## BEASTIALITY STORIES

Teresa and I were out at a state park, we had taken a lunch and blanket and were having a nice time of the day. We had found a secluded place and had made love for a while and skinny dipped after. We were back on the blanket sunning when we heard noises in the brush and saw two dogs, beautiful German Shepherds, a male and female, playing around and running after each other. We sat there watching them and then the male got around the back of the female and mounted her. He found the target and his cock was in her in a flash. It was large and the female and he stayed locked together for a good 20 min. or so.

Teresa had reached over and was massaging me and her pussy was soaking wet as we watched them. Finally they came apart and Teresa took me into her mouth sucking me faster than she usually did. I filled her mouth and she had an orgasm but I could tell she was not sated. The dogs played a few yards away and there was still something going on with them. Teresa looked at me, "Do you think he will do it again?" I don't know I told her. "I wonder if they would come over here, they are so beautiful" she said. There was a dreamy look in her eyes as if she were in a state of horny that she had been in before she decided to do something she had dreamed about. She took some sandwich meat out and tossed it to them and they came closer. They had on collars and so belonged to someone but we could hear no on calling for them. Teresa threw more meat and they came closer. Finally the male came up and stood in front of her and she scratched his ears and side. She pulled him closer and he seemed to sense that something was up because he sat down next to her. The female laid in the sun and slept.

Teresa kept looking at the big dog and looked at me. "I think you are up to something," I said as I kissed her neck under her ear, the spot that always began to turn her on." "What are you taking about?" she said. "I think that you are thinking about this dog and what he might be persuaded to do." "But, no, I would never, I..." she stammered. "Lay down" I told her. She did and I took some of the meat that was left and rubbed her pussy with it, then I took the meat and slipped it into her pussy with just a little out of her slit. I showed the dog where the smell was coming from and he whimpered as he slipped up to the place between her legs that hid the snack. He licked at it and slowly began licking her pussy that had the meat in the edge, biting at it just enough to make her jump. The his tongue snaked into her pussy, "Oh my god, that is incredible" she moaned. He now began licking a lot, the meat flavor being gone and the new flavor pouring from her pussy...An orgasm shook her body and she laid there limp as he continued licking the juices that had squirted his face. His long tongue cleaning off his face and still licking her.

His cock was out of the furry sheath and hard. "Turn over Love" I said to Teresa. "Why?" she said. "Just do it Baby." She did and the dog moved to lick her ass that had juices on it too. His tongue finding her ass hole and going in. "OH, you are so bad, what are you doing to me?" she said to me. "Giving you what you wanted Dear" I said. The dog now was on his feet, licking her pussy and ass from behind and then suddenly he mounted her. "Oh, his is on me, Oh, oh.." Teresa said over and over. Then his cock found her pussy...it slipped in and she moaned loud. "Oh, I can't believe it, a dog is fucking me and I like it." He humped a few times and the knot came out, it hit her pussy lips and then plunged into her locking them together as she cried out. "Oh, oh my god, oh damn, yes, fuck me, oh yes..." Teresa kept up a running speal of things like that. He pumped her long hard and fast and her pussy squirted many times as his long cock invaded her cunt. He began cumming and that made Teresa cum even more.

Finally after a good bit more than a half hour he fell out, licking her pussy then his own cock. "Oh no" she moaned, "Let me do that" and her head was between his legs as she sucked his cock in and cleaned it all up. He began jerking his hips again as she sucked him and then she was sucking him for all she could. His knot grew again and his hips were humping her face while he was on his back with Teresa sucking his cock. It took a long time but many orgasm later he filled her throat with

buket load of cum.

She laid there now, dripping cum from both ehnds. The female had watched after waking up and came over, the male and her ran off. "Oh yeh, Teresa said, joiking. Use a girl and leave hre, don't even give her yur phone number." We laughed and went into the water. My cock slipped into her used ass, "Last time Baby then I have to go" she said. "I know I told her." "You really do want me to do anything I want don't you? " she askedd me. "as long as I get to watch, yes." "Oh, yu will she said."
