That morning found Erica and Kate in the clinic with a clients pet Pot Bellied Pig! "These pigs are so cute!" Kate hugged the animal who grunted happily, "Is it true that they have corkscrew shaped cocks!" the bubbly, blonde 21-year-old asked.

"Well" her older boss replied, sliding her hand under the pigs belly, "I can show you, if you like?" the assistant nodded enthusiastically. "OK" the Vet continued, "If we jerk his sheath a little here and you massage his balls, we should get a result"

Erica rubbed the pigs penis and Kate massaged him, "They're really big" she remarked, "Oh! There it is!" she exclaimed, "and it's like a corkscrew" they could both see, as Erica continued to masturbate the animal, that it's thin screw shaped cock went in and out. The pig grunted and squeaked as it's started to climax.

"Oooh! Look!" Kate said excitedly, "he's cumming!" she immediately put her head down below the pigs tummy and opened her mouth to catch the liquid as it spurted out, "Mmmm! I love animal cum!" Kate sighed. Erica jerked the pig faster so it shot more spunk out, Kate swallowed it all.

"Can we get him to fuck me?" she asked, peeling off her uniform, "I want to know what that spiral dick feels like and I've never been fucked by a pig before" she got onto the floor, naked. Erica put a small blanket on her back, "so his trotters don't scratch you" she explained.

Then she lifted the pig off the examination table and helped him to mount Kate. "Yes, come on piggy, fuck me!" Kate said eagerly, Erica wanked the animal again and this time fed his cock into Kate's warm, willing pussy.

"Oh! Fuck!" Kate exclaimed, "that feels very different!" Erica watched as the squealer humped Kate, its thin spiral shape dick spun in and out "Oh yeah! What a feeling!" Kate squealed too, "I think I'm gonna need to get a piggy in my life at some point" she reached down and began to rub her clit, "Yeah! Cum on piggy! Give it to me!" she moaned before her thighs shuddered and she called out, "Oh fuck! I'm cumming! Yessss!"

A mixture of squirt and porcine spunk dripped from her cunt, Erica knelt nearby, watching and masturbating. Eventually she too let out a groan as she climaxed. They got the pig off Kate's back and the young assistant got dressed.

"Here he is!" Kate took the pig back out into the waiting area and gave him back to his owner, "One, very healthy, very cute pet pig!" It's owner smiled, "Thank you" she said, "He's looks so pleased with himself" Kate grinned and rubbed the animals back, "That's because he's such a good boy" she said, the pig grunted in agreement.

As the owner left a man in a dark suit with a very serious face stood and approached the assistant, "Hello" he said, "I'm looking for Miss Erica Jameson?" Kate smiled, "Just a moment I'll get her" she replied, Erica came through.

"Miss Jameson, I'm Colin Franks" the man introduced himself, "I represent the Late Miss Parkinson" Erica frowned, "The late Miss Parkinson?" the man looked very grave, "Yes, I'm afraid she passed away at the weekend, her funeral is on Thursday and you are both requested to attend"

"That's so sad" Kate said with a sniff, "She was a nice lady" she added, Erica nodded in agreement,

"Yes" The man handed over a business card, "I am her legal representative and I would ask you both to attend, not only the funeral but the reading of her will afterwards"

"Of course" Erica took the card, "We will be there!" the man thanked them and left. "Poor Miss Parkinson!" Kate said with tears in her eyes, Erica nodded and stared at the card, wondering.

The next day found the pair on their way to the local zoo, "So we have to get sperm from a zebra!" Kate grinned. "Yes" Erica replied while driving, "It's for breeding purposes and the male zebra at the zoo is considered to be very fertile" Kate giggled, "I've never wanked off a zebra before" she said.

"Well this is important so we can't mess around" Erica said seriously, "Oh, OK" Kate tried to look serious but the cute, petite blonde didn't really manage it, "I get it, this is important" but she couldn't help a smile breaking through as she thought about it.

A short while later the two women had done the deed, the zebra sperm was in a sealed container in a chilled box, ready to be picked up from the clinic later. "that was interesting" Kate remarked, "but it wasn't really fun though was it" the irrepressible grin returned.

"Well" Erica walked towards another part of the stable block where the zebra's were, "I happen to know that there are two other, younger, male zebra's in here" they walked through and sure enough the two animals were standing together munching from a bucket of food pellets.

"Oooh!" Kate sighed, "Can I play with them?" she asked, "Don't see why not" Erica answered, "They're probably going to be sperm donors one day too so let's show them what it's like" she smiled and began to undress.

Erica and Kate, now naked, led one zebra over to a small hay bale, "You get on there and we'll let him fuck you" said Erica. Kate needed no more encouragement and lay over the end of the bale, her butt in the air.

Erica pulled the zebra forwards and got out a bottle of lube. She coaxed the animal to a very large erection using her hands and coated it thoroughly before applying a large amount of lube to Kate's pussy.

"Ready?" she asked, "Can't fucking wait!" came the reply, then "Oooh! Holy fucking hell!" as the animal placed its front hooves either side of her and Erica slid it's big dick into Kate's dripping slit, "Nng! Fuck! Ooooh! That so big!" Kate moaned loudly as the zebra rammed about 10 inches of rigid dick into her, "Soooo fucking big!" the small blonde gasped and shuddered, "I'm gonna cum so hard! Oh fuck!"

Erica could see the zebra was ejaculating too, filling Kate's cunt to overflowing, "Oh fuck me!" she beat her fist against the hay as she climaxed again, the zebra gave her a good pounding "Yes! Yes!" she groaned. The animal was soon spent and backed off leaving Kate's pussy gaping and dripping with cum! "That was amazing!" she panted.

The women switched positions and this time Kate brought up the other zebra and lubed both its big dick and Erica's expectant pussy. "He's a really big boy!" Kate exclaimed as she jerked the animal to full hardness, "Ready?" she asked, "Yes!" Erica replied impatiently, "Just give it to me!" the zebra mounted her and slammed straight in.

"Oh fucking hell!" Erica cried, "That is so good! Yes! Come on! Fuck me hard with that big dick!" the zebra pumped her cunt and soon began to cum, "Oh wow!" Kate gasped, she began to finger herself, she just couldn't help being aroused at the sight of her bosses cunt being wrecked by a giant animal

cock.

"That is so fucking hot!" Kate whispered as Erica moaned in ecstasy at the hammering she was getting, "Yes, Oh fuck yes!" she cried as the enormous zebra dick pulled her cunt lips wider as it was plunged further in, "Cumming! Fucking cumming!"

Squirt, piss and animal spunk shot everywhere as the slim, sexy vet climaxed again and again, "Fuck me! Fuck me!" she yelled, fortunately the stables were far from any visitors so no one overheard. "Ooooh! I'm cumming again!" she cried.

Finally the zebra pulled out, "Holy crap your cunts huge!" Kate exclaimed, "Quick! Now! Fist me!" Erica panted still not totally satisfied. Her blonde assistant plunged her right hand into the dripping wet hole and fisted her friend to part way up her forearm, "Fuck this is so hot!" Kate grunted and rubbed her own clit with her other hand, "Oh! I'm cumming!" the pair called out together as they orgasmed.

"That was incredible" Erica sighed, finally sated.

The Thursday found the two women attending the funeral of the old lady who's donkey they had attended to several times over the past few months, it was so sad, they were the only people there except for the lawyer Colin Franks and the funeral director.

Afterwards they joined Franks in his office.

"I won't beat about the bush" he began, "Miss Parkinson had no living relatives and no friends. Her will" he held up a piece of handwritten A4, "says that she leaves everything to you two ladies as a thank you for taking such good care of her animals and being so kind to her"

"What do you mean everything?" asked Erica, "Everything she owned, the entire estate" the lawyer replied, "Her two-bed cottage, all it's contents, the large paddock behind it and the 15 acres of woodland surrounding it" he looked up at them over his glasses, "It's reckoned to be valued at about 1.3 million dollars. The two girls gasped, "She has also left you all her money, over 300,000 dollars" he went on, "The only stipulation is that you keep the property and live in the cottage"

"We can do that!" Erica said confidently, Kate nodded in agreement. "And what about the animals?" Erica asked, "Oh! You get those too" the lawyer read, "12 chickens, 4 goats and a donkey" he concluded.

"Pedro!" Kate exclaimed, "We get to keep Pedro!"

The two women smiled at one another!
