## **BEASTIALITY STORIES**

Barbara was feeling lonely-and very, very horny this morning. As usual, her husband, Pete, was off at work. That meant that all she had was her fingers to give her relieve she needed.

She sprawled naked on the bed, running her hands up and down her body. She could feel her pussy swelling with arousal and her juices began to flow. Her large tits rested high on her chest and, in spite of their enormous size, they did not sag even a fraction of an inch. Her nipples were large as well as long and, at this moment, they were tingling and burning with desire.

She was thinking about her husband, Pete, and wished that he could be there and help her relieve the pressure in her firm body.

"Ooooooh," she groaned, letting a finger trace her outer pussy lips.

They felt all wet hand puffy from hornyness.

She thought about getting her big dildo from the dresser. Pete had bought it for her birthday last year, it was twelve inch long and enormously thick. Pete had a large cock too and Barbara loved to be filled up to the hilt with cocks.

"No, I have to get things done around the house," she told herself.

"I'll let the tingle stay in my body all morning while I do my stuff," she told herself. She enjoyed feeling horny like that.

Barbara got up from the bed and put on a robe, naked under it. And she went to the kitchen to make some coffee. She could feel her puffy pussy lips rubbing against each other when walking. It sent shivers through her body.

Sitting in the kitchen having her coffee, Barbara was thinking of her life with Pete. She loved him so much and they had their own house and everything looked promising for the future. The only thing that bothered her were the lonely days. She had no friends around their house to visit. Barbara was often horny in the mornings and she often wanted to call Pete at work to tell him how horny she was and that she wanted him to come home and fuck her, yes, fuck her hard...

But she never did, Pete was too proper to do a thing like that, she thought.

She started to do her usual stuff around the house, still naked under her robe. All the time she could feel that sweet tingle in her crotch and from time to time she put her hand inside the robe and touched her pussy... It was so hot, and wet!

When she went out on the balcony to water her flowers she heard noise from the backyard. Looking over the edge and down onto the ground she saw a dog, a large dog. She thought it must be a Dane or something. Barbara didn't know much about dogs at all.

Suddenly she saw two more dogs, coming out from under the balcony. One chasing the other, she could see that the one being chased was a Collie and the other was a German Shepherd. The Shepherd looked like the neighbor's dog. Yes, Barbara thought, it is the neighbor's dog, Chico, a large black German Shepherd. And he was chasing the Collie, a female, across the lawn. Chico tried to get his nose under the Collie's tail, but she kept him off. The Dane running next to them, also a male, she had never seen before. He was huge.

Barbara realized that she was standing there watching the dogs...

"That bitch is in heat, and Chico is trying to fuck her!" Barbara told herself. The thought sent warm trembles through her body and she squeezed her thighs together, feeling how hot her pussy was.

The Collie-bitch kept the German Shepherd from her rear for a while, running back and forth on the lawn. The Dane was mellower and kept a distance to the two dogs.

Barbara felt her blood flow warm through her body. Her nipples were erect and she knew watching Chico chasing the bitch, was turning her on...

Barbara looked over towards the gate, and saw it was half open.

"Oh! Pete must have forgotten to close it" she told herself.

Without knowing why, Barbara rushed from the balcony, down the stairs to the side door where the gate was. She carefully opened the door and looked outside. She could not see the dogs from there. Carefully she closed the gate, and secured it. She went back inside, but this time she didn't go back

upstairs. Barbara went into the family room in the basement, facing the backyard. The room had a large window and she could see the whole yard from there. The dogs still running around.

Barbara pulled a chair over to the window and sat down, her robe fell partially open and she could feel her throat was dry and she was breathing heavy from the sexual excitement.

The Collie came over close to the window and she stopped for a moment, Chico immediately putting his nose under her tail. He was licking out with his tongue and the bitch pulled her tail away.

Barbara could see the male's tongue lapping over the puffy dog pussy. After licking the bitch's pussy a little, Chico moved up to mount her. But the Collie ran away, teasingly, Barbara thought.

Again the bitch stopped and the German Shepherd was behind her, sniffing her pussy. Barbara looked under the male's belly to see if she could see his cock, and she could, just a little of it, but it made her even hotter. The dog cock was a little red, but it was rather thick. Barbara had never really looked at a dog cock before.

The same thing happened again when Chico tried to mount the bitch, she ran away. Around and around they went and they ended up in front of the window again. Now the Dane was close too. Barbara looked under his belly, but she could not see his prick. But she saw the huge bulb of skin covering it.

"That dog must have a huge cock," Barbara said to herself. She had her fingers playing with her pussy again. She was leaning back in the chair, legs spread and the robe all open. Her pussy was all wet and she could feel how horny she was.

Outside the Shepherd was licking the Collie's pussy again. Her tail was to the side and Barbara could see her pussy clearly. It was all red and puffy. She was enjoying the tongue licking and she was now standing still.

Chico the German Shepherd, moved around her, placing his head on her back. Barbara could now see his cock more clearly. The tip of it was outside the sheath of skin. It was all shiny and red. Barbara thought it looked delicious. Still playing with her pussy, she grew closer and closer to an orgasm. She lifted her legs up and spread them over the armrests of the chair. This position forced her pussy lips to part and she could freely play with her fingers in her warm wet cunt.

"Ooooh! My God, this is so hot," she said to herself, now pushing two fingers inside her pussy, stroking it slowly.

Chico moved behind the bitch again and started mounting her. This time the bitch didn't run. The large male on top of her starting humping back and forth. Barbara could clearly see the dog cock now. It was hitting around the dog's pussy again and again. The cock was all shiny and more of it was showing as the dog kept on trying to hit the right spot... Finally the male was able to hit the pussy and with his legs firmly around the sides of the bitch, he started to push his cock into her.

Barbara could see the cock growing larger by the second as it went inside the bitch's red pussy.

"Oh!" Barbara said, breathing hard and stroking her pussy faster and faster with her two fingers. The juice was flowing from her pussy lips down between her ass cheeks.

"I've never been so horny in my life," she spoke out. Still watching the dogs outside, the Dane was now next to the fucking dogs. He stared at them and started sniffing at the bitch with the cock being thrust into her.

Chico humped harder now and more of his cock was inside the Collie, to Barbara it looked like he was all inside her now and he kept on fucking her... The Dane now moved behind Chico and started sniffing between his legs. Lapping his tongue against the balls.. Barbara now noticed that the Dane had a hard on too... And she almost swallowed her tongue at the size of it.

"What a huge cock... And so hard" she spoke out loud. Her fingers deep inside her swollen pussy, stroking herself while looking at this huge dog cock in front of her. The Dane's cock was about half way out and Barbara kept on looking at it... Her eyes burned and she started to think about how lovely the cock looked... and how horny it made her.

"I wonder how it would.... No, don't think like that." she told herself.

But the thought came back...

"That cock must be at least eight inches when it's all outside... and it is so fucking thick already.."

Barbara could not sit still any longer...

She got up from the chair and walked closer to the window, she had to see this closer...

The Dane saw her first, and he jumped away from behind Chico.

He moved a few steps out on the lawn, stopped and looked at her. His eyes were big and Barbara felt warmth inside of her while looking at those large dog eyes. A sort of contact was established between them.

The Collie saw Barbara now and she tried to jump forward, but she couldn't.

The large Chico on top of her had his cock buried inside of her his cock had now locked up so there was no way back for them...

Barbara kept on stroking herself, while standing at the window, watching these dogs fucking on her lawn.

This was the most exciting and horny thing she had ever seen... She had her legs wide apart and she was rubbing her clit hard... close to her orgasm... Looking at the dogs, and the Dane. Oh! my God I'm coming.... It's so good!" Barbara was yelling now and her pussy juices flooded her fingers when she came... Her orgasm was so strong that she had to get on her knees on the floor while the orgasm rushed through her body. She still looked outside at the Dane trying to mount the bitch, but it was impossible for him...

"Ooooh! He needs a pussy... His cock is so beautifully hard and big..." Barbara was thinking about it all the time while her body was trembling in orgasm...

There was a door from the family room leading right out to the backyard. Barbara opened it all the way, but stayed inside... There was a tall fence around the yard so nobody could see in from the outside.

The dogs looked at the door, they started running around again. Now Chico was running, too. They constantly looked over toward her standing in the doorway.

"Chico... Come here boy," she called softly.

The German Shepherd stopped and looked at her. He knew her from some time back. She had met him when her and Pete were at his house for a party. She remembered he was very friendly and liked to be petted.

"Here, Chico. Come to me you good dog.." she spoke softly and crouched down in the doorway.

Chico moved closer and finally came up to her. He sniffed at her hand...

"Yes, smell my pussy juice boy..." she said. Letting him lick her fingers.

The other two dogs also got curious and came closer. Barbara moved further inside the room and Chico followed her willingly. While squatting down on the floor, Barbara started to pet him while waiting for the Dane and the Collie to come in. And then did, finally come inside.

Barbara stood up, moved slowly towards the door and closed it quietly.

The family room was very large and it had a large open area over by the fireplace. Barbara moved over there and sat on the floor. Again she called Chico over to her. He started licking her face and fingers and he also sniffed at her robe, hanging loose over her body.

"Yeah. Good boy, Chico... Like the smell??" Barbara could feel the juices flowing in her pussy again....

Opening her robe, she let the dog lick her upper body and her breasts. It gave her goose bumps to feel his warm and wet tongue on her body.

'She' was in heat now, like the bitch in the same room. The Collie was running around in the room with the Dane after her, his nose under her tail now.. From time to time, they came over and sniffed at Barbara.

Barbara spread her legs a little to see what Chico would do. He kept licking her upper body and was not too interested in her crotch!

"Come on Chico, I have a hot little cunt down there. It loves to be licked... and fucked, by large cocks.." she got hotter by the moment.

The bitch was now standing in the middle of the room, the Dane licking her pussy juices again. Now Chico went over there.... The Dane moved away a little and let Chico put his nose at the Collie's

pussy, licking her wetly.

Barbara felt disappointed.. Her pussy was all wet, but the dogs preferred the bitch over her. She got on her hands and knees again, now moving around next to the dog bitch... "You're as horny as I am... you bitch.. You should share some of these cocks with me..." Barbara spoke out loud.

An idea formed in her mind.

"I don't smell like a DOG-bitch. Maybe that's what's wrong..." she thought.

The males were still mostly interested in the Collie. Barbara pushed her fingers into bitch's pussy... It was warm and juicy, her fingers got all juicy. The bitch liked her fingers, because she put her tail to the side and fucked against her fingers... The two fingers went deeper inside the dog, then all the way in, and the bitch fucked harder against Barbara's stroking fingers...

"You fucking horny bitch... You'd fuck anything, wouldn't you? Barbara said to the bitch, knelling there with her tongue hanging out.

The male dogs were also very interested now. Chico seemed to be the dominant one again, and when Barbara pulled her fingers out, he starting lapping at pussy again, wildly. The Collie now with her tail all to the side, exposing her horny pussy to Chico, wagging her hips and looking back at him. Chico got more excited now and Barbara looked under his belly to find some of his cock peeking out again. It was wet, and now when she was close, she could see drops of precum on the tip.

While looking at it she was still on her knees, feeling very horny, and she stuck her juicy fingers between her pussy lips. She smeared the juices from the Collie's pussy on her own lusty lips.

Her eyes were glued at Chico's cock in front of her...

"It is such a lovely cock, Chico.... It must be good to feel it inside a pussy. I think I am jealous of that bitch in front of you..." she said.

Suddenly she felt something on her bare ass.

The Dane.... Behind her, he was sniffing her now. Barbara felt more juices flow to her pussy.

"He's smelling the hot juices from the dog's pussy..." she thought. Getting more excited she wagged her ass for the Dane. Behind her the huge dog started sniffing all over her ass, his tongue leaped out and licked the crack of her ass... It sent shivers through her body. The Dane sniffed at the trembling ass in front of him, he licked her ass again and let the tongue stroke from her pussy and up through the crack.

"He must think I am a dog-bitch in heat.." Barbara thought, happily letting him do what he wanted.

In front of her, Chico was still licking the bitch's pussy.

Barbara looked at his cock again and she let her fingers touch it, lightly first, and then she grabbed the tip of it with her hand... Chico humped immediately against her hand and his cock got harder and longer... Barbara was so excited now from the Dane licking her from behind and the large dog cock in front of her. She moved closer to Chico, her head was under his belly and her hand holding his growing cock... It was wet and juices were dripping form the tip.

"Ooooh! Chico. Your cock is so hard now, and juicy. I have to taste your precum..." she reached out with her tongue. It touched the tip of his cock and it jumped immediately and grew bigger. Barbara tasted the precum...

"Sooo sweet it is... And warm..." she murmured.

The Dane was all excited now and when Barbara looked back quickly, she could see his huge cock partially extended from its sheath. The Dane moved back and forth, testing Barbara like he would test a dog bitch. And Barbara was all ready for him... She kept licking at Chico's cock in front of her. It was growing bigger and Chico was now fucking her hand, holding his cock firmly. Chico had forgotten the dog bitch now... He was only enjoying the lovely feelings in his cock.

Behind Barbara, the Dane tried to mount her, but it didn't work... He was too tall for her. Just like the Collie, Barbara was not tall enough for the huge dog.

Now Barbara was getting desperate for cock...

"Come on, fuck me dog. Fuck my hot pussy..." she turned around, facing the Dane. She got under his belly and grabbed his hard cock... Juices were dripping form it, flowing from it now. She put her lips around the tip. The Dane started humping crazily against her lips. And then, behind her, Chico

started licking her ass now... He was all excited and started testing her at once...

"Chico, fuck me... I need your huge cock inside my cunt..." she wagged her ass again, still with the Dane's cock between her lips. She now started stroking his cock hard with her hand, and the Dane fucked against it, his cock now all the way out and growing quickly... The cock stroke deeper inside her mouth and she started sucking at it, too. The Dane went crazy now, he had not been able to get his cock off. This treatment sent him orbiting and fucking Barbara's mouth harder by the minute.

His cock was so big now, it filled her mouth completely, and only half of it was inside. The rest of it, Barbara kept on stroking with her hand, harder and harder.

Behind her Chico started mounting her... Her knees far apart, Barbara got ready for the fuck of her life.

"Yes, Chico... That's it.. You can do it. My pussy needs your cock juices to cool off now..." she said and grabbed the Dane's cock with her mouth again.

Chico, on top of her ass, his forelegs firmly grabbing around her waist. The large dog positioned himself behind her and suddenly, Barbara could feel something warm touching her thigh... The cock... She got sooo excited she sucked harder on the Dane's cock in her mouth.

Chico started humping and feeling with his cock to find Barbara's wet pussy. He fucked back and forth, but kept on missing... Barbara, desperate now, took her hand off the Dane's cock. Reached between her legs and grabbed Chico's cock... Chico jumped at the touch and his cock hit up between Barbara's ass cheeks... Eagerly she guided his cock to her pussy lips. As soon as Chico felt the warmth from her pussy he fucked forward with several hard fucks... Barbara's hand could feel the bumpy, rock hard cock slide between her fingers and a little inside her pussy. She felt all over the cock behind her and felt the huge juicy cock skidding eagerly between her fingers. She let go of the cock and grabbed the Dane's cock again, stroking and sucking it.

Chico fucked harder now and he managed to get more cock inside of Barbara's pussy... Deeper and deeper it went and Barbara started to get all dizzy from the heat rushing through her body.

The Shepherd's cock was now all the way inside her grasping pussy, and it grew larger by the second... filling Barbara's pussy all the way. Chico now was stroking her very hard, and his cock was hitting all the way in the back wall of Barbara's hungry pussy... His cock grew, and grew, forcing her pussy lips apart. Barbara could feel some pain, but there was no way back now.

She was panting with her mouth wide open now, stroking the Dane's cock with her hand, his cock fully erect and huge.

"Ohhh, I wonder if I can take your cock in my pussy, too." she said to the Dane, looking at his dripping, jerking monster cock fucking her hand...

Chico's cock filling her pussy was now spasming and jerking inside her and she knew they all were at the brink of an enormous orgasm...

"Fuck me HARD. Chico. OH yeah! Like that, all the way in the bottom of my hungry cunt..." she screamed and went over the edge... her body shaking and her pussy grasping hard around the dog cock deep inside her pussy... Chico felt her pussy muscle around his cock, the huge knot at the base of his cock was now firmly locked inside this horny orgasming pussy he was fucking so hard... His cock jerked and jerked and he finally started to come with Barbara's spasming cunt.

The huge dog's semen squirted inside her pussy, she could feel the warmth from it sent her further to a second orgasm... In front of her the enormous Dane's cock was jerking in her hand and as she looked at it, it started to come, too. Thick juice squirted out and with her hand, she aimed it at her face. The second shot hit her face, and another one, and again and again the Dane's cock came over Barbara's face, thick jism running down onto her lips and she licked it eagerly with her tongue.

Chico was locked into her pussy and tried to get off, but he could not get his cock out of Barbara's spasming pussy muscles... By the thought of the hard dog cock locked inside her cunt, Barbara had several orgasms running through her body... Juices, mixed with the dog cum run out on the side of the dog cock and down the back of her thighs.

Several minutes later, Chico's cock started to relax and Barbara's pussy let up on the grab of his cock... It finally slid out and Chico jumped off her back. Barbara fell to the floor, totally exhausted...

The male dogs licking their cocks clean was laying next to her... The Collie had been watching curiously all the time... she now stood by the door and whined a little.

Barbara was able to get her self together and got up from the floor... She went over to the door and opened it...

She went outside and opened the gate, too. Then she returned to the house and went upstairs, still naked. A few minutes later, she saw the three dogs running through the gate and out into the street...

"Oh my God... What a mess down here" Barbara felt juices and dog cum running from her pussy and down the inside of her thighs and her face was all sticky with the cum from the Dane.

Barbara went and locked the gate and the door... She lay down on the couch and started thinking back of what had happened.

"What will Pete say... Should I tell him?" she wondered... Barbara showered herself, and the rest of that day went on thinking of what to do...
