BEASTIALITY STORIES

Part 1

Niki always had that closet perv mentality. You would never know by looking at her how wild & kinky she could get...especially with dogs. Her passion with dogs made her want to share it with everyone, so she bought a nice secluded cabin by the water & on weekends it became "Knotty Niki's Dog House." Women & men would pay nicely to live like a dog, walking around naked on all fours wearing a dog collar & leash, eating & drinking out of bowls, and get to sleep with and fuck any dog they want.

During the week Niki had extra time so she hooked up with the College of Canine Knowledge and let them run "Dog Living" classes there. Niki would always sit in on each class to oversee them. Out of all the girls in the class, Sherri Lynn Townsend stood out from all the rest. She a very pretty young looking blonde that looked so sweet getting mounted by dogs. Niki pulled Sherri aside and invited her to spend a weekend in the Dog House "on the house" as a way of rewarding her school work. Of course Sherri Lynn was excited and said yes!

Two weekends later finally came and Friday evening at 8pm Sherri Lynn showed up along with all of the paying women and men. Niki personally welcomed Sherri and promised a special weekend that would help her even more with school. Knotty Niki led Sherri Lynn to a room where she had to take off all her clothes and leave her personal items. She did so and Niki put a studded dog collar on Sherri Lynn's neck. From this point on she would only act like a dog, starting now on her hands and knees.

Once on all fours Knotty Niki attached a leash to the dog collar & walked Sherri Lynn out to the main room with the other guests. There they were all told to only act like dogs until Sunday night 8pm and they all must obey every command given.

At this point the males were led to one room and the females to another. While Sherri Lynn was being walked to the room Knotty Niki grabbed the leash & told her to come with her to a "special room." Sherri Lynn eagerly walked with her and entered the kennel. Everywhere you looked was a different breed of dog. Sherri Lynn thought to herself if she had a tail it would be wagging very fast from being so happy.

Niki told her she must go pick only one dog that she wants to fuck her ass. Sherri Lynn walked up & down the aisles, passing horny dogs one after the other, barking, drooling, some getting hardons. The one that Sherri Lynn chose was the rough looking german shepard. Niki told her she made a wise choice because Trevor is a fast & hard fucker, perfect to knot that young ass.

Niki walked them both to another room with a big bed. Sherri Lynn started to jump on the bed but Niki told her to wait her turn, Knotty Niki needs it first. Sherri Lynn watches as Trevor mounted Niki's ass from behind. He was fucking her so fast there was fur flying around them. Niki was moaning in pleasure as his dog cock fucked her harder & deeper. She felt his knot start growing in her ass & his warm cum beginning to shoot inside her.

Sherri Lynn was so jealous of Knotty Niki. She wants to be the girl with her ass knotted by that hot horny dog. After several minutes of being knotted Trevor's cock finally plopped out of her ass, with his dog cum dripping out her ass. Niki made Sherri Lynn lick the cum from her ass, and it tasted good. Trevor began licking Sherri Lynn's asshole at the same time, making the young college girl squirm and moan in delight, getting wetter.

All of a sudden Trevor jumped up on Sherri Lynn's back & started to mount her, his cock jabbing at

her holes. Knotty Niki instructed her to cover her pussy with her hand so Trevor could fuck her ass. She did and within a few thrusts he was in her ass. His cock fucking that young ass so hard, combined with licking the dog cum from Niki's ass, put Sherri Lynn in doggy heaven. She felt the knot growing at the entrance to her asshole and was knotted.

Trevor was panting so hard with his tongue hanging out, drooling on Sherri Lynn's neck, while she ate dog cum from Niki's ass. Trevor started shooting another load in Sherri Lynn's ass and she loved it. She felt like the perfect dog bitch, being fucked by a dog and licking dog cum at the same time. When Trevor finally finished minutes later his cock pulled out of her ass with a slow stream of his cum running out of it. Trevor licked it all and his tongue felt so good licking & entering her ass.

Knotty Niki petted Sherri Lynn on her head and told her she's a good dog bitch, and to walk with her because the night is still young.

## Part 2

Knotty Niki took Sherri Lynn for a walk outside to get some fresh air. A few minutes later 3 men wearing masks came upon them & stole Sherri Lynn away from Niki. They put a sack over her head & sped away in a van.

They eventually stopped & Sherri Lynn was taken inside a house & brought to a room. They took the sack off her head and she saw a mattress on the floor, the 3 masked men, and 3 ferocious looking dogs - a Pit Bull, Rottweiler & a Great Dane. The men forced her on the mattress making her stay on all fours. It didn't take long before the dogs ran over to her.

Sherri Lynn felt the dog's tongues & paws on her body. She can tell be their barking & growling that they were horny dogs and that she was gonna be raped by them. The roddy was the first to mount her, and he hit the mark right away, fucking her pussy hard & fast immediately. The Great Dane was barking as the pitbull started humping Sherri Lynn's face. She opened her mouth for the dog cock & sucked him in fully while being mounted by the roddy. His cock throbbing inside her dog bitch pussy shooting pre-cum inside her. She also tasted the pitbull's pre-cum in her mouth.

Almost at the same time both dog's knots started to swell, pitbull in her mouth & roddy in her pussy. She couldn't take the whole knot in her mouth but her pussy clamped around that knot sealing it shut. Both dogs started gushing cum in her. Sherri Lynn's pussy was filling while she gagged on the amount of cum being shot in her mouth. The pitbull finished cumming in her mouth & licked any dripping cum from her face & mattress. Roddy turned the knot in her pussy and his asshole was clinching with each load of cum he shot inside her. Sherri Lynn noticed the Dane's hardon, which was bigger than the other dogs, and saw him walking towards her.

One of the masked men helped the Dane on top of Sherri Lynn and guided his cock into her ass. This was the biggest dog cock she ever fucked and it was going in her ass. She had been DP'd by dogs once before but these cocks were much bigger and would definitely have more cum for her. Her ass started taking more of the Dane while her pussy was flooded by more of roddy's cum. This made her ass even tighter and she wondered if it could take his knot when it swells up.

It wasn't long before that question was answered. His knot swelling made her ass feel like it was on fire, stretching it like never before. Sherri Lynn started to scream from the pain and one of the men took the pitbull's cock & forced it back in her mouth to shut her up. Now she had all 3 holes filled with dog cock, which not only scared her a little but also made her even hornier.

Her body swayed from the hard dog fucking she was getting from both ends. After a few minutes her ass started to enjoy the stretching, then felt the Dane's first wad of cum explode inside her. Both holes filling up with more dog cum was an incredible feeling for her. Then the pitbull gave her some more cum in her mouth and she loved it! Sherri Lynn Townsend is now an official dog bitch taking dog cum in 3 holes at the same time.

After the dogs finished cumming their cocks pulled out of her holes, and they happily licked up any cum that couldn't stay inside her. Then the door opened & there was Knotty Niki. She smiled as she approached Sherri Lynn, telling her she passed this test with flying colors. Niki took her back to the house, put some fresh dog food in her bowl and told her to eat up & get her strength. It was now Saturday morning and there's still plenty to do.
