BEASTIALITY STORIES

It happened while I was on holiday with some friends a few years back in Spain.

We were all keen to get there and get laid. Things didn't go too well at first as we were so young.

We ended up going out and getting drunk doing the usual type stuff you do at 17. I got bored of it in the end and wandered off myself and ended up in a bar by myself.

As I sat there getting drunk I was approached by an older couple who I started chatting to. They bought some drinks and we started to get along really well. They told me that they had retired early after making a good living in France.

It was pretty clear that the lady whose name was Sandream was pretty keen on me and this made me nervous as her husband was right there with us.

She must have picked up on this as she leaned closer and told me that it was OK that it turned him on and that she would love to take me back to their villa and fuck me.

Her husband Jean heard all this and in a thick French accent told me that it turned him on to watch his wife get fucked by young guys.

I was a bit weary at first but soon warmed to the idea after a few drinks. Not too much later we were pulling up to the gates of a nice villa with a beautiful pool outside.

As the gates opened and we went through the gate a large Pyrenees mountain dog appeared and ran over to greet them lovingly. I thought no more of this and went inside.

No sooner was I in the door and Sandream was kissing me wildly and opening my trousers to free my cock. Now I had only had full sex once before and fumbled around in the dark with a few girls. So to see this beautiful sexy older French woman dropping to her knees and start to take my cock in her mouth was something I will never forget. (Or what followed)

Jean appeared naked with kind of through me at first but I soon got used to it as he sat on the couch and started to play with himself.

Sandream then pulled me to the floor and squatted over my face putting her shaved pussy in my face. I remember how nice it tasted but couldn't really see much else.

I heard them talk in French whilst this was going on and then heard the dog's feet come in to the room on the tiled floor. It was then that she asked me if I wanted to see something really kinky, to which I said of course. She called the dog over and reached under him and grabbed his cock which was sort of just poking out from its sheath.

As soon as she touched and pulled it a large cock appeared from the dog. I could not believe what I was seeing and was in total shock, though turned on at the same time.

She began to masturbate the dog while sitting on my chest.

This was making me really horny and she knew it. So she pulled the dog closer and slid down my body and pushed my cock inside her. I was ready to explode. But she stopped still and lowered her head near mine and pulled the big dog closer.

She then pulled its cock to her mouth and began sucking its cock. Rocking back and forth on me

very slowly. This was excellent and I could not believe how turned on I was getting. The now huge cock was inches from my face being sucked by a very sexy lady.

What happened next took me by complete surprise as she took the cock out her mouth and pushed it towards me. I could not help myself and took it in my mouth and began to suck on it, to my surprise it felt and tasted lovely. Sandrean began to let out moans of pleasure grinding her self down on me harder. This must have been some sign for jean as I felt him kneel between my legs and start to play with her pussy as my cock was going in and out of her. She then asked me which still makes me laugh to this day if I minded if jean joined in. I had a large dogs cock in my mouth and the mans wife on my cock.

So I mumbled no problem. The dogs cock was beginning to swell at one end and I had no idea what it was. The dog was panting heavily and my mouth was filling up with it's cum. I was about to come and sandrean new it she quickly moved of my cock which jean grab and put in his mouth and sucked down my come. In the space of short time I had forfilled a fantasy of having a beautiful older woman and two which would have never crossed my mind. Sucking a dog off and having a man suck my cock.

When I lay there and they moved away I noticed they had a few cameras set up I hadn't noticed before. And jean had my passport which he said I could have back when the where finished with me. They had my address at home and said if I did not do what I wanted over the next few days they would send it.

I was in one part shocked and afraid by this and one part turned on.

I had really enjoyed what had just happened and was up for more experiences.

So I had much more to do.

I hope you enjoyed the first part of my story there is so much more to tell.

Let me know if you like and I might tell you more. I have never told anybody about what happened.
