BEASTIALITY STORIES

I went out clubbing on the weekend and managed to hookup with a total firecracker.

Her name's Steph and she's tall with long blonde hair, pale blue eyes and is on the chubby side of thick but definitely not fat. She has a perky pair of D tits that were barely staying in her very short, strapless black dress.

She was grinding all over me while dancing and in the taxi on the way to her house, I found out the only thing she was wearing under her dress was a butt plug.

At her house she quickly led me to her bedroom swinging the door closed behind us. Her dress came off quickly and my face was between her thighs sucking her drenched puffy pussy. Her pussy is juicy as hell and creams when she orgasms. My pants came off as I was eating her pussy and I tugged on her pale blue buttplug but Steph protested saying she doesn't do or like anal but everything is more exciting and feels better with a plug. She rolled over getting on her knees and I surprised her when I slid my, 8 inch cock into her surprisingly tight pussy. I watched the base of her plug wiggle as I fucked her, making her cream and moan as she orgasmed on my cock. We fucked hard for what felt like hours but was probably only 10 or 15 minutes, and almost constant back to back orgasms for Steph. I was slumped against the bed head sucking on her huge nipples with two handfuls of soft ass. Steph was straddling me, holding the bed head riding me, creaming all over my cock when I couldn't last any longer and cum inside her. She lifted up letting my cock fall out of her cum filled, cream covered pussy and crawled backwards down the bed taking my cock in her mouth.

As I watched her head bob up and down while she sucked me on her knees, I saw the door push open and her German shepherd walk in. He walked to the end of the bed, sniffing the air before his nose touched Steph's thigh. Her head bolted up yelling "Sam get out" before I pushed her face back down on my cock. Steph struggled but I held her head, keeping her mouth full of my cock. Sam started licking at her thighs and she began struggling harder, so I held her in place with my legs and pushed her face further down my cock making her gag and choke.

I lifted Steph's head letting her catch her breath and she coughed out "Sam not my pussy" before I pushed her back down. I was working Steph's head up and down making her suck my cock, between gags I could hear the wet sound of Sam licking Steph's pussy. He was really going at it and Steph must have been feeling it because she struggled less, tensing and relaxing with muffled moans so I didn't push her head down as far.

Sam stopped licking and Steph relaxed so I did to, but he only stopped to jump on the bed. Steph almost managed to pull away before I gripped her tight again, making her choke as she tried hard to get away. Sam mounted her and immediately started humping. Steph pushed up harder than I expected getting free of my hands just as Sam's big German Sheppard dick found its mark. Steph's attempted shout came out as a long moan as her dog's cock plunged into her chubby pussy. He fucked her fast and hard, and all Steph could do was moan in horrified pleasure. I pushed her gaping mouth onto my cock again and Sam's fucking doggy dick made her moan around it. His thrust became shorter and Steph's moans became whines as his knot grew inside her pussy. She had stopped struggling so I stopped pushing her head, letting my cock slip out of her mouth as her face rested on me. Steph was whimpering with every short hard thrust, whispering "no, stop, get out, so big, it hurts" between whines until he stopped. Steph had a moment to catch her breath and relax before Sam turned around, making her cry out as his knotted dick tugged against her pussy entrance, too swollen to pull out. "Noooo, stop, it's stuck, help, he's cumming, get out" she kept repeating until I pushed my cock into her mouth again. I guess Steph had given in because she held my cock, bobbing her head sucking on her own. Little whimpers escaped every time Sam moved until he pulled hard,

making Steph arch her back and squeeze my cock as she cried out. Her dogs swollen knot pulled free of her pussy, unleashing a wave of dog cum and pussy cream. Steph's cries turned to moans as she orgasmed again, forcing more juices out of her used pussy. She collapsed onto me catching her breath as her orgasm faded, and she didn't even resist when Sam began cleaning her thighs and pussy. Steph just lay there panting and moaning, squeezing my cock with each wave that came over her.

I had only ever jerked off to videos of women and dogs, I'd never actually watched a chick be fucked by a dog, let alone have her mouth around my cock while he knotted inside her. Easy to say I was more than ready for round 2, so I rolled Steph onto her back and knelt between her legs. I pulled her ass onto my lap and pushed her knees back to her sides, putting her freshly knotted pussy on full display for me. Everything was wet and glistening, Steph's chubby pussy lips were now red and wide open showing off her nub of a clit and small thin inner lips. Her pussy hole was stretched wide now gaped open and still leaking the remnants of both fucks she just had mixed with fresh juice. The pale blue gem hiding her ass was still in its place, twitching in time with her gaping pussy.

I couldn't resist, I leaned in and poked my tongue under the rim of the gem touching the shaft where it disappeared inside her. Then dragged it up to her gaping pussy sinking my tongue in as far as I could and sucked as I curled it up dragging it out, then up between her wide lips and over her clit. I tasted everything, her puckered rose bud and the metal shaft, her sweet juice and mine and her dogs cum all mixed together. I leaned over Steph letting my hard cock slide into her loosened gaping pussy, I was amazed how much hotter and how slimy her pussy felt as it surrounded my shaft. Leaning in I sunk as deep as I could into her as I pressed my lips against hers, pushing my tongue into her mouth letting her taste her own pussy. Sitting back I started sliding my cock in and out of Steph's pussy from tip to balls and back again as I held her legs spread back. In only a few strokes her pussy started creaming again, making a mess of my cock and her pussy before dripping down her ass. I looked over and saw Sam standing next to the bed, humping the air as he licked his dick. I patted the bed next to Steph's head and called him "hear boy" as he eagerly jumped up Steph said "no! What are" before I told he "suck him" "No! No way!" "Suck him" I said as I pushed in deep and began flicking her clit. Steph moaned as her pussy tightened around my shaft then relaxed again, she reached up and took hold of Sam's dick around his still swollen knot and started licking then sucking the tip.

Watching Steph lick and suck her dogs dick made me fuck her faster, slamming my balls against her ass with every thrust as I flicked her clit with my thumb. I could see little spurts coming out of his cock as she licked it and drip from her mouth when she sucked him. As I got more excited I fucked harder till I had to fight against Steph's almost constantly clenching pussy, she'd stopped moaning just laying there head back mouth open in a silent scream. She was still holding Sam's dick, squeezing it as the clear spurts shot into her open mouth and all over her face. I felt my cum rising and pushed as hard and deep in her pussy as I could and held there as my balls emptied. Steph tensed hard as my cock throbbed deep inside, filling her with my cum then she started convulsing. She let go of Sam who jumped off the bed as she shook uncontrollably, mouth opening and closing with silent screams. I held on and started fucking again feeling her shudder and shake, twist and bend as my cock kept the waves going. My cock went soft and her pussy pushed it out so I layed next to her pulling her into my arms and holding her tight, as she slowly stopped convulsing. Steph's body settled but she still spazzed now and then.

We fell asleep like that, naked and sweaty with Steph in my arms occasionally shaking. My cock and her crotch covered in her pussy cream and two wet spots on the bed, one her pussy cream from the third fuck and the other from the second fuck, pussy cream and dog cum.

I woke in the morning to Steph getting out of bed and wobbling to the bathroom, and watched in the

mirror as she pulled her plug out and sat on the toilet. She finished up and came back but stopped next to the bed and told me “get the fuck out now!” Then went back to the bathroom slamming the door. I dressed and left hearing the shower running.

That was Saturday night and I have messaged her during the week but she didn't reply. Something tells me she's not going to reply, and it sucks because I really want to fuck her again. Even if her dog isn't involved I want to fuck her more.
