## BEASTIALITY STORIES

## Part One

How do I start my story?

Well, my names Mike and I'm 19. I'm average looking, not rich, no girlfriend as such. But I do have one secret. My 38-year-old Mom is my sex slave, I can get her to do anything!

It started last month when my Dad left home, they're getting divorced, but before he left he told me that my Mom was a totally submissive slut, likes to be bossed around and made to do perverted stuff.

I was shocked! I mean, my Mom is nice, she's bottle blonde, slim because I'm an only child, blue eyes, nice tits and ass. Yeah I know, I'm talking about her like I think she's hot, well... I think she's hot! But Dad showed me photo's and a couple of video's he had taken where she was masturbating naked and being fucked by other men.

He said I should carry on doing this because she deserved it, I'm not sure whether he meant that in a good or bad way, but that's my Dad, emotionless! But then he packed and left, I watched the videos again and found myself jacking off to them, to my Mom! "Fuck!" I thought, "This is messed up"

A few days after Dad left, Mom was in the basement getting clothes out of the dryer, I came up behind her, I could see that she had a short skirt on and it had ridden up so I could see her panties, as I said she has a nice ass, so I thought I would try something.

"Mom!" I used as hard and commanding voice as I could muster, she jumped, "Take off those panties" I continued, "at once!" I snapped as she paused, still bent forward. Then, to my surprise and delight, she pulled her skirt higher and looped her fingers under the waistband of her panties and pulled them down, stepping out of them she left them on the floor.

"Now bend further over so I can see your asshole and pussy, spread your legs you slut!" she did exactly what I asked, I pulled down the front of my sweats and began to jerk my stiffening cock, "Now play with yourself" I commanded, "Make yourself cum for me"

She started to rub her pussy, I squatted down behind her to see better, "Harder" I ordered, she began to moan a little as she increased speed and pressure, "put your fingers in!" I said firmly, "I wanna see you cum!"

I was jerking hard now, because my Mom was fingering her cunt right in front of me, "Ok, stop for a second" she complied, "Take off your clothes and sit on the countertop" I said, she removed her t shirt, she wasn't wearing a bra so I got a good look at her 36C titties, then her skirt joined the panties on the floor and she hopped up onto the counter above the dryer.

"Open your legs and play with yourself" she did as I told her, "Finger yourself till you cum" I said, "And tell me when you're cumming" she slid two fingers into her pussy again and began to masturbate, rubbing her clit with her other hand.

"O fuck yeah" Mom sighed as she played with herself, "That's it" I told her as I jerked, "Watch me, Watch me wank over you Mom"

"Oh yes!" she moaned, "I'm going to cum!" I jerked harder, I was almost there too so I took a couple of steps forward, "Oh fuck yes Mikey, I'm cumming!" she moaned, I couldn't hold back and shot 4 thick ropes of cum onto her thighs, "Fuck yes!" I grunted as we climaxed together.

"Now clean up this mess and don't put your clothes back on, you have to be naked for the rest of the day" She followed my orders to the letter and walked around the house, cooked dinner and even took the garbage out into the garden in the evening when I told her too. All while naked!

It took me a while to get to sleep that night because I was imagining what I could make her do the next day.

Sunday morning found us out for a walk down by the river near our house, I had told her to wear a sheer white blouse and a short denim skirt, without any underwear. I could see her dark nipples through the material as we walked and they bounced slightly. My cock was getting hard again.

"Sit on that bench there" I told her, "With your legs wide open" Mom sat on the bench, legs wide. I sat on the bank facing her, "Well, play with yourself" I snapped, she reached down between her legs and started to finger herself again, I tucked my hand into the shorts I was wearing and rubbed my dick, "Unbutton the blouse and show everyone your tits!" I said, there were a couple of men nearby smoking, I didn't know if they could see her and I didn't care, "Squirt for me slut and announce it"

My Mom jammed 2 and then 3 fingers into herself, I was pretty sure the men were watching, then her hips jerked and she squirted onto the path, "Fuck yes I'm squirting!" she cried, the 2 men finished their smokes and wandered over, "Having fun?" one asked.

"Sure am" I replied with a newfound confidence, "Can we watch too?" the other asked, "Watch!" I replied, "You can fuck her if you want, she wants a good fuck, don't you slut?" I directed the last part at my Mom who was still masturbating, she nodded, "Nice!" the first guy said and pulled out his cock.

"Get up and let these men fuck you" I told her, she hitched up her skirt and stood, the two men went either side of her and bent her over, then one slid into her pussy and the other pushed his dick into her willing mouth, "make sure you fill her with cum for me guys" I had my dick out now and was jerking while I watched.

"Oh hell! O fuck yeah!" the two men groaned together, I wanked as I watched them, two total strangers spit roasting my Mom in a public space, "Fuck!" they both seemed to speed up and cum at the same time filling my Mom's pussy and mouth, this made me speed up too and I shot my load on the path.

The two men seemed to realise where they were and suddenly put their cocks away, mumbled "Thanks" and left hurriedly, "Cover yourself you slut!" Mom pulled her skirt straight and fastened her blouse, we walked back to the car and I gave her some wipes as there was spunk running down her legs.

On the way home we stopped for groceries, Mom got some admiring looks from men, back in the car I handed her two items I had bought, an 8-inch cucumber and a condom. "I want you to fuck that all the way home" I told her, "lose the skirt first"

She wriggled out of her skirt, rolled the condom onto the cucumber and slid it into her, still spunky, cunt. "Fuck that pussy hard" I demanded, she rammed four or five inches of it in and out as I drove home, twice we had to stop for lights and I'm certain a truck driver got an eyeful of my Mom fucking her pussy with a cucumber and moaning loudly.

Back home I told her to go upstairs and continue to use the cucumber while I put the groceries away, "and I want to hear you moaning" I added.

I heard the bed creaking and loud groans as I put the shopping away, then I climbed the stairs.

Mom lay on the bed, her legs splayed as she thrust the cucumber into her sopping cunt, I took off my shorts, grabbed her legs and pulled her to the edge of the bed. Knocking the cucumber out of the way I got my hard dick and slammed into her, "You are such a dirty slut!" I snarled at her, "I'm gonna treat you like this all the time" I fucked her hard and she lay back and groaned with pleasure, "I'll fuck you when I want, where I want and cum every time!" I said as I plunged into her.

"Yes! Yes Mikey! Fuck me!" she moaned, "Make me cum, please!" I hammered onto her cunt, my cock was rock hard now and I couldn't hold back, "Fuck yes I'm cumming!" we said together. I shot my load into her and she gushed all over my cock, I collapsed on top of her and we lay, panting in a heap.

I got off her and we both went to different bathrooms to shower, I looked at myself in the mirror. "I guess that makes me a motherfucker" I laughed, "Maybe I should change my name to Oedipus!"

## **Part Two**

Hi again, I'm Mike and when my dad left home he told me all about my Mom being a totally submissive slut, so I picked up where he left off.

I was online, checking out the local dogging scene, when my Mom brought me a sandwich and a beer for lunch.

Naked, except for a pair of grey panties, she put the food on my desk. I made her wear grey panties so I could easily see how wet she was getting, there was a darker grey patch on them because they were also holding a 6-inch vibrator in place, it was fully inserted in her pussy and I was controlling it using an app on my phone.

She stood by the desk and I idly picked up the phone and looked at the setting, it was on 6 and had been for over an hour now, I slowly increased it to 8. "Oooh!" yes!" she whispered as the buzzing in her panties got louder, "Please Mikey" she begged, "please let me cum" I had told her she couldn't cum until I said so, maybe now was the time.

"OK slut" I pushed my chair back and faced her, "Stand on the towel and squirt for me as you cum" She took a couple of steps back and stood with her legs open on the towel laid out for this purpose. Moaning with relief, as I pushed the slider control up to 10, she pushed her hand into her panties and began to rub her clit hard while pinching her dark nipples with the other hand.

"Oh fuck yes!" she panted, "I'm such a whore, I cum and squirt for my son!" the stain on her panties expanded as she climaxed, "Oh fuck I'm cumming!" I had previously told her that she had to announce every orgasm. She squirted hard now and liquid ran down the inside of her legs and dripped from her soaked panties, forming a small wet pool on the towel.

"Oh yes! Yes!" she cried as her thighs shook and her hips jerked involuntarily; she really was cumming hard "Fuck Mikey!" she finally gasped, the towel was wet and her panties were soaked. "Clean that fucking mess up!" I snapped.

Mom got on her hands and knees to clean up the mess with the towel, I watched as she did and took out my hard cock. Reaching under the desk I retrieved a bottle of lube and applied it to my rigid dick, I put the bottle down and knelt behind my Mom.

Pulling down her wet panties I spread some lube onto her cute asshole and, pushing my hips

forward, entered her ass. "Oh yes Mikey!" she hissed, "Fuck Mommies tight ass! Fuck it hard!" I thrust myself into her and fucked her as hard as I could, holding onto her hips as I slammed my dick in.

"Yes!" she moaned, "Fill Mommies ass with cum, please!" I pumped her ass for a couple more minutes and then pushed my whole length in as I shot a big load into her, holding her waist so she couldn't pull away I creamed her hole. "Fuck yes Mom!" I groaned as I pumped her full of hot spunk!

When I had blown everything in my balls I pulled out, spreading her ass cheeks I watched as my cum dribbled back out of her ass, making another pool on the floor.

"Clean all this up you dirty slut" I said as I left the room, I went upstairs to nap for a while, I had plans for later in the day!

When I woke up later I found Mom watching TV, she was naked as I told her she had to always be, when she saw me she switched off the screen. "Come with me" I instructed her. She followed obediently.

I led her to the garage and told her to get into the car, she got into the passenger seat still naked and I opened the automatic garage door and started the car, then drove away from the house with my completely naked Mom.

We drove for about 20 minutes to a car park near some trees, this was a popular Dogging site I had found earlier in my online searches. "Get out" I said to my Mom exiting the car myself, "Now go stand over there" I directed her to a small picnic table on the grass by the trees. "Anyone here interested in fucking my mom?" I said loudly, "You can do whatever you want, she'll let you, come on, fuck her!"

Slowly men began to emerge from the half dozen vehicles parked there, two more came out of the trees, fuck knows how they got there!

The eight men crowded around my Mom, groping her and pinching her nipples, she moaned and stood with her legs open so they could finger her pussy and ass, then they picked her up and lay her on the picnic table, I leaned against the hood of the car to watch them fuck her.

Straight away she had a cock in her pussy and one in her mouth, the others waited their turn, jerking their dicks impatiently. To be honest it wasn't long before they were cumming in her and on her. She got two loads in her cunt and three in her mouth and on her face, another guy now stepped up and stick his big black cock in her ass.

"Oh fuck!" she yelled as he pushed what must easily have been 9 inches into her asshole, "Oooh! Yes I'm cumming!" she groaned as the final two men jerked off into her face, shooting several ropes of spunk across her cheeks and into her open mouth as she gaped, climaxing hard from the big, black dick ramming her asshole.

"Yeah! Cumming in your ass baby!" the black guy filled her with cum and then pulled out quickly so his cum spurted out too, "Fuck that was good" he said to me as he watched his cum run out of my Mom's hole.

I noticed that two of the other men had gone to the back of one of the vehicles and opened the rear door. Everyone watched with broad smiles as they returned with two large Labradors. The men then picked my Mom up off the table and put her on her hands and knees on the grass.

"Come on boy, you know what to do" the first guy said, immediately his dog mounted my Mom and,

after a few misses, slammed his big dick into her cum filled cunt. "Oh! Holy fuck!" she cried as the dog pounded her. This wasn't the first time she had been fucked by a dog, I'd seen the pictures, but I was pretty sure it was the first time she was gonna get two in succession.

The dog was really going for it now and I noticed that, while the others were just watching, the black guy was jacking his cock, he was trying to get hard again.

Dog spunk was now squirting out of Mom's pussy as the dog filled her cunt, before it could knot her though the two dogs were switched and the second one got to empty its balls into her too, she was constantly moaning now as multiple orgasms ripped through her body as the dog humped away at her, spunk squirted everywhere.

Suddenly the black guy moved the dog, picked my mom up and put her back on the table. Then he rammed his hard 9 inch straight down her throat, she gagged and struggled a little but he held her firm and started to fuck her face hard.

Mom drooled all over his dick as he filled her throat with his hard cock, she made "Guk, guk" noises as it went in and out, we could all see it sliding up and down her throat.

The men with the dogs brought them both round between her legs and let them climb on the seat so they could lap up the mixture of spunk, dog cum and pussy juice now squirting from her cunt, she was cumming so much now and finally the big man shoved his dick right into her mouth and shot a huge load down her throat.

He pulled out and said "Fuck me man! Your Mom is fucking amazing! You're a lucky motherfucker!" I grinned at how accurate his statement was.

They all left now and I stood up straight and approached the table, "You just can't get enough can you?" I said to my cum covered, dog fucked Mom, "No Mikey" she said breathlessly, "I'm such a slut and anyone can fuck me whenever they want"

"Get in the car" I opened the back door and she climbed in onto a blanket I had there so she didn't get cum on my seats. I drove home and she lay on the back seat and masturbated all the way, cumming twice as we drove through the streets, other drivers probably saw her but my Mom doesn't care because she's a slut!

Back home she went up to her bathroom to clean up and I put the blanket in the washing machine. I went up to her bedroom to find her lying on the bed, her hair damp from the shower so I took my cock out, climbed on the bed and straddles her. Pointing my dick at her face I started to jerk off.

"Yes Mikey" she sighed, "Cum in my face, please" I jerked harder, all that I had seen her do today running through my head and now here I was, about to cum in my Mom's face "Give it to me honey" she begged, "I want you to cum on my face so much, after what those men did to me and letting those two dogs fuck my pussy and a big black dick in my throat, I want you cum on my face now, please"

I jerked hard now, my cock rigid and I splashed a massive amount of cum onto my Mom's beautiful smiling face, "Oh fuck yes Mom!" I moaned as I glazed her.

I climbed off and realised that she had fallen asleep, so I put my cock away and left her, with my cum drying on her face.

I turned off the light and went back downstairs to think about what I could do to her next!

### Part Three

I must tell you about what happened yesterday. Sunday's are a great day to organize public sex adventures with my Mom, there are so many opportunities, so I decided to make a day of it.

As usual I woke up and went into her bedroom, she always sleeps naked so I just pulled the covers off her, opened her legs and climbed on top. By now my cock was hard and Mom's pussy is always, and I mean always, wet so I just thrust myself in and started to fuck her.

"Oh yes Mikey" she moaned, "Give mama what she needs" I hammered into her hard, I know she likes that, lowering my head I sucked on her generous tits while thrusting into her as fast as I could. "Yes baby boy!" she gasped, "fuck me, fuck me hard, give me that cum!"

With a final few pushes and a grunt I emptied my balls into her, "Oh fuck Mikey!" she moaned, "Mommies cumming! Oh yes!" I felt her shudder to a climax beneath me as I shot my load and lay, panting for a moment.

"It's shower time Mikey" she whispered, I knew what that meant. We went into her bathroom and she knelt in the shower tray, immediately she began to rub her clit and masturbate using my cum as a lubricant as it ran from her cunt. "Let me have it" she moaned, "Please, cover me!"

I pointed my semi hard dick at her face and released a hot stream of piss all over her, "Oh yes! Thank you!" she sighed and opened her mouth to drink some of the golden liquid. She continued to rub her clit furiously, "Fuck yes, Mom's gonna cum again" she grunted and squirted into the tray as I sprayed her.

Afterwards we showered properly, and separately, before having breakfast. Then I went online to update my mom's website, I publish photos and short videos of her masturbating or being fucked for download, it makes a few bucks.

One I had finished this I took her grocery shopping, I wandered around selecting what we needed from the shelves, Mom wandered around too, dressed in a short black skirt and an ivory blouse she looked the ideal Mom in her late 30's, but if you looked closer you would see her skirt ride up, revealing that she had no panties on, her shaved pussy was often visible.

The blouse was low cut, with 3 buttons, the top one was open so you got a glimpse of her firm tits every time she leaned forward and the bottom one was open too, showing off her flat stomach, what can I say, my Mom is fucking hot!

"Hey Mikey look!" she whispered, I glanced in her direction as she squatted in front of a pile of canned goods, her skirt rode up and she reached down to insert two fingers into her pussy. She masturbated quickly, "There's a man in the next aisle who keeps looking at me" she said, "I wonder if he would like to see me do this" with that, she finger fucked herself hard and squirted on the floor.

Then she stood, straightened her skirt and fastened her blouse properly, we went through the checkout and headed for our car, as we exited we heard "cleanup on aisle seven" announced over the store's speaker system. Wonder what that was about?

After we had put the groceries away at home and had lunch we got ready to go to the gym, Mom doesn't keep that amazing figure and flat tummy by accident you know. As we entered I saw two well-built guys using weights, I went over to the static bikes and Mom started her circuit of the

fitness machines.

The two men soon noticed her, in her crop top and shorts, one of them approached me, "She with you?" he asked, "Yeah, It's my Mom" I replied, "But if you wanna fuck her, just go ahead" the guy nodded as he watched mom use the machines, "She's fucking hot bro" he remarked, "Then fuck her" I suggested, "She'll let you, plus there's no one else here right now, just do it"

He walked over to his buddy and said something, pointed at me and then my Mom, then they both approached her. They spoke, she nodded and stood, stripping off her top and dropping her shorts. The two men picked her up easily. Wedging her between themselves they took out their hard cocks and double penetrated her right away, one in her cunt and one in her ass. I could hear her moaning as they fucked her together.

I had stopped cycling by now and was slowly jerking my own dick over the top of my sweats as I watched the two muscle men fuck my Mom.

After a while they swapped positions and continued to fuck her, these guys had staying power, I could tell that my Mom had climaxed twice now and was well on her way to a third orgasm. As she shuddered, she gasped, "Fuck I'm cumming" and the two men lowered her to the floor and jerked their cocks into her face.

They spunked together and dumped several thick ropes of cum onto her upturned face, Mom was masturbating again and her hips jerked as she brought herself off, sometimes she just can't stop cumming.

She dressed quickly and wiped her face with her towel; the men went back to their weights and Mom finished her circuit. I pedaled while she did and then we left and headed home for dinner, which Mom cooked, naked of course.

After we ate we sat on the sofa and watched our favorite TV shows, Mom had her vibrator on most of the time, she was in a real horny mood today, even "Wheel of fortune" made her cum. I realised there was only one thing for it.

It was almost midnight when I told her to get into the car. Yes she is still naked. I drove her to a back alley behind a bar I know, this place is always open late and I know the patrons always come out the back door, into the alley to smoke. I parked and got out, Mom got out too and I told her to do her thing in the alley.

"Hey guys" I said as I approached the three men smoking near the bars rear entrance, "watch this" I pointed to my Mom who was standing in the middle of the alley in the moonlight, she squatted down, opened her legs and parted her cunt lips with her fingers. Then she pissed all over the pavement.

"Damn!" one of the men exclaimed as she shot a jet of piss across the street surface.

They watched as she finished and then stood near the hood of the car, "If you want to fuck her guys, she's all yours" I said to the men as I leaned against the wall, "Any hole you like, she's a total slut, she'll do anything you want"

The three men approached Mom and took out their hardening cocks, she bent forward to take one in her mouth and one in her pussy, the third stood watching and wanking. "Fuck yeah!" the man fucking her pussy moaned, "now this is a slut!" he pumped cum into her and then moved aside for his buddy to step up and slam his big dick into her ass, as he did the other guy shot a load into her mouth, "Fuck yeah!" he sighed.

They went back indoors as their friend continued to fuck Mom in the alley, soon a few others came out of the bar to watch and then join in. Soon Mom was surrounded by twenty guys who were taking turns to fuck her mouth, pussy and ass in the street. I had a raging boner but I waited, I wanted her to be well used before I fucked her.

"Now, what's goin' on here?" I looked to my left to see the bar owner, a black guy know as Jimi the Fix, standing next to me with his security guard. "Your patrons are fucking my Mom" I explained simply" He looked at me, "Your Mom huh?" he grinned, "do you fuck her?" he asked. "Sometimes yeah" I answered honestly.

"That's nice" he said earnestly, "A man should love his Mom, nothing wrong with that" he nudged his security guy, "Go get King" he said, "Let's see what this slut can really do"

The guard went back into the building and Jimi walked over to my Mom, the group of men parted as he approached, you didn't mess with Jimi the Fix. He lifted my Moms chin, "Hi baby" he crooned, "Havin' a good time?" My Mom smiled and nodded, she was well gone and in an orgasmic haze.

"Hmmm" Jimi smiled back, "Well let's see if you can take my friend King here" as he spoke the security guard returned with a big Doberman dog on a leash, he handed it to Jimi. "On the ground slut!" he demanded, Mom obeyed instantly, she loves to be dominated.

Jimi maneuvered the dog into position, the animal sniffed and then began to lick my Moms dripping cunt, she moaned loudly, Jimi tugged on the leash, "C,mon boy!" he said, "Fuck her!"

The animal hopped up onto Moms back, about 6 inches of hard doggie dick hung beneath him and with one hard thrust he slammed into her, "Oh fuck yes!" my Mom screamed as the dog pounded her hard. I don't know weather he had been trained but while King fucked her, he never knotted her, he just kept going like a robot while my Mom moaned beneath him.

The group of men, plus Jimi and his guard, jerked off as they watched, eventually the dog tired and they pulled him off her, lifting her up they dumped her onto the hood of my car, I didn't care, it's a pretty banged up wrecker, and they began to gangbang her. Jimi went first.

"Nothin' better than dog cum to lube up a pussy" he crowed as he slid his big 10 inch black dick into her. Surprisingly he didn't last long and filled her with cum, then, one after another, all the men took turns to cream pie my Mom, each cock being instantly replaced by another as the fucked her senseless. They didn't use her mouth or ass, just filled her cunt with dick and spunk, over and over.

A mixture of Mom's juices and the men's cum ran off the hood of the car as dick followed dick in an assembly line of throbbing members and pumping balls, it seemed to go on for hours!

She just lay back on the hood of the car moaning and cumming, occasionally telling us as she climaxed, until she had the spunk of all the men and one dog in her. They left her sliding off the car hood and onto the floor as they went back inside to drink, "That was fucking awesome man!" Jimi commented as he passed me, "Bring her here anytime" he grinned and punched me in the shoulder, I grinned back.

I walked over to my Mom, she was in a cum covered heap and I helped her up, led her to the back door of the car and lay her on a blanket inside. As she fell back her legs came up and I could see her totally wrecked, gaping cunt shining with cum in the pale light.

I couldn't hold back any longer, I took out my dick, so hard now it hurt and I pushed it into her. I began to fuck her like I had never done before; I didn't care that we were in public, didn't care if

anyone saw us, almost wanted them to as I fucked her as hard as I could.

“Oh Mikey yes!” she sighed quietly, “Fuck Mommy, Fuck Mommy good” I did as she asked and with a grunt I told the world that, “I’m fucking cumming in my mom’s cunt!” as I blasted spunk into her, It was the best orgasm I’ve ever had, mind blowing!

Afterwards I put my cock away and pushed her legs onto the seat. Closing the door I climbed in, started the engine and drove home, happy in the knowledge that I could get my Mom to fuck anyone, anywhere, anytime I liked because My Mom had become my dirty sex slut!

\*\*\*\*

## **Part Four**

So I told you about how I ended up making my Mom my sex slut when I was 19, but that’s history. Let’s continue with the years after that. (I’ve had requests, so this is for all you guys and girls!)

My birthday is on New Years Day so I decided to have a party. I talked to Jimi the Fix about using his bar and he said that would be just fine as long as my Mom was invited, I said “Of course” so all was arranged.

On the night the bar was full of my friends and various connections I’d made since my dad left home. I had a few drinks and there was music and my Mom was there too. Eventually everyone had arrived and the real fun could begin, because everyone at the party, other than my Mom, was a guy. My birthday was gonna go with a bang.... A Gangbang!

Mom was lifted off her feet and carried to a table, on the table she danced and stripped naked slowly, driving us all crazy. Then she sat on the table and was handed a dildo so we could all, by then there were 45 men present, watch her fuck herself.

The crowd were mesmerized by the sight of my, now 39-year-old, Mom plunging a 10-inch rubber cock in and out of her wet hole and they went crazy when she lifted her legs into the air and slid it slowly into her ass. Now she was fucking her own ass hard with it whilst rubbing her pussy so she could squirt everywhere. The men loved it!

At a signal from me a tin bathtub was brought out by some of Jimi’s staff, mom climbed in and sat down, “Time for a shower!” she said loudly. A crowd of men pushed forward, cocks out and in groups of 5 or 6 they gathered around the tub and began to piss on her, the ultimate golden shower!

She lapped it up, literally. With her mouth open she swallowed piss, collected it and sprayed it up into the air and, after about 20 men had wizzed on her, splashed around. Some guys couldn’t control themselves and jerked off on her too so eventually she was sitting in a pool of piss and cum, laughing!

Two buckets of water were then brought out to rinse her off, the bathtub was removed and Mom was just thrown onto a table and men began to gang fuck her. I watched from the stairs leading up to Jimi’s office, he stood with me, grinning.

“Your Mom is something else” he said appreciatively, I nodded, she is!

By now, every hole was full of hard dick and spunk was splashing all over her, she was in her element, surrounded by hard cocks and eating cum. She swallowed gallons of it and took cocks in her ass, pussy and mouth, sometimes at the same time, she was double and triple penetrated and

had countless orgasms all faithfully announced with a cry of "Oh fuck I'm cumming!" when her mouth wasn't full that is.

45 men fucked her that night, some more than once, 47 if you included Jimi and me. We waited until the "show" was over and took her into his office. There we made her cum repeatedly by making her sit on a vibrating box while we jerked off into her face, smothering her in spunk. It was 3am by the time we got home and we just collapsed into our separate beds. What a great birthday party.

In the April of that year my mind turned to outdoor activities and it was while I was having a beer in Jimi's bar I got talking to the Keeley brothers, Mom was in the bathroom sucking some guys dick. They had a small farm on the edge of town and made a suggestion that I couldn't refuse.

To my surprise, Mom did refuse when I told her what was going to happen, "No Mikey, I don't want that"

I lost my shit and slapped her hard, twice across the face, "Don't you ever say no to me" I snarled, "You're my fucking slut and if I say you do something, you fucking do it" she was it tears as I pushed her back onto the sofa, I lifted her skirt and pulled her legs apart, forcing my finger into her pussy. I eventually got all of them in and then my whole hand.

I began to fist fuck her hard, making sure it hurt her, making her cry out. Tears welled in her eyes and these were eventually joined by 4 spurts of cum as I brought myself off into her face. I slapped her again and said, "Don't you ever say no to me again, got it!" she nodded submissively and went to clean herself up.

Later she came back down wrapped in a blanket, I could see she had been crying more but didn't react, she sat next to me on the sofa and said, "Sorry Mikey, I'll be your submissive slut and I'll do whatever you say" I nodded and continued to watch TV.

A few days later I drove my very subdued and submissive Mom out to the Keeley's farm. They met up and we walked out to a paddock where a wooden contraption sat, they told Mom to strip and lie on the top. The thing sloped slightly so her head was a little higher than her feet. Her legs were wide open and ready.

Two of their farm hands entered the paddock with the thing my Mom didn't want to fuck, a large chestnut stallion. Apparently he had spent the whole morning in a barn next to a mare in heat and he was horny as fuck! As he approached his huge dick, I kid you not it was as long as my arm, swung under his belly and, despite her fears, I saw my Mom checking it out.

The horse was led up to my Mom and its front legs went onto two small platforms so it could mount comfortably, I was told that normally there was a fake horse pussy on top so that sperm could be collected for breeding purposes, not today though, my Mom's pussy was very real.

One of the brothers greased the horse's cock and opened Mom's cunt, he placed the end of the shaft at the opening and with a thrust and a yell of "Holy fuck!" from my Mom the huge dick sank into her.

"Oh! Fuck!" she cried out every time the horse rammed its hard cock into her, I could see her pussy was being stretched to the limit and it was only about halfway in. There was a grunt from the horse and a moan from my Mom and pretty much all the dick went in, "Oh fuck me!" she screamed "I'm gonna fucking cum!"

We all watched, fascinated by the tummy bulge she would get as the horse stretched her to breaking point.

A spray of horse cum and Mom juice squirted out of her cunt as the animal rammed her a couple

more times and filled her with spunk. Then it dismounted, its cock deflating. The horse was taken away leaving myself and the Keeley brothers staring at my Moms gaping pussy. Spunk poured out of it as we lifted her onto the ground.

She masturbated, she seemed suddenly intrigued at the fact she could easily fist herself now, as me and the brothers jerked off on her, eventually shooting three fountains of cum all over her face and tits. The two farm hands returned and did the same, she was spunked up pretty good by the time we had finished and her pussy was still gaping and wrecked by the horse dick and her own fist. What a sight!

She never said no to me again!

In July of that year we got a real shock. My 39-year-old Mom was pregnant, she had missed a couple of periods and bought a test kit which said positive, then had a test at the clinic which told her she was about a month gone. Fuck knows who the dad is, might even be me! (that would be messed up! Lol!) but later that year she was starting to show and by Xmas had a full-on baby bump.

None of this slowed her down of course, men love to fuck a preggo slut! I still fucked her pussy but others were only offered her ass and mouth, Jimi was a fan and liked to watch her preggo belly hang down while she got fucked in the ass by his dog, King. I enjoyed that too and King certainly did, he would really go to town on her while she used a vibrator on her clit to make herself cum and squirt.

But my real favorite was the look on men's faces when I took her out dogging, the open-mouthed reactions were great, but they would all be keen to fuck her in the ass as she took up the doggy position in the back of my car, filling her ass with cum as they took turns, amazing to watch and wank off over I can tell you! Watching a group of men butt fuck your pregnant Mom in public is the best!

So by the end of that year I knew I was going to have a sister in March, it wasn't going to change much really, a few diapers around. Oh, plus there will be some milky titties to try out! Mmmm! Can't wait, I'll let you know about it soon!

## **Part Five**

Hey! Its your friend Mike here again, another year has passed for me and I'm ready with what has become my annual update I guess.

Back in December last year Mom finally gave birth to a Daughter, Brianne she has called her, I wanted to do a DNA test but Mom says she knows Brianne is my Sister and nothing else so I'm going with that even though I don't really agree! I had my birthday again at New Year so I'm 21 now. It was a quiet affair though as Mom was still recovering.

Of course the great thing now is my Mom's big, milky titties, especially when she gets turned on, they just spray milk everywhere like a fucking fountain. So now she has recovered from the birth we can get back to some good hard fucking, my Mom is a dirty slut again.

Her pussy is looser too so now when I finger fuck her I can go further and actually get my whole hand in there to fist fuck her, this drives her crazy and she sprays tit milk everywhere whilst also squirting her cunt juice up my arm as I force it in all the way past the wrist. This is truly hot to see and gets me off ever time.

I'm telling you now, there is nothing sexier than fist fucking your own Mom and watching her pussy and tits squirt at the same time, while she lies there gasping my name, "Oh yes Mikey! Fuck me, fuck me hard! Fill my pussy! Make me cum!"

I spunk so much!

Plus, Mom being available to fuck again means we can go down to Jimi the Fix's bar and Mom can renew her acquaintance with King, his big Doberman dog. We walked into the bar nodding to the guys on the door and Jimi's main security guy who was always at the bottom of the stairs leading up to his office.

They all know me and they had all fucked my Mom, at least once each. Jimi was thrilled to see us, "It's been a while" he remarked, "King has missed you too" the dog did seem genuinely pleased to see Mom and jumped up to lick her face. Then she pulled up her skirt so he could lick her pussy.

"Oh fuck yes King!" my Mom sighed as his long tongue slid over her slit and into her gaping hole, "I've missed you too"

Jimi was amazed when she pulled off her top and began to squirt milk from her dark nipples, "Damn!" he said, "her titties are much bigger and look at the way that milk squirts out of them, It's like a fucking lawn sprinkler!"

Mom got down and let King mount her, soon the dog was slamming his big cock into her wet cunt. This time he could just go for it long and hard because Mom's pussy was loose and her couldn't knot her, his entire length just slid in and out. She screamed with pleasure as he pounded her cunt and milk streamed from her titties. Jimi and I stared in delight and began to jerk our cocks as we watched the dog wear himself out fucking my Mom.

Eventually King had shot all his dog seed and lay down, Jimi and I took over and spit roasted her while she lay on her back, changing ends occasionally, our dicks lubed with dog cum. We watching the milk squirt from her tits and run off her. We squeezed her tits so some went onto her own mouth, finally we both jerked off into her open mouth and watched her swallow down the mixture of our cum, dog cum and tit milk, fucking amazing!

Later we went down into the bar and Mom sucked off a couple of guys at the pool table while I had a beer, letting them cum in her mouth. But after that we headed home, Mom wanted to get back again to check on Brianne. We had left her in the care of Daisy, a local, 18-year-old, babysitter.

As we arrived home we saw that the TV was on and we could hear moaning sounds from the sofa. Seems Daisy had found one of Mom's animal DVD's and was watching it. The chubby, red headed girl was naked and masturbating hard as she watched my mom being fucked a Labrador on the screen, she gasped in surprise as she realised she was being watched too but before she could say or do anything Mom had fallen to her knees between the teens legs and buried her face in her pussy.

"Oh fuck yes!" Daisy gasped as Mom began to eat her out, I thought the same thing, I'd never even seen Mom kiss another woman, let alone eat her pussy before and it wasn't long before I got my cock out and jerked it until it was hard, then I knelt behind her and slid my hard dick into her tight asshole, "Oh yes please Mikey! Fuck Mommy's ass!" she groaned before going back to lick Daisy's cunt and suck her clit.

The red heads hips jerked making her big tits jiggle and with a cry of "I'm cumming!" she squirted down Mom's throat, I continued to fuck my Mom's ass and she raised herself up and started to squirt titty milk all over Daisy's freckled face, "Oh hell yes!" the teen exclaimed, "I love that!"

She leaned forward and sucked at Mom's tits, occasionally letting the nipple pop out of her mouth and spray her face. Mom finger fucked her to another orgasm and they kissed each other hard, sharing the milk.

I continued to pump Mom's ass, pushing my cock as far up as I could until eventually I shot my load into her ass while I watched them. Fucking fabulous.

Daisy says she will watch Brianne whenever we need her to and Mom gave her a couple of DVD's to take home.

Looks like Mom is going to get some more lesbian love coming her way soon. I know I'm good with that!

## **Part Six**

I've been talking to Daisy, the babysitter and discovered a few things about her, so I arranged something special.

I got another sitter to look after Brianne and told my Mom to get in the car, naked. She complied meekly; she knows not to argue with me. I drove her over to Daisy's apartment.

Once there we parked in the underground car park and I took her over to the elevator and pushed her inside, as the doors closed a man appeared, so I held the doors for him. He stared at my Mom. "Your girlfriends hot" he said with a lecherous grin.

"She's not my girlfriend" I explained, smiling back at him, "She's my Mom and she's a dirty slut" his eyes widened, "You wanna fuck her?" I asked as the elevator doors closed and it began to move.

"Wouldn't say no to a blow job" he admitted. I pushed my Mom to her knees and said, "You heard the man, suck his cock!" The guy pulled out a sizeable dick and my Mom took it in her hand and then her mouth. "Oh fuck yeah, suck that dick!" the guy groaned as Mom bobbed her head back and forth on it.

We got to Daisy's floor and the doors opened, I held them while Mom finished the guy off, "Fuck yes!" he moaned as he emptied his balls into her mouth, "what a cum slut!"

We left him to continue his journey. I led Mom to Daisy's door and knocked. The chubby red head opened the door, she wore black leather straps all over her body, her big tits were in full view though, with their big brown nipples and her hairy pussy. "Get in here slut" she ordered my Mom, we took her through to the bedroom, I forced her onto the bed and opened her legs while Daisy strapped on a big, black rubber cock.

"Mike and I have decided you've had it too easy recently so we're gonna take you to your fucking limits" she grinned, "and then we're gonna do more till we break you" she added.

Mom looked at me, "She's right" I agreed, "Fuck her Daisy"

The teen girl pushed Mom's legs wide and slammed the big cock into her cunt "Oh fuck!" she cried out, then gasped again as Daisy fucked her pussy hard, "Take it you fucking whore!" she spat at her, "Fucking dirty cum slut!" she rammed my Mom's pussy. "Here!" Daisy turned her head to one side as I climbed onto the bed too, "Suck your sons cock you worthless slut, It's the only thing you're any

good at!”

We both fucked her hard, Daisy produced a small vibrator and held it against Mom’s clit, “Nnng, Mmmm!” she grunted as I fucked her mouth, then, with a sigh I spunked on her tongue before pulling out.

“Oh shit! I’m cumming!” Mom moaned, Daisy slammed in harder as Mom climaxed, then she pulled out, removed the dildo and straddled Mom’s face, pushing her own pussy into it she applied the vibe to herself.

“Oh fucking yes!” Daisy’s hips shook, as did her big tits and she squirted in Mom’s face, “Drink that you slut!” she hissed as she orgasmed.

We took Mom between us and marched her to the door. We forced her outside and down in the elevator, Daisy stuck her hand between Mom’s legs and masturbated her pussy, she moaned loudly.

We dragged her over to the car and they got in the back while I drove. “Eat my cunt you slave whore!” Daisy said and pushed Mom’s head onto her pussy; we drove through the town while my Mom ate Daisy out the whole way to Jimi’s bar.

When we got there it was late afternoon, there was a big crowd inside because I had also spoken to Jimi and he had put the word out. We were gonna fuck my Mom real good!

Music was playing, drinks flowed and we pushed our way through the crowd to a table in the centre. Men crowded around on all sides as I left Daisy in control and joined Jimi on his landing overlooking proceedings.

“Daisy seems like a special find” He commented, “Yep” I nodded, “She’s that alright”

The teen had already spread my Mom out on the table and was lining the men up to fuck her, there were already four hard cocks around her, in her mouth and pussy and jerking over her tits. “How many are here?” I asked Jimi over the din.

“About a hundred and twenty” he replied.

“Fuck” was all I could manage to say.

“Yeah” he nodded, “They’re gonna do that alright! All of them!”

I watched as Daisy directed the biggest gangbang I had ever seen, my Mom was going to get a hundred and twenty dicks in her and all that cum all over her! Fuck!

It was incredible to watch as a short red headed girl in bondage gear controlled a crowd of over a hundred guys, but that’s what Daisy did and nobody messed with her either, she got the men to line up, chose face, tits or ass or pussy and the gangbang began.

Initially Mom was silent as she got gang fucked but after a short while I started to hear her, even above the music, crying out as she was fucked over and over again. Cock after cock rammed her cunt and ass, cum shots galore hit her in the face, filled her mouth and splashed all over her tits.

Daisy played fluffer occasionally and sucked a few dicks but my Mom got all of them. The moment one had filled a hole with spunk it was replaced by another. Hard dicks fucked her, jerked over her and jizzed on her.

It dripped off her face and tits, as well as oozing out of her pussy and ass, she was a total creampie and there were still lots of men waiting. She just lay there in a state of total orgasm as she was fucked time and time again. Her clit was swollen, her pussy lips puffy and her nipples stuck out like buttons, they began squirting milk everywhere to everyone's delight.

Seventy, eighty, the cocks kept coming and cumming, spunk now dripped off the table, some men wouldn't wait and fucked Daisy too, but they only shot their loads on and in my Mom.

When they were all done, Daisy waved to us and Me, Jimi and two of his security guys went down to get her. We picked her up and took her out back, to loud applause, she was semi-conscious but screamed back to wakefulness when Elmore, one of the security guys, turned a hose on her to wash the spunk off.

"Holy fuck that's cold!" she cried, he laughed and sprayed her some more, I had bent Daisy over and was fucking her ass in the alley, Jimi watched and jerked off in her face, we came virtually together, as did Daisy.

Then we bundled Mom into Jimi's SUV and all six of us drove away, Elmore drove and the other security guy, Pete, had my Mom on his lap and bounced her up and down on his cock, Daisy was in the passenger seat, her head in Elmore's lap, sucking his cock.

After a while, when both Daisy's mouth and Mom's pussy were filled with cum again, we arrived at the Keeley brothers farm. They had something special lined up for Mom.

We carried her down to their pig pens where they had recently hired a boar pig to service all the sow's. The big animal was due to be returned the next day so they had told me to bring Mom while it was still horny.

"Oh fuck!" Mom moaned when she saw the beast, it was big, she struggled against us but she had no choice, we strapped her, face down, to a short bench and carried her into the pen. The pig got the message right away and came over, snuffling between her legs with its snout.

We all stood back and watched as it mounted her, it's long wiry cock with the corkscrew end slid out of its sheath and then slid into my Mom's swollen cunt, "Holy shit, No!" she cried out as the pig began to fuck her.

We all stood in the mud jerking off, even Daisy was masturbating as we watched my Mom get raped by a pig!

"Oh fuck! Stop! Make it stop, it's too much!" she yelled as the pig slid more cock into her, then it began to cum. Pig spunk dribbled out of her pussy but the animal was in ecstasy now and continued to fuck her, her moans of pain were loud but eventually they changed and she yelled "Oh shit, it's gonna make me cum!" she shook from head to toe as the animal hammered into her.

"I'm cumming" she screamed, "A pigs making me fucking cum!" the Keeley brothers had thrown Daisy down in the mud and were fucking her, one in the pussy and one in the mouth, the rest of us watched in amazement as my Mom had multiple orgasms from the long fucking she was getting.

Finally the pig slid off her and we unstrapped her, flipped her over and all jerked off into her face. She lay gasping in the mud as we shot ropes of cum on her, totally glazing her face and the Keeley's spunked into Daisy.

So I'm back at home now, Brianne is asleep, so is Mom, I've never seen her so exhausted, so fucked, her pussy is wrecked.

I hope you're happy! I know I fucking am!
