BEASTIALITY STORIES

Connie got a phone message from her parents as she boarded the bus to go home from work:

Gone away for the weekend, look after Dougie, see you Sunday, Mom x

Connie sighed, her parents were always commenting about the fact that their 22-year-old daughter still lived with them, but suddenly she was useful for dog sitting. She rolled her eyes and put her phone away, it wasn't like she had plans anyway. Her girlfriends all had boyfriends and she didn't, she had dumped the useless asshole 6 months ago now, so they were all out and she was at home, taking care of the Labradoodle, Doogie.

She got off at her stop and called in the local liquor store for a bottle of wine, my as well treat herself, nobody else was going to do it. Then she walked home. At least Doogie was happy to see her as she walked through the door, she made a fuss of him, put an easy bake, frozen Lasagna in the oven and took him out for a walk.

Doogie sniffed at some lamp posts, peed on others, Connie wondered what the difference was. Then they went back indoors. The dog curled up in the lounge, Connie checked her dinner, she still had 20 minutes, so she took a quick shower, checked her curvy figure in the mirror, "Not bad" she said to herself, he brushed her shoulder length brown hair, her eyes matched as did her pussy hair, her tits were on the small size at 34C "well, you can't have everything" she remarked and put on her Kimono style robe.

Back downstairs she poured some wine and sat at the table to eat, then fell onto the sofa with a second glass of wine and put a cheesy romcom on the TV. Doogie joined her, his head on her thigh, her parents had got him because he didn't shed so he was allowed on the furniture.

Connie watched the movie, checked her phone, her parents had arrived at their destination, a hotel in the country. Maybe they were planning a dirty weekend, she shuddered "Ugh!", immediately dismissing the thought of her parents on a dirty weekend.

Her friends were all out too, at restaurants or bars, "Bet they all have dirty weekends planned too Doogie!" she sighed, the dog just stared at her, uncomprehending. She patted his head and smiled, going back to her movie she sipped her wine and stroked his back, the dog moved slightly so she was running her hand up and down his side. A short time passed.

The dog must've rolled onto his back and Connie absent mindedly rubbed his tummy as she tried to stay interested in the crummy movie she had chosen. Her attention was captured when she felt something hard hit the side of her hand.

"Holy fuck Doogie!" she exclaimed, looking down she saw that the dog had a hard on! Something like 4 inches of his hard, red cock was sticking out of its sheath and her hand had brushed against it. She looked at his face, his eyes were closed and his tongue lolled out at one side. "Well at least I can turn you on" Connie laughed and then looked at his cock again.

She continues to rub the dogs tummy, gradually working her way down. His cock throbbed so she slid her hand a little lower and ran her fingers over his veiny dick, "Oh shit!" she gasped as it twitched a couple of times and a small amount of fluid dripped off the end, "Precum! Doogie you horny fuck!" she giggled.

Grasping his sheath she lulled it back exposing 5 or maybe even 6 inches of shiny dick, "Mmmm, good boy Doogie" she whispered as she began to wank the dog.

After a few strokes his hips jerked a little and he shot some spunk onto himself, Connie jerked him harder, her left hand strayed up the inside of her thigh, pushing the kimono out of the way, eventually she opened her legs and began to stroke her pussy lips with her middle finger. "Yeah, cum for me Doogie" she moaned as his hips thrust harder and he shot hot spunk on his tummy and all over her hand.

"Oh fuck!" she gasped as her fingers slid into her wet cunt, she wanked the dogs dick with one hand and fingered herself with the other. Her right hand was covered in dog spunk, she held it up in front of her face, then licked some off, it was salty but fairly tasteless.

She opened her Kimono wide and slid her spunky hand between her legs, the dog cum made it slippery enough to slam three fingers into her pussy, "Fuck! Get in here Doogie" she grunted. Rolling the dog off the sofa and onto his feet, then she pushed his head between her legs and moaned loudly as his long tongue licked her pussy.

She played with her light brown nipples using her left hand and flicked her swelling clit with her right as the dog ate her out. "Yes Doogie! Good boy!" she cried and climaxed hard, "Fuck I'm cumming!" she moaned and squirted into the dogs mouth, he lapped it up!

"Shit!" Connie was breathless and couldn't quite believe what she was doing, but it was over 6 months since she had been fucked so she thought, "what the fuck!" and pulled Doogie through into her bedroom.

She shrugged off her kimono and got onto the bed, the dog hopped on with her. "Come on Doogie" she said getting on all fours, "Let's just fucking do this!" Connie pulled him up onto her back and reached between her legs for his cock, he was still hard and began to thrust his hips again as she wanked him before sliding his dick into her waiting, wet slit, then he really got going!

"Oh fuck yes!" Connie groaned, "Fuck yes, make me cum, fuck me!" Doogie went hard now and she could feel his knot bumping her pussy, "Yes, come on you horny fuck!" she cried, "Pump me full of puppy jizz!" she felt the knot enter and the dog halted. She could feel his throbbing member fill her full of cum. She slid her hand down her stomach and frigged her clit hard.

"Oh fuck, I'm gonna cum!" she moaned, rubbing even faster, "Yes! Oh fuck yes!" the dogs dick plopped out and Connie squirted a mixture of canine spunk and her own pussy juice. She rolled onto her back and opened her legs wide. Doogie began to lick her cunt again and she climaxed once more. "Shit Doogie you're the best fuck I've had!" she said as the animal continued to lick her.

Another orgasm and Connie curled up and fell asleep, Doogie at her side. The next morning she showered and threw her bedding into the washer drier. Better sort that before her parents got back. Then she showered, dressed in sweats and took the dog for a stroll in the local park.

It was pretty quiet there, probably because everyone was working or doing their weekly shopping trip. Connie sat on a bench and stroked Doogie's head, "who's my new favorite horny hound?" she laughed, he licked her face and she thought about the previous night, it made her wet again, maybe she should take him home for another session.

Then she looked around at the empty park, there were some bushes behind her, a naughty thrill spread through her body and finally centered on her rapidly moistening pussy.

"Come on boy" She whispered to the dog and pulled him into the undergrowth.

A few paces in was a small clearing, Connie pulled down her sweatpants and took off her sweatshirt.

Her nipples became erect in the cool air as she got on her hands and knees, encouraging the dog to mount her. Doogie complied quickly and she guided his hard cock into her waiting hole.

"Oh fuck yes!" she sighed, this was so dirty, she was fucking a dog in public, "Shit I'm cumming!" her body shook, she couldn't believe how quickly that had happened! She was so fucking horny!

She let the dog continue to fuck her but made sure he didn't knot her this time, she didn't want to get stuck here. This time it took a little longer for her to cum but it was worth it when she did, "Fuuuck, shit!" she moaned quietly as the sensation ripped through her.

"Ok Doogie, that enough" she pushed him off and dressed again. Sneaking back out onto the path she hurried home and as soon as she arrived she got naked again. "Let me taste that cum" she said.

Lying on the sofa with her legs spread up the back, Connie tipped her head off the seat and pulled Doogie up so his front legs were either side of her body, she could see his cock right in front of her face.

She jerked him hard and his cock stiffened and came out, precum dripped from the end. Connie pulled him forward a bit more and took him in her mouth, immediately he began to fuck her face, his cock swelling and shooting cum down her throat. She managed to tip her legs forward slightly so he could lick her pussy, "Fuck!" she thought, "I'm 69ing the fucking dog!" that made her cum again as she greedily swallowed Doogie's spunk!

After dinner she let him mount her on the kitchen floor and fuck her in her bedroom again, she was a dog slut now and wanted all she could get. "Fuck yes!" she gasped as she climaxed over and over!

She tidied up before her parents came home on Sunday evening having fucked the dog all weekend.

"Thanks for looking after Doogie" her mom said as Connie went to bed that night, "Not a problem" she replied with a smile, "I'll do it anytime!"
