Oh, King. Are you getting horny? Want to fuck Mummy's cunt with your big dog dick? Here you go, sweetie. Mummy's gonna let you fuck her," Lou told her pet.

"He's not very hard, Lou," Jim reported.

"He will be. I know just what to do. It works on all males," Lou said salaciously.

Getting off the couch and down on the floor, Lou instructed Jim to hold King. Knowing what his wife intended to do, he held the dog in a way that its cock was exposed to his wife. True to her experienced word, Lou got down and began a combination of licking and sucking the dog's penis.

"It looks like it's working. Look at his cock now! I know you are making me hard just watching you," Jim opined.

"Mmm, King has a good dick to suck. I'm going to have to do this again, later. You should try it too. So much nice pre-cum, yum!" his wife said with satisfaction.

"King loves a good cock-sucking bitch. Look at how hard he is now. Lots of pre-cum too, I see," Jim replied, very much turned on by the sight of his wife sucking doggy dick.

"You better believe he loves a cock-sucking bitch! And I'm the best! Honey, get King on me now. I'm ready for him to fuck me," Lou said, horny as fuck.

Lou got down on the floor on all fours while Jim positioned the dog behind her. While doing so, the dog began to lick his balls. Then King began on Lou by licking her snatch once more, but as Jim positioned him over Lou's back, the well-trained dog got the hint. You could tell the dog was excited by what was about to happen.

Jim tried to guide King's stiff dog dick into Lou's cunt, but it didn't take much for King to get the idea and shove it in her himself. Jim made sure that the dog's penis stayed inside his wife for a bit.

"Oh, oh. Oh my god, he's in me...ow! Okay...yeah...I'm good. He's definitely in me now," Lou commented as the beast penetrated her holy of holies.

King began to fuck her rapidly, doggy style, of course!

As the dog rammed his hard, red, six or seven-inch dick inside of his wife, Jim asked, "Babe, how does it feel?"

"Good. He's so smooth and slippery...oh god...I love it!" Lou gasped.

"We'll have to get you a pony cock to fuck next time. Or maybe a goat. They both have a nine to ten-inch dick," Jim suggested.

"Oh fuck yes, Honey! I want to get fucked by a big beast's cock...oh fuck, King! Oh fuck it feels good!" Lou moaned.

"Look at that dog fuck your cunt, babe! He fucking loves it! You've got him well-trained. He knows his bitch needs a good fuck," Jim said, cheering the dog on.

King started rutting with Lou fast and furious like dogs do. Lou was moaning and taking his quick thrusts. Her cunt was on fire with pleasure. At the moment, nothing ever felt better!

After a bit, things changed. King pushed his cock in deep. Very deep. It was happening! That delicious, erotic moment when a dog's penis knotted to tie her into him.

Lou was very much his bitch now as he prevented himself from slipping out. Lou was almost breathless with the intense euphoria of the moment. She was in it for the full ride now!

"Oh god, oh god, ohgodohgodohgod, OH GOD! He's knotted inside me!" Lou screamed in pleasure.

"Oh fuck, baby! That's hot!" Jim cried out in reply, truly excited that his wife was getting the full bestiality treatment.

Lou began to rub her clit as this happened. Besides bringing her to near orgasm, this also made her cunt grab the huge knot more. And it also made King spunk more, flooding Lou's cunt with his jizz.

"OH GOD, I'M CUMMING! CUMMING...OH FUCK, ITS TOO MUCH!" Lou cried out as her body shook in orgasm.

King was in full fuck mode with his penis knotted and stuck deep inside his mistress' fuck hole. Lou's cunt was filled with King's hot, watery cum. The male dog was impregnating his bitch! The whole feeling was out of this world for Lou—nothing like it, ever!

Even Jim was hot from watching their dog fuck his wife. His cock was massive and hard at the moment and he felt himself cumming at the sight of the dog with its knotted cock inside his wife.

Moving around to his wife's face as he jerked his cock ferociously, he announced, "BABY, I'M GONNA CUM ON YOUR FACE!"

With a grunt and a groan, and aiming his dick at her face, as promised, Jim let fly his cum. It spurted out in long strings of sperm, splashing against her face from forehead to chin in thick strings and globs. Lou licked what she could with her tongue, then used her hand to wipe more off. She finished my licking her fingers of the remains.

Eventually, King de-knotted and pulled his big doggy dick out of Lou's vagina. This, in itself, was a very pleasurable act that gave the mature sexy kitten a small orgasm as he did so.

The amount of foggy cum flowing from her beast-fucked vagina was stunning.

Lou flopped on her back and King licked her face, evidently enjoying Jim's cum as much as Lou did. But as soon as that was finished, the dog went straight for Lou's seeping cunt hole, lapping at it with his usual vigor. Lou started to shake again and soon had another small orgasm. Finally, at his wife's behest, Jim pushed the dog away and towards Lou.

With his cock still hard Lou captured it and slide underneath his belly. Jim then forced the dog onto his side and Lou started to lick and suck King's doggy cock again. It was covered in cum and still oozing jizz. Lou took it all in, going down on the canine cock.

Jim, in his perverted mood, got down close to have a good look.

Lou, excited by the obscene sex, said, "Do you want to try it?"

Wordlessly, Jim took the beast's red dick into his mouth and began to suck it, getting a good taste of the hot, watery, dog cum. Lou was proud. She knew he could suck other men's cock like a champion, and now he was sharing her passion for dog dick.

As he passed it back to her, she asked, "Do you like it?"

"Mmm, yes. It's salty, but I like it. Sucking dog cock is pretty good," he opined.

"I love sucking King's nice big cock. So pervy and naughty! I think we need to try to get him to fuck me in the ass next time," Lou admitted.

"Fuck yeah, babe! That would be hot!" Jim said with a leer, then he added, "I'm gonna eat his cum out of your cunt while you suck doggy dick."

Lou, licking the red rocket of her Lab, murmured, "Mmm, do it," and went back to her pleasure.

Jim saw that his wife's taco was saturated and positively dripping with doggy cum and her juice. Sure enough, he could taste King's cum strongly as he ran his tongue up his wife's axe wound. Not bad really, he thought. Especially if you were as perverted as he and Lou were.

Jim continued to eat out Lou's cunt and lick her clit. At some point, she lost interest in the dog and began moaning as her quim caught on fire once again. And after that, it wasn't long before the sexy, big-titted, strawberry-blonde dog-fucking bitch had another of her earth-shattering orgasms.

The last thing Lou said before they fell asleep was, "We need a second dog ... or maybe a horse..."

Life was good.
