## BEASTIALITY STORIES

dog, bitch

My name is Mark, I'm retired and live in a bungalow style home in the middle of 5 acres of land, I have a pool which is fenced in by a 7' high wood fence and I'm a semi-nudist. By that I mean when I'm home I strip and enjoy nature. I was sitting by the pool reading the for sale adds in the paper when I spotted an advertisement for the sale of two Great Dane puppies. I've always loved dogs so I called and was told that they are brother and sister and 6 months old. I got the address and proceeded to visit so I could look the puppies over. Needless to say I fell in love with both of them and a purchase price was assigned. When I got them home I let them loose in the back yard and watched as they immediately started investigating and marking their territory. I named the male Randy and the Female Sara.

The next day I commenced with their behavioral training which they took to and now I have two devoted loving dogs that go swimming with me and Ruth is my GF. Ruth was away on business and when she returned she fell in love with Randy and Sara and was really surprised at how well they behaved. Yes, Ruth is also into nudism. Unlike myself, Ruth is well proportioned and loves being able to get a full body tan without the tan lines. Ruth also takes care of waxing my body and removing all the hair from around my cock and balls, she calls me a baby when I scream as she pulls the tape off, but damn it really hurts, and then she will give me a blowjob telling me how sorry she was for hurting me. Ruth is really a cum slut and loves sucking dick till she gets her fill of cum.

Ruth told me that she had to go into the office to finish some paperwork left over from her last trip. While she was gone I decided to go swimming and when I finished taking a few laps I got out of the pool and I dropped my towel, as I was bending over I felt a cold nose and tongue licking my ass, I turned and found Sara was the one doing the trilling. I bent back over and there she was at it again, she would lick from my balls up through my ass, I spread my cheeks so she could get better exposure. What she was doing was driving me crazy especially when her tongue was around my asshole, my dick was hard as a rock so I turned to see what she would do, she started licking my shaft and the head, I thought I was in heaven.

As I approached climax status I was shaking and then I started shooting cum around her mouth which she was licking it up as fast as I shot it out. As my dick softened she spent time cleaning me up then started licking up cum that fell to the ground. Ruth called from the office and asked what I was doing, when I told her what Sara had done she got excited and told me that she was on her way home. When Ruth arrived she tore off her clothes and came out to the pool. She came close and gave me a kiss and I reached up and felt her pussy which was wet, really wet. She sat down in one of the special lounge chairs and was trying to get Sara to come over and start licking her pussy. Sara did not move from my side, but, Randy came over and sniffed Ruth's pussy and immediately started licking her from asshole up through her pussy lips.

I told Ruth to scoot down in the chair and let's see if Randy would mount her. I looked under Randy and saw that his dick was coming out of its sheath; I placed Randy's front paws up on the chair arms and assisted him in finding his mark. Unlike a human, Randy just shoved it home which brought a OMG moan from Ruth. Randy was dancing on his hind legs trying to get closer, he was moving his body at almost break neck speed and Ruth was screaming to high heaven, saying how great and full she felt. Ruth told me that Randy seemed to be getting bigger, so I took a look and discovered that Randy was trying to get his knot inside her, I placed my hand next to the knot to stop him from splitting her open. Each time Randy plunged forward Ruth would scream she was cumming, after several climaxes Randy started hollering and Ruth's eyes got real wide as Randy shot his sperm in her pussy.

When Randy was finished he dismounted and started licking up his mess, Ruth screamed make him stop I'm way to sensitive, please make him stop, so I pulled Randy away and he lay down and started cleaning himself. Before we could talk about what had happen I advised Ruth to look at Sara, what she saw was Sara licking my ball sack and dick. I told Ruth that the whole time that I was assisting her Sara had been doing that to me. My dick was again hard as a rock and I asked Ruth to help me because I was going to fuck Sara. Ruth got Sara to turn around and made her back up to my chair, I proceeded to take my dick in hand and rub it up and down Sara's pussy. I felt Sara's pussy start to open and that's when I inserted my cock, believe it or not my cock slid all the way in and all Sara did was turn her head and look at me. I started rocking back and forth telling Ruth that Sara had the tightest pussy I have ever been inside of.

Sara's pussy was not only tight but it was the hottest and juiciest beyond a doubt. As I kept pumping my dick in and out I started to feel the tingling in my balls telling me that I was about to cum, and the next thing I felt was the cum moving up my dick and going straight in Sara's pussy. When my first shot hit Sara we heard her whine so I knew she was also climaxing. As my dick started to deflate Sara seem to really tighten up her pussy, it was like she didn't want to let me go. After my dick slipped out of Sara we noticed Randy come over and start licking up cum dripping out of Sara.

Ruth and I got up and jumped into the pool in order to clean ourselves, and who should pay us a visit, non other than Randy and Sara so we washed them making sure to really clean Randy's dick and Sara's pussy. Ruth and I knew that there was more fun to come in the future.
